were Nancy, Meredith, Tess, Wayne, Louis, Rene, Grace, George, Bell, Hank, Frank and Andrea (Tufts Intern).

**1st item on the Agenda was an introduction from Nancy Moniz, our new full-time staff person. Nancy has a terrific amount of experience in Central America solidarity work, her most recent experience being the position of staff person for CASA (Central America Solidarity Association) in Cambridge. I can't begin to list all of the movement work Nancy has been involved in. I hope all who haven't met her take the opportunity to talk with her sometime in the future.

** The board agreed to go ahead and get worker's compensation, fire and theft insurance for the office. Theft insurance seemed esp. important in light of the break-ins of movement offices that has been taking place in the Boston area. Fees for the above mentioned should be \$150 for worker's comp and \$150 for theft and fire.

** Copies of our audit are available. I'll xerox and send out copies as soon as the final draft reaches us.

** Finance Committee - We were supposed to form a committee to deal with tax-exempt status and financial prosperity which we did, it will include Tess, Louis, Meredith and possibly Nancy. Also we decided that we will serve as a tax-exempt conduit for grants to non tax-exempt groups but these groups will have to go through the same review process by the board as other groups applying for grants. These donor directed grants will not exceed \$600. The Finance Committee will talk about taking on groups as project of Resist, for tax-exempt purposes, and also how we plan to spend our \$36,000 cash assets.

**Eviction- our lease runs out and will not be renewed as of 8/86. We hope to find new office space with Dollars & Sense and Radical America who we share with now. George, Louis, Nancy and Ken Tangvik have all volunteered to follow up on leads. We need about 1500 square feet somewhere in the Boston area. Our current rent (shared by all 3 offices) is @ \$500/month.

** The Arkansas Women' Project has offered to funnel sums of money to us for distribution to lesbian projects and projects for/by women of color in the South. We decided to offer two options to them:

A) ask them to send \$ and we would give them an accounting at the end of the year.

B) We could forward proposals to them as we have done with the Ferry's for the past several years.

In light of this offer we agreed to do some active searching for these types of groups.

**Money for this meeting. Our checking account from which we make grants was down to @ \$4500. Our other cash assets, including: Investment account - Bernard \$ and 9,000 in stocks received, Loan Fund, outstanding loans, and t-shirts, equals about \$40,000. We decided to draw from this money for the meeting, making available about \$200 per grant proposal or about \$7000. There was a concern among some that we not just spend this money 'til it's gone, however. We need to look to the future, we know that the grant proposals will continue to pour in, but will the \$\$?? We also know that our rent is going to substantially increase when we move.

** Board search committee. Nothing happened with this since most people who expressed an interest in working on this were not at the NY meeting. I'll be calling people on the phone over the next few weeks to see if we can set up a mtng with those who are interested.

**Funding for Central America Solidarity Work. People were concerned that there were very few grant proposals for solidarity with El Salvador. All letters to groups we fund should say something to the effect of "What about El Salvador?" On material aid, we feel that it's important, but can we get into that? We decided we shouldn't give money directly into buying material aid stuff. and that we should support brigades for educational work after the fact. Also several felt that we can't fault people doing Nicaragua work for lack of attention on El Salvador.

GRANTS

2. **Texas Observer** (Austin, TX) - \$400 for summer staff intern to conduct research concerning the Sanctuary movement.

3. Portland Central America Solidarity Committee (Oregon) - \$400 to help with national CISPES "Stop the Bombing Campaign"

9. Louis Aguilar School (Nicaragua) - \$400 for ad campaign to run in the **Nation** to help support school for machinists in Nicaragua. Also will suggest that use the people who give \$\$ as some kind of network.

10. Vecino Brigade (Roxbury, MA) - \$300 for follow up part of the brigade to Nicaragua.

11. SHARE Foundation (Washington, DC) - one of the few groups asking for \$\$ to do educational work on El Salvador. We gave them a grant of \$400. They're having a hard time getting support for this political aspect of their work.

13. North Carolina Prison and Jail Project ((Durham, NC) - \$300 depending on how this group checks out. We want to know if this group's work has left-wing content. We wanted to set aside contingency money because N.C. has always had a strong left movement, esp. around prison stuff and felt this would follow in that tradition.

14. Officina Legal (San Juan, TX) - \$300 for this group that we've supported in the past. Funding an intern is a good way for us to support legal work.

17. Hanford Clearinghouse (Portland, OR) - \$200 for newsletter. We had some questions about the article the plan on reproducing since it's very technical. Also we weren't sure what community they're reaching out to or what legislative work they're going to do since Hanford is in Washington.

18. Coalitin for a Cooperative Society (Portland, OR) - \$300 for organizing against the White Train. We want an article from this group for the newsletter as well.

20. Vietnam Vet Artists (Boston, MA) - \$280 for poetry tape to slide show this group has done. They presented this show at the Resist party in '83. Everyone is very moved. VVA is doing important cultural work to educate the public on the Vietnam kWar.

22. Mobilization for Survival (NY, NY) - National Mobe is putting together a packet on anti-repression to counter government harassment of movement groups. They plan to mail this out to their affiliates and others on their mailing list. The grant was for \$400

23. Center for Constitutional Rights (NYC) - \$400 for an issue of the Movement Support Network Newsletter, the Anti-Repression project of CCR.

24. **Gay Community News** (Boston, MA) - Yes, Yes, Yes. Anything to help this important gay publication survive. \$500 for their Gay Pride promo campaign.

28. Asbestos Victims of America (Richmond, CA) - This was a token of \$150 to help them purchase a slide projector. We felt they did have other politics than just restitutional i.e. they are dealing with the issue of corporate power.

29. Philippine Resource Center ((Berkeley) - This is the third Philippine newsletter we've supported this year. We gave them \$150 and decided that we need some education on the Philippine Opposition movement which is very factionalized, and infor, on the support movement in this country so that we can make more informed decisions on this subject.

31. International Oil Working Group (NYC) - \$300 for newsletter to help support the oil embargo against S. Africa.

32. Tucson Cttee for Human Rights in Latin America (Tucson, AZ) - \$400, we got a good recommendation from Phil Conger of the Tucson Ecumenical council. They're a long term group that gets good results and has a good newsletter.

34. Wisconsin Farm Unity Alliance (Glenwood City, WI) - Wisconsin Community Fund supported this group and gave them a very good write up in their recent report. Wisconsin Community Fund is part of the Funding Exchange. We gave WFUA \$200 to support material on "What Nicaragua means to WI Farmers."

35. Chicago Gray Panthers (IL) \$100 because we support their project, with a letter asking them to reapply for something more specific.

36. Cooperative News Service (New Haven) - \$300/~~F~~olks at **Dollars & Sense** gave a good recommendation, said they even use some of their articles from time to time. It seemed to us that they provide a useful service. The Grant is to subsidize distribution of their articles to grassroots newspapers.

Postponements

4. Fresh View Youth Tour (Somerville, MA) - It wasn't clear that this is really going to get off the ground. We wanted to encourage them to postpone it so H.S. students can organize and do fundraising. Also felt that there should be at least 2 students per local, other wise they would be too isolated when they returned from Nicaragua. We want to get a better sense of where this project is going.

25. American Independent Movement (New Haven) - These are New Left people who've stuck it out over the years. It's not clear that they've just stuck it out for the sake of sticking it out or if they are really organizing etc. We want to do a little more follow up.

27. Cttee for Labor Access (Chicago) - we want to check out this group's work with Crossroads Fund in Chicago and with Bill Harris of Public Interest Communications Services in Cambridge to make sure they're not duplicating work and that their strategy is valuable.

Rejections and withdrawals

1. Franklin County Committee on Central America (Greenfield, MA) - They had their event and were successful in raising about \$2,000 for Madre. Didn't seem they would need a loan for an event that happened.

5. Environmentalists for Nicaragua (Santa Cruz, CA) - Didn't seem that these folks were hooking up with stuff that is already going on, though we do support the theory behind this type of work.

6. Entre Jovenes (Oakland, CA) - We will ask them to resubmit a proposal since we didn't hear back from them - again - in time for this meeting. It's a good project and we're interested in supporting it.

7. Komite Centroamericano (Chelsea, MA) - We've supported this group before but feel that there are much better ways for them to communicate alternative info than by distributing transcripts of short-wave radio reports from Cuba and Moscow.

8. Bay Area Construction Brigade to Nicaragua (Berkeley) - Same as #6 above.

12. New England Journal of Criminal Justice (Dorchester, MA) - This is a one person operation and appears to be one in a long line of his projects. Also, the journal did not seem to be particularly unique.

15. Central Committee for Conscientious Objectors (Philadelphia) - They withdrew their proposal and will be resubmitting for the national conference for Black organizers.

16. The Ribbon (Denver) - Not a priority, but a great idea.

19. RECON (Philadelphia) - There's no local presence of this group in Philadelphia, just a couple of people working on this. Not anything new or unusual.

21. Phil Andrus (Chimacum, WA) - Good project but not a priority since it's a one person effort. Also, he can finish the radio project with the interviews he's already done.

26. Labor Radio News (San Jose, CA) - This project is out of our league, they should be able to get other funding i.e. NPR.

30. NAARPR (NY, NY) - We've supported other work of theirs but in terms of support for Nelson Mandela, there's a movement i.e. Trans-Africa - that they could have hooked into for this but they didn't. They could also borrow money for buttons and pay back with the proceeds (just don't borrow from us).

33. Metro Fair Housing (Decatur, GA) - Many people felt uncomfortable with the idea of hidden mics. Also, this is the type of group that was getting federal funding until very recently, not doing anything particularly radical, felt they could get \$\$ elsewhere.

That's it. 20 grants for a total of \$6180. 3 postponements and 13 withdrawals and rejections.

Next Meeting: July 14th somewhere in the Boston area. Call the office for more details if interested. It was good to see so many people at the NY meeting. Let's keep it up!!

Best,
Meredith
