## "UNIVERSAL PEACE."

### Dr. Schran Outlines Striking International Scheme.

Tuesday night, Dr. August Schran of Sweden lectured on "Universal Peace," in place of Dr. Metz of Munich. Dr. Schran has been secretary of the Swedish-Norwegian legation to Russia, has been an officer in the Austrian dragoons, and has been private secretary to the Minister of Foreign Affairs at Stockholm.

Dr. Schran is one of a series of speakers the Political Science Club hopes to bring here under the auspices of the Carnegie Peace Foundation. These lectures will be free and open to all students and friends of the college. The meetings will be held in the Public Speaking Room at times to be announced later.

Professor Ray introduced the speaker of the evening, Tuesday.

Dr. Schran spoke in part as follows: "Peace movements have been on a wrong basis. Pacificists, heretofore, have addressed themselves to the governments directly and not to the people. This is futile. If this is to be the last of the great wars we must go about it otherwise. We must have, for one thing, permanent peace. We cannot talk of liberty before war is done away with, for otherwise governments will still interfere with the people; as for example, by conscription.

America today has a great opportunity. The settlement of this war will be at a congress such as the Congress of Vienna in 1815. This "Congress of Washington" will, I hope, consider the people. This war can be made the last of all wars if the United States takes the firm stand that the "Congress of Washington" shall consider the people.

To abolish diplomacy you must adhere to the principle of nationality, and by this I mean that every nation shall arrange its government as best it sees fit. This is the first condition of peace.

So also the arm of the government must not go beyond the borders of a nation. A government to protect its citizens abroad uses its sovereignty beyond its borders. If we establish a world citizenship (that every individual shall be admitted to a foreign nation) we do away with this principle of extraterritoriality. Third, Universal Free Trade must be adhered to if we are to construct a world state on the principle of nationality. One nation must not seek to go beyond another. Nationality, world citizenship, and universal free trade will do away with diplomacy and all consular officers, for if national sovereignty ceases at the national borders and if every nation gives to another the same rights as to itself, then armies and navies—and diplomacy may go.

Let us suppose that the world accepted these three principles. The high seas belong to no one in particular.

## 1916 PROMENADE.

### Prom. to Be Held at Park Casino. No College German.

The Junior Promenade Committee held a meeting Thursday, at which it was definitely decided to hold the Prom. in the Park Casino, on Elm Street. The program for Junior Week has not been definitely settled as yet, but so far as is known now, the first event will be the College Tea, the afternoon of Thursday, February 4th, followed by the concert of the combined Musical Clubs Thursday evening, with the Junior Prom. Friday evening. There may possibly be a tea at the Alpha Delta Phi House Friday afternoon, but this has not been definitely settled as yet. The College German, originally scheduled for Wednesday night, February 3rd, is to be omitted.

## COMMUNICATION.

### To the Editor of the Tripod:

May I be permitted to say a few words, with regard to holding the Junior Promenade at the Park Casino instead of having it at Alumni Hall? During the past few days I have heard some unfavorable criticism about it and I feel that it is justified. Perhaps for the last thirty years, Trinity Junior Proms. have been held in Alumni Hall and there is a great deal of sentiment and love for the old place. Trinity men for the past generation have taken their Prom. girls to Alumni Hall, and I should like to think of it being done for another generation. There is an atmosphere of the college—a delightful atmosphere. You are entertaining at your college home and a very beautiful home it is.

The only objection I can see to having the Prom. at Alumni Hall is that it may be crowded. It is crowded, perhaps too crowded at first, but—I have attended four Proms. here at Trinity—the crowd seems to disperse at the end of an hour and from then on the dancing is comfortable.

I write this note not meaning to criticize the Prom. Committee, for I feel certain that they have worked hard and, in deciding to hold the Prom. at the Casino, have felt they were doing the best thing. But they seem to have forgotten that a great many of us Trinity men have much sentiment in favor of holding our college affairs at Trinity and it won't seem like a good, old Trinity Prom. if it is to be held down at some public dance hall in town.

## SENATE MINUTES.

13 Jarvis Hall,  
November 5, 1915.

A special meeting of the College Senate was called to order at 7.15 p. m., by President Howell. Messrs. Cole and Ludwig were absent. Minutes of preceding meeting were read, corrected and accepted as corrected. The question of abolishing the Freshman-Junior banquet was informally discussed. As the sentiment of the Senate was unanimously in favor of retaining the banquet no motion was made.

Mr. Bradley of the Class of 1917 stated that in the opinion of a number of members of his class the Sophomore Hop assessment of \$5.00 a man was too heavy. Mr. Bradley moved and Mr. Morris seconded that the Senate recommend to the Class of 1917 that this assessment be reduced. Carried.

On motion the meeting adjourned at 7.45 p. m.

THOMAS COOK BROWN,  
Secretary.

Seminar Room,  
December 4, 1914.

The fourth regular meeting of the College Senate for the present year was called to order by President Howell at 7.00 p. m. Mr. Robinson was absent. The minutes of the preceding meeting were read, corrected, and accepted as corrected.

Mr. Ives for the committee, *pro tem*, on the College Union read his final report, showing total receipts of \$1,202.00, and total disbursements (approximate) of \$1,080.00, leaving an approximate balance of \$120.00. Mr. Ives stated that at that time about 160 men had joined the Union.

Mr. Bennett for the permanent committee on the College Union reported that the Union had been opened and that rules would be posted.

Mr. Brown moved and Mr. Morris seconded that the report of the committee be accepted, and that the committee be discharged, with a vote of thanks for its efficient work. Carried.

Mr. Smith brought up a proposed amendment to the constitution of the Athletic Association whereby every man in college would be required to contribute \$10.00 a year to the Athletic Association; provision being made for men financially unable to pay this sum to make arrangements with a special committee whereby he would be permitted to pay a smaller amount; the names of all undergraduates not paying the assessment and not showing satisfactory cause for not paying it, to be posted on the College bulletin board.

Mr. Smith moved and Mr. Cowles seconded that this proposal be brought before the college body. Carried.

President Howell appointed the following committee to draw up a resolution in favor of the proposed amendment and to introduce it at a College

## TRINITY AND THE PRESS.

### Plan Submitted for the Formation of Senate Press Committee.

Mr. T. H. Robinson, '15, chairman of a committee appointed by the president of the College Senate for the purpose of devising means for giving Trinity activities publicity in the daily press, has submitted to the Senate the following report:

#### Mr. President:

In behalf of the above committee, I take pleasure in submitting the following report:

I have pursued two general lines to ascertain the advisability of extending the press activities of the College. First, I have written to the sporting and social departments of daily newspapers in the following large cities, Baltimore, Philadelphia, New York, Albany, Detroit and Boston, and I have also written to the editors of newspapers in the leading cities and towns of Connecticut, for it is necessary I find as I go around the state, that this old Connecticut institution become better known. The replies from these newspapers warrant, I assure you, the extension of the press activities of the undergraduates. Further, I have written to several colleges and obtained an insight into their methods of press activities. I have used the information obtained from Hobart College at Geneva, New York, for this club is about the most practical and active one I have heard of. A prominent member of the Hobart Press Club (a former Trinity man) advises me that their press club is bringing good men there, a fact which warrants any small college undertaking such activities.

My second method of going about this work entrusted to the committee has been to inquire among the undergraduates and ascertain just how many student reporters were in college at the present time. Such verbal inquiry assures me that there is very little systematic reporting among the students. The Hartford and Springfield papers seem to be the only ones well covered. I could only find about one man in college who said that the institution was well advertised. Furthermore, I have had brought to my attention the opinion of several Hartford men on certain newspaper communications which seem to warrant a censorship, of at least a limited extent, or else a clear understanding between

## "NOW THEN TRINITY"

The Junior Promenade Committee  
has announced its intention of holding  
the Promenade at the Park Casino  
instead of in Alumni Hall. There  
is no good reason for such a change, and  
it seems to us a quite unwarranted  
violation of Trinity tradition. We  
sincerely hope that the committee may  
be induced to reconsider its unfortunate  
decision.

### SENATE MINUTES.

(Continued from page 1.)

Meeting: Messrs. Smith, Ives and  
Edsall.

Mr. Morris suggested the formation  
of an intramural basketball league  
composed of picked teams.

President Howell appointed the fol-  
lowing committee to lay a plan for such  
a league before the College body:  
Messrs. Morris, Ludwig and Bradley.

President Howell brought up the  
question of the formation of a Press  
Club or Committee under Senate juris-

diction. Mr. Bradley suggested that a  
committee of three be appointed for the  
purpose of outlining a plan for such a  
club or committee.

President Howell appointed the fol-  
lowing committee for such purpose:  
Messrs. Robinson, Bennett and Brown.

On motion the meeting was adjourned  
at 7.40 p. m.

THOMAS COOK BROWN,  
Secretary.

Seminar Room,  
January 11, 1915.

The fifth regular meeting of the  
College Senate for the present year  
was called to order at 7.10 p. m. by  
President Howell. Messrs. Bradley and  
Ludwig were absent. The minutes of  
the preceding meeting were read, cor-  
rected and accepted as corrected.

Mr. Robinson, for the committee on  
devising means of giving Trinity pub-  
licity in the daily press, submitted a  
report. (Mr. Robinson's report in full  
appears in another column.)

Mr. Morris, for the committee on  
basketball, reported that a basketball  
league of six teams had been formed,  
and that two games had already been  
played.

Mr. Cole, secretary and treasurer of  
College Union committee, made his  
financial report. (Mr. Cole's report  
will appear in the next issue of the  
*Tripod*.)

Mr. Bennett, chairman of the College  
Union committee, urged the members  
of the Senate to get men to join the  
Union.

Mr. Robinson moved and Mr. Edsall  
seconded that the following motion be  
referred to a vote of the college body:

"The press activities of the under-  
graduate body of Trinity College shall  
be in the hands of a Senate Committee  
of three members of the Trinity College  
Senate, to be appointed by the President  
of said Senate." Carried.

Mr. Robinson moved and Mr. Ives  
seconded that the President of the  
Senate be empowered to appoint such a  
committee. Carried.

Mr. Robinson stated that some money  
would be necessary to finance the press  
committee, but believed that a contri-  
bution of ten cents from every man in  
college would be sufficient.

Mr. Brown protested against the  
proposal of the Junior Promenade  
Committee to hold the 1916 Promenade  
at the Park Casino instead of in Alumni  
Hall.

Mr. Cole stated that the committee  
had taken no official action in the  
matter as yet.

The Senate discussed the question  
informally, but decided to make no  
formal expression of sentiment until the  
Junior Promenade Committee should  
have taken official action.

Mr. Edsall moved and Mr. Cowles  
seconded that the minutes of each  
Senate meeting be read and accepted  
before the close of said meeting in  
order not to delay publication of such  
minutes, in the *Tripod*, until after the  
next Senate meeting. Carried.

President Howell appointed the fol-  
lowing Senate Press Committee: Mr.  
Robinson, Chairman; Mr. Cowles, and  
Mr. Ives.

The minutes of the present meeting  
were read and accepted.

On motion the meeting adjourned at  
7.50 p. m.

THOMAS COOK BROWN,  
Secretary.

## "UNIVERSAL PEACE."

(Continued from page 1.)

To control the high seas we must  
establish an international jurisdiction  
and to do this we must have a maritime  
police force of 100 small cruisers or  
gunboats, but not all the navies of the  
world. This police force would be at  
the disposal of an International Supreme  
Court. People say, "Yet how is this  
Supreme Court to enforce its decisions?"  
This Supreme Court with a maritime  
police force could enforce its mandates  
if national sovereignty stopped at  
national borders, and if there was  
universal free trade. This Supreme  
Court is to judge between private  
individuals, and its members should be  
chosen on a basis of population, not by  
governments. For example, to give  
Sweden and the United States one judge  
each would not be fair or just. Yet the  
preponderance of any one nation is  
dangerous, so a maximum of judges  
from any one nation should be estab-  
lished. As I have figured 120 judges  
are necessary for this Court and this  
would make the maximum from any  
one state ten. With this Supreme  
Court established armies and navies  
would go. The United States then,  
today, has a great opportunity if it  
would take up this program. It would  
get the support of other neutrals, who  
today are suffering as much as the  
belligerents because of the economic  
union and dependency that prevails.  
President Wilson could lay down  
conditions of mediation that the coming  
peace shall be settled according to these  
principles. No one should rule the  
world by might, and the President of  
the United States can leave to the  
world the foundation of right."

### 1917 MEETING.

At a 1917 Class Meeting held in  
the History Room Thursday, John  
Emar Bierck, of New York, was elected  
Class Historian. A discussion of plans  
for the Sophomore Smoker followed,  
after which Allan Northey Jones, of  
Perth Amboy, New Jersey, was elected  
Chairman of the Sophomore Smoker  
Committee. After a little more dis-  
cussion, the meeting was adjourned.

ates and independent reporters as to  
just what is a correct college spirit to  
display in public print.

Drawing conclusions from all this  
material, I take pleasure in submitting  
to you the following plan for a Trinity  
Press Club or Committee.

1—Those of us who are in residence  
here for the fourth year will realize,  
I am sure, that a voluntary press club  
is very likely to lapse into inactivity.  
For this reason I recommend that the  
press activities of the undergraduates  
of the College shall be under the  
jurisdiction of the Trinity College  
Senate.

### TRINITY AND THE PRESS.

(Continued from page 2.)

2—Further, I recommend, that the President of the Senate shall be empowered to appoint a Senate Press Committee of three members of the Senate, one to be Chairman and the other two to be his associates, to carry on these press activities mentioned.

3—Further, I recommend, that while it may be well for such a committee to form its own method of procedure when once it has been appointed, the following hints may be of use; and may even be crystallized by a vote of this body into the actual method of procedure of the committee.

a—The Chairman of this Senate Press Committee shall have the power to select two weekly reporters, one to cover athletic contests (such as are not covered by the athletic or other authorities and sent in to the Associated Press) and the other to cover social and general campus events. For the sake of experience I would recommend that these reporters shall be chosen from the freshmen and sophomore classes, and from lists of men willing to do such work, such lists to be given to the Chairman by the Senate representative of each unit. While the honor may be slim, such a method would give some men a chance to do some work who might otherwise never be given an opportunity to show their ability, however willing they may be. As for the arbitrary number two, I would say that these two reporters seem sufficient when we take into consideration that this will give us five men working every week on this press committee.

b—Further, I recommend that the Senate Press Committee shall meet daily at a time and place to be determined by them, and shall daily prepare for submission to newspapers (according to good form) such items as shall be contributed by the reporters. Under this heading, I would further recommend, that the Chairman of this Press Committee shall be present as nearly as possible at every daily meeting and shall pass upon every write-up leaving the committee, but that on Wednesdays and Thursdays, Fridays and Saturdays, his other two associates, alternately shall have charge of the typing and mailing of the items.

c—Further, I recommend, that the Chairman of this Press Committee shall keep in his possession a card catalogue of every undergraduate, and each card shall show the name, place of residence, class, name and address of home newspaper, name of his preparatory school, and the name of his prep. school paper, thus covering the student body to perfection. I make this recommendation acting on the advice that no news is so welcome for the personal columns of the ordinary newspaper as news concerning a home man, and no news is so gratifying to the alumni editor of a school paper as items concerning an individual alumnus.

d—Further, I make the recommendation that some money will be needed to carry out this press program. For the remainder of this school year, I would recommend that thirty dollars would be a great sufficiency. This money would pay for stationery, postage, and the rental of a typewriter unless we can arrange with the Tripod authorities, for example, to use their typing machine. A typewriter is absolutely necessary for busy newspaper men of today will not look at the average undergraduate's handwriting, to say nothing of attempting to decipher it.

e—I would recommend that the Chairman of this Committee shall keep a careful statistical record of newspaper items, costs, etc., and shall submit a report monthly and at the final Senate meeting of the year. I make this recommendation to cover the experimental stage of this newspaper venture.

f—I would recommend that a general vote be taken by this body and in due process submitted to a referendum of the student body; viz.:

"The press activities of the undergraduate body of Trinity College shall be in the hands of a Senate Committee of three members of the Trinity College Senate, to be appointed by the President of said Senate."

Such a motion would be general enough to insure full authority for the Senate in this matter and would at the same time leave the minute workings of the committee to the committee itself, backed up by the Senate authority and recommendations of the Senate. At the same time while this committee is in the experimental stage, such a motion, brief but general, would give the committee the possibility of changing its method of procedure to any exigencies that may arise.

Respectfully submitted

for the Senate Press Committee,

Pro tem,

## You Smoke a "Better" Tobacco —Why Not Smoke The Best?

THE tobacco you now smoke you  
consider "better tobacco than  
you ever smoked before." Natur-  
ally, you kept trying until you found  
a "better" one.

But it stands to reason that since  
there is a difference in tobaccos, you  
may be missing *still greater* pleasure  
in a *still better* smoke—in the BEST  
smoke, in fact.

Tuxedo is the best smoke because  
no better tobacco leaf grows.

# Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is treated by the famous  
original "Tuxedo Process" for re-  
moving the sting and bite of the  
natural vegetable oils.

Tuxedo was born in 1904. Its  
first imitator appeared two years  
later. Since then a host of imita-  
tions have sprung up.

No other tobacco can give the  
unique pleasure of Tuxedo because  
no other maker has yet been able  
to equal the Tuxedo quality.

tobacco."

Wallace Irwin

GEORGE E. PHILLIPS  
Mayor of Covington, Ky.

"A good pipe, and Tux-  
edo to fill it, and I'm satis-  
fied. The tobacco in the  
little green tin has no rival  
as far as I am concerned."

George E. Phillips
