## EDITORS' NOTE

*The Trinity Papers* is an annual publication showcasing outstanding undergraduate student work within a liberal arts education. Founded thirty-eight years ago, the Faculty and Administration of Trinity College determined that *The Trinity Papers* should be the responsibility of the President's Fellows, and we are proud to contribute to it. Acting on behalf of their individual departments, a select group of Fellows participated in the editorial decisions. Each submission is judged anonymously and the Editorial Board works collaboratively in choosing the best papers to appear in the year's edition of the publication.

While we have reviewed several impressive submissions, we find those presented in this journal truly represent the creativity, thoughtfulness, and top-level scholarship that takes place on this campus. The selected submissions range from policy prescriptions to creative writing pieces, making this journal both interesting and accessible to a wide range of audiences. As the Editorial Board, we are proud to present these works in this year's edition, and we hope those in our community and beyond will be inspired by the writings of our student body. Enjoy!
