

The Trinity Tripod

VOL. VI. No. 33

HARTFORD, CONN., Friday, February 25, 1910.

PRICE, FIVE CENTS.

REVIEW OF THE HOCKEY SEASON.

Team Showed Up Well.

The hockey season just passed has been a fairly successful one, for the teams played were of a much higher standard than the Trinity hockey team has ever before attempted. The last two years has shown a marked improvement both in the interest manifested by the students and in the playing of the team, for each year better teams have been played and more experience in big games has been gained.

The first game played was with Amherst, over whom a victory was won last year. The score this year, however, showed a defeat for Trinity by a score of 3-0. The game was played just after the Christmas holidays and the team had not been on the ice for nearly three weeks, while the positions of the players had not been definitely arranged. Suffice it to say that the team put up a good game against a team which has proven to be a very strong one.

The first home game resulted in a victory over the Springfield Training School by a score of 3-1. The team had by this time begun to find itself and played excellent hockey.

The game with Wesleyan was a disappointment. The ice was in very poor condition and a heavy wet snow fell throughout the game, making it impossible for good team work. An overtime period of five minutes was played to settle the tie of 1-1 but no more scoring resulted. Wesleyan then refused to play any more and the game ended a tie.

The second victory was gained over the Massachusetts Agricultural College, by a score of 1-0. Again the conditions for playing were very poor, but Trinity outplayed her opponents, in a fast game.

The game with Loudon Field Club at Albany resulted in a defeat by a score of 9-1. The playing was very fast and towards the end developed very rough. The teams were very closely matched, the home team, however, having a decided advantage in knowing the rink, which was a very small, narrow one enabling the players to shoot from anywhere on it. This style of play was new to the Trinity men and although they held their heavy opponents to a stand still most of the game, they were nevertheless forced to accept a defeat which the score in no way shows.

The following night Williams with one of the best college teams in the country defeated Trinity 7-1. This game was played in the same rink as the game with Loudon Field Club and with much the same result. The playing was a whirl-wind kind which exhausted the players on both sides but was remarkably free from rough play. The Williams goal tender played a good game, specially in the second period and prevented many shots which appeared to be destined for goals for the Trinity forwards.

Taking up the individual players, Capt. Haight throughout the season played his usual fast, consistent game at center

DR. LUTHER'S VISIT TO MIDDLE-WEST.

Has Stopped at Many Schools.

Dr. Luther returned on the twenty-third from a two week's trip through the middle west, where he visited and delivered speeches at many places. He left on Wednesday, Feb. 9th, and during his trip visited and made addresses at the following schools:

Racine Grammar School, Racine, Wis.; St. John's Military Academy, Delafield, Wis.; West Side High School, Milwaukee, Wis.; Latin School, Chicago, Illinois; St. Alban's School, Knoxville, Ill.; The Howe School, Howe, Ind.; Masten Park High School, Buffalo, N. Y.; and DeVeaux College, Niagara Falls, N. Y.

Dr. Luther also preached in Delafield, Wisconsin, on Sunday, February 13th, and twice at Trinity Church, Buffalo, on the 20th. He said he found everywhere a gratifying interest in Trinity. Five of the eight schools visited by Dr. Luther are headed by former pupils of his, either at Racine or at Trinity.

On the evening of Tuesday, Feb. 15th, Dr. Luther attended a gathering of the Trinity Alumni of Chicago and vicinity, at the University Club. There was a large attendance and a dinner was served, followed by an interesting talk. Among those present were: Mr. Carlton, former Librarian, and Mr. Merrill, lately Professor of Latin at Trinity. The Hon. J. H. S. Quick of the class of 1858 presided at this meeting.

Trinity's President came back with an entire loss of respect for the Railway system. He took, during the course of his trip, twenty-three trains, of which twenty were late by periods varying from 15 minutes to three hours.

Dr. Luther expects to make a special trip to Detroit about the middle of March.

and was a great strength to the team by his encouragement and the team's faith in him.

Breed, at right wing for his second season, played a remarkably steady, fast game and figured in most of the scoring.

Morris played a good game at rover after his shift from cover point, and with more experience should make a valuable man. The same remarks apply to Burgwin at left wing.

Rankin, last year's left wing, started in the season at rover but was later shifted to cover-point, in which position he showed up well on account of his weight and speed.

Eaton, who has just finished his second season at point, has played a very reliable game, quick to "size up" plays and has worked well with his cover-point and goal-tender.

Brainerd who has been at goal for his third year, displayed clever work at almost all times. He was especially good at stopping hard drives while the slow easy shots seemed at times to puzzle him.

BY-LAWS REGULATING THE ELECTION OF ASSISTANT MANAGER, AS RECOMMENDED BY THE SENATE.

Any member of the College body who shall aspire for the position of assistant manager shall be governed by the following point system:

The candidate shall receive:
For an afternoon's work on the field, 20 points.
If he arrives after 4 o'clock on the field, 10 points.
If he arrives after 4:30 o'clock on the field, 0 points.
If candidate is not there at 5 o'clock, -10 points.
For attendance at a full game, 40 points.
15 minutes late at game, 20 points.
30 minutes late at gam, 0 points.
Not present at game, -20 points.

For each A. A. ticket that candidate shall sell during the first two weeks of Fall Term, he shall receive eight (8) points.

For each A. A. ticket that candidate shall sell in Fall Term after first two weeks he shall receive four (4) points.

For each A. A. ticket candidate shall sell during first four weeks of Spring Term he shall receive eight (8) points.

For each A. A. ticket that candidate shall sell in Spring Term after first four (4) weeks, he shall receive four (4) points.

Any candidate having less than seventy-five (75) per cent of the number of points attainable shall not be considered as qualified for position of assistant manager.

In ticket selling there shall be no attainable number of points.

If any candidate does not obtain this percentage, the Manager shall report the two highest men as eligible; and he shall also report their relative standing.

Work other than the above mentioned shall be rated at ten points per hour.

The attainables in this work shall be qualified as nearly as possible by the Manager.

The Manager shall present to Nominating Committee, before the election of candidates, a report of the points attainable and of those attained by each candidate.

Senate of Trinity College.

Two other men played in games before scholarship requirements forced them to stop. These two, Howell and Moberly were both regular players and their loss very materially weakened the team.

The prospects for an excellent team next year are very bright although this may be a little early to tell. Only one man is lost by graduation this one being Eaton at point. Of the remaining players four have already played on the team for two years and with these men and those who have also played this past year the line-up for next year will probably be materially the same.

DR. McCOOK RETURNS TO COLLEGE.

Account of His Trip.

Dr. McCook who has been absent from college on a vacation after his strenuous labors in the raising of the Endowment Fund, has returned and gives a very interesting account of his trip. He sailed from New York to Jacksonville, Florida, a journey which lasted three days, the only stop being at Charlestown. At Jacksonville, he changed steamers for the trip up the St. John's river to Stamford. This river voyage was a pretty one as the banks of the river are very picturesque. From Stamford to Miami he traveled by rail and then sailed from Miami to Nassau.

This last trip, both going and coming, was the only unpleasant part of the whole trip. The steamer persisted in running aground and consequently the passengers were delayed, while the service in general was of the poorest. At Nassau, Dr. McCook spent the rest of his vacation.

Nassau, the principal city of Bahama I land, has a population of about thirteen thousand of whom four-fifths are negroes. There is no race feeling, however, between whites and blacks but all live in perfect harmony. The blacks take their share in the government and three members of the assembly are negroes.

Dr. McCook was present at a meeting of the assembly. The members of this body attend the meetings attired in full evening dress. They have there a mace which is said to have been used in the colonial government in South Carolina and to have been brought to Nassau by the numerous Royalists who fled from South Carolina during the Revolutionary War. In this assembly, the method of procedure is the opposite of ours in putting a question to a vote. There the "nays" rise and the "ays" remain seated.

The weather in Nassau is always warm even in the winter time. The lowest temperature ever registered there is 51 degrees. On one day that Dr. McCook was there the temperature read 70 degrees at sunrise and reached a maximum of 80 degrees in the shade.

The island is of coral formation with only a very thin covering of black mold but everything grows with great rapidity. The crop of fruit is especially large, and fruit is so abundant in that country that it is given away. The growth of everything requires only the minimum of care. About all that is necessary is to plant. The climate does the rest.

The most beautiful part of the scenery is the water which lies in alternating belts of blue and violet of the most exquisite tints. There are boats to rent with glass panels in the bottom through which it is possible to see the sea bottom and marine life. The fish in these regions are very brilliantly colored. The harbor is perfectly sheltered but is not open to navigation

Continued on the Second Page.

The Trinity Tripod

Published Tuesdays and Fridays in each week of the college year by students of Trinity College.

Subscribers are urged to report promptly any serious irregularity in the receipt of the Tripod. All complaints and business communications should be addressed to the Circulation Manager.

The columns of THE TRIPOD are at all times open to Alumni, Undergraduates and others for the free discussion of matters of interest to Trinity men.

All communications, or material of any sort for Tuesday's issue must be in the Tripod box before 10 p. m. on Monday; for Friday's issue before 10 a. m. on Thursday.

Entered as second class matter Sept. 24, 1909, at the Post Office, at Hartford, Conn.

EDITORIAL.

In another column of this issue of the Tripod will be found a plan of the point system as worked out by the Senate. When the point system was first proposed here at Trinity, several men wrote to various colleges, where such a system is in successful usage. After studying these systems and considering the conditions at Trinity these by-laws have been submitted. They are to be voted upon by the members of the Athletic Association at a meeting in the near future. The main object of this system is to have as manager of the various athletic teams, men who are qualified to do the work, that is to say, men who have had experience along the line of managing a team. It is to have managers elected for their ability. Similar systems have been tried in several of the New England colleges with good results; in one of these colleges it is possible for but two men to qualify for election. The percentage of seventy-five per cent. was recommended as one which was deemed fair until this point system was given a thorough try-out at Trinity. If this system is adopted, it may cause a little extra work for the assistant manager, but it is believed that he will be fully repaid for extra work during the season when he is manager.

RESULTS OF THE RECENT ARMORY MEET.

At the annual indoor track meet held in the new armory, Yale won first place and Wesleyan second. There were three regular intercollegiate events and several open events, in which college men took part. The summary of intercollegiate events:

Seventy-Five Yard Dash.

First Heat—Won by Bacon, Wesley-

an; second, Swartz, Tufts; third, Redshaw, Tufts. Time 8 3-5.

Second Heat—Won by Robson, Wesleyan; second, D. N. Lew, Mass. Agr.; third, Kattelle, Tufts. Time 8 1-5.

Finals—Won by Robson, Wesleyan; second, Bacon, Wesleyan; third, Swartz, Time, 8 seconds.

One Mile Run.

Won by H. S. Cadwell, Massachusetts Agricultural College; second, J. F. Dec, Massachusetts Agricultural College; third, Atwater, Tufts. Time, 4:56.

One Mile Relay Race.

Won by Wesleyan; second, Massachusetts Agricultural College; third, Tufts. Time, 3:44 1-5.

Winning Team—P. Hastings, E. E. Schlee, J. Wendell, L. Wood.

The summary of the open events, competed in by college men is:

Seventy-Five Yard High Hurdle.

First Heat—Won by Platt, Yale; all others disqualified. Time, 10 1-5.

Second Heat—Won by Merrill, Yale; second, R. E. Goggin, Pastime A. C. Time, 11 2-5.

Third Heat—Won by Chisholm, Yale; second, C. H. Babcock, H. H. S. Time, 10 2-5.

Finals: Won by Chisholm, Yale; second, Platt, Yale. Time 10 seconds.

One Mile Relay Race.

Won by Wesleyan. Time, 3:48. Second, Yale; third, Massachusetts Agricultural College; fourth, Trojan A. C.

Running High Jump.

Won by W. Canfield, Yale; height, 5 ft. 9½ in.; second, Merrill, Yale; third, E. L. Chisholm, Springfield Y. M. C. A.

Pole Vault.

Won by R. A. Gardner, Yale, height, 11 ft.; second B. Wagoner, Yale; third, J. B. Myers, Yale.

Putting 12-Pound Shot.

Won by E. Parkinson, Wesleyan, distance, 44 ft. 11¾ in.; second, S. D. Sampson, Massachusetts Agricultural College; third, Wm. Dowling.

Dr. McCook Returns to College.

Continued from the First Page

by large vessels as the water is too shallow, though it is used by yachts and small vessels. The harbor is formed by a natural breakwater in the shape of a coral reef named Hog Island. On this island lives an old man and his son who run a bathing establishment. You are given a bathing suit, permission to use the water and as much fruit as you can eat for twenty-five cents. The record for the consumption of fruit is held by a man who once ate thirty coconuts. Upon finishing this delicate repast he turned to the proprietor of the place and said, "You must let me give you another shilling for the fruit." "Not at all," said the old man, "Pass right along. You know that the name of this place is Hog Island."

Dr. McCook returned from Nassau by steamer to Miami and from there to Hartford by rail.

'62—Armand Lamar deRossett of the class of 1862 died Jan. 30, 1910 at Wilmington, N. C. He left college at the outbreak of the Civil War, and joined the Confederate army, and soon became a lieutenant in the Third North Carolina Regiment. He took part in most of the battles around Richmond, and later was badly wounded at the battle of Averasboro. After the war he commanded the Wilmington Light Infantry for several years. He was married in 1866 and six children survive him.

ALUMNI NOTES.

'50—The 80th birthday of the Rev. John T. Huntington '50, rector of St. James Church, Hartford, Conn., was recently celebrated by a reception given to him by his parishoners in the parish house of the church.

'54—The Rt. Rev. John Scarborough '54, bishop of the diocese of New Jersey, recently observed the thirty-fifth anniversary of his consecration.

'58—The Rev. Dr. W. H. Vibbert '58 has founded a scholarship in the Berkeley Divinity School of which he was formerly a professor.

'71—The Rev. Dr. Lucius Waterman '71 has delivered the second course of Mary Fitch Page lectures at the Berkeley Divinity School.

'70—Geo. E. Elwell, of Bloomsburg, Pa., has been elected a School Director of the Bloomsburg School District for a term of four years. He was also recently elected as a member of the Joseph Ratti Hospital Corporation of Bloomsburg.

'73—Col. Edward Biddle Watts died at his home in Carlisle, Pa., on Sunday, February 20th, aged 58 years. He was a prominent member of the Cumberland County Bar, a Director of the Cumberland Valley Railroad, and a vestryman of St. John's Church, Carlisle. He once filled the office of District Attorney of his county. He served in the army all through the Spanish War, having been a member of the National Guard of Pennsylvania for many years. He rose through successive ranks to lieutenant colonel of the Eighth Pennsylvania Regiment, and was in command of this regiment at the time of its mustering out at the close of the Spanish War.

'84—At the February meeting of the Yale Corporation held on the 21st instant, Charles McLean Andrews '84 was elected Farnam Professor of American History. Dr. Andrews was Professor of History at Bryn Mawr College from 1889 to 1907, and for the past few years has held a similar position at Johns Hopkins University.

'87—The Rev. G. Calvert Carter '87 has resigned the rectorship of St. Andrews Church, Washington, D. C., to accept that of the Church of the Redeemer, Bryn Mawr, Pennsylvania.

'89—The address of Charles H. Hubbard '89, is 815 Meriden St. Anderson, Ind.

'96—Married, in Minneapolis, Minn., on February 2nd, Edward Savage Dobbin '96, to Miss Bertha Chase.

'96—Shiras Morris '96 was recently elected a director in The Industrial Realty and Title Guarantee Co. of Hartford.

Charles M. Hardenbergh of Minneapolis, Minn., died at his home on January 31st. He was born in New Brunswick, N. J., in 1833 and went to Chicago in 1861 and to Minneapolis in 1864. He engaged in the milling business and at the time of his death he was president of the National Milling Co. of Minneapolis.

AN OPPORTUNITY FOR A FEW INVESTORS.

The 8% 10-Year Purchasing-Fund Gold Certificates

ISSUED BY

THE WHEEL-MOTOR TRACTION CO.

This company has the sales monopoly of an improved form of commercial automobile, now in successful use by the U. S. Government and leading business concerns. The \$25,000 accumulated by the sale of these certificates is to be used for one purpose only—buying machines at the factory to fill orders. The machines are then shipped C. O. D. to the purchasers. Thus there is no credit risk, and the investors' money is neither tied up in equipment nor dissipated by expenses, but is either in cash on hand or convertible thereto at short notice.

Investors in this purchasing fund have the option of withdrawal of principal before maturity. A strong National Bank has agreed to act as Trustee of this fund for and on behalf of investors—to see that it is kept intact and used only as a purchasing fund. This bank will pay dividends as they fall due and will return to any certificate holder, upon sixty days' notice, the amount of his investment or any part of it, should he desire to withdraw same at any time before maturity.

The total issue is only \$25,000, each certificate being for \$25. For the present, with each \$25 certificate is given one share of 8 per cent preferred stock, par value \$10; and with each \$100 purchase five shares of preferred are given. This unusual opportunity really brings the net return up to about 12 per cent, with the prospect of selling the preferred for nearly enough to pay for the whole investment. We make this offer so that it will not be necessary for this announcement to appear extensively, as previous issues have been largely oversubscribed.

If interested in absolute security of principal, large and definite interest return, and opportunity of speedy withdrawal of principal before maturity if desired, this investment should receive your immediate attention. Communications and orders should be addressed, and checks made payable to,

The Wheel-Motor Traction Company

N. E. DISTRIBUTING PLANT ALLSTON DISTRICT, BOSTON, MASS.

We are prepared to offer permanent positions to six capable college men, who can secure \$1,000 to be invested in the above. These positions are open for either January or July 1st and will pay \$1,200 or more a year to start, with prospects limited only by ability of the men.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

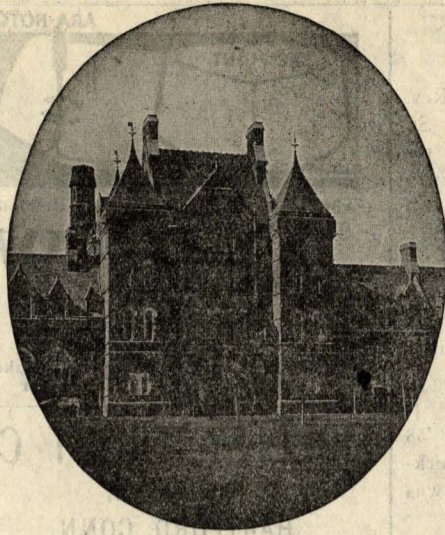

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.
In a company that earns, declares, and pays annual dividends.
In a company that is doing a conservative business.
Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.
For further information, address the Company, or any of its agents.
John M. Taylor, Pres't.
Henry S. Robinson, Vice-Pres't.
William H. Deming, Secy.

TRINITY COLLEGE

HARTFORD, CONNECTICUT

The Library contains about 56000 volumes, 30 per cent of which have been purchased within the last twelve years. It is open daily for consultation and study.

The Laboratories, Physical, Chemical, Biological, and Physico-psychological, are fully equipped with modern apparatus for work in these departments. Special attention is given to work in preparation for Electrical Engineering, Civil Engineering, Industrial Chemistry, and Medicine.

Extensive courses are offered for study in Mathematics, Ancient Languages, Modern Languages, Economics, History, Ethics, and Philosophy.

A large list of valuable scholarships and prizes may be found in the Annual Catalogue.

For Catalogues and information address the President or the Secretary of the Faculty.

FATIMA TURKISH BLEND CIGARETTES

20 for 15 cts.

AFTER the rush. Coat inside out, sans collar, tie, etc. Happy at least in the possession of a good smoke—Fatima Cigarette.

Their mild, mellow fragrance will always cheer. The pleasing taste that comes from the blended Turkish tobacco will satisfy.

And the economy in packing gives you ten extra cigarettes.
