TRINITY DEFEATED BY YALE.

Basket Ball Game Closely Contested at New Haven.

On Tuesday night in New Haven Trinity went down to defeat at the hands of Yale in basket-ball, 17-13.

As the score indicates the game was a close one and the Yale men were hard pressed to win. Yale was ahead during the whole game, but Trinity was so close upon their heels that the spectators were in a constant state of excitement. The star of the game was Captain Finnessy of Yale, who scored nine of the points made by the Elis. Horan of Trinity registered a total of eight points and was extremely active in his play. There was a noticeable lack of team work by both sides.

Trinity has yet to win a game in basket-ball, but the result at New Haven is encouraging for it would seem to show that there is an improvement in the work of the players.

The line-up:—

YALE.		TRINITY.
Reilly	r. g.	Gildersleeve
Goodwin	l. g.	Horan
Osborne		
Finnessy	c.	Moore, Carroll
Tommers, Hayes	r. f.	Carroll, Dissell
Murfey	l. f.	Ramsdell

Score: Yale 17, Trinity 13; goals from floor, Murfey 2, Goodwin 2, Finnessy, Horan 2, Gildersleeve, Carroll; fouls, Finnessy 7, Moore, Horan 4. Referee Mr. Thorpe of Columbia: 20 and 15 minute periods.

1912 HOLDS CLASS MEETING.

Matters Relative to Promenade Discussed.

On Thursday at 12:45 in the History room, the junior class held a meeting which was addressed by McClure, chairman of the promenade committee. Reports of the progress of the committee were heard, and it was urged that everybody pay up their dues as soon as possible. The men were also notified that they are at liberty to hand in the names of as many people as they desire, to receive invitations to the college tea.

Business Manager Flannagan of the "Ivy" board spoke of the necessity of the few remaining delinquents having their pictures taken before next Monday at the latest.

UNDER CLASS MEETING— ())) "Ivy" Board Meeting.

The "Ivy" board held a meeting in the "Tripod" room on Thursday night. It is the policy of the board this year not to disclose any of the details of the publication. The preparations are being actively carried forward and it is the expectation of those in charge that the 1911 Ivy will surpass any yet issued in wealth of pleasing features and innovations.

SALT WATER TANKS IN N. H. BUILDING.

A New Feature of the Biological Department.

Trinity will be fortunate in having before long a complete set of salt water tanks in the Boardman Hall of Natural History. There are but four other colleges in the country which possess this feature. Dartmouth, Princeton, College of the City of N. Y. and Columbia. Coral, and other salt water growths will be able to be obtained at first hand after a time, for the use of the students in Biology. A special kind of piping is required to prevent the eating away of the metal by the water. The work of installation will shortly be commenced.

ARTICLES BY PROF. HONEY IN SCIENTIFIC AMERICAN.

Two articles by Prof. Honey have appeared in recent numbers of the Scientific American. Their titles were: A Substitute for a Telescope Driving Clock," published Dec. 31, 1910, and "Variations in Saturn's Rings" in the issue of January 7, 1911.

The former is an article describing the construction of a chance for a driving clock which has been recently designed for the purpose of keeping a star in the field of vision. Illustrations of the working and principle of the instrument accompany the article.

The second article as the title indicates treats in an interesting way the apparent form and size of Saturn's rings at various times. Prof Honey gives explanations for the changes and also shows by illustrations their appearance in 1910 and how they will look in 1911-12.

NOTES.

Make up examinations in Latin and Mathematics, to remove entrance conditions were held yesterday.

The Y. M. C. A. held its regular meeting Tuesday. The Association has been divided up into three sections for the purpose of bible study, and is now working on a firmly established basis. Meetings are held each Tuesday evening from seven until eight.

The tennis schedule is already under way, and Manager Pulford is busy arranging matches. There is every indication at present that one of the strongest teams in the history of the college will be produced this spring. All of last year's men are back and there is plenty of promising material. Meets have already been scheduled with Union, Williams, Wesleyan, Storrs and Amherst.

GLEE CLUB AT WATERBURY.

Successful Concert Enjoyed by Large Audience.

On Thursday evening the Glee Club entertained a very appreciative audience at the Parish House of St. John's Church, Waterbury. The concert was well rendered and called forth much applause from the listeners.

"Twenty Minutes of Grand Opera" was the success of the evening and is unique in its character. The scene is laid in an apartment house in Chicago during a fire, and the libretto is extremely entertaining.

After the concert the men were entertained by a dance. Immediately upon the arrival of the club a tea was given them, and the whole club had a most enjoyable time. The program follows:

Part I.

Persons of the Opera. Mrs. Tyler, Mr. Wroth. Mr. Tyler, Mr. Whitehead Janitor, Mr. Humphrey; chorus, neighbors, friends, etc.

The following men took the trip: Whitehead, leader, Wroth, Collett, Yates, Woessner, Spofford, J. S. Craik, Grint, Humphrey, J. S. Moore, Boynton, Noble, A. Walker, Bateman, Rosebaugh, O. Gildersleeve, De Ronge, Hicks, Harrison, Adam, Swift, Baridon.

PREPARATIONS FOR "PROM".

Committee is Busy Arranging the Many Details.

Chairman McClure and the rest of the "prom" committee are busy with the preparations for the Junior Promenade which will be held Monday, February the sixth. Junior week opens Thursday the second ending with the main event, the "Prom" itself Monday night. The Decorations etc. have been decided upon and the prospects are very bright for an unusually successful affair. The time which will elapse is short between the present time and the date of the Promenade, so the committee will be hard pressed.

Yale went down to defeat at the hands of Columbia in hockey at the St. Nicholas rink in New York, by a score of 5-4. It was the second of the series of the intercollegiate hockey league.

MARYLAND ALUMNI HOLD SMOKER.

Many Interesting Speeches. President Luther Present.

The Maryland Association of the Alumni of Trinity College held its annual Smoker in Baltimore at the University Club, on the evening of Monday, January 9th, with a large attendance. There was a great deal of enthusiasm for the College, and owing to the presence of a number of recent graduates, who are now students in the Johns Hopkins Medical School, the noise was of a very advanced character.

At the business meeting, preceding the Smoker, Benjamin H. Griswold, Esquire, '66, was elected President; the Reverend Romilly F. Humphries, '92, Vice-President; and Charles H. Pelton, '05, Secretary and Treasurer.

President Griswold and William F. Johnson, Esquire, both of the class of '66, spoke most interestingly of the old College as they remembered it, of the new Trinity as it is, and of the greater Trinity to which they look forward.

Other speakers were:—Rev. William R. Webb, '78, Rev. William C. Hicks, '91, Rev. Herbert Parrish, '91, Vice-President Humphries, '92, Secretary Pelton, '05, Henry G. Barbour, '06, Philip Dougherty, '07, William H. Licht, '07, Jerome P. Webster, '10, and the President of the College.

HOCKEY AT WILLIAMS SATURDAY.

Team Expects a Hard Game—Substitute Goal Tender Necessary.

On Saturday the hockey team will journey to Williamstown to try conclusions with the fast Williams team. Although the team has had very little practice this week, yet they are hopeful of winning from the Purple on Saturday. If comparative scores indicate anything, Trinity should win by a narrow margin, as Williams lost to Amherst "Aggies" by the score of 6 to 1, while Trinity scored one more goal against the fast Massachusetts aggregation than did Williams.

The team will be practically the same as that which played at Elizabeth Park last Saturday, with the exception of Heater '13, whose place at goal will probably be taken by Bassford '14, although that position has not yet been finally decided upon.

TEACHERS DESIRED FROM SENIOR CLASS.

President Luther Has Received Many Inquiries for Men.

President Luther has placed a notice upon the bulletin board to the effect that any seniors who desire to teach next year should hand in their names to him. Inquiries have already been received by him in regard to the matter from various outside sources, and it is his desire to assist the men in securing positions.

"NOW THEN—TRINITY!"

EDITORIAL.

There has been much criticism by Alumni of the "Tripod", in that it does not print enough news of the Alumni. Undoubtedly this is true but, the editors would call the attention of their critics to the fact that the Alumni of the college are scattered over a broad area of territory. It is absolutely impossible to keep a string upon each man, so to speak, and unless the secretaries of the respective classes send in the events which have happened to their fellow classmates, or the men do so themselves, there is no way of discovering what has transpired. Therefore we desire to urge that all Alumni send to the Tripod accounts of their own achievements, or of their Trinity friends, if they know of any. Letters of this sort will bring about the desired result and the paper will contain news of distinct interest to the Alumni.

The Christmas holidays passed, there follows in natural sequence the mid-year examinations. From now until January twenty-third, the date of their commencement is a period which is almost free from outside interests and an excellent opportunity is given to delinquent students to catch up in their work. The "Tripod" does not wish to preach, but it desires to sound a note of warning. Men come to college primarily for the purpose of learning, but we fear this object is often lost sight of in the general rush of collegiate events. Therefore it is absolutely incumbent upon every man that he pass all his courses if possible. To the freshman, who is passing through this period for the first time

here is perhaps a good deal of trepidation, but there need be none if the men will review from now until the "exams" begin, and master the subjects thoroughly. Each year some students are missing when the smoke of the battle with the faculty has blown off. We suppose it is a necessary evil, but the number could be reduced to a minimum if the students would not attempt to bluff through, but by hard work overcome the difficulty. There is yet a chance for all, and the Tripod urges that all avail themselves of the short time now remaining and keep the percentage of failures as low as that of last year.

It has long been a source of regret to the editors that there is such a deplorable lack of college spirit at Trinity on many occasions. The men turn out in fairly large numbers to the foot-ball games, but when it comes to basket-ball, there is an absolute lack of interest shown by the undergraduates. There is no reason why the basket-ball team should not be supported by the college. The material is of the best, and were the proper amount of spirit shown in its interests, the team would reflect credit upon the Gold and Blue. We note with pleasure the improvement displayed in the game at New Haven Tuesday with Yale. The men played a fast game at New Haven Tuesday with Yale. The men played a fast game throughout, and more appreciation of their efforts should be given by the students.

The hockey team is likewise in the same position. Without the slightest bit of support from the undergraduate body it maintains a team which has always been fairly successful. At a recent game at Elizabeth Park there was only a corporals guard of students present. How can a team which is supposed to represent Trinity put forth its best efforts, if Trinity does not stand back of it? Surely it is a most disgusting condition when two teams of sports of such national interest, as hockey and basketball, are allowed to pass with scarcely more than a momentary thought by the average Trinity man! Trinity always tries to be supreme in every branch of athletics that it takes up, and it ought to be the desire of every loyal Trinity student to further this aim. It can be done. Get out and root for the teams when they play home games, and by your interest, both financial and otherwise, encourage the players who are working hard to bring the college into good repute among the other institutions.

The Harvard hockey team won an easy game from St. Francis Xavier team of Antigonish, Nova Scotia. 8-2. This is the first Canadian team to be beaten in Boston this season. The victory is quite remarkable, as the men from over the border are usually superior.

**The Connecticut Mutual Life
Insurance Company,**

Hartford, Conn.

Why should I insure my life?

Because it is a debt you owe to
those who are dependent upon
your earnings for their support.

You admit that it is your duty
to supply their needs from day to
day, but forget that it is equally
your duty to provide an ever ready
and sufficient equivalent for your
earning power, which your family
stands in constant jeopardy to
lose by your premature death.

Guard your family against disaster
and yourself against dependency
in old age.

When should I insure my life?

Now! The cost will never be
less, and to-morrow you may not
be able to obtain insurance at any
price.

Even if others are not now dependent
upon you, take time by the
forelock and you will be the
better able to meet future responsibilities,
and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.
In a company that earns, declares,
and pays annual dividends.

In a company that is doing a
conservative business.

Such a Company is The Connecticut
Mutual Life Insurance Company of
Hartford, Conn. It furnishes perfect
protection at lowest cost.

For further information, address
the Company, or any of its agents.

'11—C. S. Zipp, who completed his college course in three years at Columbia Law Schol. His address is 433 Hartley Hall.

The library has been improved by the addition of a new alcove devoted to Biology. Many works of current biological interest, and reference books on the subject have been classified and placed within easy reach.

The baseball schedule of Amherst includes an extensive southern trip, games being played with Trinity, University of North Carolina and Virginia.

Wesleyan defeated Tufts at basketball Tuesday, 42-9. The game was a walk over for Wesleyan as Tufts was completely outclassed.

The system of "extra work" examinations has been abolished at Williams. Formerly over cutting was punished by these examinations but by their removal the students are relieved of this method of inflicting punishment.
