

## TRINITY DOWNS RHODE ISLAND.

### Ferris Pitches Well in Thirteen-Inning Game.

The Trinity baseball team proved that it means to keep the pace set in the Wesleyan game by journeying down to Kingston, R. I., on Saturday and defeating Rhode Island State College by the score of 5 to 4 in a thirteen-inning game.

Trinity started with a tally in the third inning, and at the end of the fifth had a lead of four runs, due to the poor support given to Coleman. The losers fielded very loosely throughout, piling up eight errors in all.

In the sixth inning the locals began to find Warner and he had to be replaced by Ferris after the score was tied. Sullivan, Hudson and Newton singled in a row, Seigfert was hit by a pitched ball, forcing in Sullivan, Briden hit safely, scoring Hudson, Newton and Seifert.

Coleman and Ferris indulged in a pretty pitchers' battle until Gillooly ended things by scoring in the thirteenth. Gillooly opened with a single, Brainerd landed safe on an error, Vizner bingled out a hit, scoring Gillooly.

Briden put up a great game behind the bat for Rhode Island State.

## WESLEYAN BY ONE POINT.

### RESULT OF MEET IN DOUBT UNTIL LAST MINUTE. CREHORE AND CAPTAIN WESSELS BREAK COLLEGE RECORDS.

In an unprecedentedly close track and field meet, held on Trinity Field; Saturday afternoon, the Wesleyan track team scored 63½ points to Trinity's 62½. The outcome of the meet was in doubt until the very last jump of the broad jump, which was the final event on the program. Trinity lost the day by exactly one and one-half inches, that being the margin by which the Blue and Gold missed third place in the broad jump. The one point accruing to this place would have reversed the result of the meet.

However, one more point for Trinity in any of the other events would have had the same effect. So Perkins, the

This was all part of the fortunes of war, however, and the referee's ruling in the matter was quite just and proper. Turning now from the recountal of "almost wins," we come to the pleasant subject of real wins. In spite of the chilly weather, the Trinity runners took the same attitude toward college records that militant suffragettes assume toward plate glass windows. Two Trinity records were sent overboard by Blue and Gold clad athletes, Saturday, Crehore setting a new mark in the two-mile run, and Captain Wessels lowering the half-mile record.

Crehore was very much in the spotlight. Trinity's great distance

M. S. CREHORE.

man whose valiant efforts in the broad jump fell just one inch and a half short of the coveted third honors, had no cause to reproach himself for the hair-breadth defeat. Had not Hudson suffered from a particularly hard bit of hard luck in the hammer throw, Trinity would almost certainly have born off the palm of victory. Hudson understood that each man would be allowed six trials in this event. The intercollegiate rules, however, provide for three preliminary trials, and three more trials for those qualifying in the preliminaries. Hudson was carried out of the ring by the impetus of his own great weight on each of his first three trials and was disqualified. Had Trinity's giant athlete known that he had but three trials he undoubtedly would have been more careful to avoid fouling, and, once safely in the finals, he would almost certainly have captured first or second place.

CAPTAIN T. F. WESSELS.

man, after romping away with an easy first in the mile run, came back with a wonderful exhibition in the two-mile, lowering the college record by eleven seconds. Captain Wessels ran a beautiful race in the half-mile, breaking the old record by a two-second margin. Wessels also got second place in the two-mile run, as Cashman of Wesleyan, who finished ahead of him, was disqualified for fouling. Sage got first in the broad jump, and also won the high jump, clearing the bar at five feet, seven inches.

The prettiest race of the day was the 440-yard dash, which Hall won for Trinity, by a great display of speed and stamina on the home stretch. Furnivall of Trinity, also ran a beautiful race in this event, capturing second place.

Deetjen, Irving, and Captain Wendell did yoeman service for Wesleyan in

## PROFESSOR PERKINS LECTURES.

### Discusses Law of Gravitation at Science Club Meeting.

At a meeting of the science club held Friday afternoon in Boardman Hall, Professor Perkins of the department of physics, gave a non-technical lecture on the subject of gravitation as related to the heavenly bodies. In introducing his subject, Professor Perkins spoke of the work of Kepler and others in this line, describing particularly the derivation of the law of gravitation by Newton, and his application of it to the case of the force of gravity between the earth and the moon. In this connection, he gave an interesting account of the discouragement undergone by the great scientist due to an error in the value of the earth's radius as calculated at that time, and of his triumph when a new measurement verified his theory.

Other interesting historic incidents described in the course of the lecture were those attendant upon the attempts to measure gravity experimentally. One of these pointed to the conclusion that a body thrown upward does not travel in a true parabola, but follows the path of an ellipse of great eccentricity, having one of the foci at the center of the earth.

The lecture concluded with a theoretical discussion of the ultimate nature of gravity.

## Changes in Physics Course.

The present Physics A course, which has been practically the equivalent of the entrance physics, is to be discontinued at the end of this academic year and is to be replaced by a new course to be called Physics 1, the present Physics 1 to be called Physics 3, in keeping with the complete renumbering of all the courses in the department. It is intended to conduct the course like similar courses given in the academic departments of the universities, half lecture, half written or verbal recitations. With the additional apparatus and an additional laboratory hour each week it will be possible to perform 75 experiments instead of 45 as at present; the increased time devoted to laboratory work is expected to satisfy practically all the medical schools.

Provision will be made for a second division in the laboratory work, but in the event that a student is crowded out of the first division, he must have both Thursday afternoon hours free in addition to the two groups assigned to the course in the Catalogue. The preference is given to the candidates for the A. B. degree because it is desired that the majority of candidates for the B. S. degree present Physics at entrance.

The statements of the prerequisites for courses 4 and 5a are in error and should read as follows:

4—(LV and V) Elective for those who have taken course 3.

5a—(I) Half course. Elective for those who have taken course 3 and Mathematics 3 (Differential and Integral Calculus).

## "NOW THEN TRINITY"

Probably by the time this issue of the *Tripod* has been printed, the 1914 *Ivy* will be out. Each man will be able to pass judgment for himself concerning the merits of the book, and we believe that the judgment will be favorable. The board did not spare expense to make the *Ivy* a success. Consequently, the figures on the debit side of the page are larger than in former years, and to meet obligations more books have to be sold than usual. If you really like the *Ivy* do not be content to look at it over someone's shoulder, but buy one for yourself. You will be glad that you have it several years from now when your college days are things of the past. Remember, too, that spirit can be shown by supporting the college publications, as well as by supporting the athletic teams.

### To Professional Men:

No class of men need life insurance more than do professional men. As a rule, the income of a professional man is largely, if not wholly, dependent on his brain, and when the activity of the mind ceases, his income ceases, or is at once greatly reduced.

The Connecticut Mutual Life Insurance Company

offers to the professional man who desires to assure his wife and children for life, or for a specified term of years, the continuance of a substantial part, at least, of the income to which they were accustomed during his lifetime, a contract perfectly suited to these needs.

### Amherst Wins Tennis Match.

On Saturday, the 17th, the tennis team, minus the services of Edsall, was defeated by Amherst, five matches to one. Amherst's captain and star player, Johnston, was in great form, but had all he could do to win over Burgwin in two extremely fast sets, 8-6 and 7-5. The two later met in what was conceded to be the best exhibition of the afternoon when Burgwin and Ward of Trinity lost to Johnston and Cady of Amherst. The only match won by Trinity was that in which Mitchell of Trinity handily defeated McCange of Amherst 6-1, 5-7 and 6-3. Following is the summary:

**Singles**—Johnston of Amherst defeated Burgwin of Trinity 8-6, 7-5; Cady of Amherst defeated Barnett of Trinity 6-0, 6-2; Shumway of Amherst defeated Ward of Trinity 6-1, 7-5; Mitchell of Trinity defeated McCange of Amherst 6-1, 5-7 and 6-3.

**Doubles**—Johnston and Cady of Amherst defeated Burgwin and Ward of Trinity 4-6, 6-3, 6-1; S. P. Wilcox and L. Shumway of Amherst defeated Barnett and Mitchell of Trinity 6-1, 6-0.

The team is at present in Boston competing in the New England Inter-Collegiate and as Edsall has joined it, a good showing may be expected.

### Bishop Brewster Preaches.

Trinity Sunday is the day which tradition has set aside for the annual visit of the Bishop to the college. At the chapel service Sunday morning, the Rt. Rev. Chauncey B. Brewster, Bishop of Connecticut, was present, and administered the rite of confirmation upon Edward L. Pollock, '15, of Chicago, Ill. The Bishop chose as the text of his sermon the words from the fifth chapter of second Corinthians, the seventeenth verse: "Wherefore if any man is in Christ, he is a new creature." Bishop Brewster went on to show how the truly Christian life revivifies and renews men, raises them from their sins, and strengthens them to strive for what is bright and best in life. In closing he spoke of the part that confirmation plays in every man's life, and how it opens the way to a truer and closer communion with God.

#### Alpha Delta Phi Loses.

On Monday afternoon, the Neutrals defeated Alpha Delta Phi, in what was perhaps the best game in Division B, this year. The game was a pitchers' battle from the start, in which Beardsley for the Neutrals, slightly outpointed Deppen of Alpha Delta Phi owing to his better control. The game was won in the seventh when Levin was passed, stole second and third and scored when Beardsley slashed a hot drive to short that Elder knocked down but was unable to field in time. Beardsley was unquestionably the star for the Neutrals, while for Alpha Delta Phi, Thompson handled three hard chances in the field and drove out the longest hit of the game a scorching triple.
