Published by the Junior Class

FOR THE ACADEMIC YEAR

1882-83

# Trinity College.

This College has no medical, law, divinity or other professional school or department connected with it; but is intended to give a Liberal Education, adapted to fit young men to enter most advantageously upon the study of the Learned Professions after graduation. By a Liberal Education is meant a non-professional education conducted without reference to any future particular profession, calling or special pursuit on the part of the student in question, and designed not to make men specially clergymen, lawyers, physicians, soldiers, merchants or engineers, but so to train and educate the mental faculties as to put them into their most efficient condition, and to qualify a student to enter with success upon the study of any of the professions, or upon any other pursuit in life. Its course of study is similar to that pursued at Harvard, Yale and other leading Colleges, but somewhat more conformed to that of Oxford and Cambridge, and leads to the degree of Bachelor of Arts.

Those students, however, who wish to obtain simply the degree of Bachelor of Science can do so by taking the whole of the regular course except the Greek, and in addition certain prescribed scientific studies. Special students are also sometimes received, who are allowed to pursue their studies without reference to any degree.

## EXPENSES

The amount of the Treasurer's bills each year is as follows:

Tuition (Christmas Term, \$40; Trinity Term, \$50),	\$90.00	\$90.00
Room-Rent, for each person,	from 40.00	to 100.00
[This item is reduced to \$25 for holders of certain scholarships.]		
Incidentals,	30.00	30.00
Heat and Light,	17.50	17.50
Total,	from \$117.50	to \$262.50

The cost of board (for 37 weeks at \$4.50 per week) is \$166.50. To this must be added laundry charges, together with the expense of books, furniture, travel, and society fees, which vary according to the taste and habits of the student, and of which no estimate can be given.

## SCHOLARSHIPS

The amount of the Treasurer's bill can be considerably reduced to holders of scholarships. The scholarships vary in value, some remitting the charge for tuition, and others both the charge for tuition and that for room-rent in whole or in part, while others yield a cash income. These scholarships are not limited to those studying with a view to any special profession. The Toucey scholarships, for students for the ministry, are awarded after competition. For sons of clergymen of limited means there are special scholarships.

For holders of scholarships remitting the entire charges for tuition and room-rent, the Treasurer's bill is reduced to \$47.50; and the necessary expenses of such students, including board and other personal items, will not exceed \$250 or \$300 a year.

Application for any scholarship should be made in writing to the President by the parent or guardian, at or before the beginning of the term in which the student intends to enter.

#### EXAMINATIONS FOR ADMISSION

Two Examinations for admission are held at the College in each year: the first, in Commencement-Week; and the second, immediately before the beginning of Christmas Term.

In 1883 the order of Examinations will be as follows:

JUNE.	SEPTEMBER.
Monday, June 25th, 2 P.M., Greek.	Tuesday, September 11th, 8½ A.M., Greek; 2 P.M., Latin.
Tuesday, June 26th, 8½ A.M., Latin; 2 P.M., Mathematics.	Wednesday, September 12th, 8½ A.M., Mathematics; 2 P.M., English.
Wednesday, June 27th, 8½ A.M., English.	

Examinations for Admission will also be held on the specified days of June in Pittsburgh, Chicago and San Francisco, and in other cities, due notice of which will be given.

*Commencement is Thursday, June 30, 1883.*

#### ROOMS AND BUILDINGS

The new buildings were commenced in 1875. They are thoroughly drained, well ventilated and unsurpassed for convenience and comfort. In 1881 the Northam gateway was begun, and the western side of the great quadrangle is now completed. Easy access from the city is secured by means of street-cars running to the College grounds. An excellent athletic ground is provided for ball playing and other out door sports: there are also several tennis courts, and a gymnasium. The rooms are arranged so as to provide for two students rooming together, a common study and separate bed-rooms. They are heated by steam, and lighted by gas, and ventilation is secured by open fire places. Water is carried to every floor. By means of special scholarships the charges for room rent are brought within the reach of all the students.

The site of the buildings is remarkable for its healthfulness.

#### CATALOGUES

Catalogues and Examination Papers may be had on application to the Secretary of the Faculty. For Scholarships and general information, application should be made to the President, Thomas Ruggles Pynchon, D.D., LL.D.

## EDITORIAL

---

IT IS with much hesitation that we present to the College World the eleventh number of the IVY. The class of '83 were so very successful in their edition, that it has been difficult for us to do more than follow in their footsteps, and endeavor to keep the present number to the standard they set for us. Owing to changes in different organizations we have been compelled to shorten the book by a few pages, but in this change we think there is a great improvement to the Athletic interest, and gives a more faithful representation through these pages of the College Life. Every effort has been made to avoid errors, typographical and otherwise, and if in this we have succeeded, we beg our readers to be blind to our other shortcomings in other directions.

During the past year there have been many changes in the College: Our Professor of Latin, at whose return we rejoiced a year ago, has recently resigned, leaving a vacancy that will be by no means easy to fill, either in scholarship or social intercourse. At the end of last year Dr. Brocklesby, for almost forty years Professor in this College, resigned from active work and was elected Professor Emeritus; '84 being the last Class who were fortunate enough to sit under his instruction. In October 1882 Dr. Pynchon resigned the Presidency of the College, his resignation to take effect at the close of the college year. The Students and Alumni are anxiously awaiting the action of the Trustees in filling these vacancies.

The body of undergraduates though smaller this year than in the last two is more active. The Fall Meeting of the Athletic Association was a thorough success, and encouraged by this we expect a still better meeting in the Spring. The members of the Glee Club are to be congratulated on their energetic work. They have given one concert of their own in Hartford, have sung in several others here and in neighboring towns, and intend to make an extended tour during the Spring vacation.

Before we make our bow and retire, we wish to give a word of advice to our successors from the class of '85 that they may profit from our mistakes. We think they should be elected and be fairly started in their work by the first of November at latest. By beginning thus early they will not be pressed at the last, and can issue the twelfth number of the IVY a month in advance of us.

## REQUIREMENTS FOR ADMISSION

### GREEK.

Grammar (Hadley or Goodwin).  
Xenophon: Anabasis, four Books.  
Homer: Iliad, three Books, with Prosody.  
Prose Composition (Jones or White: the exercises in the first half of the book.)

History of Greece.

[The translation of average passages, not previously read, from Xenophon and Homer will be accepted as an alternative to the above-mentioned quantities in these authors.]

### LATIN.

Grammar (Harkness).

Cæsar: Gallic War, Books I.-IV. inclusive; with questions on the subject-matter and on grammar.

Virgil: Aeneid, Books I.-VI. inclusive; with questions on the subject-matter and on prosody.

Cicero: the Orations against Catiline, and that for the Poet Archias; with questions on the subject-matter and on grammar.

Prose Composition: Translation into Latin of a passage of connected English narrative, based upon some passage in Cæsar's Gallic War.

Roman History: Outlines, to the death of Marcus Aurelius (Creighton).  
Ancient Geography.

Candidates will also be examined at sight upon average passages from Cæsar's works, from Virgil's Aeneid and Ovid's Metamorphoses, and from Cicero's Orations, with general questions on grammar, history, and antiquities, suggested by the passages set.

### MATHEMATICS.

Arithmetic; including the Metric System.

Algebra, through Radicals and Quadratic Equations, together with Proportion, Progressions, and the Binomial Theorem.

Plane Geometry.

### ENGLISH.

Each candidate will be required to write a short English Composition, correct in spelling, punctuation, grammar, division by paragraphs, and expression, upon a subject to be announced at the time of the examination. In 1883, the subject will be chosen from the following works: Shakespeare's *Julius Cæsar*; *Sir Roger de Coverly*, in the *Spectator*; Macaulay's *Addison*; Thackeray's *Henry Esmond*; Scott's *Marmion*.

Each candidate will also be required to criticize specimens of English composition.

[The works from which the subject of the composition will be chosen in the following years are:
