## ATHLETIC ASSOCIATION ELECTION.

Humphrey, '12, is Manager of 1911 Football, and Withington, '13, Assistant Manager.

At the annual elections for manager and assistant manager of football, held last evening in the History Room at 7 o'clock, J. H. Humphrey, '12, was elected to manage the 1911 football team, and R. F. Withington, '13, assistant manager.

On the first ballot, Ward, '13, and Dillard, '13, were eliminated, and on the second ballot, Tennett, '13, received fifty votes to fifty-four by Withington, '13.

Withington was on the freshman-junior banquet committee, ran on his class track team, played on his class football and baseball teams, and is a member of the Alpha Delta Phi fraternity.

Ward played on his class basketball and football teams, and managed the freshman football team last year. He is a member of Delta Kappa Epsilon.

Dillard was on the track squad last year and ran on his class track team this year and last. He is a member of the Sophomore Dining Club and was also on the freshman rules committee this autumn. He is a member of St. Anthony's Hall.

Jewett played on his class basketball team. He is a member of the I. K. A. fraternity.

## BASKETBALL AT WEST POINT.

### Team Plays Army Tomorrow Night.

Saturday the Trinity basketball team will play its second game of the season at West Point. There will be several changes in the lineup of the team because of the Thanksgiving probation list. Sage, Sawyer and Lawlor, all newly entered men at college, retire from the team until further academic notice; Sage and Selden played with the team in New York, when Trinity met Columbia. Sage and Lawlor were both prominent members of the football squads and likely candidates for next year's team.

Practice for the past week has been snappy and sure under the able guidance of Captain Gildersleeve. The team will be greatly strengthened by the addition of Manager Ramsdell, who did not intend to play until after the Christmas holidays. Horan, '13, who has not been practicing with the team this year will also play in the West Point game. Moore, '13, who played center last week is doing fine work and is getting up a record for baskets.

## COLLEGE SMOKER TONIGHT.

### Football Team to be Entertained by College Body.

Tonight is the date of the college smoker at Harry Bond's restaurant, given to the members of the football team. As the team has been wonderfully successful this year, and as nothing else in the way of a celebration has been given by the body of students, everyone is urged to attend this affair and make it a huge success. The banqueting will be interspersed with several addresses. Among others, the coach, Prof. Gettell, the 1910 manager, W. C. Skinner, the 1911 manager, J. H. Humphrey, the 1910 captain, E. B. Ramsdell, and the 1911 captain, C. H. Howell, will hold the attention of those present.

## HOCKEY PROSPECTS.

Practice for the hockey team began Wednesday afternoon at Elizabeth Park. The following men of last years team reported: Morris, '11; Capt. Rankin, '11; Howell, '12 and Pomeroy, together with Yates, '11; Bleecker, '12; Burgwin, '14; Clark, '14; and Chester Ward, '13. No regular practice could be held as the rink is not yet finished, but the men practiced shooting and passing. With five of last years men together with some good material in the freshman class, the prospects for a successful season are bright.

## INTERCOLLEGIATE NOTES.

The Trinity Hockey Team will play at Amherst, Feb. 11th. Amherst's schedule also includes Harvard, Yale and West Point.

Henry H. Hobbs, Yale, '10, the former All-American tackle and football coach at Amherst, during the past season, has chosen an All-American eleven from among the gridiron stars of the year. The team is as follows:

- Right end ..... Smith, Harvard
- Right tackle ..... Saily, Yale
- Right guard ..... Fisher, Harvard
- Center ..... Pinkett, Amherst
- Left guard ..... Benbrook, Michigan
- Left tackle ..... McKay, Harvard
- Left end ..... Kilpatrick, Yale
- Quarterback ..... Sprackling, Brown
- Right halfback .... Pendelton, Princeton
- Left halfback .... Ingersoll, Dartmouth
- Fullback ..... Wendell, Harvard

The establishment of a postoffice on the Princeton campus is being strongly agitated.

## ALUMNI COMMUNICATIONS.

### "Past, Present and Future."

Detroit, Mich, Dec. 5, 1910.  
Editor, Trinity Tripod,  
Trinity College,  
Hartford, Conn.

Dear Sir:

I have seen lately several communications from alumni who think that too much space is given to the athletic news.

While they are right to a certain extent, I believe you should know that there are a large number of graduates who take an interest in the different teams and whose only means of learning what they are doing is through the Tripod.

I am interested in the other college news and especially the alumni notes, but do not think you would be filling your place for those who have left college without reports of the games.

Yours truly,  
George T. Hendrie, '97.  
708 39th St., Norfolk, Va.

December 6th, 1910.

To the Editor of the Trinity Tripod,

Dear Sir:

Enclosed please find my subscription for your valued paper, which I always read with much interest, though I must admit that I do not care so much for the full details of the athletics, games, etc.; a little more news about the alumni, an occasional summary of college events, other than sports, a bit of smooth prose or polished verse, if ever any undergraduate is moved to experiment with the English language; these would make the paper much more interesting to me and I think to many others of the alumni. But perhaps that would be making too complete a change in the character of the Tripod.

I have read Mr. Fisher's letter with which I both agree and disagree; and as to Major Cogswell's address, that is a valuable contribution to the history of the College and a tribute to the memory of Trinity's patriotic sons which ought to be put on lasting record. But I was sorry to miss one name from the list of those who went from the College to the Army and from the Army to the burial-ground. There was Hopson, of the class of '64, Edward Hopson, if I remember his name aright, who went to the Army of Virginia; he did not, indeed, fall in battle, when, in the midst of excitement and with the mind set on some supreme effort, a man is snuffed out like a candle; but with no less heroism he gave his life to his country, perishing miserably of fever in a hospital. Do not let his name fall from the roll of honour.

I give you these statements from memory and it is possible I may not have them exactly right, so I hope they will be corrected by those who know the facts exactly as they are.

Very sincerely yours,  
(Signed) Robert A. Benton.

## COLLEGE SMOKER! TO-NIGHT! BOND'S RATHSKELLAR! EIGHT O'CLOCK! YOU ARE CORDIALLY INVITED TO BE PRESENT! DON'T MISS IT!

It is the earnest desire of those who have the matter of the football smoker in charge that a large and enthusiastic gathering be present tonight to show the appreciation due the 1910 football team and its coach. In the first place, this will be the first opportunity that all the undergraduates will have to show the team what they really think of their work, and to demonstrate more fully their thankfulness for having such a man to mold and turn out a winning team as Professor Gettell. What little approbation may have been shown during the past season, in the way of cheering from the sidelines and other haphazard means, may be added to tonight by an organized assembly, primed with the proper college spirit.

The program is in itself attractive, and the idea fostered among the undergraduates of perpetuating informal college smokers from time to time as occasion may demand, is a laudable thing in itself. Anything in fact, which will tend to the increase of college spirit is greatly to be wished for, and those who have given the matter careful consideration, believe this type of smoker to be the means to that end. In this connection, the committee in charge wish to extend an invitation to all, faculty, alumni, and undergraduates to be present tonight, and all combine to do their best towards promoting a closer feeling of interest and friendship between all concerned.

## STATISTICS OF NEW CATALOGUE.

The proof of the college roll for the new catalogue has appeared, and shows an increase over last year. The most notable increase is in the freshman class. It is 13 more than last year. This year's roll by classes is as follows:

Graduate students	4
Seniors	36
Juniors	32
Sophomores	50
Freshmen	91
Non-Matriculated Students	9
Total	222

## Y. M. C. A. NOTES.

At the weekly meeting of the Trinity Branch of the Collegiate Y. M. C. A. on Tuesday night, the names of some ten men were added to the list, thereby making its membership over forty.

At the same meeting the two books to be used for bible study, "The Will of God in a Man's Life," by Dr. Wright and a work by Prof. Jenks, were outlined by Jacquith, '11, and it was decided to order a dozen copies of each book. The interest taken by the volunteers for visiting the Juvenile Court is very encouraging and the men are now taking care of as much work as the court can supply. The outlook for a successful year is very bright.

## COLLEGE TRAINED JOURNALISTS.

(From the Charleston News and Courier)

One or two newspapers have aroused some discussion by asserting that the college-trained men whom they have tried on their staffs have never been even moderately successful, from which it is argued that schools of journalism are worse than useless.

There was a time when medical schools were laughed at. It was assumed that young men could only be properly trained in doctor's offices, whereas, as a matter of fact, these were the very places where they received the poorest kind of training. So also in the legal profession law schools were ridiculed. Medical and law schools are modern things, and it has not been many years since they were objects of suspicion. In fact, only when their early students became the older members of the professions did this suspicion die out.

It is manifestly absurd to assume that a man will be ruined for journalism if he is taught journalism as a profession, and it is just as ridiculous to assert that the student will not be greatly benefitted by such training, assuming of course that the school which he attends is a good one. In journalism as in anything else some aptitude for the work is required. Some men cannot write and never will know how to write. Others have no power of observation or are woefully deficient in the ability to condense or to separate the wheat from the chaff.

One great trouble with journalism today is that there are not enough college-bred men in it. If the press is to in-

fluence or make public opinion, evidently the press should itself be controlled by men who have been taught how to think clearly and well, who know the English language, who are acquainted with history and the arts, and who are thoroughly educated in a general way. Yet the greatest journalists will still be born, not made, no matter how many schools of journalism there are. The great mass of workers can be trained for their work, but even training cannot make great journalists. They, like great men in any profession, are born, taking due pains after birth of course to make themselves ready for their life-work.

## The Connecticut Mutual Life Insurance Company,

Hartford, Conn.

Why should I insure my life?  
Because it is a debt you owe to  
those who are dependent upon  
your earnings for their support.

You admit that it is your duty  
to supply their needs from day to  
day, but forget that it is equally  
your duty to provide an ever ready  
and sufficient equivalent for your  
earning power, which your family  
stands in constant jeopardy to  
lose by your premature death.

Guard your family against dis-  
aster and yourself against depend-  
ency in old age.

When should I insure my life?

Now! The cost will never be  
less, and to-morrow you may not  
be able to obtain insurance at any  
price.

Even if others are not now de-  
pendent upon you, take time by  
the forelock and you will be the  
better able to meet future respon-  
sibilities, and at a smaller pre-  
mium.

Where shall I insure my life?

In a purely Mutual Company.  
In a company that earns, de-  
clares, and pays annual dividends.  
In a company that is doing a  
conservative business.

Such a Company is The Con-  
necticut Mutual Life Insurance  
Company of Hartford, Conn. It  
furnishes perfect protection at  
lowest cost.
