PRICE FIVE CENTS

WESLEYAN TOMORROW.

Second Game of Series on Trinity Field.

On Saturday, the Wesleyan baseball team comes to Trinity to play the second of the series of games scheduled for this spring. Since the game in Middletown two weeks ago, Wesleyan has suffered two defeats, being beaten 9-3 by Holy Cross, and 10-5 by Colgate. Trinity, on the other hand, beat the Colgate team the next day 6-5, so as far as comparative scores go, prospects look bright. Moreover, Trinity will be playing on her own diamond, and the men will have the memory of the previous defeat to spur them on. The fact that Bacon allowed nine hits in the game at Middletown shows that he need not cause the Trinity batsmen any terror. The chief danger is a repetition of the series of errors which has characterized some of the games this season. If these can be cut down, however, there is no reason to think that Trinity will not make it one apiece on Saturday.

Seminars in Biology.

The Science Club will have charge of the series of lectures to be given next year on subjects of scientific interest. Prof. Morse, who was responsible for the successful course lately closed, instead of having formal lectures, will have scientists of note at his home from time to time and those interested, particularly those in the higher biology courses, will be invited to attend a seminar or informal discussion to be led by the visiting scientist.

Junior Assembly.

Chairman Ward has completed his arrangements for the Junior Assembly, which is to be held Monday night, May 27th. The dance is to be strictly informal, and will begin at eight o'clock and end at twelve. The patronesses are Mrs. Flavel S. Luther, and Mrs. Charles E. Rogers. Smith's orchestra has been engaged.

ALPHA CHI RHO 5, I. K. A. 4.

Game Between Alpha Delta Phi and Delta Kappa Epsilon Postponed.

The first game in Division A of the Intramural League which did not result in a tie score was the one on Monday, May 20, between Alpha Chi Rho and I. K. A., which went to the former team by the score of 5-4. Eleven innings were played, and the game was close and exciting throughout. Kyle and Osborne pitched for Alpha Chi Rho, and Ferris caught. Swift and Myers were the batteries for I. K. A. L'Heureux umpired.

The game between Alpha Delta Phi and Delta Kappa Epsilon, which was to have been played Thursday, May 23, was postponed on account of rain. These two teams are tied for first place in Division B, each with two more games to play, and as both will work hard to get the victory, there should be a genuine tug-of-war when they meet.

IVY APPEARS.

Volume in Green and Gold Attractive and Interesting.

The 1913 *Ivy* appeared last Friday, promptly in time, and is a handsome quarto volume bound in green with gold lettering. The favorable opinions of all who have seen the book seem to indicate that it is one of the best *Ivys* produced in years. There are several new features which make the book an attractive one to look at, and the pages abound in campus pictures, cartoons and humorous literary works.

The *Ivy* is dedicated to Anson Theodore McCook, '02, "who has worked so faithfully and conscientiously as Graduate Secretary and Treasurer of the Athletic Association to promote sports and to serve Trinity."

The "Junior Class Roll" includes the pictures of the individual members of 1913, together with their college honors. A new feature found in this year's *Ivy* is the printing of the Freshman Class Roll in "three shades of green." Athletics are given much space, with a separate review of the season for each branch of sport. The St. Patrick's Day scrap, written in the Mr. Dooley style, occupies five pages, and includes six good pictures of the scrap.

In the Literary Department are found "The Follies", eight humorous essays on different phases of college life, and thirty six-verses parodying the Rubaiyat of Omar Khayyam, prefixed by the title "Lottery Tickets from the Rubber Hat of Homer Bhaiddam." These verses also dwell in incidents in the college life.

In the back of the book are found the individual "grinds" on the members of the Junior class, and several clever cartoons, the work of Vertrees Young, '15, the character of which may be judged from such titles as "Wine, Woman, and Song", "Glee Club Concert", "Bishop's Tea Party" and "St. Patrick's Day." Several very attractive sketches by Miss Harriet E. Beards of East Orange, N. J., add to the excellent appearance of the book.

The board of editors who are responsible for the production of so splendid a book is as follows: Walter S. Marsden, editor-in-chief; Allan B. Cook, business manager; F. Earl Williams, assistant business manager; Thomas G. Brown and John J. Whitehead, literary editors; Marcus T. McGee, Ethelbert T. Smith, and Henry B. Warner, athletic editors.

Civil Engineering Changes.

Changes in the courses in Civil Engineering, 4, 5 and 6a for 1912-13, have been posted on the bulletin board in Boardman Hall and are as follows:

In course 4, which has hitherto taken up hydraulics in the Christmas term and highway engineering in the Trinity term, the arrangement will be just reversed. In course 5, the course of lectures on sewerage, will be largely discontinued and a "library course" will be required as much as possible. Course 6a, a half course, will consist of lectures and text-book work on masonry.

TRACK MEET TOMORROW.

Last Contest of Season with Union at Schenectady.

The track season closes tomorrow with the Union meet. The outlook for a victory is hopeful when the overwhelming defeat which Union lately received at the hands of Hamilton is taken into consideration. Trinity's chances for securing second and third places are lessened because of the fact that it is not possible to take more than fourteen men to Union but there are several fairly sure winners. Captain Wessels, Hudson, T. F. Wessels, and Hall should get away with at least four first places, while Furnival, Sage, Craik, Holcomb and Clark will probably come in second at the worst in their respective events.

The entries follow:

100-yd dash.—Collett, Hudson, Sage.
220-yd. dash.—Collett, Baridon, Sage.
440-yd. dash.—Hall, Furnival, Baridon.
880-yd. dash.—Crehore, T. F. Wessels, Craik, Spofford.
1-mile run.—Crehore, T. F. Wessels, Craik, Spofford.
2-mile run.—Crehore, T. F. Wessels, Craik, Spofford.
220-yd. hurdles.—Hall, Hudson, Clark.
120-yd. hurdles.—Hall, Hudson, Holcomb.
Hammer throw.—Hudson, Sage, T. F. Wessels.
Shot put.—Hudson, Sage, T. F. Wessels.
Pole vault.—H. Wessels, Steven.
High jump.—Sage, Holcomb, Hall.
Broad jump.—Sage, Holcomb, Hudson, Furnival.

Press Club Elections.

The Press Club met Tuesday night in the *Tripod* room, and elected the following officers for the coming year: S. H. Evison, president; L. D. Adkins, secretary; W. S. Marsden, treasurer; and R. P. Withington, recorder.

Plans for the year were discussed and active work for the remainder of the term spring was planned.

L'Heureux Elected Marshal.

At a meeting of the college body Wednesday noon, Alfred J. L'Heureux was elected college marshal by a vote of 94 to 52 over Charles H. Collett. L'Heureux has played on the baseball team for three years, is captain this year, was a member of the Sophomore Smoker and Junior Prom. committees and has played a prominent part in campus activities during his entire course.

College Notes.

There will be a meeting of the college body in Alumni Hall tonight for the purpose of practising songs and cheers for the Wesleyan game tomorrow.

The two divisions of the Geology I class made a field excursion to the quarry near Goodwin Park, Wednesday morning.

The class in Biology I will make a field trip to New Haven some time within the next two weeks. The time is uncertain and will depend on the tides.

Professor Kleene will teach in the summer school of the University of Colorado at Boulder, Colo., during the coming summer.

EXAMINATION SCHEDULE.

Final Revision for Trinity Term 1911-1912.

June 10 (I) Monday—A. M.: *Drawing 1; History 2; Latin 1; Religious Studies 2. P. M.: Civil Engineering 2b; Chemistry 2; English 4; German 3; Physics A.

June 11 (II) Tuesday—A. M.: Civil Engineering 5; Greek 2; Mathematics 3; Physics 3. P. M.: English 8; French 5; Geology 1.

June 12 (IX) Wednesday—A. M.: Drawing 3; English 2; French 2. P. M.: Mathematics 2; Philosophy 2; Physics 6.

June 13 (VII) Thursday—A. M.: Biology 6; Economics 1; German 2. P. M.: Greek A; Latin 5; Spanish 1.

June 14 (VI) Friday—A. M.: English 3; Philosophy 1. P. M.: English 1; German 5; Geology 3.

June 15 (XI) Saturday—A. M.: Civil Engineering 1b; Greek 1; History 7.

June 17 (X) Monday—A. M.: Biology 2; Chemistry 1; English 7; History 5; Italian; Mathematics 5; Philosophy 5. (IV) P. M.: Biology 1; Economics 2; Latin 2; Physiology and Hygiene 1.

June 18 (III) Tuesday—A. M.: Mathematics 1; Physiology and Hygiene 2; Spanish 2. P. M.: Biology 7; English 5; Greek 3; History 1; Physics 1.

June 19 (VIII) Wednesday—A. M.: Biology 5; Drawing 2; French 1; German 1.

June 20 (V) Thursday—A. M.: Philosophy 3; Physics 2.

Not provided for in the above schedule—Biology 4; Chemistry 3, 4, 5, and 5a; Economics 4b; French 7; Geology 2b; Latin 3; Shop Work.

**Examination held in Boardman Hall. Unless specifically stated to the contrary, all examinations are held in Alumni Hall, beginning at 9 a. m., and 2 p. m.*

\$7,000 in Russell Fund.

It was reported at the recent annual meeting of the Connecticut State Medical Society, that the money being raised by them for the Gurdon W. Russell fund amounts to \$7,000.

EXPERIMENT BY FRESHMAN.

Ripley Produces Parthenogenesis with Unfertilized Moth Eggs.

Lewis B. Ripley, '15, has lately accomplished an experiment in parthenogenesis which is looked upon with a great deal of interest by biologists everywhere. By painting the unfertilized eggs of the moth *Callosoma promethea* with a strong solution of sulphuric acid he has succeeded in producing a full grown caterpillar, and in doing so he has performed something which scientists in Europe and America have tried for years to accomplish; although steps in the same direction had been made before with less success. The growth of the two caterpillars obtained, and the offspring, will be watched with a great deal of interest. Ripley has been interested in biology for years and performed his experiments at his home in Glastonbury.

Trinity Tripod

Published Tuesdays and Fridays
throughout the college
year by the students of
Trinity College.

Subscribers are urged to report promptly any serious irregularity in the receipt of the *Tripod*. All complaints and business communications should be addressed to the Circulation Manager.

The columns of the *Tripod* are at all times open to alumni, undergraduates and others for the free discussion of matters of interest to Trinity men.

All communications, or material of any sort for Tuesday's issue must be in the *Tripod* box before 10.00 a. m. on Monday; for Friday's issue, before 10.00 a. m. on Thursday.

OFFICE—1 SEABURY HALL.

"NOW THEN, TRINITY."

As is announced elsewhere, there will be a meeting of the college body in Alumni Hall tonight to rehearse songs and cheers for tomorrow's game. Everybody must be there and do his best to get these down to perfection. Also everybody must be down on the bleachers tomorrow prepared to give the ball-players all the encouragement possible. Be ready to make a noise, if you have to lay in a supply of throat lozenges to do it. Wesleyan is sure to bring up a good crowd of supporters who can make themselves heard. Do not let us fall behind them.

The biology lectures during the year which is nearly ended, were a great success and it is hoped that those of next year will maintain the standard set this year. But the question comes naturally, "Why so much attention to biology or physics without a corresponding amount directed toward other branches of knowledge?" It seems as if it might be possible to have lecturers here to speak on some phases of political science, history, philosophy, Roman or Greek archaeology, or any of a dozen or more topics such as should and would be of

interest here. Cannot some other professors or students follow Professor Morse's example and broaden the scope of this work.

The appearance of the final examination schedule reminds us with a jolt that the time between now and the 10th of June is very short. There are doubtless many of us who have either neglected our daily work or have put off until the last minute tasks which could have been done long ago. If you have not been doing your best right along, don't leave everything until the last minute but tackle right off those things which must be done. It would be putting a tax on the imagination to say, "Don't let these sunny spring days keep you from work," but, good weather or bad, the work is sure to have been neglected to some extent. We want neither cripples or catastrophes, so let's bury our noses in our books and do some plugging.

The tennis association is badly embarrassed financially and in order that the college may retain its membership in the New England association it will be necessary to sell four more season tickets before tomorrow night. The money obtained in this way will simply pay the annual dues without allowing any entries in the annual tournament which begins Monday. The New England association started at Trinity, one of the founders was United States champion, and it would be a shame for the college to lose her membership now, when the prospects for this year and next are so bright. Just a little help, please; enough to pay the annual dues and the entry fee and to have a little bit left over.

PROMOTION FOR TRINITY MAN.

Edgerton, '94, Appointed to Yale
Law School Professorship.

John W. Edgerton, M. A., LL. B., a Trinity alumnus of the class of '94, was appointed professor of mercantile law in the Yale Law School at the May meeting of the Yale corporation held last Monday. The appointment was in the nature of a promotion, for Mr. Edgerton has been with the law school since 1903 as instructor, assistant professor and as secretary of the school. He received his master's degree and his degree in law from the same institution.

While a student at Trinity Mr. Edgerton stood exceptionally high in his studies and at the same time was prominent on the campus and in athletics. In his senior year he was captain of the football team.

To Professional Men:

No class of men need life insurance more than do professional men. As a rule, the income of a professional man is largely, if not wholly, dependent on his brain, and when the activity of the mind ceases, his income ceases, or is at once greatly reduced.

The Connecticut Mutual Life Insurance Company

offers to the professional man who desires to assure his wife and children for life, or for a specified term of years, the continuance of a substantial part, at least, of the income to which they were accustomed during his lifetime, a contract perfectly suited to these needs.

For further information, address the Company or any of its agents.

John M. Taylor, President.
Henry S. Robinson, Vice-Pres't.
William H. Deming, Secretary.

Alumni Notes.

'61—At the annual election of the New York Commandery of the Loyal Legion of the United States held May 1. Lieutenant-Colonel William S. Cogswell was elected recorder. The headquarters of the commandery, 140 Nassau St., New York City, which are open daily from 10 a. m. to 4 p. m., contain one of the largest collections in the country of books, papers and photographs relating to the war of the rebellion.

'85—Sidney T. Miller was recently elected president of the bar association of the city of Detroit, Mich. He has for years been one of the most prominent and able lawyers of that city.

'99—Invitations have been sent out for the wedding of Miss Anna Gardiner Westcott of Hartford to Dr. Elton Gardiner Littell, '99, of Yonkers, N. Y. The marriage will take place June 11 in Dedham, Mass.
