MEETING OF DEBATING CLUB.

To be Held Wednesday. Lazarus Hopes to Form Team.

On Wednesday afternoon at 12.45 there will be held a meeting of the debating society in the history room. President Lazarus, '14, wants a big attendance, as he hopes to make this year an entirely satisfactory one, and asks all the freshmen who have had experience, or who are interested in debating, to come to the meeting. From the talent in college now it is hoped interest enough will be aroused to form a college team which might well represent Trinity in an intercollegiate debate. Interclass debates shall begin immediately. All the classes have representatives already except the freshmen, among whom it is understood there is some very good material.

BIBLE AND MISSION STUDY.

Courses to Be Given by Mr. Lane and Mr. Briggs.

A canvass of the college body is being made for the organization of the Y. M. C. A. Bible and Mission Study courses for the ensuing year. The Bible Study class will be conducted by Mr. Stoddard Lane, Amherst, '09, at present studying at the Hartford Theological Seminary. Mr. Lane has had several years' experience in teaching college Bible classes and consequently knows how to present the subject in a very interesting and instructive way. The work of the course will be a study of the life of Christ. It is planned, for the present, to hold the classes at 122 Vernon Street, at seven o'clock every Monday evening.

Mr. Briggs has very kindly consented to lead the Mission Study group this year, and everyone who has attended his courses for the last two years knows how instructive and absorbing they are. The religious development and opportunities in South America will probably be the subject under discussion during the first half-year of the course. The class will meet on Wednesday afternoons from five to six o'clock at such a place as the committee may decide upon.

It is hoped that a large number of men will enroll themselves in either or both of the courses. Anyone wishing to do so should hand his name to Moses, '14, Wroth, '14, or Mitchell, '15, as soon as possible.

Notice.

The underclass football game has been postponed until next Monday, October 27th.

TRINITY 14; AMHERST 0.

GOLD AND BLUE GETS REVENGE FOR LAST YEAR'S DEFEAT.
SMITH STARS AT QUARTER.

In one of the cleanest games ever played on Trinity Field, the football team administered a 14 to 0 defeat to Amherst on Saturday last, thus avenging itself for the latter's victory last season. Trinity had the ball in her possession nearly all of the time and kept the ball continuously in Amherst territory. Finding no vulnerable spot in the Blue and Gold defense, the visitors relied solely on the kicking of Captain McGay to keep the ball away from their own danger line. Amherst failed to gain her distance a single time, while Trinity piled up over a dozen first downs.

McGay at full and Washburn at quarter starred for Amherst, while the whole team played a plucky, fighting, defensive game, but against heavy odds. The Trinity line was too strong for the Amherst backs, and all attempts to smash through were soon given up. The Trinity backfield worked with speed and precision. Not a fumble was made throughout the game. Hudson tore through the line and around the end for gain after gain. Smith, who was given his first try at quarter, played an all around steady game, and used judgment in directing the attack. He made both of the touchdowns. Trinity got the jump on the visitors, and swept down the field for the first score within six minutes from the starting whistle. This led the local supporters to expect a very high score, but the Amherst defense stiffened and proved that it was worthy of a better reputation.

Promptly at 3 o'clock, Kinney kicked off to McGay on Amherst's 10-yard line. McGay punted into Trinity territory, but rushes by Hudson and Coffee brought the ball back again within striking distance of Amherst's goal. A long end run by Hudson featured in the progress down the field. Smith cut loose on the 25-yard line, and tore through a broken field for a touchdown. Kinney booted the ball over for a goal, after the kick-out. Score: Trinity 7, Amherst 0.

Kinney kicked off to McGay, who ran back to the 35-yard line. McGay punted to Smith on Trinity's 30-yard line. Trinity rushed the ball back to Amherst territory, but was penalized 15 yards for holding and was forced to punt. McGay received the kick and carried the ball by a beautiful 25-yard run into Trinity territory. Amherst was held for downs, Trinity receiving the ball on her own 35-yard line. Amherst held in turn, and Howell punted to McGay on Amherst's 35-yard line. McGay returned the kick. The quarter ended with the ball in Trinity's possession on her 20-yard line. Score: Trinity 7, Amherst 0.

McGay and Howell held a punting duel throughout the second period. At the beginning of the period Howell punted to midfield. Amherst was penalized, and the ball went to Trinity on her own 25-yard line.

Smith shot through center 10 yards. Moore, Cole and Hudson added 5 more each. Amherst held and Howell punted to McGay on Amherst's 30-yard line. After useless attempts at breaking through the Trinity line, Amherst punted again. McGay lifted a long spiral which Coffee received on Trinity's 30-yard line. On the next play he circled around the end for a 15-yard gain. Trinity made 10 more yards by rushing, but failed to gain on an incomplete forward pass. Kinney's failure at a goal from field from the 30-yard line gave Amherst the ball on her 25-yard line.

McGay punted out of danger. Trinity rushed the ball back to midfield, but the Amherst ends broke through and smeared an attempt at a forward pass. Howell punted to McGay on Amherst's 15-yard line. Cole, Castator, and Woolley downed him in his tracks.

McGay returned the kick, Smith receiving on Amherst's 40-yard line. Amherst intercepted a forward pass, and tried one in return. The pass went wide and time was called for the end of the first half. Score: Trinity 7, Amherst 0.

Trinity had an excellent opportunity to score in the third period, but the Amherst line held Trinity for downs on her 15-yard line, when Trinity had but a few inches to go for her distance.

Warren kicked off to Hudson on Trinity's 20-yard line. The big full-back galloped to the midfield before he was downed. Howell and McGay exchanged punts, Trinity rushed the ball to the 30-yard line. Kinney again failed at try for goal.

McGay punted into Trinity territory, but the Trinity backs ate up the distance again, and brought the ball to Amherst's 12-yard line.

Amherst got possession of the ball after an incompleting forward pass, and McGay kicked to midfield. Trinity soon had the ball back on the 15-yard line. Amherst took a heroic brace and held for downs.

The period ended with the score Trinity 7, Amherst 0.

Amherst punted to midfield at the beginning of the last period. Howell and McGay exchanged several punts, and then Trinity began a whirlwind trip down the field that swept the visitors off their feet. Each Trinity back in turn found openings both through the line and around the ends, and even the Amherst secondary defense was bewildered by the amazing speed with which the attacks were executed. When the

A. A. MEETING.

Pressey Baseball Manager. Voting by Proxy Abolished.

A meeting of the Athletic Association for the purpose of electing a manager for the baseball team was held Friday night, President Edward J. Myers, '14, presiding. The voting resulted in the choice of William B. Pressey, '15, of Ashton, R. I.

F. S. Fitzpatrick, '14, brought up the matter of abolishing voting by proxy at future Athletic Association meetings, saying that abolishment of the system would be an all-around benefit. The motion was passed, and hereafter it will be necessary for Athletic Association members to attend meetings in person if they wish to vote.

On motion, the meeting adjourned.

Sunday Sermon.

For his text in chapel last Sunday, Dr. Luther chose part of the eleventh verse of the fourth chapter of the second epistle of St. Paul to Timothy: "Only Luke is with me." Dr. Luther then went on to tell of the circumstances under which it was written. How, St. Paul, who was certainly not strong physically, had required almost constant attention, during the last years of his life. This attention had been supplied by St. Luke. This naturally brought up the question of who St. Luke was, whose day we celebrated yesterday. St. Luke was a physician, the only gentile to write a gospel, and that gospel filled with more humanity, with more love and understanding of the people, and especially of women, than any of the others. And then Dr. Luther advised us not to look down upon the physician of the first century A. D. Science, and especially medicine is so mutable, that what is a wonderful discovery today is ancient history tomorrow. And, that with much more reason may those of the fortieth century look down upon us.

Dr. Luther urged then the call to duty of those saints who have gone before, and of those yet to come. That call is focussed upon us now. How we must answer that call must be answered by each individual for himself.

Honorable Lawson Purdy to Speak on Founders' Day.

Everyone who was in college last year will recall the fine address given by Justice Riddell of Canada, on Founders' Day, when the class of 1916 was matriculated; and everybody will be glad to hear that the Honorable Lawson Purdy, LL.D., 1884, will give the address on November 1st this year. He announces as his subject "The Spirit of the Times." Mr. Purdy is one of the most distinguished of Trinity's graduates, a man who has impressed himself upon the life of the City of New York, recognized as a leading authority in his specialty, and a thoroughly loyal alumnus.

"NOW THEN TRINITY"

Dr. Grenfell.

The college is very fortunate in having
the opportunity to hear an address by
Dr. Wilfred T. Grenfell, the noted Labra-
dor missionary, who will speak for a few
minutes in Alumni Hall tomorrow after-
noon. Every man who can possibly
come to hear him, should do so, both for
his own enjoyment and as a matter of
courtesy to the speaker.

In hearing Dr. Grenfell we are listening
to a man who has been characterized as
the most useful man in the North Ameri-
can continent. When he went to
Labrador some twenty years ago, he
found the inhabitants practically with-
out religious or medical aid. Lack of
space forbids a recital of even a fraction
of the things that he has accomplished.
Suffice it to say, that where there was
once ignorance, terrible poverty, and
desolation, there is now enlightenment,
thrift, and industry; and all this due to
Dr. Grenfell.

Saturday's Singing.

When the college body gathered in
Alumni Hall Friday night, it seemed as
though Trinity had taken a great step
forward in the singing line. When the
college body sang on the bleachers at the
Amherst game, the result was very
different. The singing left much to be
desired. The reason for this poor show-
ing can probably be accounted for by
the fact that, contrary to all requests on

the part of the cheer-leaders, the glee
club men did not sit together. This was
not entirely their fault. It seems to us
that it is the duty of the Athletic
Association to reserve a certain portion
of the bleachers for the men who can
sing. And then, of course, the men who
happen to sit outside of this section
should not feel that they should keep
their mouths closed. The more who
sing, provided they can carry a tune,
the better will be the result.

Prof. Brenton Speaks at Y. M. C. A. Vespers.

At the Y. M. C. A. vesper service
Sunday afternoon, Professor Brenton
gave an encouraging talk. He told of
the great show of outward splendor dis-
played in the parade of thousands of
Christians, following the Cross and flag,
headed by a band, in the streets of
Hartford, how the power of example had
shown itself in the interest and excite-
ment of the crowds on the sidewalks.
The speaker then said he doubted
whether the quiet gathering of students
in the chapel at the services of the
Y. M. C. A. every Sunday afternoon
would not do more toward the spreading
of an example for our fellow-men than
that great show of splendor. The ves-
per service may seem a little thing in the
work of this college organization, but as
many wise men have said: "Between the
great things we are not able to do, and
the small things we won't do, many of us
do nothing at all." "The little things have
made the paths over which our big
organizations have traveled onward.
When the thought comes to us how
from the twelve, at supper in the upper
room of that house many centuries ago,
had spread the religion of the great
Christian Church today; and how the
impetus for the wonderful missionary
organization of our Church in America
was born here at Trinity College, one
cannot wonder what may be the out-
come of these meetings on Sunday after-
noons to do reverence to our God.

The speaker pictured the future in a
most graphic way with a beautiful build-
ing set apart on this hill and consecrated
to God's services where perhaps many
years from today this same service may
be conducted with good music, and fine
speakers to talk to us. Finally, as an
example of the power of little things,
he told a story of how a young English-
man of good family and many advan-
tages at home, had neglected his oppor-
tunities and taken the wrong path of
life. He wandered away from home and
friends, and from the things he knew to
be right before his God. Chance found
him in New York, after some time,
penniless and ready to take up any
occupation he could find. He found
work with a stonemason and, while at
work one day in lower Fifth Avenue,
relaying flagstones upon the sidewalk,
beneath one of the stones he found
fragments of pages of a prayer book.
He read the pages he had so often read

| Mack, Whitten | RE | Cole |
| Washburn | QB | Smith |
| Warren | LHB | Coffee |
| Rider, Knowlton | RHB | Moore |
| McGay (c) | FB | Hudson (c) |

Score: Trinity 14, Amherst 0; touchdowns, Smith 2; goals from touchdowns, Kinney 2.

Officials: Lowe, Dartmouth, umpire; Herr, Dartmouth, referee; Davis, Wesleyan, linesman; time: 4 12-minute periods.

Prof. Brenton Speaks.

(Continued from page 2.)

before; they came to him as a message and he saw them in a way he had not been able to do since he had turned from his better living. They brought back to him his home, his friends, his conscience, and his God. He resolved to return to the way he recognized as right. He finished that day's work as usual and he continued in the same occupation but his life was influenced and changed from that time.

That night he brought his tools back to that spot and over the place where he found those torn leaves, he carved a small cross in the stone. And so today that cross is still there—on the west side walk of Fifth Avenue near Washington Square. Many feet trample upon it every day, and to most of the people it means nothing, but to the few who know the story it is marvelously eloquent. If this little incident in the course of the day's work can have such a powerful influence over a man's life, what might not we hope from the power of these little gatherings in our chapel?

"Keeping in Front"

You fellows know what that means! We've been very successful in this regard with Fatima Cigarettes. By the way, these cigarettes were first sold in the college towns—and you agreed with us that they were good.

Then we put out for the big race, to make Fatimas of nation-wide reputation, and today more are sold than any other cigarette in this country.

No purer, or more carefully chosen tobacco grows than that in Fatimas. We purposely put them in a plain inexpensive wrapper—in this way we can afford quality tobacco, and twenty of the smokes for 15 cents.

Now your college crew is of utmost importance to you—so is a good cigarette, and it's your aim in life to keep Fatimas in the lead—right up to their good quality—right up to where you first found them, and will always find them.

Success fellows! You started this cigarette on its successful career—and you pull a strong oar all over this country.

HARTFORD, CONNECTICUT.

THE LIBRARY contains about 60,000 volumes, 30 per cent. of which have been purchased within the last twelve years. It is open daily for consultation and study.

THE LABORATORIES — Physical, Chemical, Biological, and Psychological, are fully equipped with modern apparatus for work in these departments.

ATTENTION is given to work in preparation for Electrical Engineering, Civil Engineering, Industrial Chemistry, and Medicine.

EXTENSIVE COURSES are offered for study in Mathematics, Ancient Languages, Modern Languages, Economics, History, Ethics, and Philosophy.

A large list of valuable scholarships and prizes may be found in the Annual Catalogue.

For Catalogues and Information address the President
or the Secretary of the Faculty.

A New President for Hobart.

According to a personal communication to President Luther, we learn that in the course of the next three or four weeks President Powell will be formally inaugurated at Hobart College. The date, as far as can be ascertained, has not been definitely set, but it will probably take place on or about the 15th of November. As yet no formal invitation has been extended to this college, but the letter to President Luther contained a personal announcement, and it is to be expected that as soon as all the arrangements have been made, Trinity will hear from them.
