TRINITY DEFEATS STEVENS.

Quadruple Pass Successful.

Score: Trinity 29, Stevens 6.

Trinity closed her "at home" schedule for this year by defeating the Stevens "Tech" team by the score of 29 to 6. Although this score looks a little one-sided, it is only fair to our opponents to say that the game was hard fought from start to finish, and if Stevens had been as proficient in the science of the new game as they were at sturdy "old football" the score would have been far closer. The score should have been 29 to 0 as their touchdown was made after the timekeeper had actually walked onto the field to call the close of the first half, but the ball was of the first half, but the ball was snapped for the play just in time and the play was legal. It was a bit of hard luck, as this is the only time an opposing team has scored against us on our own grounds this year, and aside from this our record would have been unblemished, but even as it is, it is indeed a very unusual feat, and one to be enthusiastic over.

A good crowd turned out to see the game, and as the day was warm and sunny they were kept comfortable, and in good humor, and were very appreciative of the scientific exposition of the possibilities of the forward pass, to the use of which Trinity owes directly four of her five touchdowns.

The game opened with Stevens kicking off to Batterson, Trinity defending the south goal. Donnelly and Xanders between them gained the distance, but Trinity was then forced to punt. Carrol and Donnelly nailing the runner in his tracks. Stevens couldn't gain at all, and punted, Batterson making a fine thirty-five-yard run-back. We gained ground in four plays, but a drop kick which was attempted, failed, Stevens recovering the ball on their eight-yard line. Trinity however presented a stone wall defence and took the ball, the honors going principally to Thaxter. Stevens in turn also showed fine defensive ability, and held twice, when an onside kick was tried. A Stevens man recovered the ball and had a clear field, but Henshaw caught him, and brought him down by a magnificent tackle from behind.

On the next few plays neither side could gain consistently, and an exchange of punts followed, until Xanders dropped a punt, giving Stevens the ball. They attempted an onside kick, which Gildersleeve blocked and recovered. Henshaw then got away for 30 yards around the end. On the next two plays Stevens held for no gain, but on the third Donnelly was shoved over for a touchdown, Batterson missing an easy goal.

After the next kick-off, a combination of fumbles, and poor forward passes caused the play to lag for a while, but Ramsdell broke the monotony

with a "bump," when on a beautifully worked quadruple forward pass, he scored a touchdown after a long run. Gildersleeve kicked the goal.

The ball again proved elusive on the resumption of play, until Stevens got off a short, high punt, which Maxson recovered by a clever catch on Stevens' thirty-yard line. The onside kick was tried again, but as usual Stevens obtained the ball, and on good defensive work by Gildersleeve and Carrol they were forced to punt. On a combination of a quarterback run and forward pass Ramsdell scored another touchdown, Gildersleeve kicking the goal.

Now for the first time Stevens came within striking distance, for after the kick-off we attempted a forward pass, which failed and gave them the ball well in our territory. But the defense was strong, even in the face of a discouraging penalty for offside play, and Trinity took the ball. On a forward pass Trinity fumbled, giving Stevens the ball on the twelve-yard line. Twice again they were held for no gain, Gildersleeve especially doing wonderful defensive work, but just as time was up, a forward pass was worked successfully, O'Conner going over for a touchdown, and Roberts kicking the goal.

Donnelly*opened the second half by kicking off to Utz, but Stevens was immediately forced to punt. Maxson and Donnelly made two good gains for thirteen yards, and then Ramsdell worked another forward pass successfully, and scored a touchdown after a 25-yard run. Gildersleeve kicked the goal.

Stevens then kicked off to Batterson, who made a good run back, and Maxson followed with a good ten-yard gain, but Stevens recovered the ball on a fumbled forward pass. They tried a forward pass, which Maxson obtained and on the next play Henshaw and Donnelly worked the pass to perfection for 30 yards. The triple pass was then used, Batterson receiving the ball, for another long gain. Stevens, however, held well, and Batterson tried a goal from the field which went wide, Stevens taking the ball. They couldn't gain successfully, and punted to Maxson. Then for the fourth time, Ramsdell took a long forward pass in beautiful style, and ran 75 yards for a touchdown, Gildersleeve kicking the goal. In the remaining minutes the only features were the good offensive work of Donnelly and Maxson, and a fifteen-yard run by Batterson.

The Stevens team must be given great praise for their pluck and grit, for no matter what the score against them was, they fought pluckily on, and the game was full of interest to the very end. The feature of the game was the unerring precision with which Trinity

TRINITY PROFESSORS AT TEACHERS MEETING.

The annual meeting of the Connecticut section of the Association of Mathematic Teachers of New England was held in Hartford Saturday. Professor Esty of Amherst College read an interesting paper on "Suggestions from the College Entrance Examination Board on Mathematics."

Professor Joseph D. Flynn of Trinity opened the discussion which followed Professor Esty's paper and went into the difficulty of teaching plane geometry as compared with elementary algebra. He went also into several technical points connected with the simplification of complex terms and fractions in algebra.

The afternoon session began with a talk by Professor Roscoe J. Ham of Trinity, formerly a member of the Maine Modern Language association. Professor Ham's subject was "Hints From the Experience of an Admission Examiner." A discussion of college entrance board papers, of this year, followed.

PRES. LUTHER AT PHILLIPS-EXETER.

Last Sunday President Luther preached at Phillips-Exeter Academy. The many trips of this character which Dr. Luther makes, are of great benefit to the college, as his personality and his lectures are so magnetic that all men who hear him become more interested in Trinity College.

The Glee Club will hold a rehearsal to-night at 7 o'clock.

TRINITY LEADS ALL OTHER COLLEGES.

Makes the Largest Gain in Number of Students With an Increase of 16 Per Cent.

Trinity men have every reason to be proud of the marked increase in registration at college this year. There are thirty more men in Trinity this year than there were last and this gives an increase of 16 per cent which is the largest gain made at any of the representative colleges in both the east and west.

The following table showing the comparative registration has been compiled by Frank B. Tracy for the Boston Transcript:—

"NOW THEN—TRINITY!"

EDITORIAL.

As yet we have heard nothing from 1910 about a college smoker. The Tripod hopes that the sophomore class will not forget about this custom which was instituted by the present senior class and so successfully adopted by 1909 a year later. The Brown and White of Lehigh University of a recent date gives an account of the college smoker held there on the evening before the Haverford football game. It may be interesting to give a brief summary of the Lehigh smoker for the benefit of the sophomore committee.

The smoker opened with a basketball game between the two underclasses and during the half a quintet rendered some selections. After the game there were speeches, a boxing match, a wrestling bout, selections by the glee club, and lots of smoke.

Trinity's football team won its fourth game Saturday. As usual the team put up a fast proposition of the sport. The play was somewhat weakened by the absence of Pond at quarter but still we scored five touchdowns. An unfortunate part of the game was that our goal line was crossed for the first time on Trinity field during the entire season. This was done after the time-keeper had gone out on the field to announce that time was up. The play had just started so it had to continue according to the rules. Hard practice will be given the team all this week and on Friday they will leave for Schenectady to play Union.

Morrill hall, the latest new building at the University of Vermont, will be dedicated soon. The governor and both senators are expected to be present.

BASEBALL SCHEDULE NEARLY COMPLETED.

Manager McGinley is hard at work preparing the baseball schedule. He has been laboring under difficulties owing to the restrictions of the faculty, which limit him to twelve games during the term of which only four can be on Wednesdays, and of these four only one out of town, and the games with Wesleyan must be on Saturdays. Notwithstanding this, the schedule is nearly completed. Mr. McGinley is also trying to obtain games for a trip during the Easter vacation.

GERMAN CLUB ELECTIONS.

At a meeting of the German Club held at the Alpha Delta Phi house Friday the following men were elected to membership: Henry Carleton Goodrich '09, of South Glastonbury, Conn.; Ralph Howard Merrill '10, of Pittsfield, Mass.; Arthur Worthington Bunnell '11, of Norwich, Conn.; Harold Edwin Jones '11, of Winsted, Conn.; Gordon William Stuart '11, of Portland, Conn.

This addition gives the club a membership of twenty-five. The other members are: Bern Budd '08, Paul McM. Butterworth '08, William R. Cross '08, James O. Morris '08, Martin Taylor '08, James S. Carpenter, Jr. '09, William J. Hamersley '09, William G. Livingston '09, Edward K. Roberts, Jr. '09, Frederick S. Bishop '10, Nelson H. Gildersleeve '10, A. Spencer Murray 3rd '10, Arthur L. Potter '10, Carroll M. Robertson '10, Wilbert A. Smith '10, Leon A. Stansfield '10, Hazell H. Burgwin '11, William C. Skinner '11, Bertram T. Woodle '11, and Blynn F. Yates '11.

worked the forward pass, time and again. Ramsdell's work on this type of play was wonderful, while on the defence Carrol and Gildersleeve left nothing to be desired. The latter proves to be a great find, especially from his ability as a goal-kicker, aside from his excellent all-around play. In addition to these three the usual good play of Donnelly, Maxson, and Henshaw deserves mention.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and to-morrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company. In a company that earns, declares, and pays annual dividends.

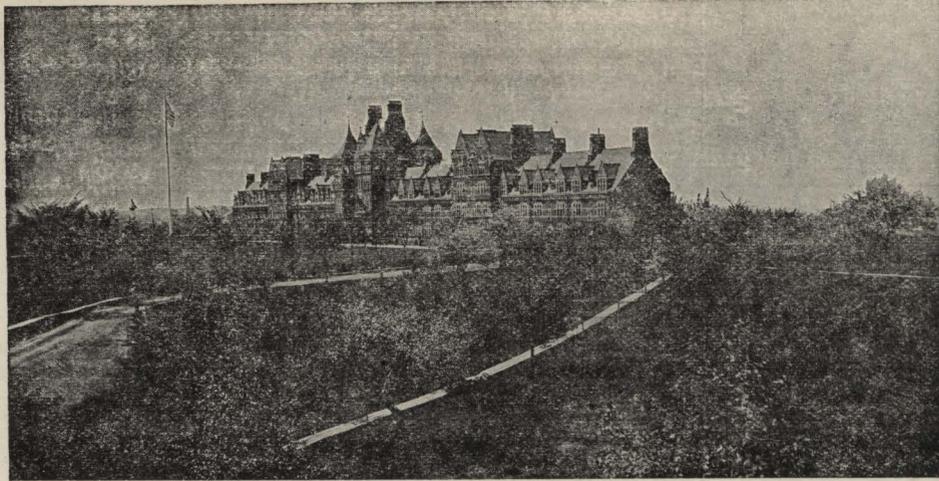

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$8.50 per pair. **To Introduce We Will Sell You a Sample Pair for Only \$4.80** (CASH WITH ORDER \$4.55)

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. **No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS.** Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at **OUR** expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big **SUNDRY** catalogue.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it **NOW**.
