EDITORS' NOTE

The Trinity Papers is an annual publication showcasing outstanding undergraduate student work within a liberal arts education. Founded thirty-four years ago, the Faculty and Administration of Trinity College determined that *The Trinity Papers* should be the responsibility of the President's Fellows, and we are proud to contribute to it. Acting on behalf of their individual departments, a select group of Fellows participated in the design and editorial decisions. Each submission is judged anonymously, and the Editorial Board works collaboratively in choosing the best papers to appear in the year's edition of the publication.

This year, the Editorial Board received many submissions, and we chose five exceptional pieces that represent the wide array of student scholarship at Trinity College. From Creative Writing to Neuroscience, this collection's diversity and intelligence represent the essence and scope of a liberal arts education.

The editors would like to thank Ms. Dania Field and Dean Sonia Cardenas for their indispensable advice, guidance, and assistance in compiling this year's *Trinity Papers*.

We would also like to thank President Berger-Sweeney for a wonderful year. Though we were only lucky enough to spend one year with her, we are honored to be her 2015 Fellows, and we are confident that Trinity will thrive under her passionate leadership.

DEDICATION

This edition of *The Trinity Papers* is dedicated to Larry Dow '73, dean of admissions and financial aid, who joined Trinity's Admissions Office immediately after his graduation. Trinity recognized Dean Dow's dedication to the school in 2003 with the Alumni Medal for Excellence. As we, the class of 2015, prepare for graduation, we would like to recognize and thank the man who made it possible for us to attend this incredible institution. Thank you, Dean Dow, for your dedication, your vision, and your lifetime of service. We wish you the best upon your retirement, and we thank you once more for welcoming us into the school that has become our home.

TABLE OF CONTENTS

Metacognition: Transparent Claims and Opaque Reality <i>William Schreiber-Stainthorp '15</i>	5
