'VARSITY DOWN THE FRESHMEN.

Team Plays N. Y. U. in First Home Game Saturday.

The 'varsity baseball team easily defeated the freshman team in a game on Trinity field, Wednesday afternoon. The game was characterized by hard hitting and good fielding on the part of the 'varsity. Thomas for the freshmen pitched a good game, but errors behind him were responsible for most of the 'varsity's runs. The score at the end of the fifth inning was 12 to 2. Cook, the 'varsity pitcher, had everything his own way and the freshmen secured only three hits off his delivery.

Horan played his usual star game. He accepted all his chances in fielding and secured three of the varsity's hits. Gildersleeve made the only error charged to the 'varsity on a low throw to Abbey of a hard hit grounder. Captain Smith was in left field, with L'Heureux behind the bat. Olson, the 'varsity pitcher, worked in right field and did well.

For the freshmen, Captain Sayres played a brainy game and coached his team in fine style. He made two of his team's hits and caught a fine game. Barnett played well in the field and drove in two runs with a pretty hit over third base when it was needed. To-day, the 'varsity plays the Hartford League team at the Wethersfield Avenue grounds. Coach Connery of the baseball team is Captain of the Hartford team and he will work hard to see his leaguers down the college team.

On Saturday, the first home game of the season occurs on Trinity field, when the 'varsity meets N. Y. U. at 3 in the afternoon. The college body, the alumni and townspeople are anxious to welcome the team on its first appearance at home and a large crowd is expected. The guests of the sophomore class at their smoker this evening will remain over until to-morrow and will attend the game as guests of 1912. The team should have no trouble in defeating N. Y. U. The same men have been playing together for seven games and are working together very well.

The pitchers are in good shape and with three men to call upon one at least should be in good shape to pitch winning ball.

Princeton has beaten N. Y. U. by a score of 11 to 1 this year, while Trinity has been busy defeating the best teams in the North and South. The Brown game last Saturday in which Trinity won 7 to 1 showed that the players have steadily improved. The fielding and coaching are snappy, and every man is batting better than could be expected. With a fair break of luck, Trinity is due to defeat N. Y. U.

Four of the women at Wooster University were caught smoking cigarettes, and will probably be expelled from the institution.

ISAAC E. CRARY '27 AS AN EDUCATOR.

In the Fourth Annual Report of the President of the Carnegie Foundation for the Advancement of Teaching is an interesting historical account of the development of the University of Michigan, the first State University established in America. This institution dates back to 1817, when there was incorporated the "Catholopistemiad of Michigan" under the control of thirteen "didactors." Four years later the school was reorganized as the University of Michigan, and in 1835 a second reorganization gave to the Institution substantially its present form.

The subject is of particular interest to all Trinity men because it was a graduate from our earliest class, Isaac E. Crary, '27, who was the Chairman of the Education Committee of the State in 1835 at the Constitutional Convention and who, probably, was chiefly instrumental in securing for the University its permanent establishment.

Mr. Crary came to Trinity (then Washington) College from Preston, Connecticut, where he was born in 1804. He was graduated, as above stated, with the first class, in 1827. He took graduate work at Trinity during the academic year 1827-28 and was later admitted to the Bar. He was the first representative in Congress from Michigan, serving in the Twenty-fourth, Twenty-fifth, and Twenty-sixth Congresses. He was a Regent of the University which he was instrumental in establishing from 1837 to 1844, representative in the Michigan Legislature from 1842 to 1846, and Speaker during his last term. He died at Marshall, Michigan, in 1854, at the comparatively early age of fifty years.

It is pleasant to be reminded from time to time of the part which Trinity graduates have taken in civic affairs, and to feel that our fathers and grandfathers have not been lacking in effective public spirit.

RUSSELL AND TERRY FELLOWSHIPS AWARDED.

The following announcement has been made concerning the recent awards of the Russell and Terry Fellowships. By vote of the faculty, the Russell Fellowship for the ensuing two academic years has been awarded to F. D. Carpenter. Upon recommendation of the Faculty the President has appointed to the Terry Fellowship, for the ensuing academic year, G. W. Gamerdinger.

Gamerdinger, who is already an accomplished pianist, intends to pursue further studies in music. He has been awarded the Holland prize scholarship twice during his course, and is the Valedictorian of his class.

Carpenter anticipates a two years' course at some German University. Carpenter received the Holland scholarship one year, and is class Salutatorian. He has won some distinction in basketball.

CHINESE STUDENTS TO CONVENE AT TRINITY.

The annual convention of the Chinese Students' Alliance of the Eastern states will be held here during the Trinity vacation, probably during the last week in August.

An exceptionally interesting program is being prepared. There will be a number of highly interesting and instructive lectures and talks by noted men. Athletics will play an important part in the activities of the meeting. There will be a number of events including a track meet, association football, base ball and tennis. Mr. Leon '13 has been appointed the committee on entertainment of delegates. Further details will be published at a later date.

Walter Camp was the one who advised Yale to decline to send its wrestling team to the intercollegiate championships, and as a result it is expected that a new wrestling association, consisting of Harvard, Brown, Yale and Princeton, may be formed.

Capen, R. H. Merrill, H. C. Green and H. G. Marlor is doing its utmost to make them a decided success. Tickets may be purchased of the committee at one dollar per couple.

SENIOR TREE PLANTING.

Class Elm Planted Monday.

The annual planting of the Senior Elm will take place Monday afternoon at a quarter to four. The ceremony which promises to be unusually impressive will be similar to those of recent years in the general plan of procedure.

The class will assemble in caps and gowns in front of Northam Towers, from whence they will proceed to the spot, not as yet decided upon, where the class elm will be planted. It is hoped that the Seniors will continue the custom originated by last year's class in planting under the roots of the tree a poem written by some member of the class. The class is making arrangements whereby it expects to include on the program an address by Pres. Luther.

EDITORIAL.

Welcome sub-freshmen! The college body and the alumni extend to you heartiest greetings and salutations on this the occasion of your visit to Trinity College. The freedom of the college is yours, do not hesitate to use it. You are here to become acquainted with Trinity, and we are more than willing to show it to you. Do not hesitate to ask questions; we have nothing to conceal, and will gladly answer anything. We know from experience that the better you know Trinity College the better you like it, and we want you to know it and like it. To-night you will taste of the hospitality of the Sophomore class, your sister class next year; you will hear from some of our alumni how they love their Alma Mater; you will hear from our captains how athletics stand in the college; and to-morrow you will have a live demonstration of what a small college can do towards turning out a good baseball team. And, if you want to look into the courses of study offered here, the lecture rooms, the museums, and the library do not hesitate to do so. This smoker is a good time to forget your studies and have a good time, but we want you here next year so do not hesitate to look us over.

Saturday we have the first home baseball game of the season. The team has just returned from a most successful southern trip, they have just beaten Brown by the score of 7-1, in fact they are just as good as any team which has ever represented this college. To-morrow they play at home for the first time; and it is up to every man in col-

lege to give them a royal welcome. There will undoubtedly be a large crowd out to this game for there is great interest taken in the work of the team this year by the citizens of Hartford and they will certainly be present at the first home game; and also there will be a good number of sub-freshmen in attendance. It will be a splendid chance to show our friends some real cheering. There was a large crowd of rooters at New Haven for the Yale game and the cheering there was very good, but for the game to-morrow it must be very much better. Let every single man come to the game early and be sure to sit in the cheering section. Bring your megaphones and be prepared to shout yourself hoarse. Without doubt there will be abundant opportunity for cheering with our team playing the way it is now doing.

PROF. URBAN TO LECTURE BEFORE SOCIALISTS.

Dr. W. M. Urban, professor of philosophy, will deliver an address before the Hartford branch of the Socialist party, Tuesday, April 19 at 8 p. m. at the Cosmos Hall, 730 Main street.

The subject chosen for the evening is "The Ethical Value of Labor Unions." Prof. Urban treats this subject in his usual magnificent way, and it is expected that every Trinity man will avail himself of the opportunity to be present, and hear a lecture on the most vital question of the present time. The admission is free.

RESOLUTIONS ADOPTED JUNIOR CLASS.

Whereas, It has seemed wise to our Heavenly Father to call to His own our respected friend and classmate, Philip James Flanders,

Resolved, That, we, the class of 1911 of Trinity College, extend our sincere sympathy to his family and friends and, be it also

Resolved, That a copy of these resolutions be sent to the family and to the "Trinity Tripod."

AN OPPORTUNITY FOR A FEW INVESTORS.

The 8% 10-Year Purchasing-Fund Gold Certificates

ISSUED BY

THE WHEEL-MOTOR TRACTION CO.

This company has the sales monopoly of an improved form of commer-
 cial automobile, now in successful use by the U. S. Government and leading
 business concerns. The \$25,000 accumulated by the sale of these certificates is
 to be used for one purpose only—buying machines at the factory to fill orders.
 The machines are then shipped C. O. D. to the purchasers. Thus there is no
 credit risk, and the investors' money is neither tied up in equipment nor dis-
 sipated by expenses, but is either in cash on hand or convertible thereto at
 short notice.

Investors in this purchasing fund have the option of withdrawal of prin-
 cipal before maturity. A strong National Bank has agreed to act as Trustee
 of this fund for and on behalf of investors—to see that it is kept intact and
 used only as a purchasing fund. This bank will pay dividends as they fall
 due and will return to any certificate holder, upon sixty days' notice, the
 amount of his investment or any part of it, should he desire to withdraw
 same at any time before maturity.

The total issue is only \$25,000, each certificate being for \$25. For the
 present, with each \$25 certificate is given one share of 8 per cent preferred
 stock, par value \$10; and with each \$100 purchase five shares of preferred are
 given. This unusual opportunity really brings the net return up to about 12
 per cent, with the prospect of selling the preferred for nearly enough to pay
 for the whole investment. We make this offer so that it will not be necessary
 for this announcement to appear extensively, as previous issues have been
 largely oversubscribed.

If interested in absolute security of principal, large and definite interest
 return, and opportunity of speedy withdrawal of principal before maturity if
 desired, this investment should receive your immediate attention. Commun-
 ications and orders should be addressed, and checks made payable to,

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.
In a company that earns, declares, and pays annual dividends.
In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.
