TRINITY DEFEATED AT WEST POINT.

Army 33, Trinity 0.

Trinity went down to a 33 to 0 defeat against the Army at West Point last Saturday in a game which although not close, proved to be interesting, especially in the first half. The contest in the opening half was very spirited and close as the score nine to nothing shows, and as four of these nine points were due to a goal from placement it shows conclusively that West Point was unable to gain consecutively by straight football. In the latter part of the game, however, the superior weight of our opponents and the size of their squad, which enabled them to send in substitute after substitute, proved too great a handicap for Trinity, and they scored four touchdowns, three of them at the very end of the game.

The game opened with Philoon kicking off for the Army to Xanders, who made a good run-back to the thirty-five yard line, but fumbled when tackled, and the Army recovered the ball. By hard football they brought the ball to the one yard line, where they were held for downs by magnificent defensive work, but this effort cost Trinity heavily as in the final play Buck had his wrist badly dislocated, which necessitated his withdrawal from the game and may keep him off the field for some time. Maxson punted out from behind the goal line, and although Trinity made a determined stand West Point finally pushed the ball over the line after a series of line bucks. The goal was missed.

From this point on the play was very even, and neither side was able to gain consecutively. Xanders made several runs around the ends aided by excellent interference by Henshaw and Maxson, but the nearest approach to touchdown was the thirty-five yard line.

The soldiers found the Trinity defense so strong that they gave up the idea of trying for another touchdown, and Dean put the ball over on a placement kick from the twenty-five yard line, this ending the scoring for the half.

The second half was entirely different in that it abounded in fumbles, attempts at forward passes, and onside kicks. The soldiers scored so many times in this half, almost entirely for the reason that they were much more clever than Trinity in recovering a loose ball, and indeed took advantage of every opportunity of this sort.

Neither side worked the forward pass with any degree of success, and finally West Point went back to straight line plunges to gain their distance, and finally battered down the lighter but plucky and aggressive Trinity line. The game finally ended with the ball on Trinity's one yard line.

THE NEW FRESHMAN RULES.

In the Form of an Attractive Poster.

The class of 1911 issued its commands this afternoon in the form of an attractive poster, which was the work of H. H. Burgwin, '11. The design is that of a king holding a scroll in his hands, upon which the rules are printed. From the left side of the scroll the word Freshman stands out in big type, with each of the individual letters beginning a rule. The poster is printed in blue on a gray card, the colors of the Sophomore class.

The rules are preceded by a prologue, the work of the poet laureate of the class, which reads as follows:

"Ye guileless babes, give ear!
Cut out your Freshman sins—
Live well these mighty laws—
Ye fools, ye harlequins!

The rules, a combination and reincarnation of the old custom and traditions of the colleges are as follows:

Fail not to be prompt at all college meetings, sings and games. Remember to salute all professors, grads. and men from the class above you, on all occasions. Except on the Sabbath you shall wear none other than the regulation freshman cap, and it shall not be defaced in any way. See that you neither appear at Heub's. nor in a box at any theatre without a man from one of the classes above you. Hold yourself in readiness to step off the board walk at the approach of a man from one of the classes above you. Make not yourself conspicuous by wearing corduroy or khaki trousers; nor affect loud sox or neckties, nor afflict the eyes of the public with pipe, cane, or cigar. All throwing of snowballs and water, calling out of rooms or windows, and sitting on the college fence is strictly forbidden. Never wear school numerals or monograms; nor place any notices whatsoever on the bulletin board. Finally, obey all men in the classes above you, and tend strictly to your own business.

In closing, the class of 1911, through its committee, speaks the following command, which is in the form of an epilogue.

"And note that all these laws have been laid down by the glorious class of 1911, whom you are to respect, obey, and emulate. Oh, Fresh! Beware!

A meeting of the freshman class was called on Saturday noon to discuss underclass track meet and to elect managers for the track and basketball teams. Rankin was elected manager of the track team, and Bates, manager of the basketball team.

The Tripod has moved from its last year's office in Northam Towers to even better quarters, number 4 Jarvis. This move will render the administrations of the paper very much more businesslike by providing a private office for the editor-in-chief and another for the two managing editors, thus allowing a large room for the business managers and the reporters.

"NOW THEN—TRINITY"

EDITORIAL.

Although Trinity was defeated at West Point last Saturday by a score, altogether too large, it is not necessarily even a reason or a foregone conclusion that the rest of the season should be a poor one.

The most unlooked for victory is often plucked from the hands of an opposing team, namely because of a certain cock-sureness and certainty of what the result showed.

So it is evident, that it is not the time to say that the team has not made a record so far, that could compare with last year's, for that was certainly in a class by itself, but it is time to feel that every man on the team should play his best, and every man on the bleachers should do his part in the cheering and singing.

Owing to a difficulty at the printing office several subscribers may be receiving the Tripod very irregularly. We are at present entirely revising the mailing lists and the subscribers will in the future we hope have no trouble. It would be a great favor to us if those having difficulty would report their correct address to the circulating manager.

Field Naturalist Club.

It has been proposed by some members of the college body to form a "Field Naturalist Club." There is no doubt that the students of Natural History and others interested in nature would derive great benefit from such an organization.

Such clubs exist in many colleges where Natural History is taught. In this way the students are given an opportunity for practical field work.

For the purpose of forming such an organization a meeting of those interested will be held in the Natural History building at 3.50 p. m. on Wednesday, Oct. 13.

 PROVIDENT BUILDING PHILADELPHIA

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and to-morrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be, the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company. In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at **OUR** expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.
