### BASEBALL TEAM TO PLAY NEW YORK UNIVERSITY.

The baseball team will go to New York on Saturday to play New York University. The line-up will probably be the same as in the Worcester game. We regret that we have been unable to obtain the line-up of the New York team, but expect to be able to furnish the line-ups in all future games.

### SENIORS PLANT TREE.

According to the usual custom, the Senior class planted a tree on the campus on Thursday afternoon, which was Arbor Day. The Seniors appeared in caps and gowns. Prof. J. J. McCook acted as sponsor.

President Roosevelt recently issued a letter in which he pointed out the value of Arbor Day as a day of special exercises as well as of actual tree planting; thus we may show one recognition of the importance of trees to us as a nation, and of what they yield in adornment, comfort and useful products to the different communities in which we live.

To-morrow the stated meeting of the corporation of the college will be held.

### W. G. LIVINGSTON RESIGNS.

At a meeting of the nominating committee, yesterday, the resignation of W. G. Livingston '09, as assistant manager of the baseball team, was accepted. The names of the following men will be voted upon next Monday to fill Livingston's place: A. W. Creedon '09, L. G. Harriman '09, J. C. Hart '09, H. O. Hinkel '09, and S. E. McGinley '09.

The nominating committee also nominated the following men for assistant managers of next year's track and baseball teams. For assistant track manager: J. Groves '10, C. B. Judge '10, E. T. Langford '10 and A. S. Murray '10. For assistant baseball manager: H. S. Marlor '10, H. C. Neff '10, R. K. Skinner '10 and W. A. Smith '10. The names of these men will be voted upon immediately after the track and baseball seasons close.

L. G. Carpenter '09, who hurt his knee in the ninth inning of the game with Worcester Polytechnic, Saturday, has been removed to the hospital. Besides his knee, Carpenter suffered from very severe pains in his chest which are believed to be from neuralgia, though more dangerous causes were feared.

## EDITORIAL.

It seems necessary to remind the undergraduates of their responsibilities and obligations in regard to the Athletic Association. One's duty is not done when a ticket is paid for. That is just the first step in the line of actions necessary for the support of the teams. Moreover, it is not support to the team to see a baseball on the grass, apparently forgotten, and to pick it up and put it in your pocket so that you may have some fun yourself on a future occasion. We might as well look at such an action squarely. It is nothing more or less than stealing. The fact that ball does not belong actually to anyone person does not make it yours. Now dozens of balls have been missed in past seasons, and this season is starting out in the same way, apparently. The average man seems to think that the only natural thing to do when he sees a ball and no one else sees him, is to pick it up and secrete it. If that is his natural action he is not the kind of man we want at Trinity and the sooner we get rid of him the better. For the last few years the management has had to buy many more balls than it really would have needed if the undergraduates had been perfectly honest. Let's stop right now, and make this year an exception. Let's raise the ideals of those men who have been taking baseballs and make the undergraduates as a whole live up to Trinity's reputation for being a gentleman's college.

In this connection it might be added that there has been a great deal of carelessness in taking care of the shot, the hammer and such articles, belonging to the track team. The discus has been lost entirely. If the members of the track team are to practice to the best advantage greater care must be used.

## COMMUNICATION.

To the Editor of the Tripod:—

Dear Sir:—The cancellation of our track meet with Wesleyan has caused quite a bit of undergraduate comment. The state of affairs is this: Wesleyan

wishes the meet at Hartford because they have already scheduled two home meets. They desire to enter into a two-year contract, and to come to Hartford this year for a fifty dollar guarantee with one-third of the gate receipts. This is practically one-half or less of the gate receipts, for we could take in at least two hundred dollars on a meet with Wesleyan.

But the advisory committee very wisely says that we cannot undertake any more obligations, as we shall have difficulty in meeting those which we have at present.

But I think we can solve the problem, by having a motion passed in the A. A. meeting next Monday, to the effect that the student body desires the meet and the students voluntarily agree to forfeit their privilege of admission on A. A. tickets. We should count on at least 175 men from the college, which would amount to \$87.50. I think this, added to the receipts from the alumni and townspeople, would enable us, not only to pay for the meet, but even to make money on it. It will certainly be a shame if we cannot run Wesleyan when we have such a strong track team. Here is our chance to beat our great rivals in our first meeting after two years' disagreement. It is up to the management and undergraduates not to let this chance slip through their hands.

## The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

### Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

### When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

### Where shall I insure my life?

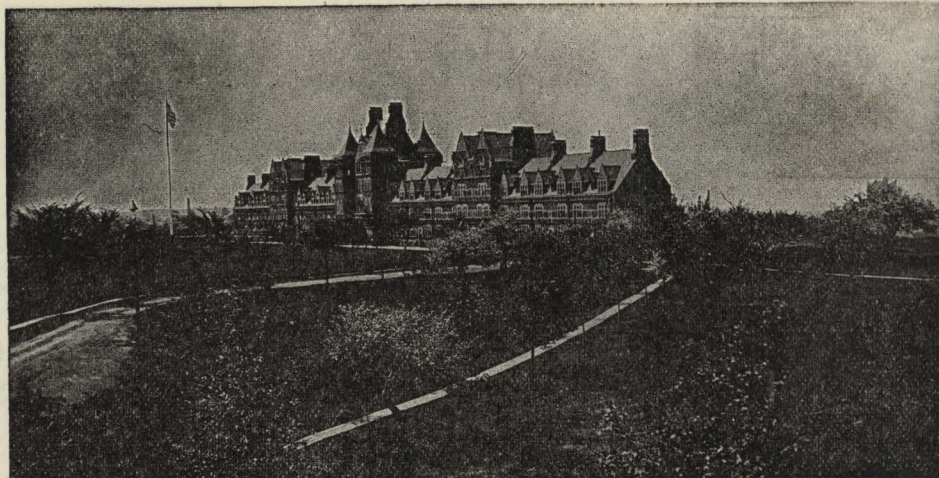

In a purely Mutual Company. In a company that earns, declares, and pays annual dividends. In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

## PRIZES TO BE COMPETED FOR SOON.

Since the day appointed as the last for receiving essays for the Chemical, the Tuttle and the Douglas prizes is May 1st and the date for the Mackay-Smith prize examination is May 4th, it seems in order to jog the memories of the students in regard to these prizes. It is late to begin work for these prizes now, but if some men have not noticed the time was so nearly up, they may yet make a try.

The Chemical prizes of thirty and twenty dollars each are awarded to the two members of the Junior class writing the best and second best thesis on "Sulphuric Acid and Its Uses." No award is made except for excellent work. These theses should be submitted to the professor of chemistry.

The Tuttle prize of twenty-five dollars which was founded in 1859 by Miles A. Tuttle, Esq., of Hartford, is awarded to that member of the Senior class who writes the best essay on "Tolstoy: His Place as an Ethical and Social Reformer." These essays should be submitted to Dr. Luther.

The Douglas prize of fifty dollars is offered by the Rev. George William Douglas, D.D. '71, to the student who writes the best essay on "An Historical Account of the Efforts Towards National Control of Interstate Commerce." These should be submitted to President Luther.

The Rt. Rev. Alexander Mackay-Smith, D.D. '72 offers two prizes of thirty and twenty dollars each to be awarded to the students passing the best and second best examinations in the solution of problems in analytic geometry.
