## BASEBALL TEAM READY.

### Leave for South Monday.

In keeping with the new spirit of enthusiasm which has arisen at Trinity since the raising of the endowment fund, is the Southern trip of the baseball team which is to be made this Easter vacation. When the distance which is to be covered is noticed it will be seen that there has not been a trip of like magnitude in Trinity history for some years. The men who are going will not leave college at the closing time on March 23d but will remain in Hartford and practice morning and afternoon until the day of departure arrives. Coach Connery believes that by this constant work everybody will be in splendid shape for the opening game. Ever since the weather has moderated, on every clear day the team has been at work, batting taking up a large part of each day's practice, although the other departments of the game have been in no wise neglected. So it is expected that the games to be played in the South will all be hotly contested by Trinity. The itinerary of the trip follows:

Monday, Mar. 28.—Leave for Philadelphia where the night will be spent.

Tuesday, Mar. 29.—Washington College at Chestertown, Md.

Wednesday, Mar. 30.—Naval Academy at Annapolis.

Thursday, Mar. 31.—University of North Carolina at Chapel Hill, N. C.

Friday, April 1.—Trinity College at Durham, N. C.

Saturday, April 2.—Trinity College at Durham, N. C.

Sunday will be spent in traveling back to Washington, D. C., where on Monday, April 4 Georgetown University will be played.

Monday night the squad will be given a smoker by the Maryland Trinity Alumni Association at Baltimore, which will be one of the most enjoyable features of the trip, particularly if it has been a successful one.

The extent of this trip is large and it has required careful work upon the part of Manager Sherman to complete the multitudinous arrangements. Whether it will be a success financially depends largely upon the climatic conditions and everyone connected with it is hoping for good weather.

Coach Connery will accompany the squad and his presence will do much towards making the games turn out successfully for Trinity, for his experience to back the splendid judgment of Captain Smith will prove invaluable in critical moments of play.

Even if the results of the tour are not as favorable as many could wish in regard to the games won, every student at Trinity realizes what incalculable benefit the men will derive from it in the matter of getting into condition for

## SOPHOMORE SMOKER.

### Geo. D. Howell '82, Chairman.

Mr. George D. Howell '82 has accepted the invitation to act as chairman of the Sophomore Smoker on April 15. Further than that he has entered with a will into the work of the committee and has enlisted the aid of other Hartford Alumni.

Since the alumni are thus showing their willingness to support the affair it is more than ever the part of the student body to work for its success.

The committee is preparing the best program we have ever had — all depends upon the individual members of the college.

the remaining games of the schedule.

The teams which will be played on the trip this year are of the strongest in the South and will give Trinity a hard time to win. Trinity College of Durham, North Carolina, has about the fastest aggregation in the southeast, while Georgetown has long been noted for the sterling calibre of its Athletic teams.

A short survey of some of the members of the team might not be amiss. Of the veterans, Captain Smith is playing in his usual fine form and is well suited for a leader as his unchanging optimism inspires the team at moments of discouragement. Abbey can be relied upon to play his steady game at first, while Webster is as strong as ever with the stick. The pitching department is well taken care of with Cook and Olson last year's pitchers, in good shape, and Sayres, a freshman, showing up splendidly. L'Heureux and Horan, new men, give promise of being strong players before the season is out, so everything would seem to indicate that the trip will be a successful one.

With Coach Connery at hand any slight imperfections that may arise will be corrected, and eradicated if possible. The following men will be taken on the trip by Manager Sherman:

Coach Connery, Captain Smith, Cook, Olson, Abbey, L'Heureux, Horan, Webster, Turner or Gildersleeve, Carroll and C. Sayres. It has not yet been definitely decided whether ten or eleven men will be taken, but in the event of eleven going both Gildersleeve and Turner will be included in the list. It is urged that all the Trinity Alumni who live anywhere within striking distance of any of the games make an effort to be present, for it will prove an excellent opportunity to see the team play and will at the same time gladden the hearts of the men who are on strange soil, to hear some Trinity yells. The new coats which the Athletic Advisory Committee has authorized for the players will be procured in New York on the way through, and the men will present a neat appearance in foreign parts.

## CLASS DAY NOMINATIONS.

### Elections to be Held To-day.

At a meeting of the Class Day Nominating Committee the following names were put in nomination for the various offices for Class Day Exercises in June:

For President—J. Groves and D. Webster.

Chairman of the Senior Promenade—H. Marlbor, R. Merrill and Turner.

Chairman of Class Day—McElroy, I. W. Smith and Carpenter.

Presenter—A. M. Smith and C. Judge.

Treasurer—W. A. Smith, Francis and H. R. Bassford.

Class Poet—R. L. Wright and Gamberdinger.

Orator—Stansfield, I. W. Smith and F. Carroll.

Statistician—Eaton, Carpenter and Gamberdinger.

Historian—Gildersleeve, W. S. Eaton and Turner.

Chairman of Senior Dramatics—Oliver and Stansfield.

The committee also recommended that the treasurer and chairman of the different committees form an executive financial committee and that absentees be allowed to vote by proxy. These proxies must be sent in sealed envelopes to the president, authorizing some one to vote for him. The nominating committee consisted of Wright, Marlbor, Judge, Groves, Abbey, Oliver, C. H. Bassford and Riordan.

## PROF. GETTELL TO LECTURE.

Prof. Raymond G. Gettell of the department of History and Political Science, will deliver an address before the Political Study Club of Hartford at Cosmos Hall, 730 Main street, on Wednesday evening, March 23rd. The subject, "Some Problems in Modern Government," which Prof. Gettell has chosen, should interest every conscientious citizen and especially college men. It is hoped that a large body of students will attend this lecture, which is open to the public.

## ADDRESSES BY DR. LUTHER.

President Luther addressed the Connecticut Branch of the Federated Women's Clubs at New Haven, Saturday afternoon, on the school question.

On Sunday evening he talked to the Men's Seminar of East Hartford, taking as his subject "Co-operation."

He was one of the judges in the Yale-Harvard debate at New Haven last night.

## NOTE.

Professor Honey of the drawing department has an article headed "Jupiter and His Satellites" in the Scientific American for March 12th. This article is accompanied by several drawings and one table.

## WHITLOCK CONTEST.

### Declamation Prizes Awarded.

The thirteenth annual contest for the Frank W. Whitlock prizes in declamation was held last Friday evening in Alumni Hall. The three speakers, who had previously been awarded the Alumni Prizes in English Composition, were introduced by President Luther.

Henry B. Dillard '13, taking as his theme, The Recompenses of Everyday Heroism, declaimed his essay in a stately and polished manner. The style of the composition was dignified and well balanced. He emphasized the difference between the popular conception of heroism and the spirit of the true hero, who is too often without reward or recognition from mankind.

William A. Bird, IV '12, followed Mr. Dillard, speaking on Browning, the Artist. He entered a convincing appeal against the popular belief that Browning's poetry is lacking in art, concluding with a number of selections from the lyric poetry of Browning. His style of delivery was less formal than that of the preceding speaker.

Richardson L. Wright '10 closed the contest with an essay on Changes in the Ethics of the Drama: A study in Contrasts. Tracing the history of the drama from the early religious ceremonies of primitive peoples to the present day, he endeavored to show that whenever the drama has needed reviving the work has fallen upon the church, and that its present status is due to a temporary relaxation on the part of the church. He prophesied that the day of the drama's return to the uses of a direct instead of indirect instructor in morality was not far off. Mr. Wright's delivery was marked by an easy informality of manner.

After a somewhat long deliberation the judges announced that they had awarded the first prize to Mr. Bird, and the second to Mr. Wright. The judges were Dr. Augustus Angell, Mr. R. Eston Phyfe, and the Rev. Thornton Floyd Turner.

## FIRST SENIOR ASSEMBLY.

At a recent meeting of the Senior Class it was decided to hold a series of assemblies after the Easter recess. The first one is to come on Monday, April 11th in Alumni Hall. The committee in charge is composed of C. B. Judge, chairman, George C. Capen, Harold C. Green, Harry S. Marlbor, and Ralph H. Merrill. The admission will be one dollar a couple.

In former years these dances have been strictly informal affairs and it is the intention of this year's committee to abide by the former custom.

## NOTICE.

Students are reminded that all books belonging to the College Library must be returned before the Easter recess, unless special permission has been obtained to keep out certain books.

## EDITORIAL.

Every son of Trinity has work to do this vacation, for it is the very best time of the year to persuade new men. Candidates for admission in the fall are making up their minds where they will go, and by summer will be pretty well decided. The best way to induce a man to come to Trinity is to show him the college, especially in the spring, and there is no time better than about the middle of April. Invite preparatory men to come for the Sophomore Smoker on April 15 and the baseball game the day following. Visit your own preparatory school and persuade the head to excuse some men for this event. Get the men here, and the rest is done. Above all, do not think that because a sub-freshman has "virtually decided" to go to Williams, or Amherst, or Wesleyan, or Brown, he is not worth bothering with. Trinity will not suffer by comparison. Large numbers of men that go to these other colleges do so because they have not visited Hartford. Experience proves that a large percentage of sub-freshmen who attend the Sophomore Smoker are subsequently listed in the college catalogue. Let us make this year the best ever.

The Tripod bids farewell to the baseball team and wishes it an even break in "baseball luck." That means victory.

## INTERCOLLEGIATE NOTES.

The Yale University track team won the twelfth annual indoor meet at Georgetown University recently. Georgetown was second, Princeton third and Pennsylvania fourth.

The swimming team of Yale won the fourth annual intercollegiate swimming meet, which was held in the Carnegie tank at New Haven. Pennsylvania was second and Princeton third.

A handsome new shell, 61 feet in length, American type, was delivered to the Harvard oarsmen yesterday. It is the gift of Mrs. Robert Bacon and it was built in Putney, England, by George Sims & Sons, the famous boat builders. All seats are directly over the keel instead of being alternately to port and starboard as in the English boats.

Prof. Lightner Witmer of the department of psychology at the University of Pennsylvania has, according to all accounts, invented the physmograph, an apparatus designed to make two people of different sex fall in love. The professor, in an interview with a Pennsylvania reporter, confirmed the accounts.

Nine universities and several small colleges have inaugurated new presidents this year. Among these, with the new presidents, are the following: Harvard, Dr. L. A. Lowell; Dartmouth, Dr. E. F. Nichols; Massachusetts Institute of Technology, Dr. R. C. Maclurin; Smith, Dr. M. L. Burton; Colgate, Dr. Bryan; Wesleyan, Dr. W. A. Shanklin; Union, Dr. Richmond. Michigan and Minnesota have not yet chosen their presidents.

Files of the New York papers, the Milwaukee and other Wisconsin dailies, and representative weeklies of the state, are preserved for daily reference and use by the students in newspaper work in the University of Wisconsin.

Over 75 students have enrolled in the six courses offered in various phases of newspaper work.

Realizing that a number of college men are dependent on their own resources, Current Literature, a New York Magazine, instituted a Scholarship Fund for self-supporting students two years ago. Under its provisions, the students earn a \$525 cash scholarship for work done by them during the summer months. Under its auspices over a hundred college men have won scholarships.

Brown won the triangular swimming meet held in Pratt Natatorium at Amherst College, March 12th, with a total of thirty points. Amherst was second with twenty-four points and Williams third with twenty-two points. Brown captured first in the relay race, in the plunge for long distance, 25-yard dash, and tied for first in the 50-yard swim. Amherst took two firsts and tied for first in a third event. Williams annexed two first places. The meet was closely contested throughout, and a number of local records were broken.

# COMMUNICATION.

A rather small matter, and yet one that is of much importance seems to the writer to be neglected at Trinity Chapel services, namely the selection of hymns. Although Chapel attendance at Trinity is not for the purpose of singing hymns, yet if the hymns which are sung were selected with a small amount of care so that the general student body could join in their rendition, the tone of the service would be greatly improved. What is more dismal than a hymn of an unfamiliar air, being droned out by a corporal's guard of students, who are called the choir, at one of our chapel services? On the other hand is there anything more refreshing than a brisk and cheerful volume of song when raised by a hundred or so of young men? Therefore it would add greatly to the satisfaction of all of us if we were able to help in the singing, and perhaps compensate us somewhat for our compulsory attendance. Let us hope for more familiar tunes hereafter.

AN OPPORTUNITY FOR A FEW INVESTORS.

The 8% 10-Year Purchasing-Fund Gold Certificates

ISSUED BY

**THE WHEEL-MOTOR TRACTION CO.**

This company has the sales monopoly of an improved form of commercial automobile, now in successful use by the U. S. Government and leading business concerns. The \$25,000 accumulated by the sale of these certificates is to be used for one purpose only—buying machines at the factory to fill orders. The machines are then shipped C. O. D. to the purchasers. Thus there is no credit risk, and the investors' money is neither tied up in equipment nor dissipated by expenses, but is either in cash on hand or convertible thereto at short notice.

Investors in this purchasing fund have the option of withdrawal of principal before maturity. A strong National Bank has agreed to act as Trustee of this fund for and on behalf of investors—to see that it is kept intact and used only as a purchasing fund. This bank will pay dividends as they fall due and will return to any certificate holder, upon sixty days' notice, the amount of his investment or any part of it, should he desire to withdraw same at any time before maturity.

The total issue is only \$25,000, each certificate being for \$25. For the present, with each \$25 certificate is given one share of 8 per cent preferred stock, par value \$10; and with each \$100 purchase five shares of preferred are given. This unusual opportunity really brings the net return up to about 12 per cent, with the prospect of selling the preferred for nearly enough to pay for the whole investment. We make this offer so that it will not be necessary for this announcement to appear extensively, as previous issues have been largely oversubscribed.

If interested in absolute security of principal, large and definite interest return, and opportunity of speedy withdrawal of principal before maturity if desired, this investment should receive your immediate attention. Communications and orders should be addressed, and checks made payable to,

## The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.

In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.
