Dr. Hughes Marks 25 Yrs

Of Service To Trinity

By JOHN STANDISH

"We've made it change the course of your lives," pro-\vocative Dr. Arthur M. Hughes, president of Trinity College, told a jubilant packed Madison Avenue gymnasium Friday night.

Dr. Hughes, who is in the final year of his 25 years at the college, said it was a fitting occasion to "reflect on the past and look forward to the future." He added that the college's success was due to "the dedication and hard work of all those who have contributed to its growth over the years." The audience, which included faculty, students, and alumni, erupted in applause.

Lodge, Sen. Jackson In Hartford Saturday

By JOHN HENRY and MALCOLM CAMPBELL

In one of the most anticipated events of the season, Sen. Robert F. Kennedy, fellow senator and personal friend of Sen. Edward M. Kennedy, is scheduled to address the student body at Trinity College on Saturday, September 15th.

Kennedy's visit follows a whirlwind tour of the Northeast, where he spoke at several universities and colleges, including Harvard, Yale, and Princeton. His visit to Trinity is expected to draw a large crowd, as the senator is a popular figure among students.

Kennedy's speech will be held in the college's Hopkins Auditorium at 7:30 p.m. The event is free and open to the public, and tickets are available at the college's ticket office.

The senator's visit is part of a larger campaign to support his brother, President-elect John F. Kennedy, who is running for re-election in 1964.

The senator's speech will likely focus on the importance of education and the role of government in providing opportunities for all Americans. He is expected to discuss the need for continued federal support for education, including higher education, K-12 education, and adult education.

Kennedy's visit is also a chance for the college to demonstrate its commitment to intellectual and cultural life. The event will be an opportunity for students to engage with one of the nation's most prominent figures, and to learn from his insights and perspectives.

The college is excited to host Sen. Kennedy and to provide this opportunity for the students who live, learn, and work at Trinity College.
A Remarkable Weekend

There seemed to be fewer policemen than usual on campus last Saturday, but that fact alone did not account for the remarkable activities that were developing in the Student Union. The Student Union, of course, is usually atheistic. Man is nothing at all. Man is nothing. Existentialism insists man faces only the absurdity of existence. The absurdity of existence is what you are. Existence is what you are. Existence is what you are. Existence is what you are. Existence is what you are.

The entire student body seemed to be under the auspices of a religious concern, but the concern was not the conventional one of the past. The concern was some highly reputed "religious existentialists." The "religious existentialists" have been described as an issue by both candidates, seems nevertheless to be an issue by both candidates. Religion, damned religion, won't follow the apron-string blindly. Most surprising was the response: Nearly 60 per cent of the students have heard that this is an issue by both candidates, seems nevertheless to be an issue by both candidates.
