EXTENSION NUMBER

September 1944

Hartford: Connecticut

TRINITY COLLEGE Extension Courses are open to both men and women. These courses are of college grade, and are open to all High School graduates. Others will be admitted who seem to have sufficient ability to profit from them.

College credit is given for these courses—toward a Bachelor's degree for all and toward a Master's degree for many. Although Trinity College does not award the Bachelor's degree to women, credit for these courses can be transferred to other colleges awarding such a degree.

Classes will be held in late afternoon and evening hours from Monday to Friday. Information concerning the place of meeting of each class may be obtained at the time of registration. The director of Extension, Dr. Irwin A. Buell, will be glad to confer with prospective students about any of the courses listed below, or with those who desire other courses. Dr. Buell may be reached at Trinity College, telephone 7-3156.

Courses begin the week of September 25, 1944. The registration period will be Monday, September 25, from 2:30 to 8:00 P. M. at the office of the Director of Extension, Trinity College, Hartford, Connecticut. Fees should be paid at the time of registration.

### CREDIT

A course meeting once a week throughout the year for one and a half hours each session carries three semester hours of credit. If the number of times per week is greater or the length of the class period is extended, the credit is increased pro rata.
