## TRINITY vs. TUFTS.

### Trinity Plays Excellent Ball.

Trinity played a tie thirteen inning game with Tufts at Medford last Wednesday. The score was 4 to 4 when the game was called on account of darkness. Watson pitched a remarkable game, striking out nineteen Trinity men. He used the spit ball throughout the game with excellent control. Badgley also pitched good ball, striking out fourteen men. This was by far the most interesting game Trinity has played this year and all through the last four innings it looked like Trinity's game. Four or five times we got men on second and third by able sacrifices but Roper fielded the ball with such accuracy, not a man got in. It was his exceptionally good work that saved Tufts from defeat. All of our players showed the results of regular practice and their improvement since their last game was remarkable. Cunningham caught his best game this year, Burwell, on second, made an exceedingly difficult catch, Donnelly a two base hit, and Powell hammered the ball for one, two, and three base hits. On a different field Powell's three base hit would undoubtedly have been a home run.

## PROF. MCCOOK LECTURES TO POLITICAL CLUB.

At the request of the Political Club, Prof. J. J. McCook gave a talk to that body Thursday evening in the Latin room, his subject being "The methods used to enforce the Corrupt Practices Act in the recent municipal election."

The speaker explained the nature of the Corrupt Practices Act—a law designed to prohibit votes. The spring elections were briefly reviewed, Dr. McCook telling about the mass meeting held just previous to the election for the enforcement of the law. The committee of twenty-four appointed to see that the elections were lawfully held, had the following men from Trinity who took a very active interest in the campaign. Dr. Luther, Prof. McCook, and Walter Schutz. The work of this committee was dwelt upon as described in a previous number of the "Tripod."

There is a neat postal card, on which is a photograph of our track team, for sale at Worcester. The photograph is clear and makes a very attractive card.

## SECOND TEAM LOSES.

Score 8 to 0.

The second team lost to the Westminster School base ball team, Wednesday in a rather one-sided match. Westminster succeeded in getting the hits at the necessary times, while the Trinity players could not hit safe at all. Several times Trinity had men on bases, but poor base running caused failure to score. Hyde pitched a consistent game but met with uneven support. Clendenin and Hinkel were the surest fielders for the second team. Clendenin made several difficult catches in left field and Hinkel did first team work at short stop.

Westminster had a very steady battery, the pitcher allowing the second team no hits nor runs. Final score, 8 to 0.

Batteries, for second team, Hyde and Claussen; for Westminster, Brush and Philbin. Runs, second team 0; Westminster 8. Hits, second team 0; Westminster 7. Umpire Swan.

## TRINITY-WESLEYAN MUSICAL CLUBS' CONCERT.

Manager Rehr states that the combined concert of the Trinity and Wesleyan Musical Clubs will be held next Thursday night, May 24, 1906, at Foot Guard Armory. Tickets may be obtained at the Armory, Sedgwick & Casey's or from Manager Rehr. Those who delight in "skipping the light fantastic" may have their full share of enjoyment, for it is announced that there will be dancing at the close of the concert. Trinity's musical clubs have enjoyed an especially successful season this year, obtained by hard and faithful practice. Their present efficiency as a college musical organization certainly deserves the support of the student body, and especially with the addition of Wesleyan's capable club, the concert will undoubtedly be a musical treat which should not be missed by a single Trinity man. So let every one who has the college interests at heart attend this concert and show his appreciation of our excellent musical organizations.

## COLLEGE MEETING.

A college meeting was held yesterday at 1.20 in Alumni Hall. The purpose of the meeting was to decide whether or not the track men should be sent to Brookline to compete in the New England Intercollegiate meet and if so to collect enough money to send the team. At the close of the meeting many of the men came to Manager Haight or to Assistant Manager Edsall and subscribed to the fund for the team's expenses.

Yesterday morning many other subscriptions came in, and it was decided that it would be possible for the team to make the trip. Six men with Coach O'Connor left at 2.40 p. m. for Boston.

## PRESIDENT LUTHER'S WESTERN TRIP.

### Effects of His Visit on One School.

The following article is taken from "The Adjutant," the paper of the Michigan Military Academy:

"What's the matter with Dr. Luther? He's all right!" Such was the greeting President Flavel S. Luther of Trinity College received from a hundred lusty voices when he stepped upon the platform before the cadets just before dinner on March 9th; and it is needless to say that Dr. Luther fulfilled the prophecy. No other speech such as Dr. Luther's has been heard at the Michigan Military Academy this year. It seemed that the Doctor was fairly brimming over with wit and humor, and he could hardly make a sentence without a joke lurking in it somewhere. And President Luther was even more wise than he was witty. He told us that the watchword of the advancing age is accuracy, care. We now measure in the thousandths of an inch where we formerly measured in sixteenths. In chemistry, in manufacture, in art, accuracy, care counts for everything. Our advanced knowledge of atomic weights is revolutionizing our theory of matter, the by-products of our factories are paying our dividends, the millionth of an inch by which a line varies on the painter's canvas constitutes the difference between the artist and the "duffer." We need men of accuracy, men who when two courses of action are proposed, can see the inevitable end of each at the "parting of the ways." Men, too, are needed with courage to do the thing after it is seen to be right. It costs as much to educate a loafer as it does to train a scholar. A Pullman parlor car costs as much as a locomotive. A parlor car is a very elegant thing, but a locomotive is a great deal more useful. A parlor car never gets anywhere except it is hauled about; a locomotive, with its heart of flame, has an energy of its own. The man of the future will be of the locomotive type; his heart will be aflame with a purpose, he will be honest, true, industrious, and faithful. We need men who have accuracy, care, ability to discern rightly, and also men with energy to do the thing after it is seen to be right.

"We all hope to see Dr. Luther at least once a year."

With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN—TRINITY!"

## EDITORIAL.

Our base ball team returned Thursday after a trip both successful for the team and very satisfactory to the college in general. The men must be praised individually and collectively for making such a good showing against a team which badly defeated Dartmouth and other strong college nines. After the game last Saturday, when the team had a bad slump, one of the players was heard to say that Trinity would play good ball for the rest of the season. This prediction has certainly been verified thus far. Keep up the good work, men! Let every man in college show that he is right with the team, by appearing on the field during practice and by attending the game with Union on Saturday.

For the first time this year has a college meeting had a material and immediate effect by its call for money to aid a team. The predicament of the Athletic Association was stated forcefully, and emphasis was laid on the fact that a certain sum of money was needed within twenty-four hours. This declaration seemed to have the needed effect on the college body, and since the time of the meeting money has been steadily coming in to the manager of the track team. It seems as if just such a condition of affairs is always needed before the college body as a whole opens its pocketbooks.

In this issue of the "Tripod" appears an article taken from the periodical of the Michigan Military Academy. The article shows the effect upon the boys of this representative western school that was caused by the visit of our president. Dr. Luther's policy of expansion and visitation is doing more good for Trinity than any other attempt at furthering the interests of our college.

## CHAMPIONSHIP TENNIS.

A loving cup has been offered by a freshman in behalf of the freshman class to be contested for by the college body in the spring tennis tournament. It is to be hoped that all men interested in tennis will take advantage of this opportunity, not only making competition keener, but strengthening the college tennis association.

R. W. Stevens '08 was elected secretary and treasurer of the college Tennis Association at a meeting held Tuesday. At this time it was also voted to make the annual dues one dollar instead of two, as it has been for a number of years.

### Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

### When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

### Where shall I insure my life?

In a purely Mutual Company. In a company that earns, declares, and pays annual dividends. In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.
