

The Trinity Tripod

VOL. VI. No. 35.

HARTFORD, CONN., Friday, March 4, 1910.

PRICE, FIVE CENTS.

BASKET-BALL TEAM MEETS STRONG OPPONENTS.

Worcester Tech. and Wesleyan to be Played.

Saturday night the Trinity basketball team meets the Worcester Tech. five at Worcester and a close game is expected. Trinity, however, will be seriously handicapped by the loss of two men, Abbey and Capen, who will be unable to play.

On Tuesday the 8th, our team goes down to Middletown and lines up against Wesleyan. The outlook for this game is rather dubious, although the Trinity men have not given up all hope of victory. It is hoped that Abbey and Capen will be back in the game by that time, and materially strengthen the line, but it is rather doubtful. The men from Trinity will line up against a fast and strong team and probably will experience one of the hardest games of the season.

Wesleyan's team this year has defeated such strong teams as Brown, Dartmouth, Pratt and Princeton, and occupies second place in the New England League, while Trinity has had but few victories, though many close contests. On account of the absence of home games this season, the basketball team has not had much chance of support by the undergraduates, but it is strongly hoped that our team will have some loyal rooters at Middletown to cheer them on to do their best. The rival teams will face each other as follows:

Trinity	Wesleyan
Carroll	rg J. Hayward (c)
Gildersleeve	lg Pettigrew
Ramsdell	c Wilcox
Carpenter	Horan rf P. Hayward
Cook. (c)	lf Davidson

INDOOR BASEBALL PRACTICE.

Owner of Hartford Team to Go on Trip.

Owner Clarkin of the Hartford team has decided to take his spring vacation by accompanying the baseball team on the trip south. The team will start Monday, March 28th, stopping at Philadelphia Monday night, and playing the first game Tuesday. The team plays the Navy at Annapolis, Washington College, Trinity College of North Carolina, and Georgetown University.

The team has been invited to stop over, while in Maryland, to attend a smoker, tendered in their honor by the Maryland Alumni Association.

This will be a fine trip and by the time the team returns, Coach Connery should have the team well in hand.

Connery said that the battery candidates looked good to him, there are four pitchers and two catchers and that two of the pitchers have plenty of smoke and the backstops handle their speed nicely.

The squad at present is about large enough for two nines and it is expected

DR. LUTHER PRESIDES AT CONFERENCE.

Addresses State Organization of Charities.

The first session of the three days' meeting of the state organization of charities and correction was held in Unity Hall last evening with President Luther presiding as the head of the organization. Many from out-of-town were present, and the indications are that the rest of the sessions will be well attended.

Besides an address last evening by President Luther, Mayor Edward W. Hooker made an address of welcome, a paper was read by Governor Frank B. Weeks and an address was made by Alexander Johnson of Fort Wayne, Ind., who is the secretary of the national organization. An informal reception followed the meeting and three sessions will be held to-day.

President Luther said in his address that a meeting of this sort is a great step forward toward the unity of churches; "we are here altogether, met in Unity Hall and are agreed upon many things. It is a step toward the millenium, and the millenium is something far from undesirable. Many present can remember when that beautiful word, charity, stood for something to be avoided, and to be accepted only with a sense of humiliation and shame. Now we have gone so far in the other direction that charity becomes a serious burden to the city and the state, both being forced to pay the way of those who ride upon the car of progress without having the price of a ticket.

It is a shame that this burden is so great. It is to lessen this burden, that such conferences as these are held. A very large part of what we see of need and want might have been prevented by one means or another; sick, insane, criminal are many whose present condition might have been prevented. It is through the careful training of children that our burden may be lightened. We must care for the derelicts upon the sea of life; see that no one goes hungry or naked, and we should and must endeavor to see that no man or woman able to work shall remain idle. We can teach children, but cannot greatly influence the life of the adult.

These latter we must care for as our brothers and the children of God but we may lessen the number of these in another generation."

that the men will be able to play outdoors in less than a week. The diamond at Trinity gets dry quickly and the players are anxious for batting practice. The infielders are able to get some practice in the gym but it is not large enough for the outfielders to work to advantage. The cage in the subway is too dark for the fancy curves to show up well. The men had signal practice yesterday and the coach explained many of the signals used last season by the Hartford.

SOPHOMORE DINING CLUB HOLDS BANQUET.

Much Spirit and Interest Shown by Members.

The mid-year dinner of the Sophomore Dining Club was held at Bond's Main Street Restaurant on Tuesday evening, March 1. The toastmaster of the banquet, which was the second of the year, was William A. Bird 4th. All of the active members of the club were present, there being no guests or members of the upper classes present. The banquet was an excellent one and the toasts responded to were witty and to the point and much college spirit was displayed.

The first speaker introduced by the toastmaster was K. Maxwell Kendall, on account of C. R. Whipple's absence, who responded to the toast "The Smoker," telling some of the plans of the committee for this event which promises to be the best which has been held since the smoker became a college institution. Chapin Carpenter told "What We Can Do and How." Just what this was all about was not disclosed by the members after the banquet but there are some members of the freshman class who have a sneaking suspicion that the talk alluded to the activities occurring upon the anniversary of the birth of a certain verdant saint.

"1912" was upheld by Lawrence A. McClure with some brisk remarks and "Various Other Matters" were treated upon by G. T. Bates, president of the sophomore class for the Christmas term. The tone of the banquet was quieter than usual and it was voted entirely satisfactory. The menu served was as follows:

Celery Olives Salted Almonds
Buzzard Bay Oyster Cocktail
Clear Green Turtle Soup
Crab Meat a la Newbourg
en Remmekins
Ragout of Sweetbreads
en Coquilles au Gratin
Orange Sherbeth
One-half Roast Stuffed Guinea Chicken
Grape Jelly
Julien Potatoes French Peas
Waldorf Salad
Fromage de Brie
Hard and Soft Toasted Crackers
Demi Tasse

After the speeches, A. E. Rankin was unanimously elected toastmaster for the next banquet to be held by the club.

Those members of the club who were present were the following: G. T. Bates, W. A. Bird, W. H. Bleeker, F. N. Breed, Chapin Carpenter, O. Gildersleeve, K. M. Kendall, L. H. McClure, E. F. Pettigrew, A. E. Rankin, W. Short and H. Wessels.

Assistant Manager A. E. Rankin of the baseball team has accepted the assistance of the following 1913 men as candidates for assistant manager: Thomas G. Brown, Richard L. Deppen, Russell C. Noble, Eliot L. Ward, F. Earle Williams and Hobart J. Roberts.

COLLEGE CALENDER.

Saturday, March 5th—
Basketball, Trinity vs. Worcester Polytechnical Institute at Worcester.

Sunday, March 6th—
Chapel Services:
7:45 Holy Communion.
10:30 Morning Prayer, Sermon and Holy Communion.
5:00 Vespers.

Monday, March 7th—
Meeting of track candidates in Trophy Room at 4:00 p. m.

Tuesday, March 8th—
Basketball, Trinity vs. Wesleyan, at Middletown at 8 p. m.

EARLY TRACK PRACTICE.

Fine Schedule Arranged.

All men interested in track work are requested to report at a meeting of track candidates on Monday at 4 p. m. in the trophy room of Alumni Hall. On that date Coach O'Connell will address the men, give them very important instructions for preliminary work. There is a great scarcity of one and two milers this season, as there is also of weight men. The dashes will be well taken care of, but anybody possessing ability in the distance and weight events is urged to come out.

There is an exceptionally fine schedule for this season, which represents a lot of hard work on the part of Manager Keyes. The schedule is as follows: Dual meets with Brown, Rensselaer and Wesleyan; triangular meet with Holy Cross and Worcester Tech.; and the New England Intercollegiates. This is an unusually hard series of meets and the necessity for all the possible material in college to come out can be readily seen. Field practice will commence as soon as the weather permits the track to be fixed up in its usual good condition. Outdoor practice will commence during the latter part of next week.

ENTHUSIASTIC COLLEGE MEETING.

Baseball and Track Discussed.

The first college meeting of the year was held Thursday night in Alumni Hall and brought out a large majority of the students, who showed their appreciation of the speeches made, by their loud applause and noble rendering of the college yell. Merrill '10, called the meeting to order at 7 o'clock and immediately introduced Anson T. McCook '02, who was recently elected graduate treasurer to fill the vacancy caused by the resignation of Mr. Forward.

The speaker commended the excellent work done by his predecessor and then dwelt upon the imperative need of money for the support of the baseball and track teams. He spoke of the especial need of financial support in view of the intended southern trip of the baseball

EDITORIAL.

On another page of this issue will be found an account of the reorganization of the press club. If this club is carried through in the proper manner and devotes itself to its work as it should, it is an assured fact that much will be done in furthering the interests of the college and in bringing news concerning the college much more into the public eye. Better accounts of athletic contests and other happenings are to be expected and in no other way can the advertising of the college be more efficient. As the work is carried on at present, the accounts are of a rather spasmodic nature, many occurrences of importance escaping the papers altogether, while days may go by when nothing appears at all and then for two or three days, the papers contain long accounts of college happenings. This may not be entirely due to the individual reporters but the newspaper may also be at fault in not printing what the reporter sends in. Now, with a press club, the "write ups" are given authority and the papers are usually only too glad to print trustworthy news of the college. Consistent hard work on the part of the press club is the only factor that can, however, bring good results and it is earnestly to be hoped that a definite scheme of action will be decided on by the club and that results will steadily improve.

Next, the first track practice is to begin and all men who have any ability at all on either the cinders or in the field events should make it a point to start work. Prospects for a good team this year are rather dubious. Many of the best men on last year's team were lost by graduation and still others have

left college, so it is imperative that if we are to be represented well in this branch of athletics a large number of candidates should report. Many men who have never known they had ability in track work have come out with no definite purpose in mind and through skillful coaching been developed into some of the college's best athletes. There are men in college who have had more or less experience in preparatory schools who do not consider themselves of sufficient ability to make the college team, but they can never know their ability until they start work under a competent coach who may find a latent ability in them to be good point winners. It is the man who gets the thirds and fourths one year who is going to run first or second the following year. Special plea is made this year for distance and weight men and do not let the college be disappointed especially in these events just because you imagine that you have no ability.

The alumni department is becoming more and more distressed as time goes on, on account of the decreasing number of alumni notes which are being sent in. Here is a place in which our alumni can greatly help us, by sending in any little notice of something that some fellow graduate has been doing which they know will be of interest. Even very small honors won by an alumnus may be of interest to some one. The undergraduates can also give material assistance to the editors by contributing such facts as they know about alumni friends.

RULES FOR ST. PATRICK'S DAY.

The rules for the St. Patrick's Day "scrap" have been published and are the source of much interest. They read as follows:—

1. The banner shall not be raised down town.
2. The freshmen shall be restricted to the use of one banner, which shall be raised on the campus
3. The campus is considered as the area bounded on the north by the college fence, on the east by a line determined by the "Bishops" and the east end of the college fence, on the west by the college walk and a line directly east from the south side of the main building.
4. Posters shall be put up as usual, except on residences, stores and office buildings.
5. No property, either in the city, or on the campus, shall be defaced by paint.
6. Both classes may take captives after 5 p. m. on March 16, and these captives may be held until after the "scrap." Freshmen on the campus after 4:15 p. m. may be captured.
7. The banner shall be raised between 8 and 9:30 a. m. on the morning of March 17.
8. The banner must be approved of by the president of the Senate at least three days before the "scrap."
9. The judges of the "scrap" shall be appointed from both the two upper classes by the president of the Senate.
10. The banner cannot be taken from the possession of the Freshmen before 8 on the morning of the "scrap."
11. The banner must be displayed for ten minutes.

ALUMNI.

The biennial review of the first company of the Governor's Foot Guard was held on the evening of February 28th in the Foot Guard Armory in Hartford before Governor Weeks and his staff. Major Frank L. Wilcox '80 and the Rev. James Goodwin '86, chaplain of the company, took an active part in the review.

The association known as the Trinity Alumni of Maryland have issued a public list of their membership and the officers. The list contains 38 names. Professor Charles M. Andrews, LL.D., '84, Professor of History in the Johns Hopkins University, and lately elected to a Chair in Yale, is President. The Reverend Romilly F. Humphries '92, is Vice-President. and William H. Licht '07, is Secretary and Treasurer.

PRESS CLUB REORGANIZED.

Officers Elected.

On Wednesday in the History room a meeting was called to reorganize the Press Club. This movement has been on foot for some time under the direction of the Tripod Board. Merrill '10, editor-in-chief of the Tripod, presided at the meeting. The object of the club is to get better press representation for the college in large, well known newspapers. In other words the club wishes to get accounts of all Trinity athletic contests in the representative papers of the East, and in this way bring the college before the eyes of the public at large. Through the club the members become correspondents to the large newspapers. Those present at the meeting were: Merrill '10, Wright '10, Groves '10, Yates '11, Sherman '11, Rees '11, Clark '11, Bird '12, Rankin '12, Craik '12, Evison '12 and Keene. These men elected Merrill '10 as president, Wright '10 vice-president, and Yates '11, secretary-treasurer. These three officers compose the committee which is to draw up the line of work that the club intends to follow.

Enthusiastic College Meeting,

Continued from the First Page

team and its resulting expense. The two coaches of baseball and track would have to be paid for their services, also. Mr. McCook made a strong appeal for candidates in all branches of athletics at the college, and then harped back on the old distasteful subject of the Athletic Association. and the new method of selling A. A. tickets through the aspirants for the assistant manager-ship. In closing Mr. McCook urged all to "come out and try something," and show the true "Trinity spirit."

Merrill called on Captain A. M. Smith next and he outlined briefly the season's prospects, adding that the team had a good pitching staff and could easily develop into a strong batting aggregation. Captain C. B. Judge of the track team urged a large attendance at the meeting on Monday next and spoke of the various meets the track team is to participate in this spring.

The A. A. tickets were distributed for selling and the meeting broke up. It is earnestly hoped that the Athletic Association will have a large membership this term and that everybody will help the new candidates by obtaining their tickets as soon as possible.

AN OPPORTUNITY FOR A FEW INVESTORS.

The 8% 10-Year Purchasing-Fund Gold Certificates

ISSUED BY

THE WHEEL-MOTOR TRACTION CO.

This company has the sales monopoly of an improved form of commercial automobile, now in successful use by the U. S. Government and leading business concerns. The \$25,000 accumulated by the sale of these certificates is to be used for one purpose only—buying machines at the factory to fill orders. The machines are then shipped C. O. D. to the purchasers. Thus there is no credit risk, and the investors' money is neither tied up in equipment nor dissipated by expenses, but is either in cash on hand or convertible thereto at short notice.

Investors in this purchasing fund have the option of withdrawal of principal before maturity. A strong National Bank has agreed to act as Trustee of this fund for and on behalf of investors—to see that it is kept intact and used only as a purchasing fund. This bank will pay dividends as they fall due and will return to any certificate holder, upon sixty days' notice, the amount of his investment or any part of it, should he desire to withdraw same at any time before maturity.

The total issue is only \$25,000, each certificate being for \$25. For the present, with each \$25 certificate is given one share of 8 per cent preferred stock, par value \$10; and with each \$100 purchase five shares of preferred are given. This unusual opportunity really brings the net return up to about 12 per cent, with the prospect of selling the preferred for nearly enough to pay for the whole investment. We make this offer so that it will not be necessary for this announcement to appear extensively, as previous issues have been largely oversubscribed.

If interested in absolute security of principal, large and definite interest return, and opportunity of speedy withdrawal of principal before maturity if desired, this investment should receive your immediate attention. Communications and orders should be addressed, and checks made payable to,

The Wheel-Motor Traction Company

N. E. DISTRIBUTING PLANT ALLSTON DISTRICT, BOSTON, MASS.

We are prepared to offer permanent positions to six capable college men, who can secure \$1,000 to be invested in the above. These positions are open for either January or July 1st and will pay \$1,200 or more a year to start, with prospects limited only by ability of the men.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.

In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

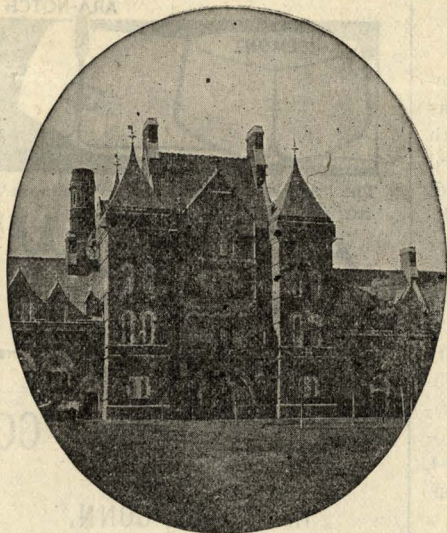

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.
