During the Senior year Lectures are delivered on the application of Science to the Arts; on Anatomy, Physiology, Natural History and the general principles of Law. Much attention is also given to English Literature, with frequent exercises in Composition and Declamation.

Instruction in Modern Languages will be at the expense of the student.

The instruction given in the preceding course of studies, is designed to be such as will promote habits of patient and accurate investigation. For this purpose, in the study of the ancient languages, particular attention is paid to their grammatical construction, to the composition and derivation of words; and the translations, especially towards the beginning of the course, are required to be as literal as the idiom of our language will permit. As the student advances, more freedom of translation is permitted, though in no case is he allowed to deviate from the exact meaning of his author, which he is required to express with clearness, precision and elegance.

In Mathematics, and the English studies generally, the most approved text books are used, and the student required to give an accurate analysis of the reasoning of his author. After the recitation is completed, remarks are made by the instructor on the principles recited, and their practical application shown by familiar illustrations. Lectures are also read on subjects connected with the main branches of study.

## PARTIAL COURSE.

For the accommodation of those students who wish to attend to a portion only of the studies laid down in the regular course, the following provision has been made in the College Statutes.

Students who do not propose to attend the whole course, may be permitted to recite with the regular classes in such studies as, upon examination, they shall be found qualified to pursue. They shall enjoy all the privileges of the regular students, and shall be entitled to a certificate from the President, stating the time they were members of the College, and the studies pursued during the time.\*

## GOVERNMENT AND DISCIPLINE.

The Government is administered by the President and Professors. It is designed to be mild and paternal—appealing to the better feelings of the heart, and aiming to prevent, rather than punish misconduct. Punishments involving public disgrace, are resorted to with reluctance. If a student does not conduct himself to the satisfaction of the Faculty, his parent or guardian will be promptly informed of it, and if it is judged necessary, requested to remove him from the Institution. In cases where despatch is important, the delinquent will be privately dismissed.

An accurate daily account of the delinquencies of every student, and also of his proficiency in his studies, is kept; an abstract of which is transmitted to his parent or guardian at the close of each term.

## PUBLIC WORSHIP.

Prayers are attended every morning and evening in the College Chapel, with reading of the Scriptures, when all the students are

\* The partial course is intended for students who are designed for pursuits in which a knowledge of the classics is less important than in the learned professions. Care has been taken so to arrange the studies, that a student who enters this course with a knowledge of Plane Geometry and Algebra, equal to that acquired by the students of the regular course during the Freshman year, may complete, in two years, the whole Mathematical and English course: comprising

Geometry, Algebra, Trigonometry and its applications to mensuration, navigation and surveying; Analytic Geometry, Natural Philosophy, Optics, Astronomy, Rhetoric, Elements of Criticism, Chemistry, Political Economy, Moral and Intellectual Philosophy, Logic, Butler's Analogy of Natural and Revealed Religion, and Kent's Commentaries on the Law of Nations, and the Constitution and Judiciary of the United States.

Should the student be unable to devote more than one year to study, he could, in that time, make himself acquainted with the following studies: Rhetoric, Chemistry, Elements of Criticism, Political Economy, Logic, Moral and Intellectual Philosophy, Kent's Commentaries, or Butler's Analogy; and also attend the Lectures delivered to the Senior class.

required to be present. They are also required to attend public worship on the Lord's day, either in the Chapel, or at such places as their parents or guardians may desire.

### EXPENSES.

For tuition, \$11 per term; for room rent, \$3,50 per term; for the use of the Library, \$1 per term; for sweeping rooms, ringing the bell, fuel for recitation rooms, and printing, \$2 per term; all payable in advance. Besides the above there will be occasional assessments for damages, extra printing, or other common expenses.

Students admitted to an advanced standing, unless from other Colleges, are required to pay \$10 for each year of such advancement; and for a shorter time than one year, in proportion.

The students reside in the College, and provide for themselves bed and bedding, furniture for their rooms, fire-wood, candles, stationery and washing. Books and furniture may be sold, when the student has no further use for them, at a moderate reduction from the original cost.

No Commons are established, as it is preferred that the students should board in private families, in the neighborhood of the College. The price of board must necessarily depend upon the price of provisions. Good board can now be procured for from \$1,50 to \$2 per week.

By a regulation of the Trustees, the tuition is remitted to Beneficiaries of the Church Scholarship Society, and to such other necessitous students as design to enter the ministry. The necessary College expenses of such, exclusive of personal expenses, for clothing, fuel, furniture, &c., are as follows :

Board from	\$60,00 to \$80 per year.
Room rent,	10,50      "
Use of Library,	3,00      "
Attendance, Printing, &c.,	6,00      "
Assessment for public damage, &c.,	4,50      "
Total,	\$84,00

To prevent extravagant or improper expenditures, all funds designed for the use of students are placed in the hands of the College Bursar, who superintends their expenses with a parental discre-

tion. The present Bursar is DUNCAN L. STEWART, A. M., Professor of Ancient Languages.

### EXAMINATIONS.

At the close of each term, all the classes are examined on the studies pursued during the term, in the presence of the Board of Fellows, and such other literary gentlemen as may choose to attend.

### DEGREES.

All Academical degrees are conferred by the President upon the recommendation of the Faculty and Board of Fellows, with the consent of the Board of Trustees.

Such members of the Senior class as shall have sustained all their examinations, may be recommended by the Faculty and Board of Fellows to the Trustees, as candidates for the degree of Bachelor of Arts.

Every Bachelor of Arts, in or after the third year from the date of his first degree, if he shall have sustained a fair character and shall perform such exercises as shall be assigned to him for commencement, may be a candidate for the degree of Master of Arts.\*

Every candidate for a degree, must pay to the President a fee of five dollars, and every candidate for the degree of Bachelor of Arts must also present to him certificates of the payment of all his College dues. Persons who have received a degree in any other College or University, may on application to the Convocation be admitted *ad eundem*, upon paying the customary fee. Honorary degrees shall be free from all charge.

### COMMENCEMENT.

The annual Commencement is on the first Thursday in August.

### VACATIONS.

1. Seven weeks from Commencement.
2. Two weeks from the Thursday before the 25th of December.
3. Four weeks from the Thursday before the 12th of April.
