The Report of

President Albert Charles Jacobs

ON THE ONE HUNDRED FORTY-FIRST YEAR
OF TRINITY COLLEGE

December 1964

HARTFORD, CONNECTICUT

Report of the President

*To the
Trustees of Trinity College*

As President of Trinity College, I have the honor to submit to you herewith a report of the 141st academic year. It covers the eleventh year of my presidency.

In this report I will deal with the Student Body, the Faculty, the Academic Program, the Administration, the Library, the Religious Program, the Trustees, the Alumni, the Parents, Financial Affairs, Physical Facilities, and Significant Events and Actions.

1963-1964 was a year of tremendous activity, a year of important decision, one that will be most meaningful to the future of the College. The notable progress which I am privileged to report has been due to the most helpful support and the splendid cooperation of all connected with or interested in Trinity.

THE STUDENT BODY

NUMBERS

UNDERGRADUATES

At the opening of the Christmas Term, 1,030 undergraduates were enrolled (as compared with 1,044 a year ago); 247 in the senior class, including two irregular students; 247 in the junior class; 270 in the sophomore class; and 256 in the Class of 1967, plus one from a previous class resuming study after withdrawal; and 5 in the fifth year in Engineering seeking their second baccalaureate degree. In order to comply with the decision of the Trustees that the undergraduate body average one thousand over the year, the entering class was cut from 288 a year ago to 256.

One hundred and thirteen, 10.97 per cent, were residents of Greater Hartford; 185, 17.96 per cent, of Connecticut, and 281, 28.28 per cent, of New England. Thus, 749, 71.72 per cent of the undergraduates, resided outside of New England. The students came from 40 states, the District of Columbia and 15 foreign countries.

Of the 1,030 undergraduates, 892, 86.6 per cent, were resident students: 819 in college dormitories (including 28 in Ogilby Hall); and 73 in fraternities. One hundred and thirty-eight were non-resident: 22 married and living off campus; 94 unmarried and living at home; and 22 unmarried renting rooms away from the College.

Five hundred and sixty-six, 54.95 per cent, had attended tax-supported institutions, while 464, 45.05 per cent, came from independent schools.

The Class of 1967 numbered 256 and was selected from 1,415 completed applications and 2,529 preliminary ones. Twenty-six, 10.1 per cent, came from Greater Hartford; 69, 26.9 per cent, from Connecticut; and 96, 37.5 per cent, from New England. The members of the class resided in 27 states, the District of Columbia and one foreign country. Two hundred and thirty-six, 92.2 per cent, resided in college dormitories, and 21, 7.8 per cent, were non-resident students. One hundred and twenty, 46.9 per cent, came from independent schools, while 136, 53.1 per cent, attended tax-supported institutions.

Ten were sons, two grandsons, one a great-grandson as well as a great-great-grandson of alumni. Five were brothers of alumni and six were brothers of students currently in college.

During 1963-64 the average undergraduate class numbered 16.91. We had one full-time teacher for every 9.60 undergraduates.

Increased Undergraduate Enrollment

The Trustees at the meeting in January voted to increase the undergraduate enrollment by 25 per cent. Between 1965 and 1970 the undergraduate body will grow from an average of 1,000 to one of 1,250.

From the end of World War II to 1963 the College doubled its undergraduate enrollment. The new increase will bring the total growth to 130 per cent of the highest pre-World War II figure.

The first increase in the size of the entering class will be in September, 1965, when new dormitory facilities will be available. Seventy-five additional students will then be admitted. The full increase to an average of 1,250 will take effect by 1970 at the latest.

Although Trinity, like all independent colleges, cannot play the leading part in meeting quantitative problems of higher education, it has the moral obligation to offer to as many gifted students as possible programs of the highest quality. Within a few years over 80 per cent of our students will be seeking graduate degrees. We will encourage these young men to enter those professions that will enable them to make felt the influence of the liberal arts. In this way our diminished quantitative participation will be offset by a rising qualitative contribution.

PROGRAM OF GRADUATE STUDIES

Enrollment in the Program of Graduate Studies during the Christmas and the Trinity Terms respectively was 471 (464 graduates and 7 undergraduates) and 393 (385 graduates and 8 undergraduates). Throughout the year 603 different students were enrolled (591 graduates and 12 undergraduates). The above figures do not include the Trinity undergraduates who took one or more courses in the Graduate Program: 40 in the Christmas Term and 39 in the Trinity Term.

In 1962-1963, 550 students were enrolled in the Program of Graduate Studies: 431 in the Christmas Term and 343 in the Trinity Term.

THE SUMMER TERM

The 1964 Summer Term enrollment was 702 (605 the first session and 353 the second). The overall registration was 8.2 per cent over 1963, when 649 students were enrolled (535 the first session and 404 the second). Three hundred and four were graduate students, an increase of 27.8 per cent over 1963, when the number was 238. Seventy-nine Trinity undergraduates were registered as compared with 101 in 1963 and 103 in 1962. One hundred and eighty-five non-Trinity undergraduates are studying at 96 different colleges and universities. One hundred and thirty-four (including 36 in the Summer Engineering Laboratory Program) were in the Transition to College Plan, as compared with 131 in 1963 and 107 in 1962.

ACADEMIC PERFORMANCE

ENTIRE COLLEGE

The academic average for the entire College continues to rise in a most commendable way. It was 78.4 for 1963-1964, as compared with 77.9 in 1962-1963, and 77.5 in 1961-1962. The freshman class maintained an average of 75.8, as against 75.3 a year ago, and 75.4 in 1961-1962. The average for upperclassmen was 79.2, as compared with 78.9 in 1962-1963, and 78.2 two years ago. The average for members of fraternities was 79.3, as against 78.8 in 1962-1963, and 78.1 in 1961-1962; for independents 77.5 (including the Brownell Club 81.01), as compared with 77.2 a year ago, and 77.0 in 1961-1962. Resident students averaged 78.3; non-residents, 78.1; single students, 78.3; and married students, 79.8.

One hundred and forty-one (11 freshmen and 130 upperclassmen) and 191 (20 freshmen and 171 upperclassmen) in February and June respectively earned Dean's List averages. The corresponding figures in 1962-1963 were 130 and 161; in 1961-1962, 125 and 152.

During the year 59 students (27 freshmen and 32 upperclassmen) were placed on probation, as compared with 63 (37 freshmen and 26 upperclassmen) in 1962-1963; and 53 (29 freshmen and 24 upperclassmen) in 1961-1962. In addition, 26 students (5 freshmen and 21 upperclassmen) were required to withdraw from college. The comparable

Wilson H. Taylor, '64
Valedictorian

Ronald J. Quirk, '64
Salutatorian

figures in 1962–1963 were 23 students (9 freshmen and 14 upperclassmen); in 1961–1962, 22 students (4 freshmen and 18 upperclassmen).

Twenty-one members of the Class of 1964 were elected to membership in the Connecticut Beta of Phi Beta Kappa.

The following 33 members of the senior class received honors in scholarship: Wilson Henry Taylor, Valedictorian, in *General Scholarship and Mathematics*; Ronald Joseph Quirk, Salutatorian, in *Modern Languages*; David John Ahlgren, in *Engineering*; Allan Simrall Atherton, in *Fine Arts*; Robert Ernest Bennett, in *General Scholarship, Classical Languages and History*; Peter Holland Bogert, in *Fine Arts*; Ronald Earl Brackett, in *History*; Howard Haines Brown, III, in *History*; James David Casson, in *Modern Languages*; William Donald Edward Coulson, in *General Scholarship, Classical Languages and German*; John Player Crosby, in *History*; Richard Albert DeMone, in *English*; Geoffrey Taylor Freeman, in *Fine Arts*; Bruce Woodward Frier, in *Classical Languages*; James Noël Grenhart, in *Music*; Michael Grossman, in *Economics*; Thomas Phelps Jones, III, in *English*; Frank Gloyd Kirkpatrick, in *Religion*; Jerome Michael Lutin, in *Fine Arts*; Donald Lewis McLagan, in *Engineering*; Andrew Curtis Merryman, IV, in *Music*; James Robley Moor, Jr., in *Economics*; Edward John Mosher, in *Mathematics*; John Ralph Pearson, in *English*; Richard Bernard Schiro, in *Government*; Edward Raymond Silansky, Jr., in *Economics*; Karl Garthwaite Smith, II, in *Fine Arts*; James Ronald Spencer, in *History*; Charles Gilbert Storms, III, in *English*; Michael Norris Tousey, in *History*; Keith Stuart Watson, in *History*; Raymond Allen Wertheim, in *French*; and Robert Zimmerman, in *Fine Arts*.

FRATERNITY SCHOLARSHIP

During the year the members of fraternities maintained an academic average of 79.3, as compared with 78.8 a year ago, and 78.1 in 1961-1962. This was a most commendable increase. The fraternity record was well above the all-college average of 78.4, and, for the first time in many years, ahead of the upperclass average of 79.2. For the fourteenth consecutive year the fraternity average exceeded that of independents 77.5 (including the Brownell Club 80.01). QED again led the fraternities with a record of 81.60, followed by Alpha Chi Rho, 80.51; Pi Kappa Alpha, 80.38; Theta Xi, 80.37; Delta Kappa Epsilon, 79.44; Phi Kappa Psi, 78.84; Alpha Delta Phi, 78.26; Sigma Nu, 78.25; Delta Phi, 78.16; Psi Upsilon, 77.04; and Delta Psi, 76.96. Six fraternities thus were below the upperclass average of 79.2, and two below the all-college average of 78.4.

FINANCIAL AID

During 1963-1964, 258 students received scholarships in the amount of \$230,055, the average being \$892. Twenty-eight of these were Illinois Scholars who received \$36,340; 18 George F. Baker Scholars received \$19,475; and 27 Capital Area Scholars, \$26,138.

During the year 184 students had the benefit of loans amounting to \$68,538, the average being \$372. Of these, 54 received \$32,040 in National Defense Student Loans; 105, Trinity loans in the amount of \$30,058; and 23, Mead loans for \$6,090.

In 1963-1964, 305 students received \$63,644 in bursary employment.

Thus, financial aid for 1963-1964 amounted to \$362,187.

ATHLETICS

From the standpoint of a winning percentage the 1963-1964 athletic season was successful. In varsity and freshman competition we scored 97 victories, 84 defeats and one tie, 53.7 per cent. Our varsity record was 56 wins, 47 losses and one tie, 54.4 per cent; while our freshman teams won 41 contests, lost 37, 52.6 per cent.

The varsity basketball team did extremely well with a fourteen and five record. Mr. Barry J. Leghorn, '64, the team captain, is the first Trinity player to score over one thousand points in varsity competition.

The varsity track team won five of its dual meets. Mr. Bennett Tribken, '66, with a throw of 157 feet, seven inches, established a new record in the discus.

The varsity baseball team after a disastrous start ended the season with eight victories and five defeats. Mr. Christopher J. McNeill, '64, won the first scholar-athlete award given by the College.

The freshman baseball team won nine of its eleven contests.

In informal sports the fencing team had a splendid record of six

Barry J. Leghorn, '64

Christopher J. McNeill, '64

wins and one defeat, and placed second in the six-team New England Intercollegiate Fencing Tournament.

Trinity's eight-oared crews, effectively coached this past season by Mr. David Spraker, enjoyed another highly successful year. Under the extremely able leadership of Captain Edward P. Roberts, Jr., '64, and with wonderful support, the varsity, J.V., and freshman crews compiled creditable records. In addition, they generated a great deal of enthusiasm on the campus.

THE AIR FORCE R.O.T.C.

At the opening of the academic year 133 students were enrolled in the Air Force R.O.T.C., 48 in the Advanced Program. At the end of the year the figures were 103 (27 freshmen and 36 sophomores) and 40 respectively. Fourteen received their commissions June 13, 1964, and five after summer camp.

PLACEMENT

Two hundred and forty-six members of the Class of 1964 were on the campus during the academic year. According to the report of Mr. John F. Butler, '33, Director of Placement, the preliminary figures as of July 20, 1964, indicate that 102, 65 per cent, are going on to graduate or professional school (52.5 per cent this September, the remainder after completion of military service); 65, 26.4 per cent, are employed, including eight in the Peace Corps; 37, 15 per cent, are in military serv-

ice; while 15, 6.1 per cent, are traveling or are undecided about their future careers.

Based on current data, the following are the fields of advanced study: law 28; business 24; medicine 13; theology 9; psychology 8; engineering 7; history 6; English 4; architecture 3; two in each of the following: biology, chemistry, communications, education, mathematics, physics, political science, pre-medical studies, veterinary; and one each in: bio-physics, bio-statistics, classics, economics, fine arts, music, pre-architecture, public administration and romance languages.

Statistics concerning those currently employed are: industry 15; teaching 12; banking 6; insurance 6; merchandizing 4; journalism 3; and one in each of the following: educational administration, investment, music, television and Y.M.C.A. One has been accepted for the foreign service and two others have applications pending. As I have already indicated, eight are in the Peace Corps.

The average salary for the B.A. graduate is \$5,989 (as compared with \$5,623 a year ago, and \$5,355 in 1962); for the B.S. graduate it is \$6,549 (as compared with \$6,908 a year ago, and \$6,130 in 1962).

THE FACULTY

NUMBERS

During 1963-1964 the full-time faculty numbered 107: 29 professors; 36 associate professors; 22 assistant professors; 18 instructors; and two lecturers. In addition, there were 15 part-time teachers.

LEAVES OF ABSENCE 1963-1964

During the academic year 1963-1964 six members of the faculty were on sabbatical leave: Dr. Stephen P. Hoffman, Jr., Associate Professor of Mathematics, for the entire year; Mr. John A. Dando, Associate Professor of English, Dr. Robert P. Waterman, Associate Professor of Modern Languages, and Mr. Clarence E. Watters, Professor of Music, for the Christmas Term; Dr. Philip C. F. Bankwitz, Associate Professor of History, and Dr. Michael R. Campo, Associate Professor of Modern Languages, for the Trinity Term.

In addition, Dr. Kenneth W. Cameron, Associate Professor of English, and Mr. Stephen Minot, Assistant Professor of English, were on leave without compensation for the entire year and the Trinity Term respectively.

Dr. Hoffman completed the text of an Advanced Calculus, which will be published, it is expected, by Prentice-Hall, Inc.

Professor Dando's leave was interrupted by the illness and death of his father. He was able, however, to make a good start on the film for the Cesare Barbieri Center's celebration of the 700th anniversary of Dante's birth. He also developed a new graduate course in satire.

Dr. Waterman, after some time gathering material in Jugoslavia, Spain and the French provinces, spent the remainder of his leave in Paris working in the manuscript department of the Bibliothèque Nationale. His research was concerned with the relationship between art and literature in the field of the Medieval French drama.

Professor Watters used his leave for a trip to Europe to gather final material for a book *Improvisation for the American Church*; to obtain from Marcel Dupré data for a second book *The Organ Works of Marcel Dupré*, and, to study the actual Baroque organs in Germany, Holland, and France, in part for the rebuilding of the College's Chapel Organ. On his return Professor Watters worked on his book on Improvisation, which has been accepted for publication, as well as on a pamphlet on Baroque Organs.

Dr. Bankwitz finished his manuscript, *Maxime Weygand and Civil-Military Relations in Modern France*. It is expected that this will be included in the Harvard Monograph Series.

Dr. Campo completed research in Italy on two projects: an evaluation of the Pirandellian "Teatro degli Undici," and a study of the theme of "Resistance in Italian Literature."

Dr. Cameron published three volumes: *Thoreau's Literary Notebook in the Library of Congress*; *Centennial History of Trinity Episcopal Church in Bridgeport*; and *The Catholic Revival in the Episcopal Diocese of Connecticut*. The last publication contains a chapter on Anglican Romantic poets at Trinity College in the 1840's. The first volume of Dr. Cameron's two-volume *Thoreau's Fact Book in the Harvard College Library* has been printed and bound.

Professor Minot completed and saw through the press a text book on teaching creative writing, as he did his first novel, *Chill of Dusk*, published by Doubleday & Co. He is writing a second novel.

LEAVES OF ABSENCE 1964-1965

During the coming academic year sabbatical leaves have been granted to six members of the faculty: Dr. Robert D. Meade, Associate Professor of Psychology, and Dr. Mario J. Poliferno, Associate Professor of Mathematics, for the entire year; Dr. Hans F. Frese, Associate Professor of Modern Languages, and Dr. Frederick L. Gwynn, James J. Goodwin Professor of English and Chairman of the Department, for the Christmas Term; Dr. Edward Bobko, Associate Professor of Chemistry, and Dr. Blanchard W. Means, Brownell Professor of Philosophy and Chairman of the Department, for the Trinity Term.

Dr. Arthur H. Hughes, M.S., '38, L.H.D., *honoris causa*, '46, Vice President, Professor of Modern Languages and Co-Chairman of the Department, will be on leave for the entire year with full compensation, the first leave he has had since he came to Trinity in 1935.

In addition, Dr. Randolph W. Chapman, Professor of Geology and Chairman of the Department, and Mr. James W. Wightman, Instruc-

tor in Economics, have been granted leaves of absence for 1964-1965 without compensation; as has Mr. Albert L. Gastmann, Instructor in Government, for the Trinity Term.

Dr. Meade has been appointed a Fulbright Professor of Psychology to Balwant Rajput College in Agra, India. He will conduct a research project and supervise the establishment of a laboratory of psychology but will do no teaching.

Dr. Poliferno plans to devote his sabbatical leave to the completion of a text in Calculus.

Dr. Frese, who will spend most of his leave in Germany, will prepare a work book to serve both as an introduction and anthology for German literature classes at Trinity; will visit some of the major language schools of the Goethe Institut in Munich as well as consult with officials for placement of our students for summer and advanced study; will confer with members of the Pädagogischer Austauschdienst in Bonn concerning the placement of German majors to teach for one year in German secondary schools; and will visit the institute, Inter Nationes, Bonn, concerning tape recordings.

Dr. Gwynn plans to complete: the second edition version of the textbook, *The Case for Poetry* (first edition, 1954, with R. W. Candee and A. O. Lewis) for Prentice-Hall, Inc.; and the second edition of *Faulkner in the University* (first edition, 1959, with J. L. Blotner, University of Virginia Press) for Random House, Inc. He will prepare a text book, *English, A Comprehensive Text*, covering linguistics, rhetoric and literary criticism, for Holt, Rinehart and Winston, Inc. In addition, he hopes to write articles on linguistics, punctuation, literary archetypes and the critical theory of Northrop Frye.

Dr. Bobko will conduct basic research in organic chemistry as well as prepare a textbook for elementary courses in this field.

Dr. Means will do some creative writing and research, principally in the field of ethics. He hopes to produce several short articles as well as to continue progress on a book which sets forth his individual philosophy.

Dr. Hughes plans to do a considerable amount of writing which hitherto time has not permitted; to ready the manuscript of *Connecticut Place Names* for publication; to work on a biography of Frederick Spielhagen; and continue studies of the modern dramatists Frisch and Durrenmatt; as well as to complete an anthology of German poetry in translation.

Dr. Chapman will lecture on geology at the University of Bagdad, Iraq, as a part of the Technical Assistance Program of the Agency for International Development, financed by a grant from the State Department.

Mr. Wightman will conduct research leading to the completion of his doctoral thesis. He will study the effects of local and state taxation policy on redevelopment areas in New England.

Mr. Gastmann will undertake a follow-up-on-the-scene study of the

Caribbean area in connection with his doctoral dissertation on the Netherlands Caribbean; will make several translations of official documents from the Dutch and Spanish into English as well as prepare his doctoral thesis for publication.

NON-RETURNING FACULTY

Seven members of the full-time faculty will not be at Trinity next year. I list them alphabetically: Mr. William A. Glasser, Instructor in English; Dr. Robert F. Kingsbury, Associate Professor of Physics; Dr. Philip L. Kintner, Assistant Professor of History; Mr. Lawrence R. Alvarez, Instructor in Mathematics; Mr. Edward W. Lanius, Instructor in Modern Languages; Mr. William R. Smith, III, '56, Instructor in Engineering; and Mr. Charles Jay McWilliams, Assistant Professor of Physical Education. The College is grateful to them for the fine service they have rendered.

NEW APPOINTMENTS

To provide for the leaves of absence granted for 1964-1965 as well as to replace the non-returning faculty, twelve new full-time appointments have been made for the coming academic year. I list them alphabetically: Dr. George A. Anderson, '59, Instructor in Mathematics; Mr. Michael Braun, Visiting Assistant in German; Mr. Harold F. Donnelly, Instructor in Physical Education; Mr. Thomas G. Elliott, Instructor in Classical Languages; Mr. Eric Fischer, Instructor in Modern Languages; Mr. Paul D. Hersch, '59, Instructor in Psychology; Mr. Albert Rabil, Jr., Instructor in Religion; Mr. Kai P. Schoenhals, Instructor in History; Mr. Thomas J. Schmugge, Assistant Professor of Physics; Dr. Murray S. Stedman, Jr., Professor of Government and Chairman of the Department; Mr. Alan C. Tull, Instructor in Religion; and Mr. Cornelius P. Walsh, Instructor in Economics.

PROMOTIONS

During the academic year five members of the faculty received promotions: effective February 1, 1964, Dr. Thomas C. Mentzer to Assistant Professor of Geology, and Dr. C. Freeman Sleeper to Assistant Professor of Religion; effective September 1, 1964, Dr. George C. Higgins, Jr., College Counselor, to Assistant Professor of Psychology, Dr. Arnold L. Kerson to Assistant Professor of Modern Languages, and Dr. Edward W. Sloan, III, to Assistant Professor of History.

DEPARTMENT CHAIRMEN

Several changes have been made in the chairmen of our academic departments.

Dr. George B. Cooper has been named Northam Professor of History

and Chairman of the Department. He succeeds Dr. D. G. Brinton Thompson, to whom the College is lastingly indebted for building such a strong Department. Dr. Thompson will remain as Professor of History. Dr. Cooper, who is well known to the Trinity family and who has been at the College since 1941, was appointed Professor of History in 1958. He is the Managing Editor of *The Journal of British Studies*.

Dr. Murray S. Stedman, Jr., a distinguished authority on American Government, has been named Professor of Government and Chairman of the Department. A native of Pittsburgh, Pennsylvania, Dr. Stedman received the degree of Bachelor of Arts from Williams College in 1939 and was elected to Phi Beta Kappa. He was awarded the degrees of Master of Arts and Doctor of Philosophy by Columbia University in 1940 and 1947, respectively. In the Army from 1941 to 1945, he earned four battle stars while serving in North Africa, France, Italy and Germany.

Dr. George B. Cooper Dr. Murray S. Stedman, Jr. Dr. Charles H. Morgan

Dr. Stedman has taught at Columbia, Brown and Swarthmore. He has served in Paris as a specialist in the Department of State and for UNESCO. More recently he has been General Director of Public Interpretation for the National Council of Churches in America and Visiting Lecturer at Teachers College, Columbia University. He is the author of several books and a number of articles in the fields of politics and government, his most recent book being *Religion and Politics in America*.

As Chairman of the newly created Department of the Arts and as Visiting Professor of the Arts, Trinity is extremely fortunate to have on a part-time basis during 1964-1965 Dr. Charles H. Morgan, a distinguished member of the Amherst faculty. Since 1938 he has been Mead Professor of Fine Arts and Director of the Mead Art Building.

It is our sincere hope that a permanent Professor of the Arts and Chairman of the Department will be appointed early in 1964-1965 to take up his residence with the academic year 1965-1966.

THE ACADEMIC PROGRAM

THE NEW CURRICULUM

With the class entering in September, the entire College, except for irregular students, will be under the new curriculum. During 1964-1965 we will feel the full impact of the requirements of the new curriculum, with the comprehensive examination in a student's major field that is required in the Trinity Term of the senior year. A heavy burden is placed on each academic department to see that its courses are effectively adjusted to meet the requirements of the new curriculum including those of independent study and the comprehensive examination.

CONCENTRATION IN MAJOR FIELD

The faculty has voted that a "major shall consist of no more than six required courses within one department or one foreign language." The faculty further amended the present requirements as follows: "In addition to his six basic requirements a student must take at least three full-year courses, or the equivalent in half-year courses, outside the department of his major. At the time he applies for admission to a major he must, with the counsel of his departmental adviser, present a plan of study covering the final two years." This replaces the present provision: "No student may take more than the equivalent of six full-year courses in any one department or in any one foreign language unless he has obtained quantitative credit with Advanced Placement, or has passed a proficiency examination in a modern language, or elects extra courses above the normal number of courses in the sophomore, junior or senior years."

DEPARTMENT OF THE ARTS

As of July 1, 1964, a new Department of the Arts came into being. It combines under one head the old Departments of Music, Fine Arts, and the work in Drama formerly in the Department of English.

THE SUMMER ENGINEERING LABORATORY

With the generous cooperation of the United Aircraft Corporation, 36 young men from Connecticut communities were enrolled in the 1964 Summer Engineering Laboratory. This is the second year that this Laboratory has been held at the College. These 36 talented secondary school students were selected from more than 70 applicants and represented 29 different schools (27 tax-supported and two independent). Twenty-two resided on the campus and 14 lived at home. Each student was awarded a full-tuition scholarship and took two courses: Introduction to Engineering Science and Philosophy of Science. Professor August E. Sapega, Associate Professor of Engineering, directed the eight-week program. He was assisted by Professor A. A.

Bruneau, Visiting Assistant Professor of Mechanical Engineering from the University of Waterloo, Ontario, Canada, and Dr. Howard De-Long, Assistant Professor of Philosophy.

GRADING

Effective with the Christmas Term 1964-1965 grades will, I am happy to report, be recorded on a letter instead of a numerical basis. Under this decision of the faculty, grades will be recorded as follows: A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F. This change applies only to undergraduate grades turned into the Registrar and is in no way intended to infringe upon the freedom of an individual member of the faculty to maintain his class records in any way he chooses.

ACADEMIC STANDING AND DISCIPLINE

GENERAL

The impact of the new curriculum, as well as the change from a numerical to a letter grading system, has necessitated a revision of the rules respecting academic standing and discipline. Such action has been taken by the Faculty.

ACADEMIC STANDING

The passing grades are: A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D-. Grades below C- are unsatisfactory. F denotes failure.

A student who has credit for less than four full-year courses, or their equivalent, is classified as a freshman; and one who has credit for at least four but less than nine full-year courses is classified as a sophomore; one who has credit for at least nine but less than thirteen is classified as a junior; and one who has received credit for at least thirteen is classified as a senior. Eighteen full-year courses, or their equivalent in half-year courses, are required for graduation.

ACADEMIC DISCIPLINE

An undergraduate will be placed on academic probation if: (1) at the end of a term he has not passed four courses and received grades of at least C- in two; (2) he has completed three consecutive terms with averages below C-; (3) at any time, in the opinion of the faculty, he has neglected his work.

Freshmen and sophomores on probation may not carry more than five courses and juniors and seniors not more than four.

An undergraduate will be required to withdraw from the College for at least one calendar year if: (1) he fails, after two attempts, to pass one of the six basic requirements; (2) he incurs two academic probations during his first two years in college or two academic proba-

tions thereafter; (3) at any time, in the opinion of the faculty, neglect of work warrants suspension.

A student required to withdraw for any of these reasons is eligible to apply for readmission. However, each application will be considered on its merits, and readmission will not be automatic. A student readmitted after twice failing a basic requirement may resume his studies at the College only after passing that requirement during a Summer Term at Trinity.

ADMISSION TO THE THIRD YEAR

Before entering his third year at Trinity a student must: (1) complete a minimum of five full-year courses, or their equivalent, with grades of C- or better; (2) complete all basic requirements (with the exception of students who plan to major in chemistry or engineering).

THE ADMINISTRATION

REORGANIZATION

GENERAL

At the April meeting the Trustees approved on the recommendation of the President a reorganization of the administration of the College effective July 1, 1964.

Two principal objectives prompted the reorganization. In the first place, we sought to increase the College's administrative efficiency by a more effective coordination of certain offices. As a result, the number of officers reporting directly to the President is reduced. In the past too many have done so. In the second place, we sought where necessary to provide certain offices with additional needed strength.

Trinity is no longer a small operation. Far from it. In recent years the responsibilities facing the administration have increased at an amazingly rapid pace. The approved reorganization not only takes this factor into account but also the implications of the forthcoming Capital Gifts Campaign.

I will outline the new reorganization and then set forth the personnel changes that have had to be made to implement it.

OUTLINE

Under the reorganization six officers report directly to the President: the Dean of the College, the Vice President of the College, the Director of College Relations, the Director of Student Affairs, the Treasurer and Comptroller, and the Librarian.

The Dean of the College, hitherto responsible for the undergraduate academic program, has been placed in charge of all the College's academic programs. Thus, he also has supervision of the Program of Graduate Studies as well as of the Summer Term.

The Vice President of the College has supervised Development, Admission and Alumni Affairs. This office will continue to be responsible for Development and Admissions. Alumni Affairs have been transferred to the office of the Director of College Relations.

The Office of the Director of College Relations is a new one. It has been created because of the vital necessity of providing further strength for the public relations of the College. This is particularly important in view of the key role which public relations must play in the forthcoming Capital Campaign. It has been apparent that the College must for the complete duration of the forthcoming Campaign employ a full-time person to work with Vice President Holland on the public relations of the Campaign. The Director of College Relations fulfills this need. He will supervise Public Relations, Publications, Central Services and Alumni Affairs.

The Office of the Director of Student Affairs is also a new one. This office will supervise the various student activities other than those of an academic character. These activities include the offices of the Dean of Students, the College Counselor, the Director of Placement, the Director of the Mather Student Center, the Medical Director, the Director of Athletics as well as the Director of Student Aid (a non-existent but much needed position which will not at this time be filled).

The two offices – that of the Treasurer and Comptroller as well as of the Librarian – are not changed. They will continue to function as at present.

The Chaplain because of the unique nature of his duties and the religious heritage of the College will serve on the staff of the President.

PERSONNEL CHANGES

Dean of the College

Dr. Arthur H. Hughes, because of his many other duties and interests, found it necessary to resign his position as Dean of the College, in which post he has been responsible for the undergraduate academic program. Dr. Hughes has also been performing the important functions of Vice President of the College, Professor of Modern Languages, Co-Chairman of the Department, as well as Chairman of the Board of the Cesare Barbieri Center for Italian Studies. Except for the Deanship his duties will continue as in the past.

Dr. Hughes' resignation was accepted with the deepest regret. He has been in large part responsible for the fine progress Trinity has made since World War II. He has served with a loyalty, a dedication and a vision that have done much to build the Trinity of today. In 1953 he was appointed Vice President. Twice he has served as the Acting President of the College. In 1946 Trinity awarded him the degree of Doctor of Humane Letters, *honoris causa*. In the years ahead Trin-

ity will need more than ever the benefit of his long experience as well as his wise counsel and advice.

Dr. Arthur H. Hughes

The faculty adopted the following resolution concerning Dr. Hughes: "The Faculty expresses its sincere appreciation of the twenty-three years of loyal, dedicated and constructive service that Arthur Howard Hughes has given the College as Dean and twice as Acting President. In these years we of the Faculty have always found in his office a ready ear, a friendly sympathy, and a helpful guidance. It is with deep satisfaction that we learn that his retirement from the Deanship will not mean the loss of his professional companionship. We look forward to many more years of cooperation and friendship with him as a highly respected teacher, a wise adviser, and a devoted colleague."

Dr. Robert M. Vogel, Dean of Graduate Studies and Director of the Summer Session, has been appointed Dean of the College. As I have already indicated, the duties of the Dean of the College have been expanded to include the College's several academic programs – undergraduate, graduate and the Summer Term. Dr. Vogel, who has been at Trinity since 1947, is eminently qualified for the Deanship of the College. As Dean of the Program of Graduate Studies and Director of the Summer Session, he has rendered outstanding service. He has during recent years initiated several advances in the academic area which have brought great credit to Trinity: the Transition to College Plan, Advanced Placement Courses for secondary school teachers as well as the

Summer Engineering Laboratory. Under his leadership the College will, I am confident, continue to progress academically.

The change in the Deanship of the College has required no additional personnel: Dr. Vogel will be aided principally by Mr. Thomas A. Smith, '44, who has been Registrar and Assistant to the Dean of the College; and Mr. Jacob W. Edwards, '59, who has been Assistant to the Dean of Graduate Studies and Associate Director of the Summer Session.

Dr. Robert M. Vogel

Thomas A. Smith, '44

Jacob W. Edwards, '59

In implementing the reorganization, Mr. Smith has been named Assistant Dean of the College and Registrar; and Mr. Edwards has been designated Assistant to the Dean of the College and Director of the Summer Term.

Vice President of the College

General

Mr. Albert E. Holland, '34, M.A. '58, as Vice President of the College, continues to be responsible for the Offices of Development and of Admissions.

Development

Mr. W. Howard Spencer, a graduate of Kingswood School and of Yale, former treasurer of Cushman Industries, Inc., active in the Greater Hartford Community Chest, has been named Director of the Deferred Gifts Program. As such, he will be responsible for increasing gifts to the College through bequests, living trusts, insurance trusts, and all other forms of deferred giving. Mr. Spencer will take over the duties performed by Mr. Sherman P. Voorhees, Consultant for Development, who died suddenly in February of 1964.

W. Howard Spencer

W. Howie Muir, '51

Thomas B. McKune, '64

Admissions

In view of the appointment of Mr. F. Gardiner F. Bridge as Director of Student Affairs, Mr. W. Howie Muir, '51, has been named to succeed him as Director of Admissions. Mr. Muir, a graduate of Hotchkiss and Trinity, returned to his Alma Mater in 1955 as Assistant Director of Admissions. He was promoted to Associate Director in 1958. Mr. Muir has the ability and the understanding effectively to deal with the increasingly complicated problems facing a college admissions office.

To fill the vacancy in the office of Admissions, Mr. Thomas B. McKune, '64, has been named Assistant Director of Admissions. An Illinois Scholar, a member of the Senate and of Medusa, of the Delta Psi Fraternity, a Junior Adviser and Vice President of the Inter-Fraternity Council, Mr. McKune played basketball for two years and football for four. In his senior year he was the starting center on the varsity team.

Majoring in psychology, he was president of the Trinity Chapter of Psi Chi, the national psychology honorary society.

Director of College Relations

Mr. Robert Harron has been appointed Director of College Relations. He is one of the very top public relations men in the country. He comes to Trinity from Columbia University where he was Assistant to the President and Director of University Relations. It has been my privilege to know Mr. Harron intimately for many years. I worked closely with him as the Provost of Columbia University and as the Chancellor of the University of Denver. A prodigious worker, a person with an amazing sense of public relations, he has ideas, imagination, and above all else, great common sense. He will provide signal strength in an area where it is direly needed.

In view of Mr. Harron's exceptional experience as well as of the problems facing the College in the years immediately ahead, he will as Director of College Relations supervise the Director of Public Relations (Mr. Kenneth C. Parker) who will continue to be directly responsible for Public Relations, Publications and Central Services; as well as the Office of the Alumni Secretary (Mr. John A. Mason, '34).

Robert Harron

F. Gardiner F. Bridge

Dr. Roy Heath

Director of Student Affairs

General

Two significant appointments have been made in this Office – that of the Director and that of Dean of Students.

Mr. F. Gardiner F. Bridge has been named the first Director of Student Affairs. A graduate of Dartmouth in 1942, Mr. Bridge came to Trinity in 1956 as the Director of Admissions, a post which for eight years he has filled with great success. He has demonstrated clearly that he has the administrative ability and the broad understanding ef-

fectively to serve as the Director of Student Affairs. In this new post he will add great strength to the administration of the College.

Dean of Students

Near the end of the academic year Dr. O. W. Lacy, Associate Professor of Psychology and since 1958 Dean of Students, requested that he be relieved of his administrative duties to devote his full time to teaching. This request has been honored. In the difficult and sensitive position of Dean of Students Dr. Lacy rendered fine service to the College. We are lastingly grateful to him.

Dr. Roy Heath has been named Dean of Students as of July 1, 1964. A graduate of Princeton in the Class of 1939, he received his M.A. in Clinical Psychology and his Ph.D. from the University of Pennsylvania. From 1950 to 1954 he served as Instructor in Psychology at Princeton, and from 1954 to 1956 as Associate Professor of Psychology and Student Counselor at Knox College. Since 1956 he has been Director of the Counseling Center at the University of Pittsburgh. During 1963-1964 he was on leave as Visiting Professor of Psychology and Student Counselor at Amherst. He is the author of the book *The Reasonable Adventurer* which is a study of the growth of a group of students he counseled at Princeton. The College is indeed fortunate to have a person of Dr. Heath's stature for the important position of Dean of Students.

The Chaplain

The Rev. Mr. J. Moulton Thomas, since the autumn of 1956 Chaplain of the College, has resigned as of August 31, 1964, to become priest-in-charge of St. Stephen's Parish, Middlebury, Vermont, and Chaplain to Episcopal students at Middlebury College. Trinity is deeply grateful to Chaplain Thomas for the eight years of loyal and dedicated service which he has rendered the College.

A strong *ad hoc* committee has been named to recommend a new chaplain: Professor Edwin P. Nye, Hallden Professor of Engineering and Chairman of the Department, Chairman; Mr. F. Gardiner F. Bridge, Director of Student Affairs; Dr. Edmond LaB. Cherbonnier, Professor of Religion and Chairman of the Department; Dr. Roy Heath, Dean of Students; and Mr. John A. Mason, '34, Alumni Secretary. Until the new Chaplain arrives, the duties of the Chaplaincy will be carried on by qualified members of the faculty and administration.

THE LIBRARY

GENERAL

The academic year 1963-1964 was one of heightened activity for the Library. This was due primarily to the impact of the new undergraduate curriculum as well as to increasing numbers of graduate students and an ever busier Summer Term.

THE NEW CURRICULUM

The new curriculum has produced heavy pressures for additional research materials, both monographs and serials, in many areas in which the Library is now weak. The faculty are covering more and more ground and are requiring or encouraging their students to do more specialized and independent research.

THE SENIOR STUDY AND LONGER LIBRARY HOURS

Along with the pressure for additional library materials has come the demand from students for longer library hours and added individual study space. During 1963-1964 these demands were answered partially and experimentally. An all-night study area in the Library sub-basement was opened in October for seniors under the new curriculum. This will be continued on a somewhat revised basis. At the request of the Student Senate the Library toward the end of the Trinity Term extended its hours for a two-week period, with a resulting high attendance. During 1964-1965 this experiment will be continued for three-week periods late in each term. An unexpected result of this experiment was the wide use of the Library until midnight by graduate students who stayed on after their classes. It is our hope during the coming academic year to keep the Library open from ten to eleven by using graduate students in need of financial assistance.

ADDITIONAL STAFF

The increased work loads during 1963-1964 were handled with no appreciable increase in the size of the staff. This will continue to be the case during 1964-1965. By 1965-1966, however, it will be necessary to add to both the circulation and reference staffs, especially the latter, as more teachers and students come to make the Library their laboratory.

BUILDING NEEDS

When the Library was opened in 1952, it was predicted that adequate provision had been made for some 20 to 25 years. At the half-way point in this span we can now predict additional requirements. I mention the following: book storage needs occurring in many sections of the stacks as the Library expands in unexpected areas; the demand for additional study space as independent study and honors work increase and as the College expands to an undergraduate body of 1,250. We must add to this the steady accession of important gift collections to the Trinity and the Watkinson Libraries, as well as the promise of further substantial collections in the next decade. The College thus finds itself face to face with an urgency now to make building expansion plans.

RELIGIOUS OBSERVANCE

The College remains conscious of its religious heritage. I repeat what I said in my sermon on National Christian College Day at the Church of the Holy Trinity in Philadelphia.

"What religion does for education is open our eyes – not to lecture us dogmatically – but to tell us what to look for, so that we may see for ourselves what otherwise we would miss. It is therefore not religion which is narrow, but education without religion which is in danger of becoming one-sided.

"This is why we can say with confidence that a college committed to religion has an influence far beyond its own campus. Though they are today in the minority, such colleges make a contribution to education as a whole. Without religion, something is lacking, both in one's personal life and in one's education. If this defect were to become universal, education itself would suffer, and tragically. We would then be tempted to believe, like the contemporaries of Socrates, that the universe is a meaningless series of cosmic explosions; that a man is nothing but a conglomeration of cellular organisms; and that a man's life, and with it all human history, is, in the words of Macbeth, 'A tale told by an idiot, full of sound and fury, and signifying nothing.' If this attitude ever prevails, education itself would have lost its meaning. It is demonstrably true, in our day no less than in ancient times, that 'the fear of the Lord is the beginning of wisdom.'"

It continues to be a rule of the College that each student attend nine services in each term, either at the College Chapel or at the church or synagogue of his choice.

THE TRUSTEES

GENERAL

Four stated meetings of the Corporation were held – October 12, 1963; January 18, 1964; April 11, 1964; and June 12, 1964 – all well attended.

TRUSTEE CHANGES

LIFE TRUSTEES

Resignations

During the year four Life Trustees found it necessary to resign: on October 12, 1963, Mr. Martin Withington Clement, '01, L.H.D., *honoris causa*, '51, Mr. James Lippincott Goodwin, LL.D., *honoris causa*, '63 and Mr. Robert Seymour Morris, '16, M.S., '17; and on December 23, 1963, Mr. Robert Barnard O'Connor, '16. The College cannot express adequately its lasting gratitude to these four gentlemen who together rendered 119 years of loyal, dedicated and constructive service. They

have been elected Trustees Emeriti. I include the resolutions adopted by the Corporation in accepting these several resignations.

Martin Withington Clement, '01, L.H.D., '51

"Whereas Martin Withington Clement, '01, L.H.D., *honoris causa*, '51, has presented to this meeting his resignation from this Board, be it RESOLVED that the Trustees of Trinity College, realizing the futility of attempting adequately to express the enormous debt of gratitude owed to Martin Withington Clement for his countless contributions over three score and six years and for over thirty-three years as a Life Trustee to the welfare of his Alma Mater, especially his unparalleled service as the creative architect of the modern Trinity, herewith accept his resignation with the deepest regret; and note that in doing so the Board has lost a Trustee who has added immeasurably to the stature of his College, a Trustee whose boundless enthusiasm and constructive dedication can never be replaced."

Martin W. Clement, '01

James L. Goodwin, Hon. '64

James Lippincott Goodwin, LL.D., '63

"Whereas the resignation of James Lippincott Goodwin, B.A., M.F., Yale; LL.D., *honoris causa*, '63, a Life Trustee of Trinity College since 1928, has been tendered to this Board, be it RESOLVED that the Trustees of Trinity College, duly aware of and sincerely grateful for the lasting benefits that have accrued to this institution through the wise counsel, ever faithful service and exceedingly generous benefaction of James Lippincott Goodwin over three and one-half decades, are constrained to comply with his wishes and do therefore accept his resignation with profound regret. His valuable service long will be remembered in the annals of the College."

Robert S. Morris, '16

Robert B. O'Connor, '16

Robert Seymour Morris, '16, M.S., '17

"Whereas the resignation of the life trusteeship of Robert Seymour Morris, B.A., '16, M.S., '17, has been presented to this Board, be it RESOLVED that the resignation of Robert Seymour Morris, '16, Alumni Trustee 1941 to 1947 and Life Trustee since 1948 be accepted with the deepest regret and that the permanent records of the Trustees contain an expression of deep gratitude and abiding appreciation for many years of faithful and diligent service of Robert Seymour Morris in almost countless ways to the College from which he was graduated forty-seven years ago, noting especially his wise leadership as National Chairman of the extremely successful Program of Progress as well as his able chairmanship of the committee that planned with such patience and skill the Arts Center. His service as a Trustee will be greatly missed."

Robert Barnard O'Connor, '16

"Whereas the Trustees of Trinity College have received the resignation of the trusteeship of Robert Barnard O'Connor, '16, D.F.A., be it RESOLVED that the resignation of Robert Barnard O'Connor be acknowledged in accordance with his request and with deep regret, and that the records of the Trustees of Trinity College contain in perpetuum an acknowledgment of their indebtedness and an expression of their gratitude for the wise counsel and the unflagging zeal with which he has served his Alma Mater, taking especial note of his high reputation in his profession, the countless occasions in which he has stood ready to sacrifice other pursuits in order to devote his skills to the purposes of Trinity College, and the patient and courteous cheerfulness with which he has presented his opinions in thirty years of the

meetings of this Board and of its committees wherefore this Board will feel acutely the loss of the services of its senior Trustee."

New Life Trustees

During 1963-1964 four new Life Trustees have been elected: on January 18, 1964, Dr. Daniel Alpert, '37, Sc.D., *honoris causa*, '57, Dr. John Kapp Clark, '36, Sc.D., *honoris causa*, '64, and Mr. William Persons Gwinn, Sc.D., *honoris causa*, '61; and on June 12, 1964, Mr. Seymour Ewing Smith, '34.

Daniel Alpert, '37, Sc.D., '57

Dr. Alpert, a native of Hartford, entered Trinity in 1933 from Bloomfield High School. Graduating in 1937, he was Valedictorian and a member of Phi Beta Kappa. He received the degree of Ph.D. with the highest distinction from Stanford University. While at Stanford he was a teaching assistant, a research associate on the Klystron Project, and was elected to the scientific honorary society, Sigma Xi. In twenty-six years he held various positions with the Westinghouse Research Laboratories including from 1955 to 1957 the post of associate director

Dr. Daniel Alpert, '37

Dr. J. Kapp Clark, '36

of the main research laboratories in Pittsburgh. He is one of the leading authorities in the field of ultra high vacuum and is responsible for the development of a technology which permits the achievement of pressures thousands of times lower than previously available. In 1945 on leave of absence from Westinghouse he worked on the Manhattan Project. In 1954 he received the Newcomb Cleveland Award of the

American Academy of Arts and Sciences, and, in 1957, the degree of Doctor of Science, *honoris causa*, from his Alma Mater. At the University of Illinois since 1957, he is Professor of Physics and Technical Director Control Systems Laboratory. He is chairman of the Visiting Committee of the Department of Physics.

John Kapp Clark, '36, Sc.D., '64

Dr. Clark, a native of Pennsylvania, was graduated from Trinity in 1936 with the B.S. degree and in 1940 from the University of Pennsylvania with the M.D. degree. He spent World War II with the Air Force Medical Corps and in 1946 returned to the medical staff of the University of Pennsylvania Hospital where in 1954 he was appointed Associate Professor of Medicine. A leader in pharmaceutical research, he has been associated for a number of years with the pharmaceutical industry including ten years as Director of Research at Smith, Kline and French, and, since 1961, as Vice President of Research and Development. He is a member of Trinity's Biology Visiting Committee. In 1964 Alma Mater awarded him the degree of Doctor of Science, *honoris causa*.

William Persons Gwinn, Sc.D., '61

A native of New York, a relative of Trinity's great benefactor, Mr. William Gwinn Mather, '77, LL.D., *honoris causa*, '32, Mr. Gwinn first joined the United Aircraft Corporation in 1927 as a stock clerk in its Pratt and Whitney Aircraft Division. He spent ten years in the sales department and five years as the Division's West Coast representative. He was named Assistant General Manager of Pratt and Whitney in 1942, Division Manager in 1942, and, in 1946, Vice President of United Aircraft Corporation. Since May of 1956 he has been President and Chief Administrative officer. A director of Canadian Pratt and Whitney Aircraft Company, Ltd., United Aircraft International, Inc., Hartford National Bank and Trust Company, Connecticut Mutual Life Insurance Company, Phoenix Insurance Company, he is a trustee of the Society for Savings and of Kingswood School. In 1961 he received from Trinity the degree of Doctor of Science, *honoris causa*.

Seymour Ewing Smith, '34

Immediately after graduation from Trinity in 1934 Mr. Smith entered the employ of the Travelers Insurance Company in the Actuarial Department. From 1943 to 1945 he served as an officer in the Navy. Returning to the Travelers he was appointed Assistant Secretary in 1948 and Secretary in 1950 in the Compensation and Liability Department. Transferred to the Casualty and Fire Actuarial Departments, he was named Associate Actuary in 1953 and Vice President and Actuary in 1955. In 1963 he was made head of the newly-combined casualty-fire underwriting department. He is a director of the Travelers

William P. Gwinn, Hon. '61

Seymour E. Smith, '34

Research Center and a Fellow of the Casualty Actuarial Society of which in 1954 he was President. A one-time member of the Board of Fellows, he served as its Secretary and President.

ALUMNI TRUSTEES

Paul Winfrey Adams, '35

Mr. Paul Winfrey Adams, '35, has completed two three-year terms as a Trustee elected by the alumni. At the meeting of the Corporation on June 12, 1964, the following resolution was adopted: "Upon the conclusion of the term of service of Paul W. Adams, '35, be it RESOLVED that the Trustees of Trinity College express herewith and spread upon their minutes their lasting gratitude and deep appreciation for the extremely faithful, regularly helpful and thoughtful service of Paul W. Adams, '35, during the six years in which he served as a Trustee of Alma Mater chosen by the alumni, with especial recognition of his valuable contributions to the deliberations of the Law as well as the Buildings and Grounds Committees."

Theodore Davidge Lockwood, '48

Dr. Lockwood, the son of the late Professor Harold J. Lockwood, is the third alumnus to be elected a Trustee for a six-year term under the 1962 amendment to the Charter of Trinity College. Entering Trinity in 1942 as a member of the Class of 1946, he served in the Army from 1943 to 1945. Returning after the war, he was a member of the Senate

Paul W. Adams, '35

Dr. Theodore D. Lockwood, '48

and of Medusa, of Phi Beta Kappa, Valedictorian and a Terry Fellow. In 1952 he received from Princeton the degree of Doctor of Philosophy in History. Instructor at Dartmouth College 1952-1953; Assistant Professor of History, Juniata College, 1953-1955; Assistant Professor of History, M.I.T., 1955-1960; Associate Dean of Faculty, Concord College, Athens, West Virginia, 1961-1964; he is Dean and Professor of History, Union College.

TRUSTEES EMERITI

New Trustees Emeriti

During the year four were elected Trustees Emeriti: Martin Withington Clement, '01, L.H.D., *honoris causa*, '51; James Lippincott Goodwin, LL.D., *honoris causa*, '63; Robert Seymour Morris, '16, M.S., '17; and Robert Barnard O'Connor, '16.

The Hon. Philip James McCook, '95, LL.D., '20

The Hon. Philip James McCook, '95, LL.D., *honoris causa*, '20, died September 24, 1963. From 1927 to 1961 a highly respected and outstanding Life Trustee, and until his death a Trustee Emeritus, Judge McCook had the unique experience of serving his country in three wars. He was the recipient of the Distinguished Service Cross. A revered and fearless Justice of the Supreme Court of the State of New York, he was in 1937 the winner of the coveted Eigenbrodt Trophy. A memorial service was held in the Trinity Chapel October 1, 1963.

THE ALUMNI

GENERAL

The College again expresses its lasting gratitude to the alumni for their continuing splendid support of Alma Mater. We pay particular tribute to Mr. Herbert R. Bland, '40, President for the second year of the Trinity College Alumni Association, for the outstanding leadership he has provided, as well as to the other officers of the Association: Senior Vice President, Mr. Seymour E. Smith, '34; Vice President, Alumni Fund, Mr. Harry K. Knapp, '50; Vice President, Campus Activities, Mr. Ethan F. Bassford, '39; Vice President, Area Alumni Associations, Mr. William H. Gorman, II, '39; Vice President, Alumni Interviewing, Mr. Gerald J. Hansen, Jr., '51; Vice President, Publicity, Mr. Donald R. Reynolds, '51; Secretary, Mr. John C. Gunning, '49; and Treasurer, Mr. John F. Walker, '29.

Herbert R. Bland, '40

The College is deeply grateful to Mr. Barclay Shaw, '35, chairman, and to his committee for arranging so effectively the seventh All-Campus Conference in early October; to Mr. Andrew C. Brown, '29, and his associates for planning with such success the annual Homecoming in November; as well as to Mr. John T. Wilcox, '39, chairman, and his committee, for the June Reunion, which proceeded so efficiently.

AREA ALUMNI ASSOCIATIONS

During the year two new area alumni associations were formed, in St. Louis and Minneapolis. In addition, the Rochester, New York, Association was reactivated. Currently Trinity has 26 associations. Sixteen are headed by alumni in the classes of the 1950's, and eight by graduates of the 1940's.

ALUMNI INTERVIEWING

The Admissions Office requested that some 550 candidates be interviewed by alumni. During the year 193 alumni participated in the program and provided 372 reports. Thus, close to twenty-five per cent of the total number of applicants were interviewed by alumni. Special

tribute goes to the interviewers from the Greater Hartford, Illinois, Washington, D.C., Boston and Greater New York areas. Mr. Gerald J. Hansen, Jr., '51, in his first year as Vice President, Alumni Interviewing and Recruiting, is to be commended for his fine service.

ALUMNI STATISTICS

The Alumni Office as of July 1, 1964, makes the following report concerning the alumni of the College. The living, active alumni from 1889 through 1964 are: B.A. graduates 3,145; B.S. graduates 2,329; B.L. graduates 3; M.A. graduates (non-Trinity) 693; M.S. graduates (non-Trinity) 69; V-12 graduates 109; non-graduates (through the class of 1964) 1,931; non-graduates (classes of 1965 through 1967) 107; honorary (non-alumni) 137. In addition, 34 alumni have been returned to the active list. The total living, active alumni thus number 8,559. Furthermore, 760 alumni have been removed from the mailing list (all categories), and 233 are classified as "special" (having taken just one course). Thus, as of July 1, 1964, the total living alumni numbered 9,552.

The Alumni Office reports that as of July 1, 1964, the deceased alumni total 3,905.

Thus, the grand total of Trinity alumni in the 141 years of the College is 13,457.

In addition, 282 persons hold second degrees from Trinity; earned or honorary: M.A. 145; M.S. 73; Honorary 43; B.S.E.E. 9; B.S.M.E. 12. Two hundred and seventy-six hold two degrees and twelve three.

Dr. Paul H. Twaddle, '31

Robert G. Dunlop

THE BOARD OF FELLOWS

Dr. Robert D. O'Malley, '38; and Mr. Samuel C. Wilcox, '25, have been re-elected by the Trustees as Senior Fellows for a second term of three years.

The alumni have elected as Junior Fellows: Mr. Robert Toland, Jr., '44, for a second term of three years; and Mr. Charles F. Johnson, II, '42, to succeed Mr. Lloyd E. Smith, '23, who has rendered such dedicated service.

Dr. Joseph Astman, '38, has been selected to fill the vacancy caused by the election of Dr. Theodore D. Lockwood, '48, as a Trustee chosen by the Alumni.

The Board of Fellows continues to be a tower of strength to the College. We are particularly indebted to the Board for having initiated and supervised so successfully the program of Visiting Committees for several of our academic departments.

The College pays special credit to Dr. Paul H. Twaddle, '31, for the splendid leadership which he provided as chairman of the Board of Fellows.

THE PARENTS

GENERAL

The College cannot begin adequately to express its appreciation to the Trinity College Parents Association for the wonderful support which it continues to provide. To Mr. Robert G. Dunlop of Bryn Mawr, Pennsylvania, the extremely able President, to the other officers and directors, as well as to all parents who have provided such inspirational support, the College expresses its heartfelt thanks.

PARENTS DAY

The Tenth Annual Parents Weekend was held October 18, 19, 1963. It was extremely well attended. The President addressed the freshman parents.

The Eighth Annual Freshman Parents Day was held May 2, 1964. Following an address by the President, a panel of the Freshman-Sophomore Advisory Council discussed "The Freshman Year." The panel was moderated by Dr. M. Curtis Langhorne, Professor of Psychology and Chairman of the Department as well as of the Freshman-Sophomore Advisory Council. Participating were: Dr. George C. Higgins, Jr., College Counselor and Instructor in Psychology; Dr. Robert Lindsay, Associate Professor of Physics; and Dr. Rex C. Neaverson, Associate Professor of Government and Acting Chairman of the Department.

FINANCIAL AFFAIRS

GENERAL

Income and reserves again exceeded expenses and appropriations. For 1963-1964 the amount was \$1,158.

TUITION AND FEES

Beginning with the academic year 1964-1965 tuition will be increased from \$1,400 to \$1,650 per annum. The fee for extra courses will follow the same pattern and will go from \$140 to \$165 per half-year course. The annual General Fee will remain at \$150.

The Trustees in approving this increase stipulated that the additional income be used further to strengthen the academic program of the College. As a result the following steps have been taken. The College has endeavored, where necessary, to strengthen Trinity's academic departments, including some additions at the top professorial level. The College further has recognized in the budget for 1964-1965 outstanding teaching through merit salary increases. Furthermore, the College has provided added instructional facilities, equipment, including laboratory facilities as well as additional library services required by the emphasis of the new curriculum on independent study. Additional counseling and other student services have also been provided.

INVESTMENT ADVISER

In the overall reorganization of the administration of the College, consideration has been given to providing further assistance to the vitally important activities of the Investment Committee. The Hartford National Bank and Trust Company, which has in the past been retained for custodian services, will provide investment counsel. Under this new arrangement no authority will be taken away from the Investment Committee. It will continue to make the decisions as it has in the past. It will, however, have the benefit of the wide experience and expert knowledge of the Bank.

COLLEGE AUDITORS

Upon the recommendation of the Auditing Committee of the Trustees, the firm of Lybrand, Ross Bros. & Montgomery has been retained as the College auditors as of July 1, 1964.

DEVELOPMENT

GENERAL

From a development standpoint 1963-1964 was a most successful year. The College received, exclusive of the Alumni and the Parents

Funds, \$1,420,185 in cash – the best year Trinity has had outside a regular capital campaign. In addition, gifts totaling \$29,230 for current operations were received from corporations, foundations and friends.

THE ALUMNI FUND

The goal for the 1963–1964 Alumni Fund was \$150,000. Under the most effective leadership of Mr. Harry K. Knapp, '50, National Chairman; and Mr. William R. Peelle, '44, National Vice Chairman, \$152,436 was raised, a record for the College. Three thousand three hundred and ninety-five alumni contributed, 55.2 per cent participation. For this splendid achievement great credit goes to Mr. Douglas L. Frost, '59, Assistant Director of Development.

Harry K. Knapp, '50

F. Stanton Deland, Jr.

For the outstanding success of the 1963–1964 Alumni Fund signal credit goes as well to the members of the Steering Committee: Mr. John E. Griffith, Jr., '17; Mr. Henry S. Beers, '18; and Mr. Melvin W. Title, '18, Distinguished Gifts Chairman; Mr. Barclay Shaw, '35, Chairman, Leadership Gifts; Mr. Wendell S. Stephenson, '50, Chairman, Special Gifts; Mr. Sumner W. Shepherd, III, '49, Chairman, Class Agents; Mr. William B. Starkey, '44, Chairman, Participation; Mr. Winfield A. Carlough, '54, Chairman, Promotion; and Mr. Martin D. Wood, '42, Chairman, Matching Gifts.

Some 250 other alumni including class agents worked devotedly and diligently to make the final outcome so outstanding.

It is for performance such as this that for three consecutive years Trinity has received citations from the American Alumni Council as

well as cash awards from the United States Steel Foundation for having one of the most successful Alumni Funds in the country.

The Alumni Fund will be continued during the forthcoming Capital Campaign.

THE PARENTS FUND

For 1963-1964 the Trinity College Parents Association set a goal of \$42,500. Six hundred and twenty-one parents contributed \$50,229.90, a record for the College. The gifts of two friends brought the total to \$52,229.90.

For years the Trinity College Parents Fund has been one of the most outstanding in academic circles. The achievement this year was nothing less than phenomenal.

Scores of parents played an active part in this accomplishment. Mr. F. Stanton Deland, Jr., of Brookline, Massachusetts, was the highly effective National Chairman. The five regional chairmen with their area chairmen played a significant role in the success of the campaign.

Mr. Richard E. Deutsch of Greenwich, Connecticut, was chairman of Region One which included Connecticut, Massachusetts and Western New York. He was ably assisted by the following area chairmen: Mr. Thomas E. Jansen, Jr., of Dedham, Massachusetts; Mr. Samuel Gould of West Hartford, Connecticut; Mr. Harold T. White, Jr., of New Canaan, Connecticut; and Mr. Geoffrey J. Letchworth of East Aurora, New York.

Mr. Clarence U. Carruth, Jr., of New York was the chairman of Region Two which included the rest of New York as well as New Jersey. The following area chairmen effectively assisted him: Mr. Maurice A. Barclay of Port Chester, New York; Mr. Harry S. Craver of Atlantic Highlands, New Jersey; Dr. Jacob D. Katz of Jersey City, New Jersey; Mr. M. Herbert Koeppel of Hewlett, New York; Dr. Walter D. Macomber of Albany, New York; and Mr. John R. White of Rye, New York.

Mr. Albert D. Hutzler, Jr., of Pikesville, Maryland, served as Chairman of Region Three which included the Mid-Atlantic States as well as the South. Mr. Bernard R. Bralove of Washington, D.C., Mr. Wolcott M. Heyl of Philadelphia, Pennsylvania, Mr. Samuel Hopkins of Baltimore, Maryland, and Mr. Oswald W. Spoor of Birmingham, Alabama, were the able area chairmen.

Mr. Charles S. Arms of Shaker Heights, Ohio, was the chairman of Region Four which covered the near Middle West. His dedicated area chairmen were: Mr. William Block of Pittsburgh, Pennsylvania; Mr. Sherman J. FitzSimons of Grosse Pointe, Michigan; and Dr. Julian B. Galvin of Shaker Heights, Ohio.

Mr. Thomas W. Pettus of St. Louis, Missouri, served as chairman of Region Five which included the Middle West, the Far West, the North Central and the South Western States. He was ably assisted by the following area chairmen: Mr. Oscar B. Brackman, Jr., of Milwaukee,

Wisconsin; Mr. Robert J. Koretz, of Highland Park, Illinois; Mr. Robert G. Mitchell of Woodside, California; and Mr. F. Carl Schumacher of Clayton, Missouri.

THE FOUNDERS SOCIETY

The Founders Society of Trinity College was established in the autumn of 1963 to recognize and to encourage those leadership benefactors who, through their generous unrestricted giving, do much to further the interests of the College. Gifts of one thousand dollars or more qualify an individual for membership in the Society for one year. More than fifty alumni, parents, and friends have become charter members – an outstanding record for which Trinity is lastingly grateful. Membership gifts are credited to one of our two annual funds.

BEQUESTS AND ESTATE PLANNING

During the year work continued in the area of bequests and estate planning. I have already noted the appointment late in the year of Mr. W. Howard Spencer as the Director of Deferred Gifts. He has finished the Kennedy Sinclair training course. The College has entered into an arrangement with the firm of Kennedy Sinclair for the supervision and direction of Mr. Spencer's work, the first educational institution to take such a step. We cannot emphasize too strongly the importance to the College of bequests and estate planning. Over the years more than ninety per cent of Trinity's endowment has come from such sources. This program will continue throughout the forthcoming capital campaign.

CAPITAL GIFTS CAMPAIGN

On May 26, 1964, at a college dinner Trinity announced a ten-year development goal of \$24,900,000. Of this amount \$6,000,000 is to be for endowment for faculty purposes; \$5,000,000 for endowment for general purposes; \$4,000,000 for endowment for student financial aid; and \$1,000,000 for library endowment; \$3,000,000 for the building of dormitories; and \$5,900,000 for other plant construction.

The first phase of this long-range development program, which will culminate on Trinity's 150th birthday in 1973, will be a capital gifts campaign to start early in October of 1964 outside of Hartford and turning to our area for support in 1965. The dollar goal for this campaign will be announced at a later date.

The Trustees at the meeting June 12, 1964, adopted the following priorities for the forthcoming Capital Gifts Campaign: (1) any necessary replacement of annual income from the Alumni and the Parents Funds as well as an item for contingencies and campaign expenses; (2) the construction of a Gymnasium and a Life Sciences Center; (3) endowment of \$500,000 for the Watkinson Library; and (4) any bal-

Henry S. Beers, '18

G. Keith Funston, '32

ance between the total goal and the above items to be allocated to endowment for faculty purposes.

The College is extremely fortunate that Mr. Henry S. Beers, '18, Life Trustee, the retired chairman of Aetna Life Affiliated Companies, has agreed to serve as National Chairman of the Campaign; and that Mr. G. Keith Funston, '32, LL.D., *honoris causa*, '62, President of the New York Stock Exchange, the thirteenth President of Trinity College, has accepted the position of National Honorary Chairman.

During the summer the remaining top campaign positions will be filled and the Leadership Conference, which will be held at the College October 9, 10, 1964, for a small group of leading supporters of Trinity, will be organized.

PHYSICAL FACILITIES

GENERAL

1963-1964 saw many changes in the physical facilities of the College.

THE MATHEMATICS-PHYSICS CENTER

The Mathematics-Physics Center was completed in time for the opening of the 1963-1964 academic year. It has been a splendid addition to the physical facilities of the College.

We are lastingly grateful to those whose untiring and devoted efforts made this Center possible: the Honorary National Chairman, Mr. G. Keith Funston, '32, LL.D., *honoris causa*, '62; the two National Co-

chairman, Mr. John A. Hill, President, Ætna Life Affiliated Companies, and Mr. Allen W. Merrell, '39, Vice President, Ford Motor Company; as well as the Hartford Co-chairman, Mr. Henry S. Beers, '18, former Chairman, Ætna Life Affiliated Companies; Mr. Ostrom Enders, Chairman, Hartford National Bank and Trust Company; and Mr. William P. Gwinn, Sc.D., *honoris causa*, '61, President, United Aircraft Corporation; as well as to countless others.

We are deeply grateful to the members of the Steering Committee for the Mathematics-Physics Center design under the able chairmanship of Mr. Perry W. Pratt, Vice President and Chief Scientist, United Aircraft Corporation, and to Mr. Leonard S. Hobbs, Vice President, retired, United Aircraft Corporation, for the effective planning of the Center.

The Mathematics-Physics Center was dedicated September 23, 1963. The Physics Center was presented by Mr. Allen W. Merrell, '39, and accepted by Dr. F. Woodbridge Constant, Jarvis Professor of Physics and Chairman of the Department. The Mathematics Center was presented by Mr. John A. Hill and accepted by Dr. Harold L. Dorwart, Seabury Professor of Mathematics and Natural Philosophy and Chairman of the Department of Mathematics. Mr. Lyman B. Brainerd, '30, Vice Chairman of the Board of Trustees, introduced the dedicatory speaker, Dr. Daniel Alpert, 37, Sc.D., *honoris causa*, '57, who delivered a brilliant address. Among other things he said "... for man to understand and solve the problems of the scientific revolution, we must include an appreciation of the values of science in his education." He said further "the only way a liberal arts college can possibly cope with the critical-size effect is to join scientific disciplines of a given department with those of a related department and perhaps (with) those of another small college. Perhaps closer ties with nearby universities will also be necessary to provide adequate stimulation for the science faculty."

The naming of the Mathematics-Physics Center the McCook Mathematics-Physics Center will be discussed later in this report.

THE ARTS CENTER

The Arts Center is currently under construction and should be completed late in 1964. It will feature a theatre, designed for plays, concerts and lectures. The theatre can be arranged for a seating capacity of 250 or 400. Professor George Izenour of Yale, famous designer of theatres, served as a consultant on its design.

The Center will also include classrooms, offices, rehearsal rooms, exhibition galleries, projection and listening rooms, as well as studios for the College's academic offerings in art, music and drama.

The Center was designed by the architectural firm of O'Connor and Kilham of New York City and is being constructed by Standard Builders of Hartford.

Appropriate dedication ceremonies are planned for May of 1965.

During 1964-1965 Professor George E. Nichols, III, Associate Professor of Drama, will serve as Acting Director of the Arts Center.

NEW DORMITORY

Construction of a new dormitory will soon begin. It will be located on the South Campus directly south of Elton Hall and Jones Hall. The dormitory, which has been designed by the architectural firm of O'Connor and Kilham of New York City, which will be built by the George A. Fuller Construction Co., and which is financed through an H.H.F.A. loan, will house 250 students. It will feature single rooms as well as small units of bedrooms off a study space. This new housing will make it possible for the College to begin its approved expansion program by increasing the size of the class that will enter in September of 1965, at which time the dormitory will be completed.

FUNSTON MEMORIAL GARDEN

Mr. G. Keith Funston, '32, LL.D., *honoris causa*, '62, Life Trustee, has given the College a Chapel Garden in memory of his beloved father, the late Mr. George E. Funston, and has generously provided an endowment for its upkeep so that its beauty may always be enjoyed. The Garden will lie along the south wall of the Cloister facing the main campus. A fountain and a small pool will be effectively set off by two attractive flower beds. A small patio with low granite sitting walls will be on the east side. Blue stone flagging will pave the patio and the paths leading from it. The garden will be bordered on the south by a yew hedge. The whole effect will be one of peace and beauty.

ARCHITECTS

MR. ROBERT B. O'CONNOR, '16

Mr. Robert B. O'Connor, '16, Life Trustee for nearly thirty years, found it necessary, due to the pressure of other duties, to discontinue his service as the architect of the College. This decision was accepted with the deepest regret. Mr. O'Connor's services as the College Architect have been far beyond the call of duty. He has done much to build the College of which we are so proud.

Mr. O'Connor has been the architect of Ogilby Hall, Elton Hall, Jones Hall, the rebuilding of Williams Memorial, the Library, the two additions to the Heating Plant, the North Campus Housing, the McCook Mathematics-Physics Center, the Arts Center and the South Campus Housing.

NEW ARCHITECTS

The College has adopted the policy that it will not at this time em-

ploy a College Architect, but will commission architects for each new building.

In accordance with this policy the firm of Jeter and Cook of Hartford has been retained for the Gymnasium; and the firm of Douglas Orr, De Cossy, Winder & Associates of New Haven for the Biology-Psychology (Life Sciences) Center.

LANDSCAPE ARCHITECTS

The firm of Robert Zion-Harold Breen of New York City, Landscape Architects, through the year has continued to work on a master plan for the Trinity Campus.

ENGINEERS

The firm of vanZelm, Heywood and Shadford of Hartford has been selected as mechanical and electrical engineers for future construction, replacing James Mongitore Associates of New York.

MISCELLANEOUS PROJECTS

In the summer of 1963 the first phase in the renovation of Jarvis, Northam and Seabury involving the installation of new electrical equipment was completed.

During the present summer a new press box will be erected, and the roof of the Field House will be replaced.

The tower sections of Jarvis, Northam and Seabury have had new gutters, valleys and flashing installed.

The renovation of Goodwin Lounge has been completed.

The College has acquired 102 Crescent Street which provides valuable access to our property; and September 1, 1964, will acquire title to 32 Crescent Street, which will be used for faculty housing.

Seabury 12, previously a classroom, has been converted into six faculty offices.

The old flagstone walk running the entire length of the Broad Street property line has been replaced.

A new walk has been built from the Student Center area to the northwest entrance of the McCook Mathematics-Physics Center.

The black top walk from Vernon Street to Alumni Hall and then on to the Library has been regraded and repaired.

During the summer additional entrance steps and landscaping to provide better control of pedestrian traffic at the south end of the North Campus Dormitory will be installed.

It has been hoped that testing and renewing defective sections of the steam main and returns throughout Cook, Seabury, Northam, Jarvis and Williams Memorial to the Chapel could be accomplished during the summer. This, however, was not possible. This project must have a top priority for 1965.

SIGNIFICANT EVENTS AND ACTIONS

PHILIP JAMES McCook, '95, LL.D., '20

The Hon. Philip J. McCook, '95

On October 1, 1963, a memorial service was held in the Trinity Chapel in honor of the late Hon. Philip James McCook, '95, LL.D., *honoris causa*, '20, who died September 24, 1963.

The President on behalf of the College paid heartfelt tribute to an esteemed, revered and cherished alumnus, from 1927 to October 14, 1961, a highly respected Life Trustee, and, until September 24, 1963, a Trustee Emeritus, to a person always a tower of strength to his Alma Mater.

His was a unique Trinity heritage, a heritage he dearly cherished, a heritage to which he added untold lustre.

For seventy-two years Judge McCook's life was dedicated to Trinity. His undergraduate career was full and rich; he was a member of the Connecticut Beta of Phi Beta Kappa. Over the years no one was more interested in the College, in the faculty, in the student body, in his beloved Beta Beta of the Psi Upsilon Fraternity.

As an alumnus, his dedication and service to Alma Mater have never been surpassed.

Singularly unselfish in the donation of his remarkably valuable time and counsel, he did much to guide and inspire the growth and development of Trinity, to build the character of the College. His wise, keen and constructive advice, his energetic, tireless and selfless devotion can never be replaced. The Trinity of today owes much to his amazing ability, to his rugged individuality, to his unparalleled service, to his standards of integrity.

He effectively followed the tradition of a celebrated family, a family known as "The Fighting McCooks," having seen active duty in three wars.

Philip James McCook has carved until the end of time a place in the annals of his College, *pro ecclesia et patria*.

THE CLEMENT CHEMISTRY LABORATORY

November 16, 1963, in a simple ceremony outside the main entrance to the Chemistry Laboratory, the announcement publicly was made that the building had been named the Clement Chemistry Laboratory

in honor of Martin Withington Clement, '01, L.H.D., *honoris causa*, '51, Trustee Emeritus.

On that occasion the President said: "We are here to announce publicly the express wishes of the magnanimous donor of this splendid building that it be named in tribute to his friend Martin Withington Clement and that a suitable inscription to that effect be placed over the main door.

"Recognizing the major role played by Mr. Clement in obtaining this wonderful gift, the Trustees of the College voted with enthusiasm to approve the recommendations of the donor, but added, as their minutes attest, that 'Mr. Clement has always requested that this not be publicized as long as he is a Trustee which request will be respected.'"

Mr. Clement's resignation as a Life Trustee having been accepted October 12, 1963, the "Corporation therefore authorized me to announce that the express wishes of the donor had been carried out.

"This I am honored to do. Trinity will always be deeply indebted to Mr. Clement for the magnificent leadership he gave our esteemed and highly respected colleague, Dr. Vernon K. Kriebel, . . . in realizing his dreams for a fine modern chemistry building."

The Chairmen of the Chemistry Department with President Jacobs at the dedication of the Clement Chemistry Laboratory November 16, 1963. Left to right: Dr. Robert H. Smellie, '42; the late Dr. Vernon K. Kriebel, Scovill Professor of Chemistry Emeritus; Dr. Albert C. Jacobs; Dr. Sterling B. Smith, Scovill Professor of Chemistry and Chairman, 1955-1963.

MEMORIAL SERVICE, JOHN FITZGERALD KENNEDY

At noon November 25, 1963, in a crowded College Chapel a Memorial Service was held for the late President of the United States, John Fitzgerald Kennedy. The President spoke at the service which was conducted by the Chaplain of the College.

"In this hour of unparalleled personal and national sorrow we extend to the members of the late President's family our deepest sympathy and our heartfelt condolences. . . . May God Almighty give them that strength and courage and solace which He alone can give!

"Humbly but sincerely men of all races, colors and creeds pay genuine tribute to John Fitzgerald Kennedy, to the high office which he held, an office which is a part of each and every one of us. We are lastingly grateful for the courageous leadership he gave our country and the free world. May the qualities for which he stood and the life which he led inspire us for years to come. May each of us be persons of greater faith, of stronger courage. May each of us assume more fully the responsibilities and the privileges of citizenship. May each of us embody in our person that 'malice toward none and charity toward all' for which the world cries so pitifully. May we dedicate our lives to the building of a stronger, a nobler America."

AFRICA IN FOCUS

The program "Africa In Focus," November 21, 22, 1963, sponsored by the Watkinson Library under the able direction of Mrs. Marian M. Clarke, Curator, Watkinson Library, and several campus organizations including the Phi Kappa Educational Foundation of Alpha Delta Phi, was canceled after the first day due to the tragic death of President John F. Kennedy. This would have been one of the highlights of the year. The cooperative planning that went into the program is indicative of the lack of apathy on the Trinity Campus. The complete program would have given the College as well as the Hartford community cross currents of Africa's cultural, economic, social and natural backgrounds.

Dr. Vernon K. Kriebel

VERNON K. KRIEBLE

A memorial service for the late Dr. Vernon K. Kriebel, Scovill Professor of Chemistry Emeritus, was held in the Trinity Chapel January 26, 1964. The service was conducted by the College Chaplain assisted by the President. The tribute paid to Dr. Kriebel in connection with the naming of the Kriebel Auditorium will be presented below.

THE FOUNDATION FOR EPISCOPAL COLLEGES, INC.

The second annual meeting of the Foundation for Episcopal Colleges, Inc., was held at Trinity March 13, 14, 1964. The eight member colleges were represented. Dr. F. Edward Lund, the President of Kenyon College, was elected chairman to succeed the President of Trinity College. Re-elected were: Vice Chairman, Dr. Edward McCrady, President, the University of the South; Treasurer, Mr. Clifford E. Orr, Director of Public Relations, Hobart College; and Secretary, Mr. Kenneth C. Parker, Director of Public Relations, Trinity College. The resignation of Mr. I. Dwight Fickes as President was accepted.

NATIONAL CHRISTIAN COLLEGE DAY

On National Christian College Day, April 12, 1964, the Foundation for Episcopal Colleges, Inc., again sponsored services in leading cities. At each service a president of one of the eight member colleges delivered the sermon. The President of Trinity College did so at the Church of the Holy Trinity in Philadelphia, Pennsylvania.

CONNECTICUT EDUCATIONAL TELEVISION, INC.

The Trustees of the College at the June meeting voted to renew for one year from October 1, 1964, the agreement under which Connecticut Educational Television, Inc., occupies space on the Trinity Campus. Mr. Robert S. Morris, '16, and the President were reappointed as the College's representatives on the Board of Connecticut E.T.V.

FOOD SERVICE

Food service in the Mather Student Center is of great importance for the social atmosphere of the Center as well as for the morale and health of the students. With this in mind the College has for some years employed professional food management firms. As of June 15, 1964, Saga Food Service, Inc., was engaged to replace the firm of Blaikie, Miller and Hines, Inc. Saga has established a highly commendable reputation for the quality of its service on college campuses.

ONE HUNDRED AND THIRTY-EIGHTH COMMENCEMENT WEEKEND

THE 1964 REUNION

The 1964 Reunion, planned most effectively by Mr. John T. Wilcox, '39, and his able committee, was extremely successful. The Alumni Dinner on Friday night was held in the Mather Student Center; the Alumni and Senior Luncheon on Saturday, in the Memorial Field House.

Two extremely interesting Alumni Reading Program Seminars were held, each dealing with topics of vital interest. Dr. C. Freeman Sleeper, Assistant Professor of Religion, spoke on "The Crisis in Civil Rights";

and Mr. Robert C. Stewart, Associate Professor of Mathematics, on "The New Mathematics."

Two very successful Alumni Panels were conducted. One dealt with "Modern Physics - Its Implications to Business and Education," with Dr. Robert Lindsay, Associate Professor of Physics, as chairman. Participating in this panel were: Mr. Howard D. Doolittle, '31, technical director, Machlett Laboratories, Springdale, Connecticut; Dr. Albert J. Howard, Assistant Professor of Physics; and Mr. Charles W. Walker, Jr., '47, teacher, Hartford Public High School. The second panel considered "Your Children's Teachers - Are They Well Educated?" Mr. Thomas A. Smith, '44, Registrar and Assistant to the Dean of the College as well as a member of the Board of Education in West Hartford, served as chairman. The participants were: Mr. Ezra Melrose, '33, principal, Weaver High School; Dr. Richard K. Morris, '40, Associate Professor of Education; and Dr. C. Duncan Yetman, '40, teacher of English, Hartford Public High School.

In addition, a talk and demonstration on the "Preparation of a Watercolor" were given by Mr. Mitchel N. Pappas, Associate Professor of

At the dedication of the Kriebel Auditorium, June 13, 1964, left to right: President Albert C. Jacobs, Mrs. Vernon K. Kriebel and Robert H. Kriebel.

Fine Arts; and Mr. George Malcolm-Smith, '25, spoke on "The Spites of Life."

THE KRIEBLE AUDITORIUM

Saturday morning, June 13, 1964, the auditorium in the Clement Chemistry Laboratory was, in accordance with a vote of the Trustees, named the Krieble Auditorium in honor of the late Dr. Vernon K. Krieble, Scovill Professor of Chemistry Emeritus.

Dr. Krieble brought great honor and immensely increased stature to Trinity. Coming to the College in 1920, for a score and fifteen years he rendered outstanding service as the distinguished chairman of the Department of Chemistry. Under his eminent leadership, wise direction and far-reaching vision, the department, its curriculum, facilities, and staff gained nation-wide renown. Its stature early was recognized by the American Chemical Society.

It is altogether fitting that the Chemistry Auditorium be named in honor of Dr. Krieble. The College has for twenty-eight years enjoyed this splendid facility and has been able to do so solely because of Dr. Krieble's vision and foresight. By a careful revision of plans for the Chemistry Laboratory, he was able to include this much-needed Auditorium without adding to the cost of the building. This Auditorium, therefore, is truly a direct gift from our late esteemed colleague to the College to which he always contributed so generously.

ANNUAL MEETING ALUMNI ASSOCIATION

General

The 1964 meeting of the Alumni Association was held immediately following the Alumni and Senior Luncheon.

George M. Ferris, '16

The Eigenbrodt Trophy

The recipient of the Eigenbrodt Trophy must be an alumnus who has distinguished himself either in matters of importance beyond the Campus or by special service to his Alma Mater. The 1964 recipient has done both. He has contributed richly to the world of business, to his community, to his fellowman, and to Trinity. Exceedingly active as an alumnus, a most generous benefactor, a highly valued Life Trustee, Mr. George M. Ferris, '16, fully deserved the highest honor his fellow alumni can confer upon him.

Alumni Medals for Excellence

Alumni Medals for Excellence were presented to: Mr. Clinton Bowen Fisk Brill, '19, brilliant architect and engineer, outstanding designer of our nation's express highways; Mr. Robert Sabert Casey, '19, gifted chemist, until 1963 chief chemist and director of research, Schaeffer Pen Company; Mr. Adolph Augustus Hoehling, III, '36, famous writer and author; and Mr. Allen Wrisley Merrell, '39, Vice President, Ford Motor Company, outstanding public servant. The candidates were presented by Mr. Lyman B. Brainerd, '30, Vice Chairman of the Board of Trustees.

Recipients of the Alumni Medals for Excellence, left to right: Allen W. Merrell, '39, Clinton B. F. Brill, '19, Adolph A. Hoehling, III, '36, and Robert S. Casey, '19.

New Officers

At the annual meeting of the Alumni Association the following officers were elected for 1964-1965: President, Mr. Seymour E. Smith, '34; Senior Vice President, Mr. Andrew Onderdonk, '34; Vice President, Alumni Fund, Mr. Harry K. Knapp, '50; Vice President, Campus Activities, Mr. Ethan F. Bassford, '39; Vice President, Admissions Interviewing and Recruiting, Mr. Gerald J. Hansen, Jr., '51; Vice President,

Area Associations, Mr. John C. Gunning, '49; Vice President, Public Relations, Mr. Donald R. Reynolds, '51; Secretary, Mr. John T. Wilcox, '39; and Treasurer, Mr. John T. Walker, '29.

THE MC COOK MATHEMATICS-PHYSICS CENTER

The Rev. Dr. John J. McCook
1863

Saturday afternoon June 13, 1964, the Mathematics-Physics Center was by vote of the Trustees named the McCook Mathematics-Physics Center.

At the dedication ceremony the President said: "We are here to pay tribute to a family whose members for five score and three years have been the architects of this College; to a family whose members in their lives have been outstanding exemplars of our time-honored motto, *pro ecclesia et patria*. . . . We are here to name this fine new Mathematics-Physics Center in honor of the ten McCooks who have added so much to the strength and the stature of the College. In doing so, Trinity pays honors to itself."

The ten McCooks for whom the Center is named are:

The Rev. Dr. John James McCook, Class of 1863, M.A., 1866, S.T.D., *honoris causa*, '01, LL.D., *honoris causa*, '10; 1883-1923 Professor of Modern Languages; 1923-1927 Trustee.

Edward McPherson McCook, '90.

Dr. John Butler McCook, '90, M.D.

The Hon. Philip James McCook, '95, LL.D., *honoris causa*, '20; 1927-1961 Life Trustee; 1961-1963 Trustee Emeritus; Eigenbrodt Trophy 1937.

Col. Anson Theodore McCook, '02, LL.D., *honoris causa*, '52; Eigenbrodt Trophy 1957.

George Sheldon McCook, '97, for whom the McCook Trophy is named.

Daniel Butler McCook, '31.

Sheldon Roots, '31.

John Sheldon McCook, '35.

Philip Brown McCook, '40.

To this list the College is proud to add the name of Miss Frances A. McCook.

THE BACCALAUREATE EXERCISES

The Baccalaureate Exercises were held Sunday morning, June 14, 1964, outside of Northam Towers. The inspiring sermon was delivered by the Most Reverend Howard Hewlett Clark, S.T.D., *honoris causa*, '64, Archbishop of Rupert's Land and Primate of All Canada.

THE COMMENCEMENT EXERCISES

The One Hundred and Thirty-Eighth Commencement Exercises on Sunday afternoon, June 14, 1964, were also held outside of Northam Towers and in beautiful weather.

One hundred eighty-eight received the degree of Bachelor of Arts; 69 that of Bachelor of Science; one the degree of Bachelor of Science in Electrical Engineering; four that of Bachelor of Science in Mechanical Engineering; 58 the degree of Master of Arts; 16 the degree of Master of Science.

*The Most Reverend
Howard Hewlett Clark, Hon. '64*

*Whitney N. Seymour,
Hon. '64*

The splendid Commencement address was delivered by Mr. Whitney North Seymour, LL.D., *honoris causa*, '64, eminent lawyer and distinguished public servant.

The Charge to the Graduates was given by the President.

Six degrees, *honoris causa*, were conferred:

The Most Rev. Howard Hewlett Clark, who delivered the Baccalaureate Service, the degree of Doctor of Sacred Theology.

Dr. John Kapp Clark, '36, Life Trustee, Vice President of Research and Development, Smith, Kline and French, the degree of Doctor of Science.

Mr. Sherman Post Haight, '11, member of a family noted in Trinity annals, New York business man and well-known collector, one-time President, Trinity College Library Associates, the degree of Doctor of Humane Letters.

Honorary degree recipients with President Jacobs: Front row, left to right, Whitney North Seymour, Dr. Jacobs, The Most Rev. Howard Hewlett Clark; Back row, left to right, Sherman Post Haight, John Caldwell Parsons, Kingman Brewster Jr., and Dr. John Kapp Clark.

Dr. Kingman Brewster, Jr., President, Yale University, the degree of Doctor of Laws.

Mr. John Caldwell Parsons, prominent Hartford lawyer, active in community affairs, President and Director of the Hartford Public Library and of the Watkinson Board of Trustees, the degree of Doctor of Laws.

Mr. Whitney North Seymour, the Commencement speaker, the degree of Doctor of Laws.

THE AUSTIN ARTS CENTER

The Trustees have voted that the new Arts Center be named the Austin Arts Center in memory of the late A. Everett Austin, Jr., who founded Trinity's Department of the Arts, and who for more than two decades was one of the most influential figures on the American scene.

Mr. Austin made significant contributions to art, music, and drama, and it is eminently fitting that the Arts Center, which will house the College's offerings in these three fields, be named for him. The naming of the Arts Center for Mr. Austin also symbolizes the College's intention to make the Center a source of appreciation for great works of the past as well as a stimulus to seek out and encourage the vast contemporary work in art, music and drama.

A painter, lecturer and scholar, the late Mr. Austin was a leader of avant-garde art in America. Director of the Wadsworth Atheneum 1927-1947, and of the Ringling Museum in Sarasota, Florida, from 1946 until his death in 1957, he was from 1932 to 1946 an Instructor in Fine Arts at Trinity. In 1930 the College conferred upon him the degree of Master of Arts, *honoris causa*.

Mr. Austin's countless contributions to the world of art and his inspiration to artists are reflected by the well-known artists who have come forward to sponsor the naming of the Center for him.

CONFERENCE IN THEOLOGY FOR COLLEGE FACULTY

The fifteenth Conference in Theology for College Faculty was held at Trinity June 18-24, 1964, the eleventh time the Conference has been on our campus. The Conference is held under the joint auspices of the Provincial Committees for College Work in New England, New York, New Jersey and the Middle Atlantic States, and of the College and University Division of the National Council.

The program was a most stimulating one. Dr. J. V. Langmead Casserley, Professor of Apologetics, Seabury-Western Theological Seminary, conducted a course on "Contemporary Theology and Some Contemporary Theologians"; Dr. Harvey Henry Guthrie, Jr., Associate Professor of Theology, Episcopal Theological School, one on "The Psalms and the Motifs of Israel's Faith"; and Dr. John E. Smith, Professor of Philosophy, Yale University, one on "Theology: Its Functions and Relations to Other Fields of Inquiry."

The Rev. Dr. Richard K. Toner served as the Chaplain of the Conference.

The 1964 Conference drew a registration of some 110 participants, and from points as far distant as Iowa.

THE COLLEGE HISTORY

The History of Trinity College, written by Dr. Glenn Weaver, Associate Professor of History, will be completed in the early autumn.

During the past year the *Alumni Magazine* published one chapter on the move from the Old Campus to the present location. This received deserved commendation. We await with great interest the completion of the History of the College. Such a book has long been needed.

INSCRIPTION ON THE CHAPEL TOWER DOOR

July 29, 1964, after one of the summer carillon concerts now in the fifteenth season, an inscription on the Chapel Tower Door graciously presented by the Guild of Carillonners in North America, was dedicated by the Rev. Mr. Rolfe A. Lawson, '58, and a member of the Guild. The inscription in Latin is:

HIC
ANNO MCMXXXIV
REMSEN BRINCKERHOFF OGILBY
EOS QUI IN
AMERICA SEPTENTRIONALI
AERA TURRIUM SACRA
LIBENTER PULSANT
PRIMUM CONVOCAVIT

At the dedication of the inscription given by the Guild of Carillonners, left to right: President Albert C. Jacobs and Kamiel Lefevere.

Translated freely the inscription reads: "Here in the year 1934, Remsen Brinckerhoff Ogilby first convened those who, in North America, find pleasure in playing the carillon"; or, more literally, "find delight in beating the sacred bronzes of towers."

October 3-4, 1934, Dr. Ogilby invited some carillonneurs from the United States and Canada to a conference at Trinity on carillon music. Twenty-two attended. From this gathering two years later in 1936 the Guild of Carillonneurs in North America was born.

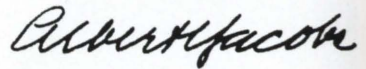

Four of the original twenty-two attended the dedication: Dr. Kam-iel Lefevere, who played the concert and who played the first concert on the Chapel bells, long the President of the Guild; Mr. Frank L. Johnson, '17, Treasurer of the Guild; Mr. Melvin Corbett, who has done so much to instruct our student carillonneurs; and Professor Percival Price, Professor of Music, the University of Michigan School of Music; also present was Professor Ray Wingate of Alfred University - all regular and gifted contributors to our summer carillon series.

The College is indeed proud and honored by the recognition it has received.

CONCLUSION

The first year of the fifteenth decade of the College has been a year of vigor, courage and foresight. Firm foundations have been laid. The continued progress of Trinity is assured.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Albert H. Jacob". The script is cursive and fluid, with the first name "Albert" being more prominent than the last name "Jacob".

President

PRIVATE COLLEGES COULD NOT LONG ENDURE without the support of their sons and friends. Indeed, Trinity College is a living memorial to men and women who bequeathed their worldly goods to plant the seeds of freedom and knowledge in successive generations of young men. For the assistance of alumni and friends who desire to provide by will or deed for gifts to the College, the following forms are suggested:

(Gift for General Purposes)

I GIVE, DEVISE AND BEQUEATH TO THE TRUSTEES OF TRINITY COLLEGE, A CORPORATION EXISTING UNDER AND BY VIRTUE OF A SPECIAL ACT OF THE GENERAL ASSEMBLY OF THE STATE OF CONNECTICUT AND LOCATED IN THE CITY AND COUNTY OF HARTFORD, STATE OF CONNECTICUT,
..... DOLLARS (OR OTHERWISE DESCRIBE THE GIFT) TO BE USED (or, THE INCOME TO BE USED) AT THE DISCRETION OF THE CORPORATION.

(Gift for Specified Purposes)

I GIVE, DEVISE AND BEQUEATH TO THE TRUSTEES OF TRINITY COLLEGE, A CORPORATION EXISTING UNDER AND BY VIRTUE OF A SPECIAL ACT OF THE GENERAL ASSEMBLY OF THE STATE OF CONNECTICUT AND LOCATED IN THE CITY AND COUNTY OF HARTFORD, STATE OF CONNECTICUT,
..... DOLLARS (OR OTHERWISE DESCRIBE THE GIFT) TO BE USED (or, THE INCOME TO BE USED) FOR THE FOLLOWING PURPOSES: (HERE SPECIFY THE PURPOSES FOR WHICH THE GIFT OR THE INCOME THEREFROM IS TO BE USED).

It is desirable that the College be given considerable latitude in the use of any gift so that a change of circumstances will not impair the usefulness of the gift.

In order to insure compliance with all requirements of the law of the state in which the donor resides, it is recommended that the will or deed be prepared and its execution supervised by a lawyer. The Treasurer of the College will be glad to collaborate in the drafting of language appropriate to carry out the desires of the donor.
