

The Trinity Tripod

VOL. III. No. 1.

HARTFORD, CONN., WEDNESDAY, SEPTEMBER 28, 1906.

PRICE, FIVE CENTS.

FOOTBALL PRACTICE UNDER WAY.

Dearth of Candidates in Entering Class.

Two weeks before college opened Coach Landefeld and Captain Dougherty sent out a call to all of last year's football men to report at once on Trinity field for practice. As a result about eight old men have been practicing the preliminaries for football for two weeks.

The opening of college, however, has brought in a good number of men. Landefeld, who has made a careful study of the new rules, has not determined yet who will fill any of the positions. He does expect, however, to use two backfields on every game. He thinks this necessary on account of the fast play demanded in the new style of football.

As yet the Freshman class has not brought forward any such football men as Maxon, Mason and Xanders of last year's Freshman class, but it is still rather early for conjectures. Xanders has been expected back daily but will be unable to go out with the squad for a time on account of a broken ankle, sustained recently in a baseball game.

The following men have reported for practice: Taylor, Mason, Maxson, Harmon, Clark, Edwards, Willoughby, Roberts, Capt. Dougherty, Donnelly, Buck, Off, Pond, Budd, Martin, Rich, Collins, Carpenter and Dibble. The last year records of most of these men make prospects for success seem pretty bright.

HOW SOME TRINITY PROFESSORS SPENT THE SUMMER.

President Luther spent the greater part of his vacation in Hartford.

Dr. McCook passed the heated term at his summer home on Long Island sound.

Prof. Babbitt was in East Kent during the greater part of the summer.

Prof. Martin spent a most delightful summer touring France in an automobile.

Prof. Urban spent July in Hartford and August in Pennsylvania.

Prof. Brenton was in Hartford during the vacation months.

Mr. Waterman spent the month of August at Gloucester and then took a 500-mile automobile trip through the White Mountains, to Portsmouth and Bretton Woods. He was accompanied by Woodward '98, on the trip.

Mr. Carleton was in the library during the vacation and Mr. Butler was with the "Hartford Courant."

NOTES.

Trinity men will be glad to hear that there is now being manufactured in Pittsburgh a high speed and high grade steel known on the market as "Trinity True" steel.

COLLEGE MEETING.

There will be a college meeting this evening at 6:45 o'clock for the purpose of talking over the financial matters of the Athletic Association. Frank L. Wilcox '80, has agreed to give the association about \$700 if the student body will raise about \$400. This is a most magnificent gift and it is up to every student in Trinity College to be present this evening and be ready to raise the money to pay off the entire indebtedness of the association.

JUDGE BUFFINGTON '75.

U. S. Circuit Judge.

Judge Joseph Buffington '75, a prominent alumnus of Pittsburg, was recently appointed judge of the Third United States Circuit which includes the states of Pennsylvania, Delaware and New Jersey. Judge Buffington has been U. S. district judge of the western district of Pennsylvania.

THE MERCHANT MARINE LEAGUE.

The "Tripod" has been asked to announce that \$1,000 in prizes will be awarded to the writers of the four best essays on "How to Build up Our Shipping in the Foreign Trade." The competition is open to all students in American high schools, technological schools, colleges, and universities.

The league by offering prizes is trying to stimulate an interest in this subject, for interest is the first step towards improvement. Our shipping trade is the one great national interest which has not kept pace with our rapid development. The question of how to correct this is one of great interest. Anyone desiring further information on the subject or wishing to compete for the prizes may obtain more minute details by applying to the "Tripod."

PROF. HONEY'S CONTRIBUTIONS.

During the vacation Professor Honey contributed articles to the "Scientific American," "The Visible Heavens," July 7th; "How Eclipses Occur," Aug. 11th; "How a Planet is Weighed," Sept. 22d. To the "American Machinist": "Economy of Material in Framed Structures," Aug. 30th. To the "National Builder": "Linear Perspective," Sept. 15th (continued from June number. To the "American Inventor": "Day and Night in High Latitudes" (will appear in October number).

The Class of 1908 will hold a meeting as soon as possible after luncheon on Monday. The object of the meeting is to get the Junior Ivy under way so that this year, at least, it will appear on time and without a rush of work at the end of the year. The meeting will be held in the Latin Room and every 1908 man ought to be present.

TRINITY'S NEW PROFESSORS.

Professor Cecil Fairfield Lavell, M. A., was graduated at Queens College, Toronto, in 1894, with special honors in history and political science. He then took graduate work at Cornell and at the University of Pennsylvania. He also studied under Professor Carpenter of Columbia. For a number of years he was widely known as a university extension lecturer. In 1904 he was called to Bates College as professor of history and comes to us from that institution to undertake duties just vacated by Professor Ferguson.

Assistant Professor Arthur Adams is a graduate of Rutgers College. He took his degree of Doctor of Philosophy in 1904, having specialized in English. He comes to Trinity from the University of Colorado, where he was last year instructor in English. He will have charge of Freshman work and will offer electives in public speaking and Anglo-Saxon.

NOTE.

President Luther is secretary of the Commissioners of the Geological and Natural History Survey of Connecticut. The survey will soon issue a geological map of the state on the scale of two miles to the inch. If anyone wishes to have a copy of this map please inquire of "The Tripod."

Trinity Tripod

Published Tuesdays and Fridays
in each week of the college year by
students of Trinity College.

The columns of THE TRIPOD are at all times open to Alumni, Undergraduates and others for the free discussion of matters of interest to Trinity men.

All communications, or material of any sort for Tuesday's issue must be in the Tripod box before 10 p.m. on Sunday; for Friday's issue before 10 a.m. on Thursday.

Subscribers are urged to report promptly any serious irregularity in the receipt of the Tripod. All complaints and business communications should be addressed to the Business Manager.

Entered as second class matter Nov. 29, 1904,
at the Post Office, at Hartford, Conn.

Office, 19 Jarvis Hall.

TO ALUMNI.

THE TRIPOD is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN—TRINITY"

EDITORIAL.

The heart of every Trinity man should be swelling with pride to think that our college has such an alumnus as Hon. Frank L. Wilcox '80, who, on Friday night, gave a large amount of money to clear the Athletic Association from debt. We should be doubly thankful, inasmuch as we would be able to carry on very little athletics this year without such a gift. The "Tripod" hereby most heartily thanks the Hon. Mr. Wilcox in behalf of the college, its undergraduates, and every alumnus.

THE BULLETIN BOARD RUSH.

The bulletin board rush was held yesterday afternoon as scheduled at 3:45. Long before the time, the Freshmen and Sophomores began collecting around Middle Jarvis to prepare the line-up.

The Sophomores grouped around the bulletin board, locking arms to keep their organization as intact as possible when the Freshmen should strike. Mason, McGinley, Maxson, L. G. Carpenter and Willoughby were stationed in front and when the Freshmen, who had formed a wedge rushed forward, these

five men plunged in, mixing the column and lessening the impact.

After vainly endeavoring to break through the cordon, a Freshman tried to work his way over the heads of the men but was promptly despatched by Rich, who, following his example, from the shoulders of his classmates kept other 1910 men from trying the trick a second time.

Finally, several notices were posted by small freshmen who crawled through under the struggling bunch and stuck forth their hands in some vain and some successful attempts to touch the coveted goal.

The rush being declared over, the two classes met in a couple of hastily organized rushes, thus ending a bulletin board rush in which the Sophomores withstood the Freshmen very well till yielding to numbers and college tradition they were forced to desist.

that the one universal, expert
thought-catcher, is a

Waterman's Ideal Fountain Pen

It never lets an idea get away because it is always ready to write on the touch of the nibs to the paper, keeps on writing as long as thought flows, is easily filled and cleaned, does not get lost because the Clip-Cap holds it fast to the pocket.

Cornell University Medical College NEW YORK CITY

The course covering four years begins the last week
in September and continues until June.

A preliminary training in natural science is of great
advantage. All the classes are divided into small sec-
tions for recitations, laboratory and clinical bedside in-
struction. Students are admitted to advanced standing
after passing the requisite examinations. The successful
completion of the first year in any College or University
recognized by the Regents of the State of New York as
maintaining a satisfactory standing is sufficient to sat-
isfy the requirements for admission which have lately
been raised. The annual announcement giving full par-
ticulars will be mailed on application.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.
In a company that earns, declares, and pays annual dividends.
In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

of style and the
generous drape such
as "college fellows"
seek.

We supply them.
Correspondingly smart
styles in hats and
furnishings.

"IT PAYS TO
BUY OUR KIND."

Horsfall & Rothschild,
Hartford's Leading Outfitters.
