PRICE, FIVE CENTS.

#### A COLLEGE SENATE.

#### Proposed at College Meeting.

For several weeks a number of undergraduates have been at work on plans for forming a college senate with the idea of same organizing, some central power to have charge of the various college activities.

A committee of six men from the senior class, composed of Paul Roberts, S. E. McGinley, L. G. Harriman, A. W. Creedon, J. S. Carpenter, Jr., and W. H. Plant, has gathered data from other colleges where there are such organizations already existing and has drawn up a tentative constitution. In this work they received a great deal of aid and advice from Professor Gettell.

The results of their labors were presented to the college body at a meeting held last evening, and after discussion the matter was tabled for a week.

If at the next meeting the project meets with approval, a constitution will be adopted and the members who are to form the Senate appointed, so that the organization may be in working order shortly after the Easter recess.

The constitution as presented by the committee is as follows:

#### Article I.-Name and Purpose.

Manager of the Baseball Team from the end of the Easter recess to the end of the college year.

One member shall be elected by each fraternity not represented in one of the above offices, managers of teams excepted.

One member shall be elected by the neutral body, provided it is not represented by one of the above members, managers of teams excepted.

One member shall be elected by Medusa provided three of its number are not already included in the above mem-

Sec. 2. The term of office of all members, excepting managers of teams, shall be one year, beginning with the opening of college.

name of the representative chosen by each electing body must be sent in writing to the secretary of the Senate, within three days after the specified time of election. Failure to comply with this section shall cause the offending body to lose its members.

#### SPRING ATHLETICS.

#### The Squads at Work.

With the advent of spring the athletes are becoming more active, and men can be seen daily on the diamond and track. The baseball men under the leadership of Captain Connor have been hard at work for some time. Up to Wednesday the practice had consisted mainly of batting and fielding, with the pitchers Cook and Oleson getting their arms in condition by mild work. On Wednesday for the first time a regular line-up was indulged in, and Captain Connor divided the squad into the "Blondes" and the "Brunettes." The former were headed by Abbey, the veteran first baseman, the latter Captain Connor himself directed. There was no attempt made at putting the regulars on one team, but a general division of the available candidates was all that was done. The game, before long degenerated into a slugging match with frequent errors, due no doubt to the earliness of the season. Captain Connor and Webster starred for the "Brunettes," while Potter and Buck were the mainstays of the "Blondes." The diamond was in rather an uncertain condition as it was the first day of its use, but with pleasant weather for the next few days no trouble will be experienced in getting it in shape for the Springfield Training School game which comes Saturday, April 3rd. Several men who were on the squad last year have not yet turned up for practice but it is expected that the whole squad will be practicing regularly from now on.

Captain Maxson has kept the track men extremely active for the past week and they are rapidly getting in good form. Coach Coholan has been at practice to direct the work, and under his efficient coaching the men have showed marked improvement. Mr. Coholan's experience as a track man while at Yale will prove invaluable to the men. The weights are being given their due share of attention and many good showings have been made. Several of the freshmen appear to be of great promise in this department, particularly in throwing the discus, and great things are to be looked for in the meets this spring. As has been said in regard to baseball, not all of the available track men in college have yet put in an appearance but their coming is daily looked for. The students have shown quite an active interest in both baseball anl track, a large number appearing daily to watch the work of the men.

#### CLASS DAY PLANS.

#### Contracts for Engraving Awarded.

During the past week Charles L. Williard, head of the engraving firm of that name of New York, has been at the college to meet the senior promenade and class day committees.

Both committees have decided to place the contracts for their work with his firm, subject to the approval of the finance committee.

The designs for both the class day and the promenade are very attractive, and are well up to the standard of former years.

Considerable progress has been made by all the committees connected with class day, and all the details are being rapidly completed.

#### INTER-CLASS BASKETBALL GAMES

The annual Sophomore Smoker takes place to-night, and in connection with it the championship basketball games. The most important game is between the juniors and the sophomores. Last fall the juniors defeated the seniors and the sophomores won from the freshmen, thus giving them the privilege of playing for first. Last year 1911 won the championship from 1908, but they have lost some of their best men. One fact which adds interest to the game is that there are three 'varsity men on each team. The line-up will be as follows: 1911

H. Cook ......r.f...... Conroy A. M. Smith .....l.f..... Flanders Abbey ...... Ramsdell Capen ...... Carroll Olson or D. Carpenter l.g. Gildersleeve

A second, probably of less interest, will be played between the seniors and the freshmen. The line-up for this game will be as follows:

1909		1912
Buchanan	r.f	. Craik
Connor	l.f I	Bleecker
Buck	Pe	ttigrew
Backus	r.g	Rankin
Butterworth	l.g	Turner

### EDITORIAL.

Tonight the tickets for membership in the athletic association for the spring term go on sale.

It is not necessary to go into detail about the athletic association as every one in college realizes that it is his duty to become a member.

The baseball and track seasons are close at hand and money is needed to defray the various expenses and start the teams out in proper shape.

If every one will bear this fact in mind and make it a point to purchase his ticket at once, it will save the officers, both graduate and undergraduate, a great deal of work and worry and at the same time show the men on the teams that their efforts are appreciated.

In another column we print the proposed constitution for a college senate. During the past few years the several attempts at forming such an organization have ended almost at the start.

However, the time is ripe for such an institution in the college, and it is hoped that the plan will have the backing of every man in college.

When once the senate gets running smoothly it should prove most valuable as a recognized central authority for the different undergraduate activities, some of which are now allowed to run along in a very haphazard manner.

II. In case of any dispute as to the meaning of any clause in the constitution or by-laws, the interpretation of the Senate shall be final, unless set aside by a two-thirds (2-3) vote of the college body at a meeting at which a majority of the college body is present.

#### ALUMNI DEPARTMENT.

On March 21 the Rev. Charles Melbourne Selleck, of South Norwalk, Connecticut, who was given the honorary degree of master of arts from Trinity in 1857, died at the age of 78 years. The Rev. Mr. Selleck was a noted teacher and founded a boy's school in Troy, N. Y. in his early life, later, in 1855, he returned to Norwalk and opened the well known Selleck's Military Academy which he continued to manage until 1888. Mr. Selleck then studied for the ministry and was for many vears rector of St. Paul's Church, Norwalk, and in charge of missions in Lewisboro, N. Y. The death of Mr. Selleck is a great loss to the community.

## INTERCOLLEGIATE NOTES.

During the Easter recess the Yale crew will meet the University of Pennsylvania in a dual rowing contest on the Schuylkill, at Philadelphia. This race is remarkable for the fact that it is the first dual contest between Yale and Penn. since 1889, when they rowed at New London. It is the first time that Yale has ever gone to Philadelphia. The real origin of the race arises from U. of P's kindly offer of their boat house to the Yale crew for spring practice. As the New Haven boat house is in poor condition, and in order to show their appreciation of this generosity the race was arranged by the Elis. The crews met last in any meet at Poughkeepsie in 1897.

The first games of intercollegiate baseball took place on Wednesday. Only two games were played, but they showed that the colleges need more practice to get in good playing form.

The scores were:

Princeton 10; New York University 5; St. John's College 9, Annapolis 5.

Capt. Hamilton Fish of the Harvard football eleven has announced that spring practice will begin Monday and will continue for two weeks. Candidates will be rounded up tomorrow night to listen to a talk by Coach Haughton.

The Harvard University Athletic Club is said to have started negotiations toward securing a match with the winner of the Oxford-Cambridge crew race, provided Harvard again beats Yale on the Thames in New London. If Harvard wins against the Blue, she is willing to go across to race the intercollegiate winner on the other side.

# The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs fr(m day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

#### When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

#### Where shall I insure my life?

In a purely Mutual Company.
In a company that earns, declares,
and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.
