WEST POINT DEFEATED.

Cook's Pitching the Reason.

Trinity defeated West Point at baseball at West Point May 14th, by the score of 1 to 0 before a crowd of 2,000. The chief factors in the victory were the fine pitching of Cook, and a timely hit by Carroll driving in the only run of the game. Cook only allowed two hits. Only two Army men reached third base and no man would have passed second, had it not been for stolen bases and errors. As it was, the Army threatened to score several times but each time Trinity passed the danger mark.

Trinity scored her run in the third inning. Cook beat out his tap to Whiteside and advanced on Webster's out, Riley to Cook, after Smith had flied out to the catcher. Horan's grounder was fumbled by Milliken, making him safe and advancing Cook to third base. Carroll came to tap with a single to right field, scoring Cook. Horan was thrown out at the plate trying to score on the hit.

Trinity's only other real opportunity to score came in the second inning. After Carroll had lifted a fly to the infield, Abbey beat out a bunt and Gildersleeve singled to right field, Abbey holding second. Then Abbey was forced on Brainerd's grounder to Whiteside, and L'Heureux flied out to Whiteside. After the third inning only two Trinity men succeeded in getting on, Webster in the sixth with none out reached first on a base on balls but was caught off base, and in the seventh Gildersleeve singled with one out but two infield outs followed.

The Army threatened to score frequently, and in six of the nine innings a single coming at the right time would have scored at least one run. With two out in the first inning, Milliken walked and stole but was left when Anderson went out, Cook to Abbey. In the second inning, Surles was safe on Gildersleeve's error, stole second, and reached third while Hyatt was grounding out to Abbey, and after Ulloo had flied out to Abbey, Cook walked and stole, but Riley was thrown out by Horan. In the third, two men reached second but neither got any farther, and in the seventh, an error by Gildersleeve and an out put Surles on second but he did not advance. In the eighth, Cook singled and reached third, and Lyman was safe at third, and Lyman was safe at first on Gildersleeve's fumble. Lyman started to steal second and Carroll ran over to take the throw. Whiteside hit a grounder over second for what would ordinarily go for a single, but Carroll made a fine stop of it, touched second, and threw to Abbey in time to complete the double play. In the ninth, a single and stolen base caused a little excitement, but two were out at the time, and Hyatt lifted a fly to Horan.

The score:

TRINITY DEFEATS COLGATE.

Well Played Game Ends With a Score of 2-0.

In a close and well played game, Trinity's baseball team defeated Colgate by a score of 2-0 on Trinity Field last Friday. Neither team could seem to locate the opposing pitchers and but three hits were secured by Colgate and four by Trinity. From beginning to end the game was fast and exciting, both pitchers pitching great ball and being well supported by their team mates; only one error was made during the game.

WORK OF A TRINITY POET.

New Volume by John C. Underwood '96.

THE IRON MUSE. By John Curtis Underwood, Trinity '96. G. P. Putnam's Sons, \$1.25 net.

"Lord, send a man like Robbie Burns to sing the song o' Steam!" was Kipling's way of expressing what critics long have felt—that our poetry has become too utterly divorced from our life. Because this is so, it has become a familiar byword, uttered sometimes with regret, oftener in contempt, that "nobody reads poetry nowadays." Certainly not. In an age of electricity and timeclocks, what man of blood and business has time or patience for the sickly vaporings of the modern magazine poet? What has your airy, fairy Lillian to do with a card catalog or a cost system?

Mr. Underwood's book comes not from Parnassus—none of the "sacred nine" was consulted about its inspiration. From the factory, the press-room, the foundry, the mine, the laboratory, comes the muse that has given our poet the urge to sing. The keynote of the whole book is struck in the first poem—"thou shalt strenuously succeed." The work will be condemned in proportion as its critics are mummies.

But one mustn't imagine that it is all one long pounding of the anvil, whirling of machinery and clicking of typewriters. The author's best claim to greatness, in the present writer's estimation, lies in the harmony he has created between romance, even in the most romantic interpretation of the term, and the modern spirit. As it takes oxygen to feed the forge, with its fiery and gaseous breath, so Mr. Underwood's poems of workshops and engines were not inspired without a breath from the ether of blue skies and the scent of green grass.

As the work merely of a Trinity man, "The Iron Muse" could not fail to excite a sort of "family interest" among Trinity men; as the work of a poet it will provoke praise of a much more critical and significant nature, and naturally more gratifying to its author.

S. D. C. AT ELM TREE INN.

Chapin Carpenter '12 was the toastmaster of the spring banquet of the Sophomore Dining Club at the Elm Tree Inn, Thursday, May 19th. Though the attendance was small, due mainly to the fact that several members were with the track team at the intercollegiate meet, the pleasure of the evening was undiminished. The program was well arranged, and the responses to the various toasts enthusiastic and pointed.

Those present were: Carpenter, Breed, Bleecker, Kendall, Bird, O. Gildersleeve, Whipple and Short.

At a meeting of the club held yesterday, C. R. Whipple was elected toastmaster of the next dinner.

TRINITY SCORES IN INTER-COLLEGIATE.

Wessels Takes Third Place in Pole Vault.

As was expected by the student body, Wessels '12 was the only Trinity man to score a point in the N. E. I. A. A. track meet which was held on Technology Field last Saturday. He vaulted 11 feet and scored two points. No other Trinity man qualified although Judge '10 barely missed a second in his trial heat of the high hurdles.

In spite of the fact that it was raining nearly all of Friday and Saturday the records made were good and the meet a success.

TRINITY WINS AT TENNIS.

Team Defeats Union College Players, 4 to 2.

The tennis team of Trinity College defeated that representing Union College by the score of 4 to 2 Monday May 16th on the Trinity courts in a long and close match that was watched by about a hundred people, mostly students. The match began at 1:30 o'clock and was not decided until the last single battle between Burgwin of Trinity and Carmeichal of Union at 5 o'clock, in which Burgwin easily defeated his opponent. Trinity won three single matches and one double and the exciting character of the contest can be guessed from the fact that a large majority of the games ran to "deuce."

Score:

Potter (Union) beat Nelson (Trinity), 6-4, 6-4.

Carpenter (Trinity) beat Fairbairn (Union), 6-2, 11-9.

Burgwin (Trinity) beat Carmeichal (Union), 6-1, 6-1.

Brainerd (Trinity) beat Dickinson (Union), 6-1, 7-5.

Potter and Fairbairn (Union) beat Carpenter and Nelson (Trinity), 6-4, 6-4.

Burgwin and Brainerd (Trinity) beat Dickinson and Carmeichal (Union), 6-2, 6-4.

Umpires, Ward, Judge and Stansfield.

NEW BASEBALL COACH.

Mr. Leon Hammond has been appointed baseball coach by the athletic management, and accompanied the team to West Point May 14th. The result of the game may perhaps be traced directly to his presence on the bench. It has been observed that the team had seemed to lack confidence ever since Coach Connery was obliged to leave.

Last year Mr. Hammond played with the New Haven team, and the previous year with the Providence (Eastern League) club.

Among the recent additions to the library is a complete edition of "Mark Twain."

EDITORIAL.

Extraordinary difficulties in the business department have resulted in a temporary embarrassment of the whole organization of "The Tripod." A number of important omissions have been made necessary in this issue. The Board offers its apologies and craves its readers indulgence.

TUFTS GETS AN EASY ONE.

Home Team Has an Off Day.

In a game replete with hard hitting by the visiting team and numerous errors by the home team, Trinity went down ingloriously to defeat to the Tufts nine on Trinity field, May 11th, by a score of 6-0. In every home game that has been played this year, the team has played far below par and Wednesday's game was a discouraging one for the spectators who had turned out to witness a close and exciting contest. There was a sad lack of head work displayed throughout the game, which began in the first and second innings when five safe hits were secured off Sayres. It was apparent to every one that this pitcher who has heretofore pitched excellent ball, was having an "off day" and yet with the visitors hitting almost at will he was kept in the game until the seventh inning when Cook was sent in to try to stem the tide.

Up to this point the team had played almost errorless ball preventing a much bigger score by the visitors by making sensational catches of flies that looked like safe ones, but when the hitting of the Tuft men began to fall off somewhat through the pitching of Cook, the home team seemed to feel sorry for the visitors and began giving them bases on errors. The climax came in the first half of the ninth inning when by making

four disastrous errors in quick succession, the Trinity team presented Tufts with three unearned runs:

The feature of the game was a sensational catch in center field by Webster followed by a pretty throw into Abbey's hands at first base before the base runner could get back to the bag, consequently clinching a double play.

Tufts also secured a double play in the second inning, after Brainerd had hit safely, L'Heureux attempted to sacrifice but Dustin after picking up the grounder touched second and then threw to first putting both men out.

The score follows:

PROF. GENTHE LECTURES BEFORE THE SOCIALISTS.

Discusses Modern Views on Evolution.

Professor K. W. Genthe of the department of natural history addressed the Hartford branch of the socialist party last Tuesday evening on "Evolution in the Organic World." In a marvellously clear way. Dr. Genthe gave an exposition of the history and development of scientific thought and the struggles it had to pass through from the beginning of civilization till the present time.

Then he developed the existing theories on evolution, illustrating with facts of scientific research. The large body of socialists who were present were attentively listening to Dr. Genthe's lecture and many interesting questions were asked by the audience. Many socialists have expressed their personal thanks for the brilliant and instructive address, and at the conclusion a rising vote of thanks was given to the lecturer.

PHILADELPHIA ALUMNI ASSOCIATION.

The Philadelphia Alumni Association held an enthusiastic and a successful meeting on the evening of May 20th, at the University Club of Philadelphia. The business part of the evening was conducted by W. Drayton '71. The following officers were elected for the ensuing year: President, Bishop Mackay-Smith '72; vice-president, W. Drayton '71; secretary-treasurer, J. G. McIlvaine '80. Resolutions were adopted congratulating President Luther and Professor McCook on the successful outcome in raising the \$500,000 endowment fund. A message of regret was sent to Bishop Mackay-Smith, president of the association, who was unable to be at the meeting.

The greater part of the evening was spent in singing Trinity songs, and in "whooping 'er up" in general for the college. Refreshments were served, of which all partook with much enjoyment. The best of good fellowship reigned supreme until a late hour, when everyone departed after spending a most profitable evening. Those who attended were: C. H. W. Stocking '60, W. Drayton '71, G. W. Lincoln '75, F. W. White '79, S. G. Fisher '79, L. C. Washburn '81, S. M. Holden '82, J. W. Shannon '87, S. W. Coons '00, H. A. Hornor '00, J. G. McIlvaine '00, D. L. Schwartz '00, C. C. Peck '02, A. N. E. I. T. A.

The Trinity tennis team met their first defeat of the season in the N. E. I. T. A. Championships at Long Wood this week when Carpenter and Nelson lost their single matches and were also defeated in the doubles.

In the first round of the singles Nelson won from Young of Brown University by default while Carpenter was defeated by Johnson of Amherst 6-3, 6-2.

In the second round Nelson was defeated by Parker of M. I. T. 4-6, 6-2, 6-1.

In the doubles Carpenter and Nelson were defeated by Oakley and Benton of Williams 6-4, 6-1.

This is the first defeat the Trinity team has suffered this season, it having won five successive matches. R. M. Nelson of Trinity was elected vice-president of the N. E. I. T. A. for the coming year.

AN OPPORTUNITY FOR A FEW INVESTORS.

The 8% 10-Year Purchasing-Fund Gold Certificates

ISSUED BY

THE WHEEL-MOTOR TRACTION CO.

This company has the sales monopoly of an improved form of commercial automobile, now in successful use by the U. S. Government and leading business concerns. The \$25,000 accumulated by the sale of these certificates is to be used for one purpose only—buying machines at the factory to fill orders. The machines are then shipped C. O. D. to the purchasers. Thus there is no credit risk, and the investors' money is neither tied up in equipment nor dissipated by expenses, but is either in cash on hand or convertible thereto at short notice.

Investors in this purchasing fund have the option of withdrawal of principal before maturity. A strong National Bank has agreed to act as Trustee of this fund for and on behalf of investors—to see that it is kept intact and used only as a purchasing fund. This bank will pay dividends as they fall due and will return to any certificate holder, upon sixty days' notice, the amount of his investment or any part of it, should he desire to withdraw same at any time before maturity.

The total issue is only \$25,000, each certificate being for \$25. For the present, with each \$25 certificate is given one share of 8 per cent preferred stock, par value \$10; and with each \$100 purchase five shares of preferred are given. This unusual opportunity really brings the net return up to about 12 per cent, with the prospect of selling the preferred for nearly enough to pay for the whole investment. We make this offer so that it will not be necessary for this announcement to appear extensively, as previous issues have been largely oversubscribed.

If interested in absolute security of principal, large and definite interest return, and opportunity of speedy withdrawal of principal before maturity if desired, this investment should receive your immediate attention. Communications and orders should be addressed, and checks made payable to,

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.
In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

The Library contains about 56000 volumes, 30 per cent of which have been purchased within the last twelve years. It is open daily for consultation and study.

The Laboratories, Physical, Chemical, Biological, and Physico-psychological, are fully equipped with modern apparatus for work in these departments. Special attention is given to work in preparation for Electrical Engineering, Civil Engineering, Industrial Chemistry, and Medicine.

Extensive courses are offered for study in Mathematics, Ancient Languages, Modern Languages, Economics, History, Ethics, and Philosophy.

A large list of valuable scholarships and prizes may be found in the Annual Catalogue.

For Catalogues and information address the President or the Secretary of the Faculty.
