

## New Senate To Be Elected Tomorrow; Special Issue Presents the Candidates

### Alpha Chi Rho

John Trott

**JOHN TROTT.** Alpha Chi Rho. Fraternity Intramural Chairman. WRTC 1.

Scholastic: Frosh 74.2, Soph 73.6, Mid. Junior 74.2. English major.

**Qualifications statement:** "I have an interest in the group, because what they do is instilled in me through our present Senator. I am interested in the way in which a group working together decides policy. I have legislative work in school."

Gary Bogli

**GARY BOGLI.** Alpha Chi Rho. Soccer 2, 3, 4, Captain 1. Basketball 1. Baseball 1. Junior Advisor.

Scholastic: Frosh 72, Soph 75, Mid. Junior 75. Economics major.

**Qualifications statement:** "I have had previous experience in the legislative field while in high school. I take an active interest in the college, and I am willing to work for the benefit of Trinity. I would like to know more about Trinity, not only fraternities."

### Polling Place Scheduled For Seabury Hall Lounge

Confronted with more Senatorial candidates than the glorious state of Texas witnessed last week, Trinity undergraduates will go to the polls tomorrow to elect twelve new representatives to the College Senate.

The polls will be open from 9 a.m. to 4 p.m., with the voting taking place in Seabury Lounge. Each voter will select one of two candidates from the ten fraternities, Brownell Club, and the on-campus neutrals. All students are qualified to vote and are urged to exercise this important privilege.

In an attempt to aid the students in selecting Senators of the highest possible caliber, the Tripod has undertaken a new method this year in presenting just the facts to the college body.

Questionnaires have been filled out by the nominees, who provided such information as activities participation, scholarship achievement, governmental experience, and qualification statements. The summation of this survey appears in this special issue.

Roy McIlwaine

**ROY McILWAINE.** Sigma Nu. Swimming 1, 2. Tennis 1. Fraternity President.

Scholastic: Frosh 85, Soph 86, Mid. Junior 77. Three terms on Dean's List. Pre-medical major.

**Qualifications statement:** "The only thing I believe I am able to say at this time is that through my experience as a house president I believe I have a working knowledge of how an organized body is run, and I also believe I have an open mind, and one discriminating enough to be of value in the Senate."

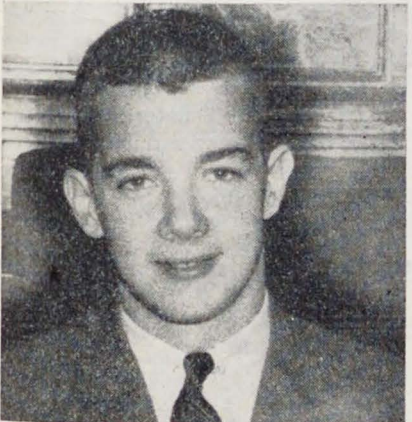

Art Polstein

**ART POLSTEIN.** Sigma Nu. Soccer 1, 2, 3, Captain 4. Basketball 1, 2. Baseball 1. Fraternity Treasurer. Junior Prom Committee.

Scholastic: Frosh 72, Soph 78, Mid. Junior 82. 6 semesters on scholarship. History major.

**Qualifications statement:** "Having held a position similar to the Senate while in high school and also being familiar with the workings of such a representative group, I think that I can qualify for the position of Senator. It is my contention that the Senate has concerned itself with too many petty issues which have not concerned the students as a whole. As the representative body of the students, the Senate should work for their welfare. Influences of the social organizations on this campus should have no place in the Senate, where the members should be working for a better Trinity College."

### St. Anthony Hall

**MIKE SCHACHT.** St. Anthony Hall. Freshman Baseball and Football. Sophomore Varsity Baseball. Freshman Interdorm Council. Review Art Staff.

Scholastic: Frosh 71, Soph 77, Mid. Junior 72. Fine Arts major.

Scholastic: Frosh 67.6, Soph 72, Mid. Junior 68. English major.

### Theta Xi

**GEORGE BAXTER.** Theta Xi. Varsity Basketball Co-Manager 1, 2, 3. Junior and Senior Steward of Fraternity. Secretary-Treasurer of Sophomore Dining Club 3. Campus Chest Committee. Co-Chairman of Sweetheart Ball. Junior advisor.

**Qualifications statement:** "As a Senator I would represent the student body, or at least a part of it. My qualifications will be attested to one way or the other in the election. I offer the students I represent reliable representation in the legislative branch of student government at Trinity."

**JACK THOMPSON.** Theta Xi. Football 1, 2, 3. Baseball 1, Captain 2, 3. Class of 1958 Vice-President 2, President 3. Junior advisor. Sophomore Dining Club. Donn Porter Award.

Scholastic: Frosh 77, Soph 80, Mid. Junior 77. 6 semesters on scholarship. History, government major.

**Government experience:** Represented secondary school at Massachusetts Boy's State 1953, and Student Legislature Day 1953.

**Qualifications statement:** "It is my firm belief that this year's Senate has lived up to neither its possibilities or expectations. In the position of Senator I would devote my efforts to a realization of the Senate as the active and effective representative organization it is intended to be. If elected to the Senate I would resign from my present position as President of the Class of 1958 in order to devote the necessary time to the Senate."

## HERE'S TO THE FUTURE SENATE

The following statement was recently issued after a *Tripod* Executive Board meeting. The Board came to the decision that Trinity is such a liberal campus in comparison to other colleges we have visited and whose students we have questioned, that it certainly seems the Senate can run the campus, with the full consent of our student-government-minded Dean of Students, if it so desires.

In the last three years the Senate has been given virtually a free hand to run many phases of campus life. Most Senate plans have been met with enthusiasm by the administration and faculty, with a hope that increasingly, year after year, more campus responsibility will be shouldered by the Senate.

But added responsibility with little or no efficiency presents a real problem. This issue of the *Tripod* is an attempt by the Executive Board to present the accomplishments of the present Senate objectively and to stress the need for twelve fully qualified, earnest men to legislate for the student body.

This year the Senate has brought the National Student Association to campus, investigated thoroughly the bookstore and tightened Senate attendance requirements, all of which is most commendable.

Yet, as the minutes indicate, there was a tendency by the Senators to form committees which never met and to wander from one project to another aimlessly. The meetings were very long, accomplishing comparatively little.

Greater efficiency, then, is one goal. Secondly, the Senators should make a serious attempt at developing a long-range concept of responsibilities and objectives, a reasonable, workable philosophy.

Such a program requires men with seriousness of purpose and sufficient background in College affairs. As the resumes will show, there are, fortunately, some such Senate candidates.

The student must recognize his responsibility to select the qualified man. "Shoeness," affability or participation in athletics are not necessarily prerequisites for a College Senator.

Senator Brown of the Bookstore Committee reported a suggestion by Mr. Robertson that the committee compare our bookstore prices with those of other schools to determine whether an unfair differential exists; several suggestions to improve the service of the bookstore were given by the Senate.

The skating rink committee revealed that the Amherst College rink had cost \$140,000 and required a yearly maintenance fee of \$10,000. The committee plans to interview several college administrators for their opinion of the project.

The calendar committee reported that there would be no change in the spring vacations. The Senate then decided to collect written statements on the legal situation of Summit St. parking from police, fire, and city government authorities, after Senator MacLeod announced Mr. Walker's statement that "more guards would not increase the protection." The Reading Group reported on the Radio Free Europe program.

Under new business, the Senate unanimously passed Treasurer Foster's motion that the Senate increase the band budget by \$100, providing that the college added an equal sum. Noting that a single neutral senator represented 200 students, Senator O'Connell suggested that the Senate add a second neutral representative. Miss Sonja Kareby explained the Lisle Fellowship educational and travel opportunities in foreign countries, and Senator Raynard suggested that the present fire alarms be replaced by a hammer and glass variety to prevent turning in accidental alarms.
