

## TRINITY MAKES BRILLIANT FINISH.

### Wonderful Playing of Captain Donnelly and Pond.

Trinity brought the 1907 football season to a glorious close Saturday by defeating Haverford 23 to 0 at Haverford. This is particularly gratifying as our opponents had expected to win and their coach had predicted a victory for them by two touchdowns. A number of Trinity alumni residing in and about Philadelphia attended the game and they, together with the members of the musical clubs who had given a concert the night before in Brooklyn, made up a Trinity cheering section. A large crowd turned out to see the game, numbering nearly three thousand, a record crowd for the Haverford field.

The weather though threatening remained fairly pleasant throughout the game, and the general conditions were good for fast football. One of the most interesting features of the game outside the actual play was the almost continuous cheering from the Haverford stands, which was kept up steadily even after a Trinity victory was assured.

As to the general style of football used in the game, it was a mixture of the old style and the kicking game. The forward pass was used but seldom successfully, and when attempted usually fell to the ground or was obtained by the defense. Haverford's pass was but poorly developed, and no adequate protection was provided for the runner. Trinity tried the quadruple pass but once and that was unsuccessful. In the kicking department, Brown had the slight advantage in distance, but as Pond made up for this by his spectacular work in catching and running them back, they were no more effective than his own shorter but better directed efforts.

#### The Contest.

The game opened with Haverford kicking off to Trinity, the latter defending the west goal. Maxson received the kick and ran it back 10 yards. Donnelly plunged through left tackle for five and Xanders followed with a long run around the end for forty yards, aided by the brilliant interference of Henshaw. Trinity was then penalized fifteen yards for holding and Pond punted to Drinker. Gildersleeve downing him in his tracks. Haverford was unable to gain and punted, but Trinity fumbled and a Haverford man recovered the ball, putting them in our territory. On the next play Gildersleeve got through and dropped his man for a four yards loss, and as on the next play a forward pass failed, they punted, and on another fumble recovered the ball on our 5-yard line. At this point Trinity woke up and never afterward was there a doubt as to the final outcome, for in three plays Haverford succeeded in gaining minus one yard, Gildersleeve doing wonderful work and the ball came into our possession.

Pond immediately punted and Donnelly downed the runner with no gain. Haverford attempted a forward pass which failed and then kicked to Pond, who made a fine catch and run-back. Maxson was sent through for ten yards off tackle, Xanders around right end for fifteen yards and Carrol for ten yards at right tackle. Donnelly followed with eight yards through left tackle, but the team was then penalized five yards for offside play and on a forward pass Pond was thrown behind the line by Emlin for an eight yard loss. Xanders went wide around the end for five yards, and on a forward pass Ramsdell made another five, but this was not quite enough, and Haverford took the ball on downs. They were not able to gain at all, Carrol's work standing out especially, so they punted to Pond. Donnelly immediately worked a long forward pass to Pond for a twenty-five yard gain, and this was followed by an onside kick two plays later, which Donnelly recovered prettily and went over for a touchdown. Gildersleeve kicked the goal easily.

Donnelly kicked off, but the ball was fumbled, and Trinity recovered it. The quadruple pass was tried but was declared illegal as the ball did not go five yards to the side, and Haverford took the ball. George Buck broke through and brought the runner down for a loss on the first play, but this was neutralized as they used the forward pass for a fifteen yard gain. They could not gain on the next two plays, Buck, Maxson, and Carrol doing the work, and so the ball was punted to Xanders. Pond made a remarkable catch of a poor pass and got off a punt between two Haverford men just in time by excellent judgment.

Haverford on the first down tried the forward pass but Maxson jumped up and caught it, making a ten yard gain after the catch. Trinity could not gain consecutively and was forced to kick; George Buck, however, got down quickly and regained the ball. Again Pond punted, and again Trinity recovered the ball by the quick work of Donnelly. Pond kicked and the runner was downed immediately near Haverford's goal line. They succeeded in gaining once, but Maxson stopped the next play and they were forced to kick. As the time was nearly up, the rest of the half simply turned into a punting contest between Brown and Pond, in which we had a slight advantage, owing to Pond's beautiful catches and run-backs, and the way the men got down under kicks; in fact not once did the Haverford back make as much as five yards. Donnelly was especially conspicuous in his ability to get down the field quickly. The half ended with the ball in Trinity's possession near the middle of the field, the score still being 6 to 0.

#### Second Half.

The second half opened with Donnelly kicking off to Ramsey, who made a good run-back. Haverford was at once forced to kick. Ramsdell gained twenty-five yards on a forward pass, and the on-side kick was worked successfully for another long gain. Maxson went through for eight yards and Henshaw made first down with a three yard plunge. Xanders was thrown for a loss, and as this was followed by a fifteen yard penalty, and an unsuccessful forward pass, Trinity was forced to punt. Haverford could not gain a yard, as Carrol and Henshaw proved too strong for them on defense, and they punted to Xanders.

Donnelly broke through the line for a fifteen yard gain. A forward pass went wrong, and it was necessary to punt. The Gold and Blue was penalized for interference with the catch, but made this up on the next play as Haverford tried a forward pass which Maxson recovered brilliantly and made a long run. Donnelly and Carrol hammering at the tackles made first down, and this was duplicated by Maxson and Xanders on the next two plays. Xanders again made first down on a fifteen yard end run, and then Donnelly made a beautiful line plunge for the remaining distance, scoring a touchdown. Gildersleeve kicked the goal. Score, Trinity 12, Haverford 0.

After the next kick-off, an exchange of punts followed with no apparent advantage to either side, until Maxson again intercepted a long forward pass, and by a long run put Trinity within striking distance. Xanders made five yards around right end, and Donnelly made it first down by a cross buck. Maxson was then sent through for the remaining distance and scored a touchdown. Gildersleeve missed the goal, although the ball hit the cross-bar. Score, Trinity 17, Haverford 0.

Mason here replaced Maxson. Haverford kicked off to Xanders, who fumbled but recovered in time to make a good run-back. Mason got away for twenty yards, and Xanders made three at right end, but on the next play Mason was thrown for a loss. Pond was forced to punt, and Carrol nailed Brown in his tracks. Haverford was unable to gain and kicked to Xanders, who ran it back well. The forward pass was carried off successfully, enabling Ramsdell to make twenty-five yards, placing the ball on the six yard line. Donnelly plunged through for five yards more, and Mason was shoved over for the last touchdown of the season near the side of the field. Gildersleeve kicked a very difficult goal. Score, Trinity 23, Haverford 0.

Donnelly kicked-off and Hutton made a good gain. Brown then got away clear for a sixty yard run, and this was the first time Haverford had been able to do anything on the offence in the second half. It was all in vain, however, as a bad pass on the next play gave Carrol a chance to get through, and he tackled Brown for a twenty-five yard loss behind the line. Trinity was

#### PROF. BROOKS OF HOBART.

##### Talks of Meteors and Comets.

Professor William R. Brooks, of Smith Observatory, Geneva, N. Y., delivered a most interesting and entertaining lecture on "Comets and Meteors" in Alumni hall last Friday evening. Professor Brooks has lectured here before and consequently when introduced by President Luther, he was warmly welcomed. The lecture was fully illustrated and highly repaid all who heard it. In his lecture Professor Brooks said in part:—

"Comets are nebulous bodies which move in orbits of their own and are composed of three parts, a head or nucleus, a coma, and a tail, the last of which is often many million miles in length. Every comet is kept in its orbit by the attraction of some sun. The orbits are of three kinds, the ellipse, the hyperbola, and the parabola. The next famous comet to become visible to the naked eye is Halley's comet which is due in 1910.

"A shower of meteors is usually occasioned every thirty-three years by the passage of the earth through a meteoric stream.

"In answer to the question as to what would happen if a comet should strike the earth, I can only say that it would be very bad—for the comet."

#### BISHOP BREWSTER'S ADDRESS TO-NIGHT.

##### Important Speech in Christ Church.

The Right Reverend Chauncey B. Brewster, D.D., Hon. 1897, will address the men and boys, especially the boys, of the Episcopal church of Hartford at Christ church, corner of Main and Church streets, on Tuesday evening, November 26th, at 8 o'clock. All the boys' choirs of the churches in Hartford will be massed at this service, and it is hoped that as many as possible will attend. All are welcome. There will be an informal reception to meet the bishop in the parish house on Church street immediately after the service.

#### NEW PROBATION RULES.

Section 4 of the Rules on Probation has been changed to read as follows:—

"4. A student on probation will not be permitted to act as manager or assistant manager of any college organization or to take part in any public musical or dramatic performance, or in any public athletic contest; and he may be required to put himself under the direction of a private tutor approved by the Faculty. But nothing in this section shall be so construed as to forbid students on probation to engage in inter-class sports of this college as members of the team of that class to which they are officially assigned by the college authorities."

## "NOW THEN—TRINITY!"

### EDITORIAL.

According to custom of former years the Tripod will not publish an issue on the day following Thanksgiving, as it is impossible to have the matter set up on Thursday.

The Tripod learns with pleasure of the marked success of the opening concert for the season of the musical clubs in Brooklyn, Friday. From all accounts the concert was a success in every way and the Brooklyn audience was well pleased. Everything possible was done to give the clubs a good time and their hosts and hostesses surely succeeded in their attempts. The men were entertained at dinner before the concert and at a dance and reception later in the evening. It is strongly hoped that another concert may be booked by the management for Brooklyn.

An interesting letter from one of the younger members of the alumni of Brooklyn appears in this issue of the Tripod. The editor had intended to print a news notice of President Luther's visit to Brooklyn and also a brief note in regard to the musical clubs' concert but owing to the fact that this letter was received no local item of either event will appear.

The above paragraph brings up one important thing which the members of the alumni should always bear in mind. This is the fourth year that the Tripod has been going out to an ever increasing number of the graduates of the college. From the founding of the paper we have endeavored to make the Alumni Department, as it is called, one of the interesting and important features of our paper. It requires little thinking to see that this is almost impossible without the co-operation of the alumni themselves and especially of the various class secretaries. There are a few who have remained loyal during the four

years but at the present time there are only one or two who ever send in a note for this column.

The Tripod has on its exchange list several daily papers, but at the best, these do not furnish half enough material for the department. In closing we wish to heartily urge the alumni to help us out in making the Alumni Department what both they and the board wish it to be. It will be of benefit to all concerned.

## COMMUNICATION.

To the Editor of the Tripod:—

Dear Sir:—Trinity men in Brooklyn have had an exceptional opportunity in the past few days to renew college ties, that has been greatly appreciated. On Friday evening, the twenty-second inst., the musical clubs gave their concert at the parish house of the Church of the Messiah. The concert was a decided success; the attendance was good, many Trinity men being in the audience, the selections were well received, and the clubs have added to their reputation, and to that of the college.

On the Saturday evening following an informal dinner was held at the University Club of Brooklyn, in honor of President Luther. Just before the dinner, a telegram was received announcing that the football team had defeated Haverford 23 to 0, which naturally was a source of great satisfaction. President Luther, at the conclusion of the dinner, told us of the present condition of the college, its bright outlook, and present needs. Dr. William S. Hubbard '88 acted as toastmaster, and those present were: President Luther, Rev. St. Clair Hester, Dr. Rankin, Dr. Chrystie '63, Hotchkiss '82, Rev. John Williams '90, Dr. Pederson '91, Rev. W. S. Danker '97, Lecour '98, Dibble, and Wilson '01, Fenning, and Walsh '05.

The Trinity men then adjourned to the library of the club, where a reception was tendered to President Luther, who addressed the University Club on "The Ideal of Education." He spoke of the tremendous waste of talent and of happiness by reason of the failure of the country to give to all of its citizens the education possessed by college men, and said that the idea towards which we should strive was a state where everybody should receive the equivalent of a college education. The address evoked cordial applause.

On Sunday morning President Luther preached at the Church of the Messiah from the text, "A Prisoner of the Lord," and in his usual original and felicitous manner, so well known to Trinity men, delivered a most refreshing and inspiring sermon.

### ALUMNI DEPARTMENT.

The third monthly meeting of New York Trinity men will be held on Monday evening, December 2d at 7 p. m., at Keen's English Chop House, 70 W 36th street. Don't wait for a notice but come and bring your friends.

The sixteenth annual dinner of the Association of the Alumni of Trinity College in Boston will be held at the Union Club, 5 Park street, Boston, on Wednesday, Dec. 4, 1907 at 6:30 o'clock. President Luther, Prof. Babbitt and President Hamilton of Tufts College will be the guests. It is hoped to have a quartet from the Glee Club present. All Trinity men are invited to attend and those in Boston and vicinity who have not received invitations owing to changes in address or otherwise are asked to communicate with C. C. Barton, Jr., 35 Congress street, Boston.

'79—The Rev. Alfred Harding, D.D., is secretary of the Joint Committee of the General Convention which has under consideration the revision of the Table of Lessons.

'93—Burton Parker is now with the Michelin Tire Co., Milltown, N. J.

'93—W. C. D. Willson has accepted a position on the legal staff of The General Electric Company and will be located at Schenectady, to which place he will remove this week. Mr. Willson is prominent among the younger members of the Rensselaer County Bar.

'96—W. S. Langford was head linesman at the Yale-Harvard game Saturday.

here penalized fifteen yards for holding, but despite this took the ball on downs. Xanders made five yards around right end, and Donnelly five and six yards respectively at tackle, when time was called, with the ball in Trinity's possession on Haverford's thirty-five yard line. In the last few minutes Haverford kept sending in fresh men, as their line was beginning to break badly under the heavy strain, but the substitutes were just as powerless as the regulars to stop the gains.

For Haverford, Brown, Emlin, and Spaeth proved to be the star performers, both in offence and defence, especially the first-mentioned, for to use an old expression, he was the "whole team." For Trinity it almost seems an injustice to pick out individuals for special mention, as they were really all stars. But some of them stood out with special prominence. On the defence Gildersleeve, Carrol, Donnelly, and George Buck were not only steady, but often sensational; they did remarkable work in getting down under kicks especially. On the offence Captain Donnelly could always be counted on to gain ground, Ramsdell received the forward pass well, while Maxson shone conspicuously, particularly in his ability to recover and run-back quickly the forward passes of the opposition. Xanders got off several long end runs well, while Pond was a bright particular star, ran the team well, punted excellently, and ran kicks back in brilliant style.

It is to be regretted deeply that such

## The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

### Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

### When should I insure my life?

Now! The cost will never be less, and to-morrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

### Where shall I insure my life?

In a purely Mutual Company.

In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

### COLLEGE NEWS.

J. E. Cantwell was the guest over Sunday of A. K. Davis '11.

Albert Clark '11 spent Sunday at his home in Lee, Mass.

Brainerd '11 has quite recovered from his recent illness and has resumed his college duties after an absence of several weeks.

H. H. Burgwin '11 was removed Friday night to the Hartford hospital, suffering from appendicitis. He is resting comfortably at present and it is hoped that an operation will not be necessary.

Election of captain of the football team for next season will be held sometime this week.

Captain E. J. Donnelly of the football team will referee the game on Trinity field Thanksgiving day morning between the Hartford Independents and the Athletics, of Holyoke, Mass. The game is to decide the amateur championship of southern New England for teams weighing 145 pounds.

Anyone wishing a panorama picture of the football team or squad can order the same by paying \$1.50 to J. O. Morris in advance. All orders must be in by Saturday, November 30th. Positively no pictures can be secured after that date, as photographer will not keep the negative. Proofs may be seen on application.

**1 CENT IS ALL IT WILL COST YOU** to write for our big **FREE BICYCLE** catalogue showing the most complete line of high-grade **BICYCLES, TIRES and SUNDRIES** at **PRICES** **BELOW** any other manufacturer or dealer in the world.

**DO NOT BUY A BICYCLE** from anyone, at any price,

or on any kind of terms, until you have received our complete **Free Catalogue** illustrating and describing every kind of high-grade and low-grade bicycles, old patterns and latest models, and learn of our remarkable **LOW PRICES** and wonderful new offers made possible by selling from factory direct to rider with no middlemen's profits.

**WE SHIP ON APPROVAL** without a cent deposit, **Pay the Freight** and allow **10 Days Free Trial** and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a **Rider Agent** in every town and can offer an opportunity to make money to suitable young men who apply at once.

**\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80**  
Regular Price \$8.50 per pair. **To Introduce We Will Sell You a Sample Pair for Only \$4.80** (CASH WITH ORDER \$4.55)

**NO MORE TROUBLE FROM PUNCTURES.** Result of 15 years experience in tire making. **No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS.** Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

**DESCRIPTION:** Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at **OUR** expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

**COASTER-BRAKES,** built-up wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big **SUNDRY** catalogue.

**DO NOT WAIT** but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it **NOW.**
