THE MILITARY TRAINING CAMPS ASSOCIATION OF THE UNITED STATES.

This is an organization formed by the merger in January, 1916, of the Students' and the Business Men's organizations which had camps last summer at Plattsburgh, Ludington, Fort Sheridan, and at other places under the direction of the War Department. President Henry Sturgis Drinker of Lehigh University, has been elected chairman of the Governing Committee of the Association, J. L. Derby of New York, treasurer; Grenville Clark of New York, secretary; and D. K. Jay of New York, executive secretary. The joint organization will continue to have, from the educational standpoint, the advice of the University Presidents' Advisory Committee, which coöperated in the students' training camps movement.

Plans for the camps next summer are being worked out by the Association, which has established its main office at 31 Nassau Street, New York, with other branches at Philadelphia, Boston, Chicago, and other points.

It will be remembered that the first Summer Military Training Camps for students were instituted in the summer of 1913, and were held in the East at Gettysburg, and in the West at the Presidio of Monterey, California. These were followed by students' camps in the summer of 1914 at Burlington, Vt., Ludington, Mich., Asheville, N. C., and the Presidio of Monterey, Cal., and in the summer of 1915 by students' camps at Plattsburgh, N. Y., Ludington, Mich., and the Presidio of San Francisco, Cal.

In 1915 camps were established for business men at various points, the one held at Plattsburgh, following the students' camps, being the largest.

During the past autumn committees representing the students' and the business men's organizations, and the Advisory Committee of University Presidents, have been in conference as to the advisability of the formation of a joint organization, with the result that the students' and business men's organizations have been merged, forming the Military Training Camps Association of the United States, to be managed by a Governing Committee, composed of representatives from the Advisory Committee of University Presidents, from the Business Men's Camps, held at Plattsburgh, and Fort Sheridan, and on the Pacific Coast, and from the students' camps.

The University Presidents on this Governing Committee are: President Hibben, Princeton University, (chairman of Presidents' Advisory Committee on Student Camps); President Lowell, Harvard University; President Hadley, Yale University; President Schurman, Cornell University; President James, University of Illinois; President Wheeler, University of California; President Denny, University of Alabama; and President Drinker, Lehigh University,

SENATE MINUTES.

A special meeting of the Senate was called by President Cole for Monday evening at 7 o'clock in the public speaking room. The roll-call showed the following members absent: Messrs. Spofford, Perkins, Maxon, Crehore, Johnston, and Ives. Mr. Miller occupied Mr. Townsend's chair. Mr. Shulthiess was appointed secretary for the meeting.

Mr. Holden reported for the Sophomore Smoker Committee as to the plans and prospective date of the smoker.

A lengthy discussion as to the best methods of getting men out to college meetings and scraps ensued, which was completed by the enactment of the following resolution:

Resolved—That any member enrolled in the college body once absent from any rush, or twice absent from any college meeting, including moving the bleachers, shall be called before the Senate to state his reasons, and if the reasons are not acceptable to the Senate, the Senate shall take drastic action."

Mr. Morris was appointed to take the attendance of the sophomores at the St. Patrick's Day Scrap, and Mr. Rock the attendance of the freshmen.

MELVILLE SHULTHIESS,
Secretary for the meeting.

THE RHODES SCHOLARSHIPS.

Owing to the War the normal operation of the Rhodes Scholarship System has been interfered with, as has university life generally throughout the British Empire.

Nearly all the Colonial Undergraduate Scholars have entered the Imperial Service for the period of the War. In all cases the trustees have granted leave of absence to such scholars, reserving to them the right to resume their scholarships when they are set free from military service.

Only eighteen colonial scholars continued in residence up to the end of last term. Of these, five have either obtained or applied for commissions; four are unable to serve for reasons of health or defective eyesight; and six, who are pursuing a medical course, are advised to continue this work at the University.

Permission has also been granted to Colonial Scholars elected for 1916 to postpone entrance at Oxford, so as to leave them free to respond to the call of national duty.

Up to the present time one hundred and sixty-seven scholars and ex-scholars are known to have taken commissions or enlisted in the Imperial Army, and its colonial contingents. Of these, South Africa has contributed fifty-three; Australia forty-three; Canada forty-two; Bermuda eight; Jamaica eight, Newfoundland six; New Zealand six; and the United States one. The list of ex-scholars taking service increases as new contingents are formed in the dominions and colonies.

RULES FOR ST. PATRICK'S DAY SCRAP.

Do Not Differ from Last Year's.

1—No banner shall be raised downtown.

2—The freshmen shall be restricted to the use of two banners, one of which shall be raised on a tree, which tree shall be specified by the Senate, three days in advance of the rush.

3—No sophomore shall ascend the tree until some freshman shall have done so.

4—Posters shall be put up as usual, except on residences, stores, and offices.

5—No property, either in the city or on the campus, shall be defaced by paint.

6—Both classes may take captives after 5 p. m., on March 16, and these may be held until after the scrap. Freshmen on the campus after 4.15 p. m. may be captured.

7—The banner shall be raised between 8 and 8.30 on the morning of March 17.

8—The banners shall be approved by the President of the Senate at least three days before the rush.

9—The judges of the scrap shall be appointed from both the two upper classes, by the president of the Senate.

10—The banners cannot be taken from the possession of the freshmen before 8 o'clock on the morning of the rush.

11—The banners must be raised within twenty minutes from the time the rush begins, and must be displayed for ten consecutive minutes.

12—Automobiles shall not be used by either class. No oil, grease, or other impediment shall be used on the tree. No rope or climbing irons shall be used.

The St. Patrick's Day Scrap between the freshman and sophomore classes is looked forward to with considerable interest this year owing to the weather conditions. Not since nineteen hundred and eleven has there been so much snow on the ground at this time of the year. The snow, of course, will hinder the contestants and will make the scrap more interesting to the spectators, if not to the struggling men of the rival classes. Both sides are equally sure of the chances of victory and both sides are equally matched according to the average weight.

The judges for the rush will be: Lambert, '16, Maxon, '16, Wooley, '17, and Jones, '17.

SUNDAY SERVICES.

Dr. Babbitt spoke in chapel Sunday. His text was, "What one of you by taking thought can add a cubit to his stature?" or as Prof. Babbitt interpreted it, "What one of you by taking thought can add length to his life?"

At the Vesper Service Professor Humphrey spoke on the "lack of faith in mankind."

NEWS OF THE ALUMNI.

'69—An offering of \$40 has been sent from the Chapel of the Berkeley Divinity School for the wonderful missionary work in India in which Professor George O. Holbrook is engaged, and of which he has written to some of his friends. He and Dean Samuel Hart, '66, were college mates, and also for thirteen years colleagues on the faculty here.

'74—In the issue of the *Shattuck Spectator* for February 16, 1916, there appeared a long article about Prof. Harry E. Whitney, at present a member of the faculty of the Shattuck School in Faribault, Minn. The article is highly commendatory, referring to Mr. Whitney as the "best known graduate of Shattuck," and saying in part: "Going to Trinity College the next year, he continued his excellent work, and in 1874 received his A. B. degree with Phi Beta Kappa rank. That fall he joined the faculty of Shattuck, and today, forty-two years later, he is still here, busier, and more useful than ever, as integral a part of the school as any of its buildings or traditions. He is the one Shattuck man whom everyone knows. Not a boy has been at Shattuck, even for a short stay, who has not had Mr. Whitney's help, and we doubt if there is any boy whom Mr. Whitney does not know. Other men come and go, other men forget, but any old boy returning to the school is sure to have his name recalled and his hand heartily gripped by "Whit." "Mr. Whitney is, of course, well known also away from Shattuck. Two years ago, Trinity College, his alma mater, honored him with the degree of L. H. D. He is one of the most prominent Masons in the West, and is a Past Grand Commander of the Knights Templar. But it is here at Shattuck that he is best loved and known. From his first help and guidance to the timid new boy in the fall to his cordial welcome of the old boys at Commencement, he is never separated from the life of Shattuck. And when this June, at the celebration of the school's fiftieth anniversary the old Shads will return by the hundreds, they will feel that Mr. Whitney is a link that connects them with the time of their own stay here, and will look upon meeting him again as one of the most pleasant incidents of their visit."

'87—The Rev. William A. Beardsley has prepared and published a catalogue of the officers, teachers, and students of the Episcopal Academy of Connecticut, now known as Cheshire School. This Academy began its work in 1796; but no full list of the early pupils can be found, and there are but 5 names of boys who attended before the year 1800; there are also later gaps, but from 1839 the list is fairly complete. The catalogue contains the names of about 3,400 young men, many of whom became students at Trinity College.

'09—A son, Lewis G. Harriman, Jr., was recently born to Mr. and Mrs. Lewis G. Harriman Jr., of 985 Southern Boulevard, New York City.

"NOW THEN TRINITY"

Friday is St. Patrick's Day, on which occurs the last official underclass rush of the year. The *Tripod* urges all freshmen and sophomores to be on hand, for upon active participation in such events as this depends the elusive class and college spirit about which so much is heard.

Men often excuse themselves from taking part in the rushes on the ground that the latter are merely exhibitions of the college "rah-rah" instinct which they think should be frowned upon. The *Tripod* is under the impression that these fellows are not honest with themselves. Introspection might show disinclination to physical discomfort to be at the root of their non-appearance in the ranks of their classmates.

However, the *Tripod* does not wish to pry into motives, and merely desires to point out that the "rah-rah" element is important for the stimulation of any sentiment—and college spirit is a sentiment.

True devotion to one's alma mater is inspired only by sharing in the traditional activities. May every underclassman do his part, this year. Last year they did not.

WHITLOCK PRIZE COMPETITION.

On the evening of March 24, the Whitlock Prize Competition will be held. Mr. Walter Clark, '96, has been chosen one of the judges. The other judges will be announced later.

CORRECTION.

The *Tripod* calls attention to an error in the last edition. The amount which the college body is asked to raise for Prof. Holbrook's work in India, through undergraduates and alumni is \$80. The two subscriptions which Mr. Howell has, amounting to \$20, will be forwarded when the \$80 is raised. So far only about 35 have contributed.—It seems that when an alumnus devotes the later years of his life to missions his college should be behind him and answer his appeal. The amount is not very large, especially when we consider the amount of good work it will do. Add your name to the list on the Bulletin Board.

INTERCOLLEGIATE NOTES.

The students of Ohio Wesleyan declared a holiday as a result of the defeat of Denison's basketball team. Demonstrating bodies gathered at the chapel 900 strong, and marched through the streets with bands, music, songs, and yells.

Each student in Yale is now allowed 30 absent marks from chapel. Absence from Sunday service counts three marks, and only five Sunday cuts may be taken. Reading in morning prayers or Sunday service shall be charged a penalty of five marks for the first offence, with an additional penalty for repetition.

A petition is being circulated among the students of Syracuse asking the board of trustees to cause to be collected from each student the sum of \$2.50 a year for the support of the college paper.

The "co-eds" of the University of Chicago recently went on a strike because they are not allowed to sit on the side of the room with the men in certain lecture courses.

A Chinese play with an all-Chinese cast will be presented by students from the Orient who are studying in institutions in and around Boston. Undergraduates from Harvard and Technology will play the masculine roles, while girls from Radcliffe and Wellesley will take the feminine roles.

For some time there has been a difference of opinion as to the value of the honor system at Cornell, and students and faculty alike have expressed a certain amount of dissatisfaction.

In December a student honor committee asked the faculty to take action on the matter, and to set aside a special time for a mass meeting to consider a question. The faculty did not grant the request for a meeting, but referred the matter to the educational committee for a special report. In arriving at their conclusions, the committee consulted the results obtained in response to a questionnaire recently sent to the seniors of the college. Seventy-five per cent. of the seniors have said that the system is not wholly a success; yet the same proportion consider it preferable to the proctor or any other system which has been tried. It is said that both the faculty and committee are about evenly divided on the question.

THE MILITARY TRAINING CAMPS ASSOCIATION OF THE UNITED STATES.

(Continued from page 1.)

(Secretary of Presidents' Advisory Committee).

The Advisory Committee of University Presidents on the Students' Camps of which the above eight Presidents are members is composed of President Hibben of Princeton, chairman; President Lowell of Harvard; President Hadley of Yale; President Finley of the University of the State of New York; President Hutchins of the University of Michigan; Superintendent E. W. Nichols of the Virginia Military Institute; President Wheeler of the University of California; President Schurman of Cornell University; President James of the University of Illinois; Chancellor Kirkland of Vanderbilt University; President Humphreys of the Stevens Institute of Technology; President Garfield of Williams College; President Denny of the University of Alabama; and President Drinker of Lehigh University, secretary.

The Training Camps Association has established a permanent office at 31 Nassau Street, New York, and a large clerical force is now card-cataloging the names of all who attended the business men's camps and the students' camps heretofore held, and the names of all university and college alumni and students throughout the country so far as they can be obtained from college catalogs, and alumni registers, and the names of all others who may apply for enrollment in the camps for next summer, including students in the graduating classes of high schools, and other schools rated as such, and the graduates of the same. When these catalogs are completed, full information will be sent out to all persons interested as to the camps to be held next summer, with enrollment blanks to be signed by those desiring to attend. The present membership of the Association, composed of all men who have attended these camps for the last three summers, numbers about 4,100 men, and the indications are that the enrollment for the coming summer will run up into many thousands.

The camps are essentially democratic, and are open to all applicants of good moral character, physically qualified.

Inquiries should be addressed to the Military Training Camps Association, 31 Nassau Street, New York.

INTERCOLLEGIATE NOTES.

The honor system is used to enforce athletic training rules laid down for girl basketball players by the Women's Athletic Association of the University of Wisconsin. The rules are strict, and are never relaxed, not even during examination week. Eight hours' sleep and a prescribed diet are required. The honor system requires that each infraction of this rule be personally reported by the offender.

Six fellowships, of the value of \$500 each, and without charge for tuition, have been established by the trustees of Smith College for the encouragement of advanced work. They are open to women graduates of not less than one year's standing, either of Smith College or of other colleges of recognized rank, and are awarded annually, subject to renewal at discretion. The holders of these fellowships are required to render some assistance, not instruction, not to exceed six hours a week, if such assistance is required by the respective departments. At the end of the year each fellow must present a thesis embodying the results of her work. Appointments are not restricted to particular departments of study, but are made in accordance with the merits of the applicant. Applications must be filed by March 15.

President G. L. Mackintosh of Wabash made his first public statement to the student body in chapel recently when he spoke regarding military training in the school. He states that he is in favor of compulsory military training for the two under-classes and gymnasium training for the two upper-classes. He would exclude all men taking part in athletics from military and physical training. In the early '70's there was military training at Wabash, but it was poorly conducted; for the man at the head was a scholarly gentleman without the fire of youth.

It's light, just right, now it's "UP-TO-YOU."

50 CENTS

For a thoroughly practical case, covered throughout with leather (black outside, buff lining); size 3x2 1/4 ins.; weight 1 1/2 ozs. Operated by one hand, the forefinger of which opens the case and brings the contents "UP-TO-YOU."

Can you beat it for the price?

Made also in genuine black seal or in imported pigskin for a Dollar, and in a creamy white Morocco for a Dollar and a Quarter. We stamp initials either plain or in gold leaf on any of the cases for 25 cents additional.

Postage and insurance on each case prepaid.
