

The Trinity Tripod

VOL. III. No. 43.

HARTFORD, CONN., TUESDAY APRIL 16, 1907.

PRICE, FIVE CENTS.

C. C. of N. Y., 5, TRINITY 4:

Trinity Loses First Game of the Season.

Trinity lost her first game of the season to the College of the City of New York on Friday afternoon. The game was a contest of eleven innings, the final score being 5 to 4. Trinity outplayed C. C. N. Y. at every stage of the game, but "luck" and the umpire were with the New York aggregation. For the entire first five innings Trinity was robbed by the decisions of the umpire. The last part of the game was clean, but even fairness at his point could not recall the chances which Trinity had lost, and defeat was the outcome, but by a single difference.

Several times the wearers of the blue and gold had the bases full, but were unable to score. The team hit well and their fielding was excellent considering that it was the first game of the season, and also the condition of the field. It rained throughout the game. Only two errors were made, and both were excusable. Cook '10 pitched well, giving but five hits and striking out a large number.

Xanders played a strong game at third and Gildersleeve and Potter both 1910, at shortstop and second base respectively, played very well, it being their first game.

Trinity's line-up was: p., Cook; c., Rich; 1st b., Donnelly; 2d b., Potter; 3rd b., Xanders; s. s., Gildersleeve; l. f., Connors; c. f., Meyers; r. f., Badgley. Smith and Olsson accompanied the team, but neither played in this game.

Score by innings:—

C. C. N. Y. ... 0 3 0 0 0 0 1 0 0 0 1—5
Trinity 1 0 0 0 0 0 0 0 3 0 0—4

PENNSYLVANIA 12, TRINITY 0.

Trinity Shows Lack of Practice.

In the second game of Trinity's first baseball trip, the University of Pennsylvania team took Trinity's measure, with the score of 12 to 0. The game was won through Penn's ability to hit Badgley and Olsson and lost through Trinity's inability to connect safely with the curves of Penn's boxmen and poor fielding work.

Notwithstanding the fact that the gold and blue was seemingly outclassed, Trinity gave great promise of being a winning team before the season is old. Capt. Badgley when he started in the game was far from his best form. To the fact that the team had been able to practice but very little so far this season can be attributed the poor fielding of the veterans of the team, who later on will prove reliable.

Rich was the first man up for Trinity but was put out on a foul fly. Potter placed a single just out of shortstop's reach, but was put out in an attempt to steal second. Xanders was out on a long fly to center field. Every man on Penn's batting list faced Badgley in this inning and five runs were netted.

In the second inning Trinity was unable to get past first although Connor made a good attempt on a single. In this inning Olsson, who had succeeded Badgley, threw a little wild at first, but gave Penn but one run.

In the remainder of the game Trinity made but few hits; Potter, Rich and Smith singled and Xanders sent the ball for a two-bagger. Pennsylvania played a steady and unsensational game, winning by the score of 12 to 0.

The score by innings was as follows:—

Trinity 0 0 0 0 0 0 0 0 0
Penn. 5 1 3 2 0 1 0 0 x

INTER-COLLEGIATE NOTES.

The new buildings of the Carnegie Institute at Pittsburg were dedicated last week.

Mrs. Russell Sage has given a fund of \$2,000,000 to found a "Sage College" at Far Rockaway, New York. The college is to be surrounded by a large park to be known as Russell Sage Park.

Harvard graduates have recently raised \$12,500 for the restoration of St. John's Chapel, London, where John Harvard was christened.

It is intended to build a Yale Theater soon in New Haven, so that student productions may be given without professional interruptions.

Williams and Amherst Musical Clubs are going to give a joint concert at North Hampton on May 4th.

Dr. Harry Pratt Judson was installed president of Chicago University on March 19th. Dr. Judson is a Williams man of the class of 1870.

Amherst, Dartmouth, Tufts, Wesleyan and Williams are holding an eligibility conference.

Leland Stanford University will send a baseball team to Japan to play "Waseda University" of that country. All the expenses of the trip are to be paid by the Japanese.

Syracuse University is to have a gymnasium with a floor space of 200 by 100 feet. The building is connected to the athletic field by an underground passage.

In the French Universities there are no papers, no fraternities, no athletics, no glee clubs, and no commencement exercises.

"The Gopher" a senior annual of the University of Minnesota, is in trouble because of a debt of \$1,000.02. The court issued a summons on the 27 members of the class who could be reached. These refused to pay because the debt, they said, was one for which the whole class was responsible. The court is threatening to confiscate the property of the 27 victims up to the amount of the debt.

GERMAN LECTURE.

Dr. Nathan Mayer, of Hartford, gave a German lecture in the Modern Language Room, Monday, at 8:45 A. M. He was introduced in German by Professor McCook as one of Hartford's many prominent citizens, having distinguished himself as a patriotic soldier during the Civil War, as a careful, scientific medical practitioner since, and always as a ready and acceptable writer in both English and German.

The subject of the lecture was: German literature during the last quarter of the nineteenth century and it consisted of two parts, a general introduction and a discussion of Sudermann.

The introduction described the development of the newer realistic school, its aims its methods, its weakness and its strength.

A brief sketch of Sudermann's life followed, from which it appeared that he had had the not unusual experiences; born poor and in humble circumstances; instinctive yearning for education gratified in time by Gymnasium and University in Tilsit and Königsberg respectively, later in Berlin; impulse toward authorship spontaneous, irrepresible; rebuffs by publishers; final success.

Dr. Mayer then gave short, but telling outlines of Sudermann's principal stories and plays. Two of the former, "Frau Sorge," Dame Care, and "Der Katzen Steg," known in its English dress under the name of the heroine, "Regina," are assigned for reading in our German courses here. The best known of the plays are "Ehre," Honor, and "Magda." The former was refused by the theater people in spite of the writer's already great reputation, and had to be changed considerably before they ventured to present it. It found, however, a reception which astonished everybody. "Magda" was at first forbidden by the police on account of its supposed scandalous exhibition of Berlin manners. But it too was eagerly welcomed by the public.

All these works belong to the "problem" class and contain much that is on the borderline of the hazardous, if not quite over the border, but the touch of the author is so deft, his feeling so earnest and his motive so obviously worthy that he largely disarms criticism and has secured by general consent a remarkable place in current literature.

About thirty students from the various German classes listened to the lecture, which was read with great distinctness, with unbroken attention, and at its close rose and gave the lecturer an enthusiastic "Hoch."

It is hoped that Dr. Mayer may consent to lecture again before the college.

Students who desire a report of their absences may obtain the same by dropping their names into the letter-drop in the door of 13 Seabury Hall.

SECOND BASEBALL TEAM PLAYS FIRST GAME FRIDAY.

Hartford High the First on an Extended Schedule.

The second baseball team which is such an important factor in making a winning team out of the 'varsity, plays its first game Friday at 4 o'clock against Hartford High. The game will be played on Trinity field. Upon the support of the home games depends the financial success of the team for the year. This seems the most important as a winning team is assured with all of last year's men out and several promising Freshmen candidates.

Manager Livingston announces this schedule of games:—

- Friday, April 19—Hartford High at Hartford.
- Saturday, April 20—Westminster at Simsbury.
- Saturday, April 27—Rockville Volunteer Club at Rockville.
- Saturday, May 4—Cheshire at Cheshire.
- Saturday, May 11—Amherst '10 at Amherst.
- Tuesday, May 14—Meriden High at Meriden.
- Thursday, May 16—Hartford High at Hartford.
- Saturday, May 18—Amherst '10 at Hartford.
- Saturday, May 25—Open.
- Thursday, May 30—Wesleyan Academy at Wilbraham.
- Saturday, June 1—Deaf and Dumb Asylum at Hartford.

LECTURE BY PROFESSOR PRENTICE.

May I call the especial attention of the readers of the "Tripod" to the lecture by Professor Wm. K. Prentice, of Princeton University, which is to be given in Alumni Hall on Thursday evening, April 18th. The Princeton Expedition to those wonderful, and almost forgotten, regions of northern Syria is one of the most important and striking of recent archaeological ventures, and was exceedingly rich in returns of knowledge in more than one department of ancient life. Mr. Prentice was one of the leaders in that expedition. He is also a remarkably attractive lecturer; and his amply illustrated description of some of the remains of those cities abandoned to unmolested desolation in the rainless desert some fifteen centuries ago is something that no intelligent person can afford to neglect. It is also desirable in point of courtesy that Trinity College should furnish a large audience to hear such a visitor from another college. E. T. M.

The baseball team plays Holy Cross at Worcester Wednesday afternoon. Though the Worcester team is a hard-hitting one, the prospects of winning are favorable, with the men now used to their positions and Captain Badgley in the box.

The Trinity Tripod

Published Tuesdays and Fridays in each week of the college year by students of Trinity College.

The columns of THE TRIPOD are at all times open to Alumni, Undergraduates and others for the free discussion of matters of interest to Trinity men.

All communications, or material of any sort for Tuesday's issue must be in the Tripod box before 10 p.m. on Monday; for Friday's issue before 10 a.m. on Thursday.

Subscribers are urged to report promptly any serious irregularity in the receipt of the Tripod. All complaints and business communications should be addressed to the Circulation Manager.

Entered as second class matter Nov. 29, 1904, at the Post Office, at Hartford, Conn.

TO ALUMNI.

THE TRIPOD is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN—TRINITY!"

EDITORIAL.

Our baseball season has begun and not very favorably. The team does not seem to be up to the standard as yet. Of course, the weather has not permitted very much practice and has prevented our playing a few games with high school or preparatory school teams to start out with. We began with one or two of our hardest games instead of working up to them. We are to have a few minor games soon and the team will have an opportunity to "find itself." It will have some much needed batting practice and it is to be confidently expected that the season so inauspiciously begun will be one of which we will later be proud.

The undergraduates were not to be severely criticized for their non-attendance at the last of our series of lectures in Alumni Hall, but next Thursday night we have a lecture which will be exceedingly interesting and which comes on a night when the college men are comparatively free. Let us show our appreciation of what the lecture committee of the faculty is doing for us, and let us take advantage of this exceptional opportunity to learn about the old Syrian life.

LIBRARY STATISTICS.

Believing that the following statistics will be of interest to our readers, we have collected them through the kindness of Mr. Carlton.

Circulation of Books.

October	70	21	6	97
November	22	34	5	61
December	10	38	0	48
January	33	39	6	78
February	34	37	17	88
March	31	62	7	100
	200	231	41	472

LIBRARY ATTENDANCE.

January.				
Freshmen	42	134	37	171
Sophomores	44	191	50	241
Juniors	32	147	33	180
Seniors	17	111	26	137
Totals	135	583	146	729
February.				
Freshmen	41	145	43	188
Sophomores	36	109	28	137
Juniors	26	93	27	120
Seniors	14	51	11	62
Totals	117	398	109	507
March.				
Freshmen	38	154	39	193
Sophomores	37	133	36	169
Juniors	31	149	44	193
Seniors	15	72	13	85
Totals	121	508	132	640

From the above statistics we find that roughly, the average daily attendance at the library was for January 29, for February 21, and for March 26. This is an absurdly small number as we must all admit. What is the reason? Simply that most of the fellows consider the library a tiresome place, where they go to do compulsory reading and look up essays. This great service the library does do, but it also contains many books which are delightful reading. In "Everyman's Library" which has recently been installed there are books which comprise some of the choicest selections of the language.

Let us then take advantage of this splendid opportunity to better ourselves and may the records for this month show the result in cold facts. The real result will only be seen as it affects our later lives.

We are very glad to report some new gifts to the library from our alumni

T. Welles Goodridge '92 has sent to the library a box of books from the library of his father, the late Rev. Edward Goodridge of the class of 1860.

Other recent donors of books or pamphlets are: Dr. E. V. Stoddard '60, Rev. G. McClellan Fiske, D.D. '70, A. H. Snow (non-grad '79), Rt. Rev. R. H. Nelson, D.D. '80, Rev. W. Stanley Emery '81, Dr. Heyward Scudder '91 and Geo. W. Ellis '94.

Tufts College Dental School

Three year graded course, covering all branches of Dentistry. Laboratory and scientific courses given in connection with the Medical School. Clinical facilities unsurpassed, 30,000 treatments being made

THE HARVARD MEDICAL SCHOOL
 Boston Mass.

With the completion of the new buildings, which were dedicated September 25, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unsurpassed in this country. Of the five buildings, four are devoted entirely to laboratory teaching and research. The numerous hospitals of Boston affords abundant opportunities for clinical instruction in medicine and surgery.

COURSE FOR THE DEGREE OF M. D.

A four years' course open to bachelors of art, literature philosophy or science, and to persons of equivalent standing; leads to the degree of M. D. The studies of the fourth year are wholly elective: they include laboratory subjects, general medicine, general surgery and the special clinical branches.

The next school year extends from September 26, 1907 to June 29, 1908. Send for illustrated catalogue; address

Harvard Medical School, Boston, Mass.

CORNELL UNIVERSITY MEDICAL COLLEGE.

The session begins on the last Wednesday in September. For entrance into any class there is required a preliminary education equivalent to at least a four year "high school" course including English, primary Latin, Algebra and Geometry. The first two years are devoted to Anatomy, Chemistry and Physiology, and may be taken either in Ithaca or New York. The last two years are chiefly clinical and must be taken in New York.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

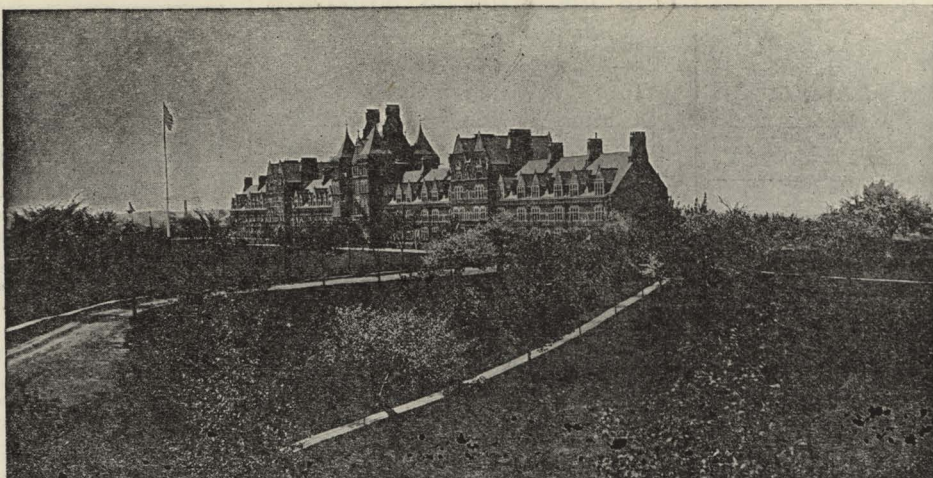

In a purely Mutual Company. In a company that earns, declares, and pays annual dividends. In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

JOHN M. TAYLOR, Pres't.
HENRY S. ROBINSON, Vice-Pres't.
