Καὶ ἐν τούτῳ τῇ καιρῷ, τὸ μὲν βαρβαρικὸν στράτευμα ὁμαλῶς προΐει, τὸ δὲ Ἑλληνικόν, ἔτι ἐν τῇ αὐτῇ μένον, συνετάττετο ἐκ τῶν ἔτι προσιόντων. Καὶ ὁ Κῦρος, παρελαύνων οὐ πάνυ πρὸς αὐτῇ τῇ στρατεύματι, κατεθεᾶτο ἐκατέρωσε, ἀποβλέπων εἰς τε τοὺς πολεμίους καὶ τοὺς φίλους. Ἰδὼν δὲ αὐτὸν ἀπὸ τοῦ Ἑλληνικοῦ Ξενοφῶν Ἀθηναῖος, ὑπελάσας ὡς συναντήσας, ἤρετο, εἰ τι παραγγέλλοι· ὁ δ' ἐπιστήσας εἶπε, καὶ λέγειν ἐκέλευε πᾶσιν, ὅτι καὶ τὰ ἱερὰ καλὰ καὶ τὰ σφάγια καλὰ. Ταῦτα δὲ λέγων, θορήβου ἤκουσε διὰ τῶν τάξεων ἰόντος, καὶ ἤρετο, τίς ὁ θόρυβος εἴη. Ὁ δὲ [Ξενοφῶν] εἶπεν, ὅτι τὸ σύνθημα παρέρχεται δεύτερον ἤδη. Καὶ ὃς ἐθαύμασε, τίς παραγγέλλει, καὶ ἤρετο, ὃ τι εἴη τὸ σύνθημα. Ὁ δ' ἀπεκρίνατο, ὅτι ΖΕΥΣ ΣΩΤΗΡ ΚΑΙ ΝΙΚΗ. Ὁ δὲ Κῦρος ἀκούσας, Ἀλλὰ δέχομαι τε, ἔφη, καὶ τοῦτο ἔστω.

RELIGIOUS SERVICES AND INSTRUCTION.

The students attend daily Morning and Evening Prayer in the College Chapel. On Wednesday and Saturday evenings the attendance is voluntary.

On Sunday, at 4½ o'clock P. M., Evening Prayer is said, followed by a sermon. All students are required to be present. They attend the morning service at such church in the city as their parents or guardians designate.

The President, who is the Pastor of the College, discharges the duties of Chaplain, in which he is assisted by the other clerical members of the Faculty. Voluntary services are held at special times, in connection with the pastoral work in the College.

The Monday morning recitation is devoted to religious studies. These comprise, during the College course, the following subjects: History of the Holy Scriptures; critical readings of the New Testament in Greek; Natural Theology; the Evidences of Christianity; the Articles of the Christian Faith as contained in the Apostles' Creed; and the Book of Common Prayer.

STUDENTS IN SPECIAL COURSES;

AND THE DEGREE OF BACHELOR OF SCIENCE.

The Statutes provide that students who do not propose to attend the whole Course of Instruction may be permitted, under the name of Students in Special Courses, to recite with the regular classes in such studies, always including Latin, as, upon examination, they shall be found qualified to pursue. They are examined for admission to the College on such parts of the regular requirements as belong to the departments in which they propose to enter (see page 19); are subject to the same rules

and enjoy the same privileges as the regular students; and, on leaving with an honorable dismissal, are entitled to a certificate from the President, stating the time they have been members of the College, and the studies pursued during that time; or, provided they complete the course prescribed for that purpose, they may receive the degree of Bachelor of Science.

The degree of Bachelor of Science will be conferred upon those students who complete the regular course of study in the English and Scientific Departments and in the Latin of the first two years, and also sustain a special examination in one of the following courses, viz.: Differential and Integral Calculus; Practical Astronomy; Natural History, Mineralogy, and Geology.

Any student completing the course prescribed for the degree of Bachelor of Arts may receive the further degree of Bachelor of Science upon passing a special examination in the work of the Mathematical and Scientific departments and a further examination in one of the special courses above mentioned. Notice of intention to apply for this degree must be given in writing to the Secretary of the Faculty at the opening of the Christmas Term in Senior Year.

EXAMINATIONS.

Examinations are held on the studies of Christmas Term at the discretion of the Faculty.

The Annual Examinations are held at the end of Trinity Term upon all the studies of the year, and are partly oral and partly written. The Examinations of the Seniors for degrees begin on June 7, 1876; and the Junior, Sophomore, and Freshman Examinations begin on the 15th of June.

Examinations for Honors follow the Annual Examinations. Admission to these is regarded as itself an honor, since it is gained by securing a high average mark at the daily recitations, and by passing the Annual Examinations with great credit. Success in the Examinations for Honors entitles a student to peculiar distinctions, both during and after his College course.

The Secretary of the Faculty will furnish copies of the Examination papers to Teachers or others who may desire them.

MATRICULATION.

Extracts from the College Statutes.

SEC. 1. Matriculation shall consist in signing, in the presence of the President, Faculty, and others, the following promise:

"I promise to observe the statutes, lawful usages, and customs of Trinity College; and to maintain and defend her rights, privileges, and immunities, at all times and in all places, according to my station and duties in the same."

SEC. 2. All non-matriculated persons are considered as on probation, and therefore not entitled to the full privilege of members of the Institution. Upon giving evidence of good character, they are admitted to matriculation at the close of the term in which they have entered. Unless they are allowed to matriculate as early as at the end of the second term of their course, they cease to be students of the College.

 STANDING.

The standing of a student is reckoned from the beginning of the Freshman year, and is determined by his diligence in study, his punctuality in attendance, and his general good conduct.

At the close of each term, a report of the scholarship, attendance, and conduct of each student is transmitted to his parent or guardian.

The aggregate standing attained by each member of a class is published at the beginning of the second term in Junior year and at the end of Senior year.

Appointments at Commencement are assigned to the members of the Senior Class according to the aggregate of marks attained by each of them during the entire College course. When a student has entered College after the beginning of Freshman year and before the beginning of the second term in Junior year, his standing for the term or terms during which he was absent is considered to have the same proportion to the maximum as that which he gains while in residence up to the time of the first publication of his aggregate standing, and, having been once published, is not recomputed. The back standing of a student

entering later in the course is computed in the same manner, with a deduction of five per cent.

No appointment is ordinarily assigned to any student who has entered College at or after the beginning of Senior year.

TERMS AND VACATIONS.

There are two terms in the Academic year. Christmas Term begins about the middle of September. Trinity Term begins early in January, and closes with Commencement. Commencement-Day in 1876 is the twenty-ninth day of June.

Christmas Vacation continues two or three weeks. Trinity Vacation continues eleven weeks from Commencement. There is also a recess in the Spring.

LIBRARY AND CABINET.

The Library contains about 18,000 volumes, exclusive of pamphlets, unbound volumes, and duplicates, and is increasing from the income of the Bishop Burgess, Elton, Sheffield, Peters, and Athenæum Funds, amounting in all to \$30,700. The Library of the late President Jackson has been recently added to the College Library.

The Alumni Library Fund now amounts to about \$3,600, making the aggregate of the Library Funds, \$34,300.

The Reading-room of the College is under the charge of a committee of the students.

The students have free access daily to the Watkinson Library, a valuable collection of books for reference, containing about 30,000 volumes; and there are other excellent libraries in the city.

The College Cabinet possesses a valuable collection of Minerals, Fossils, and Shells.

The Gymnasium provides all the students with opportunities for physical exercise.

EXPENSES.

COLLEGE FEES.

Tuition (remitted if necessary), \$40 and \$50 per term,	\$90
Room rent (average for two persons, \$56 per year),	\$28 28

No estimate is given of the cost of text-books or of furniture; if they are sold when the student has no further need of them, the expense will be greatly diminished.

Through a bequest of \$15,000 made by Mrs. Sarah Gregor, and through scholarships mentioned hereafter, the College is enabled to remit the fee for tuition to all who are unable to pay it.

Necessitous students are also provided to some extent with text-books, by means of a lending library established for that purpose.

Students admitted to advanced classes, except those from other Colleges, are required to pay \$12 for each term of their advancement. This charge is remitted to indigent students.

No student can receive his degree or an honorable dismissal until the Bursar certifies that all his College bills are paid, and that, so far as the Bursar knows, there are no lawful claims upon him for board or washing which he has failed to satisfy.

To prevent extravagant or improper expenditures by the students, the College Bursar is authorized by the Statutes to receive and pay out their funds according to the parents' or guardians' instructions.

TOUCEY SCHOLARSHIPS.

These are four in number, founded in 1868, by the Hon. Isaac Toucey, LL.D. They yield \$300 each *per annum*, and are assigned, after a competitive examination, to students who are studying with a view to the

Holy Ministry. The founder, by making the College the trustee of another fund, has enabled it to appoint the holders of these Scholarships to Scholarships of equal value in the Berkeley Divinity School.

SCHOLARSHIPS OF THE CHURCH SCHOLARSHIP SOCIETY.

The Church Scholarship Society of the Diocese of Connecticut aids a few students with loans, not exceeding \$100 *per annum*, which are granted only to persons in necessitous circumstances, preparing for Holy Orders, and sustaining a correct deportment as communicants. Applicants must be furnished with a testimonial of such qualifications, signed by a clergyman to whom they are personally known. The President of the College is President of the Executive Board of the Church Scholarship Society.

SCHOLARSHIPS OF THE SOCIETY FOR THE INCREASE OF THE MINISTRY.

This Society holds the Mark Warner fund, amounting to about \$10,000, the income of which, under the conditions of the gift, is to be applied to young men, scholars of the Society, studying at Trinity College or the Berkeley Divinity School. The Society is also able to grant other scholarships, ranging in value from \$100 to \$300 *per annum*.

SCHOLARSHIP OF CHRIST CHURCH, HARTFORD.

This was founded in 1839, by J. Smyth Rogers, M.D., Professor of Chemistry. In 1845, in consideration of the subscription from the Parish for the erection of Brownell Hall, the endowment was increased. The right of nomination is vested in the Rector of Christ Church.

SCHOLARSHIP OF ST. PAUL'S CHURCH, TROY, N. Y.

This was founded in 1830, by members of the Parish whose name it bears. It is "for the benefit of pious and indigent young men, studying with a view to the Ministry in the Protestant Episcopal Church." The right of nomination is in the Rector, Wardens, and Vestry of St. Paul's Church, Troy.

HEARTT SCHOLARSHIP.

This was founded in 1830, and endowed by Philip Heartt, Esq., of Troy. It has the same object with the preceding Scholarship. The right of nomination was vested in Mr. Heartt during his lifetime; and afterward in the Bishop of the Protestant Episcopal Church in the Diocese of Connecticut; and during any vacancy in the Episcopate, devolves on the presiding officer of the College.

SCHOLARSHIPS OF THE SOCIETY FOR PROMOTING RELIGION AND LEARNING IN NEW YORK.

These are eight in number, and were founded in 1843, under an arrangement with the Society. They entitle the students by whom they are held to free tuition. The right of nomination is in the Society; and, in return, the College has the right to nominate, after free competition, to three scholarships in the General Theological Seminary of the Protestant Episcopal Church, entitling the holders to two hundred dollars a year and freedom from all Seminary charges.

SCHOLARSHIPS OF TRINITY CHURCH, NEW YORK.

These are five in number, and were founded in 1834, in consideration of the sum of \$5,000, granted by the vestry of Trinity Church, New York, toward the endowment of the Hobart Professorship. The students by whom they are held are exempt from all charges for "tuition, room-rent, fuel for recitation-rooms, or other general objects." The right of nomination is in the Rector, Wardens, and Vestry of Trinity Church, or their assigns, or any person by them authorized.

THOMAS BACKUS SCHOLARSHIP.

This was founded in 1837, by the Rev. Stephen Jewett, M.A., to be held "by some beneficiary designing to enter the Ministry of the Protestant Episcopal Church," and is of the value of one hundred dollars annually, for which the beneficiary is to give his obligation, payable with interest four years after he leaves the College. This scholarship yields no available income at present.

WILLIAM ALLEN MATHER SCHOLARSHIP.

This was founded in 1864, and endowed by Mrs. Jane C. Mather, of Hartford. The student by whom it is held is exempt from all charges for "tuition, room-rent, fuel for recitation-rooms, or other general objects." The right of nomination to the Scholarship is in the hands of the founder.

KIRBY SCHOLARSHIP.

This was founded in 1872, and endowed by a legacy of Miss Harriet Kirby, of Hartford. It yields \$300 *per annum*, and is to be held by some undergraduate who is studying with a view to Holy Orders. The right of nomination is vested in the Rector of St. John's Church, Hartford; or, in case he fails to nominate, in the Corporation of the College.

BURHANS SCHOLARSHIP.

This Scholarship was founded by a bequest of the Rev. Daniel Burhans, D.D. The sum of \$500 which he left to the College having accumulated by the addition of interest to \$1,000, the interest on this last amount is now available in accordance with the terms of the legacy. The scholarship is to be held by "such candidate for Orders as shall be nominated from time to time by the Rector and Wardens of Christ Church, Hartford."

NOTE.—*No student, incurring a serious College censure in the course of the year, will be recommended for the continuance of any scholarship.*

APPENDIX.

NEW GROUNDS AND BUILDINGS.

THE old Campus was sold to the city of Hartford in February, 1872, to be used as a site for the State-House. The College reserved the right to occupy the buildings and grounds until April, 1877; but it was agreed that the north dormitory (Brownell Hall) might be taken down if it should be found necessary to do so in order to accommodate the work on the Capitol. The north section of this building was taken down in April, 1873, and the middle section in August, 1875. The south section is still standing, and, it is understood, will not be disturbed until the final demolition of the whole pile in the summer of 1877.

In February, 1873, a new site, containing about seventy-eight acres, was purchased. It is included within the city limits, and is situated upon the slope of Rocky Hill, about one mile south of the old site, and one quarter of a mile west of the Retreat.

In the summer of the same year, Mr. W. Burges of London was employed to furnish plans for the new buildings; and in the autumn of that year, Mr. F. H. Kimball, a rising architect, was sent out to prepare, under Mr. Burges's direction, the working drawings required for the execution of these plans.

Upon his return in October, 1874, these drawings were submitted to the Trustees, and at their meeting on the 7th of November, called for the election of a President, they were entrusted to him as chairman of the Building Committee, with instructions to report upon them on the 5th of December. At that time the plans were recommitted for the purpose of introducing various alterations which it seemed desirable to make.

The winter of 1874-75 having been spent in this work, the plans thus amended were adopted by the Board in April, 1875, and \$300,000 was voted toward their execution. About the same time, Mr. Frederick Law Olmsted was employed to prepare a scheme for laying out the grounds, and a careful survey of the property was made and the buildings were located by Mr. Radford, the engineer of the New York Central Park. At the annual meeting of the Trustees in June, the final building committee was appointed, consisting of the President, Mr. George Beach, and Mr. Thomas Belknap; and on the afternoon of Commencement-Day, July 1, 1875, ground was broken, with appropriate ceremonies and amid much enthusiasm.

The following was the order of the exercises:

The Company assembled upon the new site, at the upper part of Vernon street, at 5½ o'clock P. M., where a procession was formed in the following order:

The Master of Ceremonies.

The Rt. Rev. the Chancellor and the President of the College.

Prof. Jem and the Head Janitor carrying the spades.

The Architect and the Engineer.

The Faculty.

The Visitors.

The Trustees.

The Students.

The Alumni.

The Invited Guests.

The Procession, preceded by the Band, moved up the hill to the corner of Vernon street and Summit avenue, and then turning south proceeded to the ground marked out for the Northern Dormitory. On reaching the ground it divided in such a way as to be drawn completely around the limits staked out, the Band taking its place at the flag-staff in the centre.

When all were in their places the Chancellor said:

V. The Lord be with you.

R. And with thy spirit.

THE LORD'S PRAYER.

THE COLLECT.

The President then took one of the spades, and after giving a few words of explanation in regard to the affairs of the College, the number and position of the buildings, and the lay-out of the grounds, handed it to the Rt. Rev. the Chancellor, with a request to begin the work of breaking ground.

The Chancellor taking the spade said:

"In the name of the Father, and of the Son, and of the Holy Ghost, the Holy and Undivided Trinity, I begin this work."

After removing one sod, he gave the spade back to the President,

who in turn removed one sod, and then handed the spade to Prof. Jem and to the Head Janitor; after which the spades were passed down the lines in both directions, each person removing one sod, the Band playing in the meantime.

When this was finished the *Doxology* was sung.

Then the President said:

V. Except the Lord build the house, their labor is but lost that build it.

R. Except the Lord keep the city, the watchman waketh but in vain.

V. The Lord our God be with us;

R. As He was with our fathers.

THE PRAYER OF DEDICATION.

The 138th hymn was then sung.

The *Benediction* was then pronounced by the Chancellor.

This done, the College Flag was raised and saluted by the Students, the Band playing "The Star-Spangled Banner," followed by "God Save the Queen," and other pieces of music.

In the course of the month of July the various arrangements for building were completed, and the work of excavation was commenced on Monday, July 26.

The engraving which follows represents the plan of the buildings as finally prepared by Mr. Burges. The principal change made in it has been to throw the two central quadrangles together, and substitute for them one large quadrangle, reducing the number from four to three, and at the same time removing the Chapel and Dining-Hall from the centre of the pile to the north side of the great quadrangle. This is a return to the original idea of the architect. The buildings which have been begun form the western side of the central quadrangle; the others will follow as fast as the funds may allow. It is expected that sufficient accommodation will be provided for the College to remove to its new quarters immediately after the Commencement-Day of 1877.
