## DEBATING CLUB.

We Will Compete With Rutgers on March 23d.

First Practice Debate Next Tuesday Night.

The debating club has now begun work in preparation for the coming contest with Rutgers. Last year the Rutgers team came up here and defeated us. This year we have accepted a challenge to debate with them at New Brunswick. The Trinity team will go down there on Friday, March 23d, and it is hoped that the tables will be turned.

The subject for the Rutgers debate is: "Resolved, that all insurance companies doing an inter-state business should be under federal supervision." The affirmative will be upheld by Trinity.

Next Tuesday night the first practice debate will be held in the History room, when the same subject will be discussed. The affirmative will be taken by Corbett '08, and Willoughby '09, the negative by DeMauriac '07 and Creedon '09. It is hoped that many of the undergraduates will attend, whether members of the club or not.

Election of officers will be held at this meeting. The present officers are: President, DeMauriac '07; Secretary, Cameron, '06.

## TRACK SCHEDULE.

Dual Meets With Holy Cross and Union.

On the 2d of May, Trinity will meet Holy Cross in track events at Worcester. Following this, May 18-19, Trinity will be represented at the New England Intercollegiate meet at Worcester. The results of the Holy Cross meet will determine largely the entries in this meet. The indoor interclass meet will take place the 15th of next month. The outdoor interclass meet is scheduled for May 12th, the week before the N. E. I. A. meet. Following the N. E. I. A. meet, Trinity will go to Schenectady on May 26th for the third annual contest with Union.

All are cordially invited to be present.

## THE NAVAL MEET.

Trinity's Crippled Team Defeated by Holy Cross.

The meet at the Armory on Wednesday night resulted rather disastrously for the Trinity team, although several of the men acquitted themselves very creditably. A number of Trinity's best men were on probation, and were thus barred from competing in the meet. This fact materially lessened Trinity's chances of winning the events in which the team took part.

The loss of the 40-yard dash between Trinity and Holy Cross was due to unfortunate circumstances. Gateson, who was expected to win the event, was unable to hear the signal for starting, on account of the noise made by the band. He repeatedly asked the officials to stop the playing of the band while the race was in progress, but his request was refused. For this reason he was handicapped at least 6 feet at the start, and was unable to do better than third.

In the one-mile run Morris did very well, and the race between he and the Holy Cross man was very exciting, Holy Cross winning by a few feet in the last lap. Bailey also did fairly well in this event, and when in training should be able to make a good showing.

The result of the one-mile relay race was not unexpected, as a few of Trinity's best men could not enter. Morris did very good work in this event, and made up nearly all the ground that was lost by the others. Holy Cross won by twenty feet. The results of the events are as follows:

Forty Yard Dash.  
First—Kelley, Holy Cross.  
Second—Geary, Holy Cross.  
Third—Gateson, Trinity.  
Time, 4:4-5 sec.  
One Mile Run.  
First—Mulvaney, Holy Cross.  
Second—Morris, Trinity.  
Third—Hassett, Holy Cross.  
Time, 5:14.  
One Mile Relay.  
First—Holy Cross.  
Second—Trinity.

## THE 1907 IVY.

Something For All Undergraduates to Think About.

The 1907 Ivy Board are now hard at work trying to bring out a book which will be an improvement on the unusually good Ivy of 1906. Every undergraduate and especially every Junior should ask himself what he can do to help out. The upper-class men are asked to hand in their lists of college honors as soon as possible.

The board is anxious to have more literary material than last year, and this will not be difficult if the students will stir their ambition a little. Photographs are also wanted. Individual pictures of both the upper classes will appear, and Juniors are requested to hand in their photographs to some member of the board immediately. Kodak pictures will be very acceptable if they illustrate scenes from college life. This was one of the attractive features of last year's book.

Artists are asked to hand in drawings of all sorts. A full-page drawing to precede each class list is desired, also headings for the various organizations, etc. If you have any talent in this line don't be backward about it.

Suggestions in regard to the general makeup of the Ivy or any of its details are solicited by the board.

## TO ALUMNI.

THE TRIPOD is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

## "NOW THEN—TRINITY!"

### EDITORIAL.

It is with some hesitation that we take up the subject, suggested by the recent examinations and the reports recently received,—the subject of scholarships at Trinity. We feel that we will receive at first sight about as much attention as if we urged men to attend chapel service. And the analogy is not unfounded, because we find students most interested in the voluntary activities of college. These columns often contain exhortations for more work in behalf of baseball, musical clubs, debates, and voluntary public lectures. But seldom, if ever, dare we urge men to attend chapel or recitations, or take a higher stand in studies. And the reason is plain, that we cannot appeal to students to raise the standard of scholarship for the sake of the college, since, as a college body, they feel little responsibility in the matter of studies. The rules of the faculty require attendance, hence the responsibility is shifted largely to the faculty. This is not considering the individual, who must consider himself responsible for his own future. Studies, as the most important department of college life, we are considering. And we maintain that, attendance at recitations being required, the tone of scholarship in a college is due almost entirely to the methods of the faculty. Hence a long editorial, calling upon the students to raise the standard

of scholarship, we think would be without effect.

This idea we cannot illustrate better than by actual local conditions. If a number of students in one class fail in a term's work, there is obviously something weak in the methods of conducting that course. The poor reports cannot be laid at the doors of the students entirely. For those same students, very likely the same class as a whole, as is often the case, have another class, in which all pass their work. There are notable cases of hard courses where not a failure is registered.

Our object is to maintain, therefore, that in a required course, the results to the students as shown by their marks, is almost entirely due to methods of conducting these courses, and it is a great pleasure, in view of this fact, to note that the tone of scholarship is becoming higher.

## NOTICE.

In view of possible misinterpretations of the new rules regarding attendance, the attention of the students is called to Rule 6, on absences, in the Rules of the Faculty, namely:

"Instructors may require any omitted work to be made up at their discretion, but no credit shall be given except in the cases of excused absences."

W. N. CARLETON,

Sec'y of the Faculty.

The object of this ruling is not to require that all absences be made up, but it is to protect the instructors from having students take too many of their allowed absences in one course without doing satisfactory work in compensation.

## COMMUNICATION.

Now that examinations are past and the reports of the registrar are in the hands of the undergraduates all attention is turned to the approaching baseball season. But, before looking into the future, let us take a parting look at the past.

The results of the examinations are on the whole more satisfactory than in past years. The number of fatalities was notably small, while the number of men put on probation was noticeably larger than usual. This latter state of affairs is doubtless due to the new rule adopted by the faculty last fall at the request of the Athletic Association.

We take pleasure in noting this general improvement in the work of the student body. It is a sign of better days to come. We want every Trinity man to complete his college course and get his degree. One of the strongest means of accomplishing this "Summum Bonum" is for every undergraduate to keep himself free from the disease of conditions. There is no legitimate reason why any and all men should not pass all examinations. Flunking is an offense against the normal state of an intelligent being. That the average undergraduate does not so regard failure is a deplorable thing. We shall greet with joy that day when every student at Trinity shall have attained a perfect state of intellectual health and come to consider a degree as of more importance than defeating some college, not half so good, in some trivial athletic contest.

Trinity College stands for intellectual excellence. Let every undergraduate appreciate this fact and endeavor to pay due honor to the Alma Mater we all love so well.

WANTED: Material for the 1907 IVY. Every man in college should hand in some work for this book. "Come early and avoid the rush."

### Judge Buffington Wins Notable Case.

The following article is taken from the "Pittsburg Dispatch" of February 10th:

"Judge Joseph Buffington in the United States District Court yesterday filed an opinion in the case of the Government against the Union Bridge Company, in which he decides against the company. The case is the most important heard in the United States Courts for many years. It will be appealed.

"It involves the right of Congress to interfere with bridges erected under the authority of a State, and it affects vast interests in every State in the Union. Judge Buffington maintains that its right cannot be questioned.

"[The Union Bridge Company is forthwith ordered to comply with the recommendations of the Chief Engineer regarding the alterations on the old structure so as to permit the navigation of the Ohio river to enter the Alleghany. The company is adjudged as having unlawfully obstructed navigation by not altering the structure, and the Government is declared to possess the right of imposing sentence.

"The news of Judge Buffington's decision, which calls for the removal or alteration of the structure, caused genuine delight among local rivermen. Col. Vance, president of the Ohio River Improvement Association, says: 'The decision of Judge Buffington is a great victory for the Government. It upholds a law which the Government has sought for many years to enforce. It is of vast importance to the future of the Alleghany river interests and also those of the entire Ohio valley.'

## The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

### Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

### When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

### Where shall I insure my life?

In a purely Mutual Company.

In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.
