## A Word from Your Secretary

THE PICTURE on the cover was taken by Professor Alfred K. Mitchell. Standing in the foreground is Kenneth Wynne, '46, who headed the V-12 Unit's band when he was at Trinity.

The V-12 program will close at Trinity at the end of this coming October. The Unit will have been with us since July, 1943.

Our prospective civilian enrollment for the fall is hard to estimate at this time—perhaps the student body will number about eighty. It is not hard to see, under these circumstances, how great a help the Alumni have been to the College in contributing generously to the Alumni Fund.

## Alumni Notes

HON. 1931

SUPREME COURT JUSTICE OWEN J. ROBERTS attended a luncheon held at the Hotel Roosevelt on June 14 under the auspices of the Federal World Government, Inc., to promote a lasting peace. BISHOP S. HARRINGTON LITTELL, '95, was also present, as was STEWART OGILVY, '36.

HON. 1943

WALTER S. PAINE observed his thirtieth anniversary with the Aetna Life Group on May 23. He is manager of the Engineering and Inspection Department of the Aetna Life Affiliated Companies. He joined the Aetna as an engineer in Buffalo in 1915.

1879

The REV. MELVILLE K. BAILEY writes that he and BENJAMIN STARK, Esquire, are the only surviving members of their class. Mr. Stark resides in his native city of New London and Dr. Bailey in old Saybrook. They were present at the first commencement of the present (then the new) buildings, and have known the presidencies of Dr. Pynchon, Dr. George Williamson Smith, President Luther, President Ogilby, and now President Funston.

1883

WILLIAM S. SHORT'S son, Captain E. T. Short, has recently received a commission as Commodore.

1894

The RT. REV. CAMERON J. DAVIS, Bishop of Western New York, officiated at the ceremonies marking the ninetyeth anniversary of the Episcopal Church of the Ascension, Buffalo, New York. The REV. DR. CHARLES D. BROUGHTON, '95, Rector of the church for thirty years, pronounced the benediction at the service. At a ceremony at the parish house the church's ten thousand dollar mortgage was burned.

1900

MOSES J. BRINES, Assistant Professor of Psychology in the University College Division of Rutgers University, will retire at his own request on September 1 after eighteen years of service.

1901

We are indebted to Mr. James A. Wales for compiling the following notes on the Class of 1901.

GODFREY BRINLEY has retired from St. Mark's School, Southborough, Massachusetts, where he has been a member of the faculty for thirty-four years. He is again living at his boyhood home, Newington, Conn. (address R.F.D. No. 3). However, as Mrs. Brinley is a native of Southborough, Godfrey has taken an apartment there so that they can return for occasional short visits. He will be remembered as one of Trinity's all-time outstanding athletes, a holder of several track records and a tower of strength in football, baseball, basketball, and tennis. After the war the Brinleys plan to travel extensively.

The REV. GEORGE G. BURBANCK will retire on his sixty-eighth birthday, August 1, from the rectorship of St. Paul's Church, Richmond, Indiana, after forty-one years in the Episcopalian ministry,

all in Indiana. Born and brought up as a Methodist, he attended Trinity Church School, New York, before entering Trinity College and there changed faith. He writes that he hopes to continue to be useful to his fellow-men in ways that the future will indicate and, while he and Mrs. Burbanck will leave Richmond, they will never again live in the East, because, as he expresses it, "I have that closed in feeling whenever I get close to the rising sun."

MARTIN W. CLEMENT, President of the Pennsylvania Railroad Company, called the attention of its numerous stockholders, at their meeting on April 10, in Philadelphia, to the severe strain under which the Company's personnel and equipment had been obliged to operate as the result of incredibly increased traffic, despite which new records had been created. He spoke confidently of the bright postwar future for the Company and its network of subsidiaries.

CLARENCE W. HAHN, M.S., M.A., now retired after thirty-six years of service as an instructor and then a department head, in biology, at the High School of Commerce in New York City, is the author of several authoritative papers on the Mynosporida of Fish, and one on the Haemosporida of turtle's blood. (This writer will continue to prefer vanilla.) During a portion of his active career he was an investigator for the U. S. Bureau of Fisheries at Wood's Hole, Massachusetts. Mr. and Mrs. Hahn have had two children, a daughter and a son, the latter, Robert, being the father also of a daughter and a son. He is a Doctor of Science. Their address is 33-14 Murray Lane, Flushing, New York.

DR. GUSTAVUS A. HINNEN, a well-known ophthalmologist of Cincinnati, is a director of the Zoo in that city and, according to a local alumnus, "spends his leisure time talking to the apes and gorillas." He adds: "I don't think he passes up the snakes entirely, either." Doubtless this, if correct, is all in a spirit of cosmic research.

WALTER A. MITCHELL and Mrs. Mitchell were among several Americans resident in Mukden, China, who were repatriated on one of the westbound sailings of the S. S. *Gripsholm* from Japan. The class secretary would be glad to know Walt's present address. (Object: a contribution to the Alumni Fund, among other reasons.)

CARLOS C. PECK has been spending several weeks in the New Haven Hospital, as the result of a minor operation which necessitated post-operative X-ray treatment. His address is Old Lyme, Conn.

ARTHUR VAN DE WATER recently hailed the arrival of his fifth grandchild, Ann Louise, daughter of Arthur M. (not to be confused with Arthur R.) Van de Water. The latter is a partner with his father in their thriving insurance agency at 123 William Street, New York 7.

JAMES A. WALES on a recent trip to Florida saw his son, RICHARD B. WALES, '40, who is with the Air Transport Command at Homestead Army Air Field.

CHARLES H. WHEELER, New York Manager of the Locke Insulator Corporation, a subsidiary of the General Electric Company, at 570 Lexington Avenue, New York 22, is said to be performing miracles in meeting war-time needs with the company's products in many far-flung fields.

The June 10 issue of *The Living Church* carried on page 11 a memoir of Dr. Ogilby. The article gives an account of the children's service conducted by Dr. Ogilby at Weekapaug, Rhode Island.

1908

H. IRVING SKILTON was elected to the Board of Directors of the Connecticut Society of Civil Engineers for a two year term beginning March 22, 1945.

1910

COMMANDER CYRIL B. JUDGE, after a five and a half year tour of active duty in the United States Naval Reserve, writes that he hopes to get back to the campus soon.

1915

HOWARD R. HILL writes that in recent travels he has met his classmates, CHARLIE WITHINGTON, at Greenville, South Carolina, and VERTREES YOUNG at Bogalusa, Louisiana.

1916

SAMUEL BERKMAN, Dean of the Julius Hartt School of Music in Hartford, has set up regular and special music courses for veterans, and has been appointed adviser to all returning veterans. He says the work is proving valuable and interesting. The Hartt School and Yale University are the only degree granting music schools in Connecticut.

CLARENCE A. MEYER writes that he has returned to New England. "Walpole" has had an active interest in the Synthetic Rubber program. He is now located with the Standard Chemical Company as manager of their Boston branch.

ERHARDT G. SCHMIDT has been appointed General Agent for the Aetna Life Insurance Company in New Haven.
