## TRINITY TROUNCES N. Y. U.

Score 5 to 1.

Trinity defeated the New York University team Saturday afternoon by the score of 5 to 1. The entire Trinity team played a fast and snappy game of ball, excelling their opponents in every particular. At no stage of the game was the situation critical for Trinity. N. Y. U. should have been blanked but Mowen scored on Potter's error in the sixth. Townsend pitched the first three innings for N. Y. U. but gave five hits and so McDonald took his place in the box. The features of the game were Xanders' three-bagger and Gildersleeve's excellent fielding.

In the first inning Rich and Smith struck out, Xanders, next up, sent the ball to the fence for three bases and scored on a single by Badgley. The second also gave one run to Trinity. Connor singled, Gildersleeve struck out, and Connor came in on a single by Donnelly. Myers flied out. In the third Rich was hit by Townsend and given his base, Smith and Xanders were out and Badgley knocked a single scoring Rich.

The fourth and fifth were of little interest, both sides being out in short order. In the sixth Mowen of N. Y. U. was hit by ball and given his base, Lillis and Wilson were easy outs, Mowen stole second, Dain got first on an error by Potter. Manowitch knocked a single scoring Mowen. Friedrich knocked a fly to Xanders.

In the eighth Xanders knocked a two-bagger, Badgley reached first on an error and both scored on a hit by Gildersleeve. This ended the scoring.

## DAMAGE TO SEABURY HALL.

A final adjustment of the damage done to Seabury Hall during the recent fire has been fixed by the agents of the insurance companies interested, at \$1,560.00. This covers everything except damage to the books. The work of repairing the building is being done by R. F. Jones.

Mr. Carlton, who has returned from his shortened vacation, started to-day with a small corps of assistants the work of sorting out the books in the library. Within two weeks it will be known just what loss was sustained and adjustments of the insurance claims will be made. Mr. Carlton states that the library will undoubtedly be in running order by the opening of college next fall.

## 'VARSITY BATTING AVERAGE.

The batting averages of the baseball team have been compiled up to date and show a general average for the team of nearly six hits a game. The games included are two with C. C. N. Y., one with Pennsylvania, two with Holy Cross, one with Worcester Polytechnic, two with N. Y. U., one with Williams, two with Union, one with Stevens, one with Princeton, and the practice game with the second team in which only two hits were made off Cook, who was the opposing pitcher.

Xanders leads the list with 280 and Carpenter, who played but one game, comes next with 250. Badgley is a good third and Potter and Rich are close contestants for fourth place, while the rest of the team are below the .200 mark.

	Games played.
Xanders	280..... 14
L. G. Carpenter	250..... 1
Badgley	235..... 14
Potter	211..... 14

Donnelly	161..... 8
Cook	160..... 8
Smith	116..... 13
Meyers	111..... 9

This is a very good average for the team, as they have faced several very strong pitchers. Among those are: Ford of Williams, Mansfield and Dowd of Holy Cross, Simpson of Pennsylvania and Walker of Princeton.

"NOW THEN—TRINITY!"

## EDITORIAL.

A communication has been received by the Tripod from a member of the class in Natural History VIII. Space does not permit us to print the whole letter but we shall try to give the writer's ideas in a condensed form. One thing, he says, has been overlooked in providing for the welfare of the students here at Trinity and that is a sanitary drinking fountain on the campus. The facilities for obtaining drinking water are now very poor. The communication asks that the trustees consider the matter seriously and, if they take no action in the matter, suggests that some class, wishing to commemorate its graduation from college, do so by giving this fountain.

The Tripod commends the idea most heartily, and agrees that it is a serious need of the college, and hopes that the alumni will be favorably impressed by it.

While the baseball team had no trouble in defeating New York University at baseball Saturday afternoon, it was not due to the efforts of the undergraduate body. When a person stops to realize that there were only nineteen men in the cheering section and a dozen or fifteen men scattered throughout the remainder of the crowd, how the team could win is a mystery to the Tripod. When the team started out on the field there was the "Trin" from eight men to encourage the players. What is the college body thinking of?

The team has won four out of the last six games and at none of the home games have there been fifty present of the men in college. This is very bad from all points of view. In the first place what will the visiting colleges think of Trinity spirit? Nineteen men

out of nearly 200 at a big game! What is the use of advertising the game? The people of Hartford cannot be asked to attend Trinity games when only one student in every ten can arouse enthusiasm enough to get down to the field.

The season is drawing to a close and there will be only two more home games. Now those men who have not seen a game this year or even an afternoon practice, should surely be present next Saturday and also on the following Thursday when we play Wesleyan. Such a representation at the games is a shame to the college.

## 1907 FOOTBALL SCHEDULE.

Manager Trumbull's football schedule for next fall has been approved by the Graduate Advisory Committee and as it now stands completed consists of eight games. The schedule on the whole is excellent and it is encouraging that Wesleyan is once more on the list. That game will be played in Hartford, on October 26th. The full schedule is as follows:—

October 5—Worcester Polytechnical Institute at Hartford.

October 12—West Point at West Point.

October 19—Amherst at Amherst.

October 26—Wesleyan at Hartford.

November 2—College of the City of New York at Hartford.

November 9—Stevens Institute at Hartford.

November 16—Union at Schenectady.

November 23—Haverford at Haverford.

Ex-'08—The Rosebud Mining Journal  
for May 11th, published a half-column  
article on the discovery of a gold  
mine by a party of prospectors of which  
H. T. Morgan was one. A part of the  
article is printed below:—

"What promises to be the most sen-  
sational strike in the district was made  
here last week. Four young men,  
Messrs. Stetner, Morgan and two Lop-  
ham brothers, who were on their way  
to Idaho to work placer ground, stopped  
over for a day or two and went pros-  
pecting. The first day they discovered  
a ledge of forty feet in width carrying  
values in free gold. The ore is entirely  
different from any ever found in the  
camp before. Several other prospectors  
had previously been over the ground  
and declared they could find nothing  
there. The ore appears to be an albite,  
or soda felspar, streaked with brown  
hematite, which evidently carries the  
gold and is in composition somewhat  
like ribbon quartz. The pannings in-  
dicate an average of twenty to thirty  
dollars in free gold. The discoverers  
have located seven claims and will pro-  
long their stay until they have done  
location work on their claims. The  
property lies in slate, between por-  
phyry and granite. It is situated in  
Wood canyon, about two miles south-  
east of Rebel Creek station."

## The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

### Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

### When should I insure my life?

Now! The cost will never be less, and to-morrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

### Where shall I insure my life?

In a purely Mutual Company.  
In a company that earns, declares, and pays annual dividends.

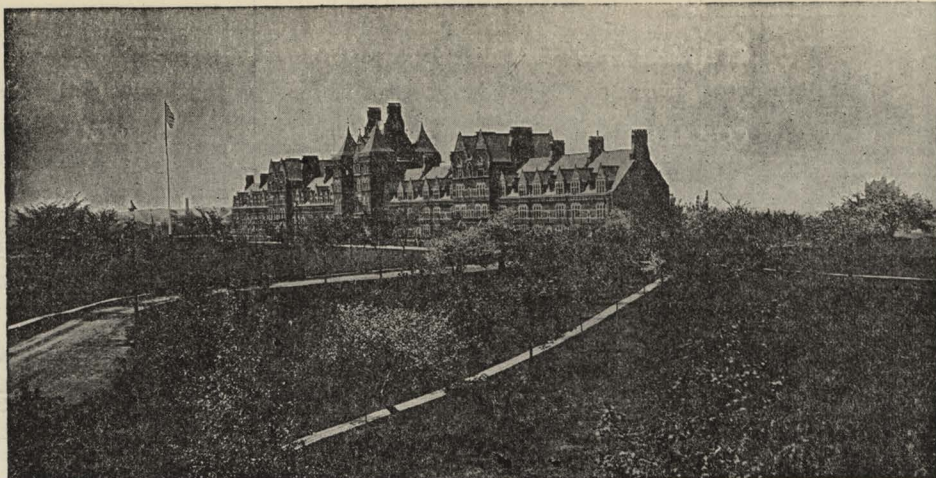

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

JOHN M. TAYLOR, Pres't.  
HENRY S. ROBINSON, Vice-Pres't.  
H. H. WHITE, Sec'y.
