JUNIOR WEEK PLANS.

Electric Lights and Smilax Will Be Decorations.

The Junior Prom Committee held a meeting on Monday night in which final plans were made for the music and for the decorating of Alumni Hall. Although the definite contract has not yet been made, the committee is trying to get Wittstein's Orchestra of New Haven to furnish the music. About a dozen pieces will be engaged. The plans for the decorating were accepted substantially as submitted by the Simons & Fox Company of Hartford, and now await the approval of President Luther.

A comparatively small amount of bunting is to be used this year, and that employed is to be of a non-flammable quality. Some of it may be draped on the west wall and about the stage.

Electricity is to be an important factor in the main scheme of decorating. Southern smilax will be used abundantly on all of the fixtures. An entirely new and permanent system of lighting is to be installed before the date of the Prom. At present there is a double row of sixty candle power lights running the length of the hall. Each of these globes is to be replaced by a two-hundred candle power globe, working on the indirect lighting system. The light will be thrown directly on the white ceiling, by means of a reflector under each fixture, and will be reflected from the ceiling. A more uniform and diffused light will be the result.

A large electric ball made up of several hundred small ground glass globes will be suspended from the center of the ceiling, for the purpose of the Prom. From this ball, a streamer of electric lights will run to each corner of the room. Smilax will decorate both the ball and streamers, and will undoubtedly cause a very beautiful effect.

The stage, which is going to be occupied by the orchestra, will be banked with palms and flanked on each side with a shield, the shield on the left bearing the numerals 1-9, and that on the right the numerals 1-4. New footlights of an indestructible nature will make their debut.

Palms and smilax will serve duty about the stair windows, and on the landing.

A very attractive programme card has been made up, but no one will enjoy the privilege of feasting his eyes on one of them as his own possession until he has paid cash for his Prom ticket. However, cards will be done in the class colors, maroon and white.

The committee announces that the German will start at 8.30 o'clock on Thursday night with straight dances—no programmes will be used—until supper, after which will come the cotillion. Sutherland's orchestra will furnish the music.

The committee desires that all tickets be punched as soon as possible. Tickets for the Prom are \$5.00, and tickets for the German are \$3.00, with \$2.00 as the price for stags for the German. Tickets can be obtained from L. O. de Ronge.

PLANS FOR Y.M.C.A. SECRETARY Subscription for Thousand Dollar Fund Started.

The plans for the securing of a general secretary in the college branch of the Y. M. C. A. took definite shape yesterday when the undergraduate committee composed of Fort, '14, Moore, '13, and Moses, '14, started a canvass of the undergraduates for the purpose of raising funds to meet the salary of the general secretary. The sum which must be raised is \$1000 and it is hoped that at least \$250 of this sum will be pledged by the undergraduates. Last evening the matter was brought up at two of the fraternity houses and from these two alone \$55 was subscribed, which is an excellent start. The pledge paper which is signed by all subscribers, states that the subscription be paid on or before the 31st of May. The committee realizes that this is a bad time of the year to start a campaign with various other things making demands upon the men, but the excellent amount already subscribed from such a small number of men seems to show that they realize the vital necessity of such a man at Trinity. The committee as yet uncompleted, in charge of the campaign is composed of Mr. Walter S. Schutz, '95, Mr. Walter B. Briggs, Fort, '14, Moore, '13, and Moses, '14.

JUNIOR SMOKER.

Professor Flynn Talks on Inside Baseball.

The fourth smoker of the class of 1914 was held last Monday evening at St. Anthony Hall. The speaker of the evening was Professor Flynn who gave an interesting talk on baseball.

Professor Flynn began with a brief technical discussion of the rules of the game, and then proceeded to an interesting *resume* of the history of baseball and its development. He brought out the contrast between the game as played in its early days and the baseball of today.

In the course of his talk Professor Flynn paid a big tribute to the illustrious Ty Cobb, and quoted feelingly from Cobb's advice to base runners. The point most emphasized was the necessity for a baserunner to study closely the motion of an opposing pitcher. This is because, with very few exceptions, every boxman will "give away," by some slight movement of the leg or shoulder, the manner in which he is to deliver the ball.

Mr. Morgan's Funeral.

The funeral services of the late J. Pierpont Morgan will be held at 10 a. m. on Monday the 14th, at St. George's Church, New York. Trustees Rev. Wm. H. Vibbert, D. D., Col. Wm. S. Cogswell, Ambrose Spencer Murray, Jr., and President Flavel Sweeten Luther, will compose a delegation which will attend the services, representing Trinity's board of trustees, of which Mr. Morgan was a member. The interment will take place Monday afternoon at the Cedar Hill Cemetery, Hartford.

PUBLIC EDUCATION.

President Makes Address to Hartford Socialists.

"The Development of Public Education" was the subject presented by President Luther in a lecture before the socialists of Hartford on Sunday last. The speaker kept closely to his subject, avoiding the discussion of political principles. Past progress and future needs of public education were dwelt upon.

Dr. Luther expressed the opinion that France and Germany have school systems superior to our own, but gave the United States the credit of making greater advance in the idea of general education.

"General education," he said, "or the idea that everyone should have at least a little learning, is a singularly new thing. Public education is a prodigious experiment that has not yet passed the experimental stage. The state of Connecticut has invaded the family, taken charge of the children of Connecticut homes and said to the parents, 'these children are mine to train and direct.' It has usurped what some people call the rights of parents, and yet the parents have not objected, but have, as a whole, accepted the invasion. Why does the state and the city go all to this trouble in educating children?" The need of intelligent voters and well trained citizens was the cause he gave in answer.

In commenting upon the changes needed in the system of public education, the speaker said that he hoped to see more trade schools than there are at present, and prophesied that the young people will live to see the day when practically every vocation will be taught thoroughly somewhere. He quoted the objection that some people have to this vocational training; they consider the ideal too low and label it a "bread and butter education." Speaking from his own observation, Dr. Luther declared that those who complain are usually those whose butter is spread the thickest. Difference in training and in special knowledge he considered to be the requirements for different kinds of occupation,—not difference in either intelligence or ability.

He said in closing: "Education is one of the most important questions now before us, and the matter of trade schools is one of its most important phases."

Track Officials.

The officials for the inter-class track meet to be held tomorrow have been selected by manager Moses as follows: Referee, Horace B. Olsmted, '08; starter, Harry Wessels, '12; clerk of course, J. S. Moses, '14; timers, Dr. Swan, Professor Gettell, W. S. Marsden, '13; judges at finish, Moore, '13, Blecker, '12, Thomas, '13; field judges, Fitzpatrick, '14, Cook, '13, Meyers, '14; scorers, Evison, '13, Adkins, '13; announcer, E. L. Ward, '13. Entries will be accepted up to the time of the running of the event. The meet is scheduled to begin promptly at half-past two tomorrow afternoon.

INTRAMURAL LEAGUE.

Schedule Drawn Up. First Game on April 14.

The directors of the Intramural League at a meeting Wednesday noon, adopted a schedule for the games this spring, as follows:

Division A.

- April 14—Delta Kappa Epsilon vs. Phi Gamma Delta.
- April 16—Alpha Chi Rho vs. Psi Upsilon.
- April 21—Phi Gamma Delta vs. Sigma Psi.
- April 23—Delta Kappa Epsilon vs. Psi Upsilon.
- April 28—Alpha Chi Rho vs. Phi Gamma Delta.
- April 30—Delta Kappa Epsilon vs. Sigma Psi.
- May 1—Phi Gamma Delta vs. Psi Upsilon.
- May 7—Alpha Chi Rho vs. Delta Kappa Epsilon.
- May 12—Psi Upsilon vs. Sigma Psi.
- May 14—Alpha Chi Rho vs. Sigma Psi.

Division B.

- April 15—Alpha Delta Phi vs. I. K. A.
- April 17—Delta Psi vs. Neutral Body.
- April 24—Alpha Delta Phi vs. Neutral Body.
- April 29—Delta Psi vs. I. K. A.
- May 1—Alpha Delta Phi vs. Delta Psi.
- May 6—I. K. A. vs. Neutral Body.

Umpires—J. B. Moore, '13, F. S. Fitzpatrick, '14, A. J. L'Heureux, '13. *Score Keepers*—J. A. Moore, '14, J. S. Moses, '14.

The dates for the championship games will be decided later.

The constitution of the Intramural Baseball League, as adopted a year ago, and amended at Wednesday's meeting, is as follows:

Article 1—The name of this league shall be the Intramural Baseball League of Trinity College.

Article 2—The object of this league shall be the promotion of good feeling among the students of the college.

Article 3—The league shall consist of ten members, namely, the eight (8) fraternities, the Hartford Club and the neutral body.

Article 4—The league shall be governed by a board of ten (10) directors, each chosen by one of the ten members. The board of directors shall be the sole legislative and judicial body of the league, and from its decisions there shall be no appeal.

Article 5—The officers of the league shall be a chairman and a secretary-treasurer, who shall be annually elected by the board of directors from their number.

Article 6—Meetings of the board of directors shall be called by the chairman at his discretion or on request of two (2) directors.

Article 7—The league shall be divided by the board of directors into two (2) equal parts, namely Division A and Division B, and a schedule shall be arranged and published for each division, so that each team shall be required to meet each other team in that division

(Continued on page 2.)

OFFICE—1 SEABURY HALL

"NOW THEN TRINITY"

"A Word to the Wise."

With the approach of Senior Week and all its festivities, many of which are dances in Alumni Hall, we are once more reminded of certain things that have happened this year in the dancing line which did not pass without comment. We are glad to say that the Junior Promenade Committee is determined to suppress anything in the least degree off color. But such a step should be unnecessary. Trinity men who have Trinity's best interests at heart will not do anything to jeopardize her reputation here in Hartford or elsewhere. Too much care cannot be used. The tango and like dances ought not to be prohibited. People who argue that they should are probably not aware that it is not the dances themselves but the way they are danced that causes comment. Even the waltz could be executed in an objectionable manner. So we urge you to be careful *how* you dance.

INTRAMURAL LEAGUE.

(Continued from page 1.)

in one (1) game. At the end of the season the championship of the league shall be determined by a game or series of games, as the board of directors shall decide. All games shall be played on the college diamond at 6.15 a. m.

Article 9—Games scheduled may not be postponed except by the umpire, on account of unfavorable weather or ground conditions. Failure of a team to appear on time shall result in forfeiture, provided the opposing team is on the field and ready to play.

Article 10—The entrance fee, dues, and other assessments shall be levied equally upon all members of the board of directors, who shall also have sole authority to expend moneys from the treasury of the league. Provision shall be made for the purchase and award of a trophy annually to the championship team.

Article 11—The umpires for all games shall be appointed by the chairman from a list approved by the directors. So far as possible the umpire shall be from an organization not affected by the outcome of the game in question.

Article 12—The league season shall be open as soon after the Easter recess as the board of directors can conveniently arrange.

Article 13—Each team participating in a game shall be required to furnish to the umpire a new regulation league ball, before said game.

Article 14—Games, except for the championship, shall be of seven (7) innings when possible, but the umpire shall call a game at eight (8) o'clock a. m., except that an inning then in progress shall be completed when such completion may affect the result.

Article 15—All disputes, tie-games, postponements, forfeitures, and the like shall be referred to the board of directors whose decision shall be final.

Article 16—All players on any team must be undergraduates and members of the body which they represent, and no member of the 'varsity team (*i. e.*, one who has played five innings in a regular game after the opening of the home season) shall be eligible.

Article 17—This constitution shall become operative when signed by a majority of the directors, and may be amended at any meeting of the directors by concurrence of seven (7) members of the board.

GLEE CLUB PROGRESS.

More Trinity Songs Than Usual on Program.

In preparation for the Musical Club concert of Junior Week, to be given on April 19th, the glee club is holding frequent rehearsals, while the mandolin club is also getting under way toward acquiring a final polish in their work for the concert. The latter will attempt no new music, but three new numbers are being rehearsed by the glee club. Of these numbers, the "Grasshopper Cantata" and the "Cat with the Baritone Voice," are humorous selections which are sure to please. The third number will consist of several Trinity songs not usually sung on the campus and therefore unfamiliar to many.

The Connecticut
Mutual Life Ins. Co.

Hartford, Conn.

To **Professional**
Men:

No class of men need life insurance more than do professional men. As a rule, the income of a professional man is largely, if not wholly, dependent on his brain, and when the activity of the mind ceases, his income ceases, or is at once greatly reduced.

The Connecticut Mutual Life Insurance Company

offers to the professional man who desires to assure his wife and children for life, or for a specified term of years, the continuance of a substantial part, at least, of the income to which they were accustomed during his lifetime, a contract perfectly suited to these needs.

For further information, address the Company or any of its agents.

LECTURE BY DR. MORLEY.
 Talks on Ether Waves and Ether Drift.

Dr. Edward W. Morley, a well-known authority on chemistry and physics, gave a very interesting lecture in Boardman Hall, on "Ether Waves and Ether Drift." He began by discussing light and its method of travel. He spoke at some length of the live dispute among the authorities up to about a hundred years ago as to whether or not light was generated by emission or vibration and he told of the methods by which it was and could have been settled that it is a transverse vibration. It is this vibration, he went on to say, which that which we call ether, carries. The relation between molecular aggregates and this ether was what was now to be established. He told of the experiments which settled the facts that motion in the molecular aggregate does not disturb the ether in that aggregate and that light is an electromagnetic vibration. These experiments brought up further questions in regard to the ether which he commended, in finishing, to the attention of the young American scientists. Dr. Morley's address was given under the auspices of the Science Club and deserved a much larger audience than was there to hear him.

KAPPA BETA PHI MEETS.
 Holds First of Series of Smokers at Heublein's.

The first meeting of the active members of the Kappa Beta Phi since the reorganization of the society, was held on Tuesday evening at Heublein's. The meeting was in the nature of a smoker-banquet, and a very enjoyable evening was spent by those present, including T. G. Brown, R. C. Noble, S. S. Swift, R. P. Thomas and E. L. Ward. Reminiscences of class activities and college life were indulged in by all the pessimists, and the future plans of the society were discussed, keys were ordered by all the members, who will be seen on the campus this spring thus adorned. It is proposed to have smokers of a similar nature every month, the next one to be shortly after Junior Week.

1914 Ivy in Press.

The 1914 *Ivy* has gone to press, but the progress of printing and binding the book has been held up pending the arrival of the specifications and drawings of the new library building. As soon as these are ready the work of completing the volume will go merrily on. Editor-in-Chief Borchert announces that the book will probably appear within the next three or four weeks at the latest.

At the Alumni Dinner

Make the old grads feel at home. They smoke Fatimas, too.

With each package of Fatima you get a pennant coupon, 25 of which secure a handsome felt pennant—Colleges, Universities and Fraternal Orders (12x32)—selection of 115.
