"NOW THEN TRINITY"

In charge of this issue,  
PAUL H. ALLING,  
Managing Editor.

Next week we greet our old friend  
and bugbear, examinations. Many of  
us will go into the exams with very  
poor preparation due to the fact that  
we have devoted more of our time  
than was absolutely necessary to look-  
ing up good military units to get in-  
to. "The Tripod" does not wish to  
detract in the least from the honor  
which those men who have enlisted  
have gained for themselves and their  
college and to them these words will  
not apply. This is intended for the  
fellows and all of us know some who  
have already joined three or possibly  
four different organizations and are  
still looking for another one. Don't  
be in a hurry to join something! Wait  
and look well into the organiza-  
tion before you join. Last, but not  
least when you have joined, stay  
there, don't go looking around for

something better. There IS nothing  
better for that kind of a fellow. Prob-  
ably he is already in something which  
is too good for him. So, if you have  
not joined anything as yet, wait un-  
til after exams before you do. It  
looks mighty bad for a man to leave  
college two or three days before  
exams, because he is just as much  
of a slacker as the fellow that joins  
nothing.

PROFESSOR'S WIFE DIES IN  
HOUSE IN WHICH SHE  
WAS BORN.

Mrs. Eliza Shelden (Butler) McCook  
77 years old, wife of Professor John  
J. McCook, died Saturday at the fami-  
ly home, No. 396 Main Street, Hart-  
ford. She was born in the house in  
which she died and was married fifty-  
one years ago to Professor John J.  
McCook in the same house. She was  
a daughter of the late John Butler  
and Mrs. Eliza Lydia Royse Shelden  
Butler. Professor McCook and Mrs.  
McCook celebrated their golden wed-  
ding anniversary last June. Mrs. Mc-  
Cook came from an illustrious family,  
her grandfather being Dr. Daniel But-  
ler. He built the McCook house at  
No. 396 Main Street in 1780, and the  
house has been in the family ever  
since. Mrs. McCook leaves, besides  
her husband, three sons, Dr. John B.  
McCook and Anson T. McCook of this  
city, and Philip J. McCook of New  
York; three daughters, Mrs. L. H.  
Roots of Hankow, China, and Miss  
Frances A. McCook and Miss Lucy  
E. McCook of Hartford. Another son  
George Sheldon McCook, died in Paris,  
France, in 1900, and a daughter, Mary  
Catherine McCook, died in infancy.  
Anson T. McCook, who was at Platts-  
burgh attending the officers' training  
camp, was called to his home, arriv-  
ing a few hours before his mother's  
death. The funeral will be held at  
2:30 o'clock Tuesday afternoon at St.  
John's Church, East Hartford, of  
which Professor McCook has been rec-  
tor a half-century.

STUDENTS IN COLLEGE HAVE  
TO REGISTER.

A notice has been posted on the  
bulletin board stating that all men  
not less than 21 years will be obliged  
to register at their voting places on  
June 5 following the proclamation of  
President Wilson. Those men living  
in Hartford or surrounding towns will  
register in person at their voting  
places. Residents of other places  
should go to the Town Clerk of Hart-  
ford and procure blanks which they  
should fill out and mail to the regis-  
trar of their precinct or voting place.  
In case they live in Connecticut they  
should be addressed to the registrar  
in care of the mayor or first select-  
man, in other states they should be  
addressed to the registrar in care of  
the sheriff of the county.

Every man in college who is over  
21 should be very careful to take care  
of this matter. In case you live out  
of town the information should be  
mailed to the registrar so that he  
will receive it on or before June 5.

A very successful assembly was given last Friday night in Alumni Hall by the Glee Club, lasting from nine to one o'clock.

The Bacchanalian Orchestra played in the usual fine manner and a general good time was had by all the dancers. There were about thirty couples present and some fifteen stags. Mrs. Charles Chapman acted as patroness. The manager of the Glee Club, Paul Parsons, '18, was in charge of the dance.

## INTERCOLLEGIATE NOTES.

Columbia's Farm Bureau has already placed 151 men on farms during the last few weeks.

Because of the fact that two of its members, one of whom is Captain Jones, have left college, the Wesleyan tennis team has cancelled all further matches.

All academic work has been dropped by 204 Princeton students, who have gone into intensive farming under a captain in the United States Army. The men are being prepared for the corps to be held to train officers for the Reserve Corps.

The Association of New England Colleges for conference on athletics, after discussing the subject of athletics in war time at its annual session recently, decided that it was best to maintain athletic activities in the colleges to as great an extent as possible, consistent with proper military preparation. Various other phases of the situation developed by the war, which has reduced from twenty to

seven the number of colleges represented at the annual New England championship track and field meeting, were discussed by delegates from the eighteen institutions who were in attendance. The Association elected P. C. Phillips of Amherst as president.

Brown University will celebrate her 149th commencement on June 20. In addition to Governor R. Livingston Beeckman of Rhode Island, and President W. H. P. Faunce, the chief speakers at the after-dinner exercises will be ex-Secretary of War Lindley M. Garrison and Professor Stephen Leacock of McGill University. Commencement Week begins on Sunday, June 17, with a baccalaureate sermon by President Faunce. The Class Day exercises on Monday will be simple, inexpensive and patriotic. Tuesday will be Alumni Day, when the class reunions will be held as usual, and the associated alumni will have a dinner and smoker in the evening. The Class Day exercises will retain the "Under the Elms" program and the "Senior Sing" features of previous years, in the afternoon, with an illumination of the campus in the evening, and will introduce as innovations a senior reception and dance in the evening in Sayles Hall, followed by a patriotic demonstration on the middle campus. Fraternity teas and receptions, the midnight parade down college hill and the class supper of past years will be omitted.

Sophomores at Columbia have voted to cancel the annual Soph. Triumph and have recommended to the Student Board that the Freshman rules be suspended during the remainder of the war.

President Hopkins of Dartmouth at a recent Dartmouth alumni banquet advocated the continuation of regular college work throughout the summer. He plans to propose the division of the Dartmouth year into quarters as long as the war lasts.

Sixty-five students have left the University of Kansas to enter the Reserve Officers' Training Camp at Fort Riley, where active training will begin. Since the declaration of war with Germany, 425 men have withdrawn from the university for farm and military service. It is expected that this will be increased by 175 at the opening of the Fort Riley Camp and the calling out of the Kansas National Guard for active service.

Two hundred twenty-five students of Cornell Agricultural College took advantage of recent action granting absence to all those who left college "to do actual work for the purpose of increasing farm production." 130 had already left to enlist in the land, naval, or industrial forces of the nation.

The Faculty of Arts and Sciences at Harvard decided, at a recent meeting, to allow credit for a whole year's work on the basis of the work done before leaving to all students serving in military or naval units. Seniors who enlist will receive their diplomas immediately, if their present standing meets the usual requirements. This action has also been taken by the Dartmouth faculty.

Twenty members of the Sixty-fifth Congress now in session have re-

# Boston University LAW SCHOOL

11 ASHBURTON PLACE, BOSTON.

The purpose of the school is to give the student such training in the principles of the law and such equipment in the technique of the profession as will best prepare him for active practice wherever the English system of law prevails. The course of study for the LL.B. degree occupies three full school years. For those who have received this degree from this or any other reputable school of law, the degree of LL.M. may be received on the completion of a one year's resident attendance under the direction of Melville M. Bigelow. Special scholarships (\$50 per year) are awarded to college graduates.

ceived degrees from Yale University. Seventeen of these men are graduates of Yale, while the other three have received honorary degrees. Of the men who have received the degrees, eight are in the Senate and twelve in the House of Representatives. Fifteen are Republicans and five are Democrats.

The Government has taken over the Yale boathouse for use as a Naval Training Station. One hundred men, including all Yale men recommended for active service in the Reserve, are to be ordered there permanently to undergo training. Practically all the equipment necessary for a first-class Naval Training Station is available at the boathouse.

Although Harvard has officially cancelled all athletic relations, five members of the track team have been allowed to enter the Pennsylvania relay carnival. This will be the first appearance of Harvard men in intercollegiate athletics since the war began. It was recently announced that informal contests with other colleges might also be held later in the season.

"The Brown Daily Herald," the official organ of Brown University, has failed financially as a daily paper and will henceforth reduce its publication to three issues a week. The enlistment of a large number of Brown undergraduates and the partial suspension of many college activities have also been partly responsible for this. This step of "The Herald's" interrupts a record of 25 years' continuous publication.
