Senate Votes Books For Jordan College

EDITORIAL
First Step

Tonight the IFC will vote on one of the most crucial issues facing the college: a resolution to fund the Jordan College Library. The resolution was drafted by Mr. Saunders as an amendment to his earlier motion, and it is expected to pass.

Arbitrary Rules
For a national organization to have power, it must establish clear rules and procedures. The IFC has proposed rules that are vague and ambiguous, which could lead to confusion and conflict. It is important that the IFC establish clear and concise rules to ensure that all members are treated fairly.

Military Ball
Brody's Family (a group of students) has been working hard to make the Military Ball a success. They have organized a dance and a panel discussion on the military's role in society. The event will take place on Saturday night.

Proposed IFC Letter
In THAT THE IFC is the official spokesman for the fraternity system, it is hereby moved that the IFC send a letter to the Board of Trustees at its next meeting requesting that the Board consider the following:

Dorm Room Plans
With the addition of new dorm rooms to the college, it is important that the IFC has a say in the planning process. The IFC should have the opportunity to review and provide input on the plans for new dorm rooms.

Nichols Plans Praise for New Auditorium
Light will shine into the auditorium, and a few major changes have been made. More people will be able to attend events, and there will be more opportunity for events to take place.

Dec. 7, 1941: Professors Recall News of Attack

By KEITH WATSON

Dec. 7, 1941, The attack on Pearl Harbor: World War II. 50 years. The attack on Pearl Harbor is remembered. The attack on Pearl Harbor is a turning point in history. The attack on Pearl Harbor is a symbol of world war.

To the Editor:

That's a good question. What's the connection with Trinity — fraternity men and women plus all the attractive social fraternities and faculty, Tucked and friends of the College.

The letter to the editor of the Tripod is true. I've read the recent issue of the magazine and have been concerned about the way the fraternity system is portrayed in the Tripod. The fraternities are exclusive and discriminate against certain groups. I'm interested in knowing more about this issue and would like to see the Tripod address it more fairly.

Conceivably, the public press may soon become interested in this matter of discriminatory practices within the fraternities. The Interfraternity Council's views concerning this matter will be expressed in the Tripod next week.

No Beer, but Surprise Slated for Chest Finale

With Thursday's Chesty Day Tour from four days away, anticipation among the students is building for the Chesty Day Tour and Surprise, which is said to be organized by the students who still want to keep the event a secret.

But for now, the plan is to begin at 5 p.m. Thursday. The gathering will be held in the Student Union, where students will be able to purchase tickets for the event. The final details will be announced later, but students are encouraged to check their email for updates.

The Chesty Day Tour is a tradition at Trinity College, where students gather to celebrate and enjoy various festivities. This year, the event has been postponed due to unforeseen circumstances, but the community is looking forward to the surprise that awaits them.

Classics Summer School to Offer M.A. Degree

The Classics School at Trinity College has announced that it will offer a Master of Arts degree in Latin and Classical Civilizations beginning next summer. The program is designed to prepare students for careers in education, research, and other fields related to classics.

The degree will be awarded based on successful completion of a series of courses covering various aspects of Latin and Classical Civilizations. Students will have the opportunity to specialize in specific areas of interest, such as ancient literature, philosophy, and history.

The program will be taught by a team of experienced scholars and scholars in residence, who will provide students with a comprehensive understanding of the classical world.

Coach Dath On Soccer Games Committee Again

The Trinity College Soccer team opened its season against Vassar College last week and came away with a 2-0 victory. The team is off to a strong start and hopes to continue its winning streak throughout the season.

Mermen Set New Marks

The Trinity College swimming team set a new pool record and college record during their meet against the Bantams. The swimmers were outscoring in all but one event, and after the Bantams scored, they went on to win the meet.

The fencing team opened their season against the Bantams and won the meet. The team was led by a number of experienced fencers, who were able to capitalize on their skills and defeat the Bantams.

The tennis team also won their match against the Bantams, adding to the overall success of the Trinity College athletic teams.

The basketball team was defeated by the Bantams, but the team fought hard and played well. The Trinity College athletic teams are looking forward to a successful season and hope to continue their winning streak throughout the year.

On the request to carry me to several campuses in the Southwest, wearing a costume of any head, a hasty pudding in one hand, a triangular sheet on the other, a mask-and-wig on any head, a skull-and-bones in one hand, a triangular sheet on the other, a mask-and-wig on any head, and a mask-and-wig on any head, I had to find out why.

I headed for the costume store in my city and, if I were to visit the Ivy League—among, of course, an inappropriate costume to choose it in one hand, a triangle in the other, a mask-and-wig on my head, a yellow polka dot on my chapeau, "Yes," I cried, wearing a hat by the makers, "hat by the makers, your favorite color signet?"

"I am glad you asked that question, Shorty," he replied. "My favorite is your favorite color signet because it is the finger signet with the softest feel." "Oh, thank you, Shorty," I said, and put my foot forward to get a closer look at the ring. I supposed it to be a good substitute for a good substitute. "Thank you, Shorty, but why is my favorite color signet?"

"Oh, yes, and you're my favorite color signet, too," I said, and put my foot forward to get a closer look at the ring. I supposed it to be a good substitute for a good substitute. "Thank you, Shorty, but why is my favorite color signet?"
