UNIVERSITY STUDENTS ; AND THE DEGREE OF BACHELOR
OF SCIENCE.

Provision has been made in the College Statutes, that those students who desire to omit certain of the studies prescribed for the degree of Bachelor of Arts, may be permitted, under the name of University Students, to recite with the regular classes, in such studies as, upon examination, they shall be found qualified to pursue. They are expected to attend at least three recitations or lectures daily. They are subject to the same rules and enjoy the same privileges as the regular students ; and on leaving with an honorable dismissal, are entitled to a certificate from the President, stating the time they were members of College, and the studies pursued during that time.

University Students may receive the degree of Bachelor of Science, provided they have resided at least two years and a half in College, and have regularly passed their examinations in all the prescribed studies of the Academic course, except the Latin and Greek ; together with a further and more particular examination, satisfactory to the Faculty and Board of Examiners, in either of the following branches, viz. : the Differential and Integral Calculus ; Practical Astronomy ; Analytical and Agricultural Chemistry ; Geology and Mineralogy ; Natural History ; or Civil Engineering.

Any student of the College may, together with the Degree of Bachelor of Arts, receive also that of Bachelor of Science, upon passing a special examination in the regular Mathematical and Scientific course, and the further examination above indicated.

COMMENCEMENT.

The Thursday next before the Fourth of July is Commencement day. On the day preceding, the Corporation and House of Convocation assemble, and an address and poem are publicly pronounced before the latter. On this day all applications for admission *ad eundem* come before Convocation.

TERMS AND VACATIONS.

There are two terms in the year, the Christmas and Trinity Terms. Christmas term begins nine weeks after Commencement, or about the first of September, and closes near the twenty-third of December. Trinity Term begins near the twentieth of January and closes at Commencement. During term time all under-graduates are required to be resident, unless under special dispensation from the President.

The Christmas vacation is four weeks. The Trinity vacation is nine weeks from Commencement day. In addition to the Christmas vacation, leave of absence is allowed in term time to those students who desire to keep school.

EXAMINATIONS.

These are held at the end of each term, in presence of the Faculty, and of Examiners appointed by the Fellows. The Christmas Examinations are upon the studies of the preceding term; and the *Trinity Examinations upon all the studies*

of the year. No student is admitted to these examinations who has fallen below the average of proficiency during the term; all others are required to be present, unless special examinations are allowed for sufficient reasons.

TERM REPORT.

An account of the scholarship and conduct of every student, is transmitted to his parents or guardian at the close of each term.

EXPENSES.

For tuition, \$25 per term, (or half-year;) for room rent \$10 per term; for the use of the Library, for sweeping rooms, ringing the bell, fuel for recitation rooms, and printing, \$10 per term; all payable in advance. Students admitted to an advanced standing, unless from other Colleges, are required to pay \$12 for each term of such advancement.
