FRESHMEN WIN FOOTBALL GAME.

1920—13, 1919—0.

The annual football game between the Sophomores and Freshmen was played yesterday afternoon at 4 o'clock. The final score was 13-0 in favor of 1920. Both classes had good teams, and the players on both teams showed considerable fight.

The Sophomores won the toss and chose the south goal.

First Quarter.

Love kicked off for the Freshmen to Andrews. After vain attempts to gain 1919 kicked. Harrington received the ball and ran it back for about fifteen yards. After three plays in which 1920 did not obtain its distance Love kicked. The Freshmen obtained the ball on a fumble. They made considerable gains in two downs, but the Sophomores recovered the ball on a fumble. The 1919 men were penalized five yards for off side. They kicked on the fourth down. Boyce made a brilliant run around left end and gained first down for 1920.

Second Quarter.

At the beginning of the second quarter the Freshmen gained considerably on each play and made first down. A minute later Merther carried the ball over for a touchdown. Love failed to kick the goal. Kenney, '19, went in in place of Antupitsky. The Freshmen kicked to Prescott. On the second down the Freshmen obtained the ball through a fumble on the 20 yard line. 1919 obtained the ball on downs on the 15 yard line. On the fourth down Prescott kicked to Hoisington who did not gain much. The Freshmen made first down on rushes and a forward pass. This ended the half.

Third Quarter.

Love kicked to Brill who ran the ball back for some distance. The Sophomores then fumbled but immediately recovered the ball and made first down on a brilliant end run by Goldstein. They lost the distance gained when penalized 15 yards for holding. Bruce intercepted a forward pass and made a 35 yard run for a touchdown. Love kicked the goal, making the score 13-0 in favor of the Freshmen. The Sophomores received the ball and in a few plays made first down twice. The third quarter ended with the ball in the center of the field in possession of the Sophomores.

Fourth Quarter.

In the fourth quarter the Freshmen obtained the ball on the 20 yard line when the Sophomores failed to gain their distance. The former reached the 20 yard line before the whistle blew.

CROSS-COUNTRY RUN SATURDAY.

Springfield Strong Opponents.

Wednesday afternoon the final try-out for the cross-country team was held. The squad of thirteen men, namely, Anthony, '20, Beers, '19, Bond, '20, Buckley, '19, Carlson, '18, Griesinger, '20, Mercier, '18, Porter, '20, H. Pressey, '19, Schlier, '19, Taff, '20, Wessels, '18, and Williams, '19, ran over the required distance, a five-mile course, in good time. Those who made the team are as follows: Beers, '19, Bond, '20, Buckley, '19, Carlson, '18, Schlier, '17, and Williams, '19.

Saturday morning this team will go to Springfield to take part in our annual cross country run with the Springfield Y. M. C. A. College. Springfield won the race easily last year but since our team seems much stronger this year than last, it is hoped it will make a better showing this time.

Carlson and Williams were members of last year's team and may give an excellent account of themselves, while Beers, a comparatively new man at cross-country running, has shown excellent form both in practice and in the tryouts. Bond, a freshman, Buckley and Schlier are all good runners, and all have improved under Coach Durgin's care. Springfield is expected to furnish strong opposition, as their team is one of the strongest that they have ever had, consisting of many veterans, with new men who have shown up very well so far this year.

COMMUNICATION.

To the Editor of the Tripod:

We, the undersigned, think that it would be well for the college body and for the Alumni to have a little first hand information about a college activity which ought to receive the earnest support of all Trinity men, the Trinity College Musical Clubs. However this organization certainly has not received the support of the college body in general, nor even of its own members. The Mandolin Club has shown excellent spirit, and most of the men have really worked at rehearsals, and have put themselves out to attend. Mr. Crosley, the director, is very able, and all indications point to a record-breaking Mandolin Club.

But the Glee Club is not in such good condition. There is plenty of good material, and there is no reason why we can not have the best club ever. But it is quite possible that we may not have a very good club for this season, and the reason for that is that a number of the members do not show a proper interest, and refuse to take any responsibility on their own shoulders.

For instance, owing to circumstances, it has been and will be necessary to have a number of rehearsals at noon. This necessitates the hurrying or even omitting of lunch, which is hard, we admit. But the men, if they have any college spirit, should be willing to sacrifice themselves occasionally for the good of the college.

Things are beginning to look up this season. Dr. Luther has appointed a faculty advisory committee for the Musical Clubs consisting of himself, Dr. Galpin, and Dr. Stone. When the faculty begins to take an interest in our progress, is no time for the club to die out from lack of student interest. So let every member get it out of his head that the Glee Club is a joke, and that he can come to rehearsals or not as it happens to suit his convenience. The Musical Clubs are an advertising agent of great value to the college, and deserve your support.

The first concert is on November 14, at the Hartford Y. M. C. A. Let's see a big delegation from college. Buy your tickets from the manager, and come out to see what your clubs can do even without sufficient practice. Spend a quarter, and support music at Trinity.

WILLIAM GRIME, President.

"NOW THEN TRINITY"

THE RELIGION OF PRINTERLAND.

From the rocks of Lindisvarna, from the plains of Timbuctoo,
From where the laughing jackass pecks the jumping kangaroo;
From the sands of old Sahara, from Sweet Bingen on the Rhine
Come the pilgrimage to printerland to worship at its shrine.

It must depend on what the end
Of a day on this wagon will bring;
If it pays five bones I'll interview Jones

At the sign of the Cross and the Ring.
I'll hit the pace at a merry race,
I'll reel of the Paters by hand;
I don't give a joss for the sight of the boss:

Hail! the religion of printerland!

And they come from old Kilarney, from the land of Lalla Rookh;
The way they wear them sometimes tells they hail from Sandy Hook;
Australia, too, sends Woolloomooloo, and Alaska northern bears,
They merge in the Mecca of printerland, and here is one of their prayers:

Well the weather is fine today all right,

I subbed three nights for Mike:

I could float in beer for more than a year

Before I continue the hike.

It's hell to be crushed in the wanderlust,

But the love of a woman is grand;

I'll see if sweet Mary is feelin' contrary:

Hail! the religion of printerland!

Still more they pour from Bangalore, from India's coral strands,
From Yucatan, from Hindustan, they come in droves and bands;
From by the waters of the Dee, from Scotland's snowy mountains,
They come to sing their anthems at the base of typo's fountains:

I saw Jack McCarthy in Omaha; His Nibs was on the bum,

Trade is rotten in Jacksonville, But things are expected to hum.

They're chasin' for subs in old New York;

Headquarters says everything's fine!

So be a good battler and jump on the rattler:

Hail! the religion of printerland!

And so it is with Jonathan, with Fritz and Paddy Ann,
With Ladislav, with Cormac, with Henry and with Stan.
Who dares to say the printerman has spurned the paths of peace,
We'll make a *Turkey of him in the land of turkey grease!

WALTER WADE.

in The Typographical Journal.

*The Turkey is an exclusive religious sect in printerland, membership to which is confined to those whose moral fiber will stand the heat of initiation.

It has been suggested that the *Tripod* try to find out the number of Trinity men who are or have been on the Mexican border. In order to do this coöperation from the Alumni will be necessary. If you know, or know of any Trinity man who has served on the border either with the National Guard or the regular Army, please send full details to the Alumni Editor. Below we print some Alumni at present in Texas.

This makes the tenth biennial appointment of Mr. Blair as referee and with the expiration of his present term, he will have occupied that office for twenty years and have been the appointee of six successive District Judges. Mr. Blair is one of the best known and ablest of referees in bankruptcy in the United States. The bankruptcy rules he established when the bankrupt law was first passed have been adopted in many other sections of the country, and his opinions and rulings have commended themselves to an extent unsurpassed by any referee. ed States, being surpassed only by the Chicago and the New York Districts, but in Pittsburgh the course was followed of having but one referee in the City instead of a number which was the course in other Districts. This has resulted in Mr. Blair giving his entire time and effort to the work of the refereeship, and in so doing he has given the administration of the bankrupt law a stability, uniformity and thoroughness that is marked. In the administration of the law through his long term of service, Mr. Blair has by his industry, his unquestioned integrity and the well earned confidence of the community, made a record of which his fellow alumni are proud. Such an appointment to a tenth successive term as referee is a remarkable distinction well deserved.

In spite of the warnings of the upper-classmen, the Freshmen of the Dental College at Southern California appeared lately on the campus wearing half a moustache. After due consideration, the upper classmen decided that if the Freshmen could stand it, they could also.

Why Advertise?

Advertising is a system of education, and it is a very important branch of education. Its importance is measured by our needs. Until within a comparatively recent time the real necessities of the people on this earth were limited to a very few things. In so recent a period as mediaeval times there were comparatively few commodities which people actually needed. The complexity of our modern life makes education through advertising an absolute necessity. We need a tremendous amount of information concerning things which we must have because of the requirements of our present civilization. Our lives touch so many and so varied interests at so many points of contact that without this form of education we cannot have the knowledge necessary for existence on the plane on which we now live.
