PRICE FIVE CENTS

TRACK TEAM LOSES.

Worcester Tech. Comes and Conquers.

The track team was no match for Worcester Tech. in the dual meet at Trinity Field last Saturday, May 1, and was on the losing end of a 83½ to 42½ score. The visitors had a team of fifteen men that were in splendid condition, and in the majority of the events they showed up the Blue and Gold, the wearers of which in some cases seemed to be rather stale and overtrained. The times and distances registered by them were not calculated to set the world afire.

Trinity was much weakened by the inability of Crehore to compete. He would have been a sure bet for first in both the mile and two-mile. As it was, each of these events were won by Francis of Worcester Tech., who showed form that would have forced even Crehore to go some.

The demon hard luck dealt Trinity a blow when Perkins came a cropper in a trial heat of the 200 low hurdles. Perkins had first place in his heat cinched, but his fall bruised and scratched his knee, and his services were lost for the day.

Worcester Tech.'s team was both strong and well balanced. The men placed in every event. Usually they raked in the majority of the points, and sometimes they made a clean sweep, as in the 120-yard high hurdles and in the shot-put.

Trinity captured five first places. Castator won the hammer, Young the 100 and 220-yard dashes, Edsall the discus, and Bjorn the broad jump. Young was the individual star of the meet, and he won a medal for scoring the greatest number of individual points for Trinity. The summary:

Mile run—Won by Francis, Worcester Tech.; second, Little, Trinity; third, Wessels, Trinity; time, 4:55 4-5.

120-yard hurdles—Won by Taylor, Worcester Tech.; second, Schmidt, Worcester Tech.; third, Farnsworth, Worcester Tech.; time, 17 3-5.

440-yard dash—Won by Ricker, Worcester Tech.; second, Furnival, Trinity; third, Warren, Worcester Tech.; time, 53 2-5.

Two-mile run—Won by Francis, Worcester Tech.; second, George, Trinity; third, Little, Trinity; time, 10:36.

100-yard dash—Won by Young, Trinity; second, Ricker, Worcester Tech.; third, Mitchell, Trinity; time, 10 4-5.

220-yard hurdles—Won by Taylor, Worcester Tech.; second, Farnsworth, Worcester Tech.; third, Smith, Worcester Tech.; time, 29 seconds.

880-yard run—Won by Powers, Worcester Tech.; second, Knowlton, Worcester Tech.; third, Johnson, Trinity; 2:07 4-5.

220-yard dash—Won by Young, Trinity; second, Warren, Worcester Tech.; third, Furnival, Trinity; time, 24 3-5.

(Continued on page 2.)

VICTORY AT TENNIS.

Trinity Team Wins All its Matches, and Loses but One Set.

The tennis team defeated Tufts in the first home match of the year, 6-0. The team was in much better shape than a week previous, and found no trouble in winning all the matches except the first doubles. That match, however, was decided in three sets.

The summary is as follows: singles—Captain Edsall defeated Murphy of Tufts, 6-3, 7-5; P. Harding defeated Harrison of Tufts, 6-4, 6-2; J. G. N. Mitchell defeated Kraus of Tufts, 6-0, 6-0; Niles defeated Wheeler of Tufts, 7-5, 6-4. Doubles: Edsall and T. Peck defeated Murphy and Wheeler of Tufts, 6-1, 5-7, 6-4; Mitchell and Harding defeated Harrison and Kraus of Tufts, 6-2, 6-0.

FACULTY SOCIAL.

Prof. and Mrs. Kleene Entertain at Their Home.

On Friday and Saturday evenings, Prof. and Mrs. G. A. Kleene of 179 Sigourney Street, were at home to the Trinity faculty. On Friday, Prof. Urban read selections from H. G. Well's latest novel, "Bealby," while on Saturday evening, "The Work House Ward," one of Lady Gregory's plays was presented by Prof. Urban, and Prof. and Mrs. Galpin. Light refreshments were also served.

NEAR-CATASTROPHE.

Too much hydrogen sulphide almost proved fatal to one of the janitors in the Jarvis Laboratories last Friday. The man in question was testing the contents of one of the gas containers, and inadvertently inhaled some of the poisonous fumes. He was observed to reel, and fall unconscious to the floor. Nearby students ran to his aid, and by vigorous application of "first aid" methods restored him to his senses. It was a narrow escape.

INTERCOLLEGIATE NOTES.

The Army nine, with a team average of .339, leads the other eastern college teams in batting. Dartmouth is a close second with .336 followed by Columbia with .278.

Purdue University has a unique baseball nine composed of the players in the university who have been barred from playing on the regular teams because of the faculty ruling in regard to studies. With high aspirations, a game was arranged with the Varsity, but the Varsity made short work of the delinquents.

Twenty-four Purdue seniors specializing in railway mechanical engineering will be given a taste of the actual work this spring when they will don overalls and make regular runs on a freight train between Lafayette and Bloomington, Indiana. The efficiency of the modern locomotive and railway appliances will be studied on these trips.

NOTICE.

MORE MONEY WANTED FOR TRINITY Y. M. C. A. AMBULANCE.

A new impetus was given to the movement to put a Trinity ambulance in the war zone when a person who does not wish his name to be made public, offered one hundred dollars to the fund, on condition that five hundred and fifty dollars be pledged elsewhere by May 16th. Two hundred dollars, approximately, has already been pledged by the student body.

Contributions of any amount by the alumni are solicited. It is hoped that the conditions required will be met and that the Trinity ambulance will be in commission by the middle of the summer.

Cheques should be made out to the Trinity Y. M. C. A., and mailed to F. W. Elder, Treasurer.

PROGRESS ON THE "IVY".

Book to Be Ready by June 1.

Editor-in-chief O'Connor of the *Ivy* expects that the book will be ready for sale by the first of June. Efforts are being made not only to produce the best *Ivy* yet, but to standardize it so that future *Ivys* may be modeled after it.

The athletic write-ups are to be longer and more detailed so that the reader may get a very good review of the season rather than a short summary. There will be a picture of the football camp in addition to individual inserts of the Junior and Senior members of the football and baseball teams.

Howard Greenley, '94, has drawn a very beautiful plate for one of the headings. A larger space is devoted to college dramatics and thus a more satisfactory account is given to this branch of the college activities. A new feature of this year's issue is the account of the musical clubs and their season up to the date of the *Ivy's* going to press. The editors have chosen the best from a collection of several hundred snap-shots about college so that the *Ivy* will abound with pictures of college life seen informally.

COLLEGE NOTES.

The class in Biology IV recently made an inspection of the Bryant & Chapman Milk pasteurizing establishment.

'11—C. E. Sherman, assistant librarian of Amherst College, has a contribution in the Bulletin of Bibliography entitled "John Masefield; A Contribution to Bibliography."

TRINITY 8; N. Y. U. 3.

Baseball Team Defeats New Yorkers with Ease.

As usual when an N. Y. U. team meets Trinity, the Metropolitan boys came off second best in the baseball set-to at Trinity Field last Saturday, May 1. The score was 8 to 3, which figures just about illustrate the proportion of Trinity's superiority over the visitors. The contest was devoid of any particular dazzling features, although there were a few aspects of it that held the attention. Both Ferris and Baker pitched ball of the soul-satisfying variety, the latter's line of goods being particularly excellent. Also, Shelley got a clean, solid, unalloyed base hit, and Baker a three-base smash that came near traveling beyond the ken of human vision. Denning got three lovely, juicy singles out of four times up. The whole team indulged in an orgy of batting that must have made pitcher Genovese wish that his name was Genevieve so that he could be among those present in the stand and view the contest from under a silk parasol instead of from the more uncomfortable location of the mound. No N. Y. U. men were conspicuous for their deeds of might, unless we include as such a capacity to "pull bones," that, on one occasion at least, was startlingly in evidence. Both teams fielded like carpet sweepers, and almost nothing escaped their consuming maw.

N. Y. U. pried off the scoring lid for the afternoon in the third inning. McKay threw out Genovese and Lund swung thrice in vain at Ferris' benders, but Pfau managed to insert a double to left. Woolf singled to short and Pfau went to third. On an attempted double steal it was a case of nobody home at second base and Schmitt's good throw breezed on to the outfield, Pfau scoring. Ferris got down to business and disposed of McNally, ending the inning.

In the next inning Trinity got the run back and one more to boot. Gillooly strolled and on the hit and run Denning sent him to third with a humming single. The ball then violated the sanctity of Schmitt's person and he took his base. With none out Smith was right on hand with a crack to center that drove in Gillooly and Denning. Brand bunted and was safe when Genovese forgot to throw the ball at all when it came to him. Shelley flied to Waters. Genovese took the throw in and got it to the plate in time to choke off Schmitt. Genovese then fanned Ferris.

N. Y. U. took the lead again in the fifth when Genovese lammed a terrific drive to right center that scored Freitag, who had walked. On Lund's long fly to Smith, Genovese beat the ball home. Pfau fanned, and Shelley took Woolf's puny dribble. In her half of the fifth Trinity clouted in three counters. We do not deny that Genovese had some speed on the ball, but we do say that there was a heap more speed in it when it shot back from Trinity bats. After

(Continued on page 3.)

"NOW THEN TRINITY"

It was with deep regret that we announced, in our last issue, the resignation of Professor Ray. Though he has been with us only a short time he has impressed us all with his scholarship and his ability. And he has earned the reputation of being a "mighty good fellow", which, by the way, is about as high a tribute as the average student ever pays his prof. We wish him success and happiness in his new field.

The College Anti-Militarism League, which was recently formed among the students at Columbia, Harvard, Yale, Princeton, and other colleges to combat the propaganda of such organizations as the American Legion and the National Security League, has been sending us literature of late, telling of its activities. They are making extensive investigations among the students and professors of American colleges in order to ascertain their sentiment in regard to the establishment of summer training camps, military drills and lectures on tactics. We await the results with a great deal of interest. To us it seems that the Anti-Militarism League is doing the right work. We do not believe that the

thinking undergraduate is in favor of the extension of military training to the colleges. We ourselves are most thoroughly opposed to it. Universal disarmament is coming and coming fast. For American colleges to take up and spread militarism would be as reactionary a movement as we could well conceive.

In less than two weeks the sophomores will make their annual effort at entertaining the college body and the assembled multitude of would-be freshmen. We believe that the show, or musicale, or whatever it is going to be, will be good, and we also believe that the sophomores deserve the support of the college body. We don't mean simply the attendance of the college body. We have confidence that the good-sense and instinct for economy of Trinity men will prevent their staying away from a perfectly good imitation of Poli's or the Grand, when it does not cost them anything to get in. But the college body can also support the sophomores by bringing with them large numbers of innocent freshmen, raked in from the fields and byways. The sophomores want a mob of them, the faculty will be well pleased to see them, and, above all, it will do Trinity good. It should be the aim of every single Trinity man to send one good man to his college every year. It is an aim that is hard of realization, but every man in college can think of a man he knows who ought to come to Trinity, and what each undergraduate should do is just this. He should sit down at once and invite the man he knows to the sophomore smoker. And then, he should rush him, rush him hard, for Trinity.

We have tried to call attention to an article in this issue by having it printed in heavy-faced type. We would have printed it in red type if it had not been so contrary to all the *Tripod's* staid old traditions. The reason we wanted it so noticeable is that it is an appeal for funds for what is by far the noblest work undertaken by Trinity College undergraduates, in this present college generation, at least. We are calling attention to it again in this editorial and we expect to continue to call attention to it until the desired sum is raised. Alumni are expected to give of their swollen incomes; undergraduates must save from their swollen expenditures; and the money must be raised. Pitch in and help.

Elsewhere in this issue there appears a note on what they do at the University of Missouri to keep the troublesome and irresponsible college student off the grass. Dr. Luther, we feel sure, would approve of the same methods if applied at Trinity. The edge of the walk has been decorated some time with brush as a sort of warning to the chapel-runner and the campus-loafer, but it has not appeared to impress them much. Among other things, we want a college-beautiful. Keep off the grass.

It's great to be an editor,
To sit up late at night,
Scratch your wool, and shoot the bull,
And write, and write, and write.
—Union Concoridiensis.

TRACK TEAM LOSES.

TRINITY; 8 N. Y. U. 3.

(Continued from page 1.)

Murray walked, McKay singled. Gillooly walked, and old reliable Denning slugged home Murray and McKay. Schmitt got a Texas League safety that put Denning on third, whence he scored on a wild pitch. Here Shelley got in his safety, and Schmitt came home. However, the run didn't count, for Schmitt neglected to touch third.

Baker struck out the side in the sixth, and on easy chances for the fielders he set N. Y. U. down one-two-three in the seventh, eighth and ninth.

In the eighth Trinity made all things secure by scoring three more. Brand hit to McNally, who with aim none too good, fired the ball at Kranickfield. It just glanced playfully right out of Kranickfield's embrace, and Brand was safe. Shelley popped to McNally. Baker hit the ball we knew not for the moment where, and almost beat himself to third base, Brand being long since safe in the haven. Murray biffed to center and brought Baker in. McKay fouled, to Freitag. Gillooly's scratch to third put him on, and again it was the old, old story. Denning singled and another run scored when Murray crossed the sill of home. The game had to end sometime, so Schmitt let Genovese make him take the count. The score:

Trinity.

INTERCOLLEGIATE NOTES.

Athletes can no longer hold offices on the Campus at the University of Chicago. It was found that too many men had been elected to positions of honor because of their success on the athletic field without regard to their other abilities.

Owing to the early spring in California, the baseball season gets an early start. The University of California has already finished a very successful season with twenty victories out of the twenty-eight games played. Prospects are very bright for even a better showing next year as only three men will leave the squad.

An effective means of preserving the grass plots on the University of Missouri campus has been put into effect by a strong arm squad of that university. Armed with paddles they lie in wait for the offender. No distinction of classes is made, Senior and Freshman alike gets paddled.

Facial decorations evidently do not appeal to Northwestern College Freshmen. They recently shaved the mustaches off of three members of the Senior class. They even went after an instructor, but as luck would have it they captured the gym instructor. He proved perfectly capable of retaining his mustache.

Paying his way through college with a jitney car is the scheme worked out by a Washburn student. When the jitney business hit Topeka he went into the service. He runs it every afternoon from 4 until 8 o'clock, and on Saturdays from 1 until 10 o'clock at night. So far he has made on an average of \$5 per day above expenses.

or the Secretary of the Faculty.**

SIGMA PSI TRIMS PSI UPSILON, 4 TO 3.

Teams from Sigma Psi and Psi Upsilon met yesterday afternoon on the soccer field, and indulged in four innings of thrilling and surprising ball. The Sigma Psi men came off victorious, because they knew when they had won. Otherwise the game would have had to be played in the dark. Neither team could hit; both teams made errors galore; both teams had numerous men who, whenever they came up, flogged the air with three healthy strokes and then sat down. But the Psi U.s had an outfielder who could not catch a ball, while no Sigma Psi outfielder had a chance. This advantage gave the Sigma Psi's the game.

CARUSO

World-famous Tenor, says:

"Tuxedo completely satisfies my tobacco taste. It is mild and has delicious flavor. Most important of all from a singer's standpoint, Tuxedo does not irritate my throat."

Giuseppe Caruso

"Tuxedo Does Not Irritate My Throat"

The non-irritating quality of Tuxedo which Caruso praises is due to the original "Tuxedo Process" by which the tobacco is treated. This process refines the tobacco and absolutely removes all bite and sting.

Many thousands of men think they cannot smoke a pipe, for fear the tobacco might burn or parch their mouths. Tuxedo has done away with any such possibility. You can smoke Tuxedo all day long, without any irritation whatsoever—indeed with increasing pleasure.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is made from rich, mild, fragrant Kentucky Burley—acknowledged to be the finest pipe-tobacco in the world—aged until it is pipe-perfect and smokes coolly and slowly.

You cut off an inch of inspiration and real joy every hour you stay away from Tuxedo. Because it's so good, so true, so delicious, so fragrant, its memory lingers every time your smoke-appetite gets tuned up.
