The Bulletin includes in its issues: The College Catalogue; Reports of The President, Treasurer, and Librarian; Announcements and Circulars of Information.

FOREWORD

THE presence at Trinity College Commencement for the last three years of a little group of candidates for the Master's Degree who have completed their work in Extension Courses is an indication of definite achievement not only by them but by the College. When we embarked upon the project of offering courses of college grade to people in Hartford, it was with some concern as to the permanent value of the work. The whole proposition is now beyond the experimental stage, and may be considered a contribution to the educational facilities of this city.

Naturally many who enroll in Extension Courses have no desire for an academic degree, and perhaps lack the previous preparation or the free time that are essential qualifications. To be able to make provision for instruction in the liberal arts for people who desire to study simply for the sake of studying is a privilege.

In this pamphlet we have outlined the courses scheduled for the academic year 1933-34, in the expectation that there will continue to present themselves groups of persons eager to improve themselves by further education and capable of the continued effort necessary for successful attainment.

R. B. OGILBY, *President.*

TRINITY COLLEGE Extension Courses are open to both men and women. These courses are of college grade, and are open to all High School graduates. Others will be admitted who seem to have sufficient ability to profit from them.

College credit is given for these courses—toward a Bachelor's degree for all and toward a Master's degree for many. Although Trinity College does not award the Bachelor's degree to women, credit for these courses can be transferred to other colleges awarding such a degree.

Classes will be held in the late afternoon and evening hours from Monday to Friday. Information concerning the place of meeting of each class may be obtained at the time of registration. The director of Extension, Mr. Irwin A. Buell, will be glad to confer with prospective students about any of the courses listed below, or with those who desire other courses. No class will be conducted unless there is a registration of at least eight students. The College reserves the right to discontinue any course at midyears in case the registration drops below the required number. Mr. Buell may be reached at Trinity College, telephone 2-1020.

Courses begin September 27, 1933.

THE REGISTRATION PERIOD WILL BE MONDAY
AND TUESDAY, SEPTEMBER 25 AND 26, FROM 2:30 TO
9:00 P. M.

at the
HARTFORD PUBLIC HIGH SCHOOL
Hopkins Street Building
HARTFORD, CONNECTICUT

Fees should be paid at the time of registration.

CREDIT

A course meeting once a week throughout the year for one and a half hours each session carries three semester hours of credit. If the number of times per week is greater or the length of the class period is extended, the credit is increased pro rata. To secure credit a person must be qualified to take the course. A course may be taken without credit by a person who has not met all the scholastic prerequisites.
