Vol. III. No. 27.

HARTFORD, CONN., FRIDAY, JANUARY 18, 1907.

PRICE, FIVE CENTS.

#### TRINITY vs WILLIAMS.

#### Williams, 21; Trinity, 20.

Trinity went down to defeat on the Williams College floor Wednesday afternoon in a very fast and exciting game of basketball, the score being 2I to 20.

Captain Donnelly played a star game, in fact the entire team deserves great credit. At the beginning of the game Trinity took the lead with a rush and at the end of the first half, the score stood II to 5 in her favor.

In the second half, the Williams football captain, Waters, went in as center. This change, together with the spirit which the splendid cheering of the Williams rooters enthused into the team, pulled a victory out of what seemed like a defeat for Williams.

Williams has a very fast, snappy team and has only been defeated once on her own floor in the last five years.

The line-up:

WILLIAMS. TRINITY Warren, 1. f. Olmstead Durfee, r. f. Cook Templeton-Waters, c. Donnelly Allan, 1. g. Waldron r. g.

Score: Williams 21, Trinity 20; goals from floor, Cook 2, Donnelly 5, dron, Warren 3, Durfee 3, Waters, Allan; goals from fouls, Warren 5, Waldron 4. Referee, Waters of Fitchburg Y. M. C. A. Timer, Brown of Williams. Time, 20 minute halves.

#### SENIOR ASSEMBLY HELD THIS EVENING.

The Senior Class will introduce an innovation into the college by holding an Assembly this afternoon in Alumni It will in reality be a dance which will last from 5:30 until 10:30.

The committee in charge is composed of W. H. Licht (chairman), P. C. Bryant, C. V. Ferguson and T. B. Myers. This committee is doing everything in its power to make a success of their undertaking and give everyone who goes a most enjoyable time

The patronesses will be Mrs. Luther, Mrs. McCook, Mrs. Riggs, Mrs. Bab-bit, Mrs. Edwards, Mrs. Urban, Mrs. Perkins, Mrs. Genthe, Miss Carlton, Mrs. Honey, Mrs. Brenton, Mrs. Merrill, Mrs. Rogers, Mrs. Cutler, and Mrs.

This Assembly is to be of a most informal nature and it is hoped that the early or eccentric hours will induce many to come, who might otherwise stay away. There are twenty dances on the list, both waltzes and two steps. Beeman and Hatch's orchestra will furnish the music. Refreshments will be served during the evening. Tickets may be obtained from any member of the Senior Class or at the door for a dollar. It is hoped that the Seniors' endeavor to introduce another form of pleasure into the college will be appreciated and supported by the college body. If this Assembly is successful it is very probable that another will be held soon after Lent.

#### '99 CLASS LETTER.

#### Interesting Items Concerning the Class.

Addis, Emmett, 2d Lieut., U. S. A., care of War Department, Washington, 2d Lieut. and Quartermaster Troop I, 11th Cavalry, Fort Washakie, Wyo. To the Phillipines in March,

Bacon, F. S., 278 Main St., Middletown, Conn. Lawyer, Vice-President Hubbard Motor Co

Baxter, Hon. I. K., 15 Rutger St. and City National Bank Bldg., Utica, N. Y. Special City Judge.

Benson, Rev. L. R., Ellsworth, Kan. Rector Church of the Holy Apostles.

Benson, R. A., 8 West 49th St., New York. Physician; attending Pediatrist Flower Hospital; alternate attending physician Laura Frankling Hospital for Children and Metropolitan Hospital.

Brenton, Rev. C., 73 Vernon St., Hartford, Conn. Professor of English, Trinity College, appointed June, 1906, to succeed Prof. Johnson. Son Jonathan born August 22, 1906.

Bunn, J. B., Richmond Hills, Long Island. Associate Editor National Cyclopedia of American Biography, Jas T. White & Co., publishers, 320 5th Ave., New York.

Cleasby, H. L., 19 Main St., Amherst, Mass. Instructor in Latin at Amherst

#### BALLOON ASCENSION FROM TRINITY FIELD.

#### An Interesting Event.

We print below an account of the past and contemplated work of Mr. Hutchins of Hartford in aeronautics, both on account of its general interest and also because of its scientific inter-

Mr. R. E. Hutchins of Hartford who intends to make a balloon ascension from Trinity Field on the twenty-sixth of this month has been busy the last few days in assembling his new aeroplane. The machine is about twenty feet long and weighs seventy-five pounds; this, with Mr. Hutchins' weight of 125 pounds, makes the total burden to be carried about 200 pounds. In order to support this the aeroplane will have to have a cubic foot of sail spread for each pound to go up against the wind. The frame is made of bamboo splits and is so light that a little gale of wind last Monday blew it into one of the neighboring yards. The aeroplane was entirely completed this week and Mr. Hutchins has already given it a short trial starting from a hill on Sisson

Mr. Hutchins anticipates some trouble in the manufacture of sufficient hydrogen gas for his balloon, as zinc has risen so high in price that it would be difficult to procure enough for his purpose. It can be made of iron filings at less expense, but it would not be so pure. To make enough hydrogen to fill the aerostat by this method about a ton of iron borings would be neces-The iron dissolves as fast as the sulphuric acid reaches it and a very large quantity of the acid is needed. Two strong men will be required to shovel the borings into the generator fast enough. He thinks he can extract hydrogen from the common illuminating gas made here in the city by the use of liquid air. He has made some in small quantities and a good percentage of hydrogen was obtained, showing the good quality of the Hartford gas. This method is practically a new one and has not been used to any ex-

Hutchins is going to try to cover four hundred miles at this ascension and thus qualify for the international race of aeronauts. This race is to take place in St. Louis, and balloons will be entered from clubs in all parts of the world. A national committee will select the American entrants from those who qualify by making a voyage of four hundred miles or over. Mr. Hutchins also is going to see the officers of the Automobile Club of Hartford in regard to having a motor pursuit race at the time he makes his ascension. The conditions would probably be the same as at the recent pursuit race at Pittsfield, Mass. The balloon will be plainly visible from the roads, and the automobilists will probably be able to follow it for some distance.

A few hundred feet of bamboo poles were delivered to Mr. Hutchins this week for use in a bamboo bird, which he intends to build later. This will be something the shape of a bat with batlike wings on each side, and a top-sail in front for a head. Light bamboo shoots will be used for the ribs of the wings. This will make the third machine that Mr. Hutchins has made for the navigation of the air.

#### EXAMINATION SCHEDULE.

The following is a schedule of the mid-year examinations, which will be held in Alumni Hall unless otherwise arranged by the committee on electives. They will take place at 9 a. m. and 2 p.m.

Monday, Jan. 28., A. M.—Economics 2, Hebrew I, Latin 3, Natural History I, Physics 2.

Tuesday, Jan. 29, A. M.—Economics I, French 4, German 2, Greek A, Natural History 7.

Wednesday, Jan. 30, A. M.—Chemistry 6, Drawing 1, French 3, Greek 2, Mathematics 3, Physics 3, Public Speaking, Spanish 2.

Thursday, Jan. 31, A. M.—English 6, German 4, History 1a, Physics 1. P. M.-Civil Engineering 4, Greek 6, Mathematics 1.

Friday, Feb. 1, A. M.—Drawing 3, English 2, French 2, Mathematics 2, Philosophy 4.

Saturday, Feb. 2, A. M.—Chemistry 3, 4 and 5, Drawing 2, Economics 3, French 1, German 1, Natural History

Monday, Feb. 4, A. M.—Chemistry I, English 7, History 3, Italian 1, Mathematics 5, Natural History 2. P. M. -Civil Engineering I, Greek I, History 4, Physics 4, Spanish 1.

Tuesday, Feb. 5, A. M.—Chemistry 2, Civil Engineering 2, German 3, History 2a, Latin I, Philosophy 2.

Wednesday, Feb. 6, A. M.-English 1, Greek 5. P. M.-English 3, Hebrew 2, Philosophy I.

Thursday, Feb. 7, A. M.-Civil Engineering 3, Latin 5, Philosophy 3a.

#### NOTES.

The class lists for the catalogue have been posted on the official bulletin board. All corrections should be reported in writing to Prof. Babbitt before to-morrow. Changes in classification must be countersigned by the Registrar.

Dr. Luther spoke on "Industrial Education" at the eighteenth annual banquet of the Connecticut Typothetae, held at the Toutine Hotel at New Haven on January 16th.

The engagement of Prof. Kleene to Miss Alice Cole of Hartford has been announced.

The invitations for the Junior Prom will be sent out in a few days.

Published Tuesdays and Fridays in each week of the college year by students of Trinity College.

The columns of The Tripod are at all times open to Alumni, Undergraduates and others for the free discussion of matters of interest to Trinity men.

All communications, or material of any sort for Tuesday's issue must be in the Tripod box before to p.m. on Monday; for Friday's issue before to a.m. on Thursday.

Subscribers are urged to report promptly any serious irregularity in the receipt of the Tripod. All complaints and business communications should be addressed to the Circulation Manager.

Entered as second class matter Nov. 29, 1904, at the Post Office, at Hartford, Conn.

#### TO ALUMNI.

TO ALUMNI.

The Tripod is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN-TRINITY!"

#### EDITORIAL.

Trinity undergraduates do not have many opportunities to gather together in large numbers for an informal good time, and the appreciation of the undergraduates for the two opportunities recently offered by the Alpha Delta Phi and the I. K. A. fraternities is shown by the large attendance. These affairs are excellent things for the college in forming friendship, fostering good-fellowship and making the college body more compact. Let's have more of

What we shall speak of now, is, we hope, unneeded. Nevertheless it may do some good. It is this:

Examinations are near at hand. No man likes to fail in his college course and therefore he works with that end in view. Now this is the important point. Do not work for this alone. Work so that if the college needs you in athletics, in the musical clubs, in anything, you will be able to come to Our scholastic standard is her aid. high, and we are proud of it; but it necessitates the mere passing of twelve hours to be allowed to enter college activities

We need every man in our work, for we are not many; so, in your studying for "exams," do not alone act from a selfish motive, but also realize that you can help our college, Trinity.

The "Tripod" is glad to print the '99 Class Letter which Mr. Vibbert has compiled. Such actions liven the interest of the graduates in the college and also in the "Tripod." This latter statement may seem selfish but in helping the "Tripod" surely Trinity is also helped.

What, therefore, we desire to urge is that the secretaries of other classes demonstrate some of that energy which every Trinity man has in him, and collect particulars concerning members of their class. We shall be very glad to print such letters for we know that they are of the greatest interest both to Alumni and undergraduates.

### Cornell University Medical College NEW YORK CITY

The course covering four years begins the last week in September and continues until June.

A preliminary training in natural science is of great advantage. All the classes are divided into small sections for recitations, laberatory and clinical bedside instruction. Students are admitted to advanced standing after passing the requisite examinations. The successful completion of the first year in any College or University recognized by the Regents of the State of New York as maintaining a satisfactory standing is sufficient to satisfy the requirements for admission which have lately been raised. The annual announcement giving full particulars will be mailed on application.
