## N. E. I. A. A. MEET.

### Trinity Scores Three Points.

The result of the "Intercollegiates" was for the most part pleasing from a Trinity standpoint, although the team scored but three points. These were won by Captain Olmsted in the high hurdles, a creditable performance indeed, when it is called to mind that it was necessary to beat the famous Mayhew of Brown to get even third place; while D. C. Pond supplied the other point in the two mile run, placing fourth in a very fast field after a beautiful finish, just beating a Dartmouth man out at the finish.

The showing of the rest of the team was in general disappointing, although some of the athletes performed creditably. H. C. Pond did well in the low hurdles, qualifying for the semi-finals, but here he had the misfortune to be drawn in the same heat with Shaw of Dartmouth and Edwards of Bowdoin, who finished first and second respectively in the finals, and, although he ran a good race, could scarcely hope to beat either of these men.

Harmon failed dismally to come up to expectations in the pole vault, as he dropped out at 10 ft. 6 in., which was the qualifying height. However, it made little or no difference, as in the finals the field would have proved to fast for him.

In the hammer throw Maxson ran up against a bunch of athletes who did over 120 ft. to qualify, with the natural result that he had no chance. Roberts, in the discus was up against the same sort of proposition and could not get near the finals.

Morris was unable to compete in the half, owing to his bad ankle coming back on him again. Dibble and Paul Maxon who had expected to make the trip were unable to do so at the last minute.

Wesleyan made a very creditable showing in the meet, and after our recent defeat at their hands this is especially gratifying. Robson ran beautifully in the sprints, taking second to the fast Sherman of Dartmouth in both the 100 and 200 after close finishes. Faraday ran third in the 220 and second in the quarter mile. It is certain that he was the fastest man in the latter and would have won but for poor head work. As it was, Stearns of Amherst won, a man whom Faraday had beaten with ease in the Amherst-Wesleyan dual meet. Gray won the half-mile in one of the fastest races of the day with ease, and Kent swelled Wesleyan's total to eighteen points by securing third in the broad jump.

Olmsted and Pond probably both ran well below the Trinity records in their events as the former ran a creditable third to 15½ sec. in the hurdles (equaling the world's record of Kraenzlein), while Pond ran fourth to 9m. 57s. in the two mile.

The summary follows:—

100-Yard Dash—Won by Sherman,

## NEW MARCHING SONG.

Words by G. Safford Waters, '87.

The latest contribution to Trinity songs is one entitled, "Rah! Rah! Rah! For Good Old Trinity," by G. Safford Waters of the class of 1887. The music is to be sent to the Glee Club management at once and will be a welcome addition to the new college song book, which is now being published. The words follow:

Rah! Rah! Rah; For Good Old Trinity.

### I.

There's a college on the hill in dear old Hartford  
You and I both know so well—  
Where the merry breezes blow,  
Whether rain or shine or snow—  
There is life and health and freedom in their spell,  
For it gets into the blood  
And it makes the happy mood  
Till for very joy we give the college cheer—

And it arms us for the fight  
Gives us courage—gives us might—  
When we battle for our Alma Mater dear.

### Chorus.

Trin-i—ty!  
We'll stand by you forever—  
Trin-i—ty!  
Our cheer shall ever be—  
To the breeze our colors fling  
Let the joyous echoes ring—  
With a Rah—Rah—Rah (shouted)  
For good old Trinity!

### II.

From the oldest living "Grad" to youngest freshman  
Is our spirit just the same—  
We are all for dear old "Trin"  
Side by side we mean to win  
In the fight of life itself or in a game—  
With dear Prexy in the lead  
We're equipped for any deed  
For in his "vocab" there's no such word as "fail"—  
So let each one do his best  
With a will and with a zest—  
Here's to Trinity forever, Boys—All Hail!

## ADDRESS BY M. P. WALKER.

### Interesting Facts About China.

The address in chapel Sunday morning was by M. Penderill Walker of the faculty of St. John's University, Shanghai, China. Mr. Walker, who is a brother of a Trinity man, has lived in this city, and his address in the chapel Sunday was only one of three delivered on that day. He said that the work being carried on in China at present is of three sorts; missionary, medical and educative. The missionary has great difficulty in appealing to any but the very poorest classes. The physician has a wider field of activity, for his services are sought by all classes. But it is to the teacher that the Chinese are flocking—the gentlemen of China. These young educated Chinamen are the men who will influence the country most in the coming change; they are the ones who have the influence now. They were the ones behind the boycott on American goods, and the ones who are backing the boycott on Japanese goods now.

"China," Mr. Walker said, "hates Japan more than she does any other nation and she is feeling the Japanese hold in Manchuria much worse than she ever did Russia's." He said that "we in China" felt that the boycott against American goods was justifiable, and he pointed out that it was not inspired through China's desire to force coolies into this country, but to have her students and educated men treated according to their rank when they entered American ports. He said that it was a very fortunate thing for China that she had decided that Japan should not be her teacher of the western learning, for, said the speaker, "the Japanese are now probably the most materialistic people in the world and their morals have gone all to pieces." He explained this by saying that while the Japanese had grasped Western education, they had not accepted Christianity. Three years ago, he said, he found 15,000 Chinese students in Tokyo and this year there were only 3,000 students there. China has found that at home it can at present best educate its young men through missionary agency and he said that St. John's University was able to charge a high tuition and yet have a long waiting list.

Three things, he said, had forcibly pointed out to them the superiority of western ideals and religion; first, the missionary movements against opium and foot binding. Both movements have so far progressed that the Chinese have taken them up and edicts have issued against them. A third striking example of western religious ideals practically applied was the way in which the missionaries, through help from this and other countries, relieved the famine of two years ago.

In closing, Mr. Walker said that he was in this country to try to raise \$10,000 towards a new dormitory at St. John's University. The building is to accommodate 100 boys and the Chinese have already contributed \$6,000 towards its erection.

## INTERSCHOLASTIC MEET ON TRINITY FIELD.

Given Under the Auspices of The Hartford Globe.

On Saturday afternoon, June 5th, the Hartford Globe will hold a track meet for the public schools of Hartford and Tolland counties, on the Trinity field. There will be ten events, as follows: 100 yard dash (open), running broad jump, one mile relay (high schools), putting 12 pound shot, half mile run, pole vault, 440 yard run, 220 yard hurdles, 100 yard dash (grammar schools), throwing base ball (distance). Prizes consisting of gold and silver medals will be given for first and second places in all the events except the one mile relay race for which the trophy will be a silver cup. A competent set of officials has been secured and from the manner in which the entries are coming in there is no doubt that the meet will be a great success. The entries which are free, will close on Tuesday, June 2.

## COLLEGE NEWS.

The Ben Greet players will give "As You Like It" in the afternoon and "Midsummer Night's Dream" in the evening of next Thursday. These productions will be given outdoors on the Warner grounds, and as they are under the auspices of Trinity College, it is earnestly requested that all Trinity men attend. Students may obtain seats for half-price.

In preparation for the Wesleyan game on Saturday, games between the 'varsity and scrub teams will be held every afternoon this week, with the exception of Wednesday.

## TRACK TEAM PICTURE TAKEN.

The track team picture was taken yesterday by Oliver. The following men were eligible, having won their T or ATA this season: Captain Olmsted '08, Manager Roberts '09, Coach O'Connor, Assistant Manager Judge '10, Morris '08, H. C. Pond '08, D. C. Pond '08, Taylor '08, Donnelly '08, Collins '08, H. I. Maxon '09, Dibble '09, G. Buck '09, P. Roberts '09, Cadman '09, Harmon '10, Oliver '10, W. Buck '11, Burdick '11 and P. Maxon '11.

## THE TEAM LEAVES FOR WEST POINT.

The base ball team left for West Point this afternoon where they will play the cadets to-morrow. The following men were taken on the trip, which is in charge of Assistant Manager Marlor: Captain Xanders, Connors, Webster, Carroll, Smith, N. H. Gildersleeve, A. L. Gildersleeve, Abbey, Cook, Woodle and Olsen.

## "NOW THEN—TRINITY!"

### EDITORIAL.

As everybody knows, we have played our last home game for some time. Today the team was in fine shape as it left for West Point and after that game will come the Wesleyan game next Saturday. After our victory over Holy Cross, Wesleyan is beginning to realize how difficult it will be for her to win. But to say the least, the game will be very exciting and close. Every man should begin now to make his plans for going to Middletown next Saturday. The fact that it is a holiday is no reason that they should not be there. It is all the more reason that the whole undergraduate body should be there to "root" for the team.

Those who had to be careful of their Sunday chapel "cuts" had a rare treat Sunday. It is not often that we are privileged to hear a clear cut presentation like that which Mr. Walker gave of the present situation in China. Chinese missions have been so glorified, that to-day the missionary to China suffers little deprivation beyond the inconvenience of being for so long a time from his near friends and relatives. It is a fact interesting to the cynic that there are many people will weep themselves sick over the misfortunes of famine-stricken savages in far away lands, when to their knowledge people near at hand are suffering horrors just as real and just as great. Such is the case in New York City at the present time.

The Chinese are not the simple-minded people in the making that the Romans found the Germans. The followers of Confucius have evolved a highly complex religion, of which they are as proud as we are of Christianity. It is not in the guise of religion that we shall impart to the Chinese the deep moral truths, of which we are the bearers. That with occidental learning China must have an occidental moral code—of this fact Japan is a "terrible example."

The missionaries are unable to reach the influential and educated class in China. To the educators in the universities is given the privilege of imparting to their intellectual equals among the Chinese the moral ideals and ideas of the white race. Just as the student in our colleges refuses to accept anything on hearsay, but must know the reason, so the yellow man of culture must be convinced. The Chinese gentleman regards Christianity much as you and I regard Bhuddism, as a myth. But he will agree with you if you leave symbolism and speak abstract truth. The truth with the medieval man was that he insisted on regarding symbols as intellectual truth; the trouble with the Chinaman is that he insists on neglecting the inner truth of a symbol.

**INTERCOLLEGIATE NOTES.**

The Syracuse crew defeated Annapolis on Saturday by a length and a half in a two-mile race. The winner's time was 10m. 28½s.

The Yale expedition to recover the remains of prehistoric giant men on the Desolation Islands in the Antarctic Ocean may be stopped unless the State department of the United States interferes. The French government, which owns the islands, objects to being intruded upon for such purposes. The university authorities have appealed to the government, and it is hoped that the matter may be adjusted before any radical measures are taken by the French. It was expected that specimens of the soil, minerals, fish, flora, and fauna would also be collected during the expedition.

The annual "Tap Day" at Yale took place last week, at which time fifteen men were "tapped" for each of the three senior academic societies.

One of the chief features at the Williams College festivities this week will be the production of "The Tragical History of the Life and Death of Doctor Faustus," under the auspices of the English department.

## The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

### Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

### When should I insure my life?

Now! The cost will never be less, and to-morrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

### Where shall I insure my life?

In a purely Mutual Company.  
In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

JOHN M. TAYLOR, Pres't.  
HENRY S. ROBINSON, Vice-Pres't.  
WILLIAM H. DEMING, Secy.

## The General Theological Seminary, Chelsea Square, New York.

# TRINITY

# COLLEGE

The largest of the Trinity College Buildings, shown in this cut, includes the principal Dormitories, the Chapel, the Library, and some of the Lecture Rooms. Other buildings are the Jarvis Laboratories, the Boardman Hall of Natural Science, the Observatory and the Gymnasium.

The Laboratories are fully equipped for work in Chemistry, Natural History, Physics, Experimental Psychology, and in preparation for Electrical Engineering. The Library is at all times open to students for study. A School of Civil Engineering offers complete preparation for professional work.

For Catalogues, etc., Address the Secretary of the Faculty, Trinity College, Hartford, Conn.

**1 CENT IS ALL IT WILL COST YOU** to write for our big FREE BICYCLE catalogue showing the most complete line of high-grade bicycles, tires and sundries at PRICES BELOW any other manufacturer or dealer in the world.

**DO NOT BUY A BICYCLE** from anyone, or on any kind of terms, until you have received our complete Free Catalogue illustrating and describing every kind of high-grade and low-grade bicycles, old patterns and latest models, and learn of our remarkable LOW PRICES and wonderful new offers made possible by selling from factory direct to rider with no middlemen's profits.

**WE SHIP ON APPROVAL** without a cent deposit. Pay the Freight and allow 10 Days Free Trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a **Rider Agent** in every town and can offer an opportunity to make money to suitable young men who apply at once.

**\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR**

Regular Price \$8.50 per pair. To introduce We Will Sell You a Sample Pair for Only \$4.80. (CASH WITH ORDER \$4.55)

**NO MORE TROUBLE FROM PUNCTURES.** Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

**DESCRIPTION:** Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

**COASTER-BRAKES,** built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

**DO NOT WAIT** but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
