Jazz Band to Open Season
With First Concert, Friday
THAT'S JAZZ ’66, will be presente with the 18-piece New College Jazz Band reconciliation at 8:15 in the Goodwin Theatre. This event features the music of and will be a strong tribute to the late jazz artist, the '60s giant, that evening, draws a weekly average of 800 people to its performances.

Tickets for this Friday’s one-night performance at the American Arts Center are available in Math- er Hall. General admission tickets are $1.00 for adults and $1.00 for students. The program will start at 8:15 p.m. and is open to the public.

Olson Emphasizes Necessity
For Sociology Departments
Questions such as “What is the nature of modern society?” and “Is there a ‘normal’ society?” are the basic problems discussed in Sociology 101 classes this morning. Dr. Olson, chairman of the sociology department at Clark University, will continue this discussion in American Society,” tomorrow at 8:30 a.m.

College Establishes Summer English Institute Financed by NDEA Award

The College today announced it will provide three weeks of training for secondary school supervisors, curriculum directors, and teachers to explore the “New English” and integration of the new concept in the courses of study of the nation’s school systems. Financed by a $500,000 Defense Education Defense Act (NDEA) grant, the seven-week Summer English Institute will be the first of its kind aimed at exploring with the people who make curricu- lum decisions in grades ranging from kindergarten to 12 the new approaches to language and literature analysis.

“The participation of the NDEA Institute will be welcome in the Spring of 1968 to share reports on pro- grams made in implementing the same school district cur- ricular revision and integration projects evolved during the seven weeks of the institute.

The program will be the largest comprehensive English Institute in New England. The 14-man staff will have the expertise in the English and curriculum revision fields will come from the University of Connecticut, Central College and other institutions across the country.

The College was selected by the U.S. Office of Education to conduct the Institute largely because of the pioneering work of the English department and its late chairman, Dr. Frederick L. Olson, in developing a new En- glish curriculum at the college level. It is expected that the study of such things as the Greatness of the English language will have wide-spread applications to the study of language, rhetoric and literature.

For Sociology Departments
In his final comments Dr. Olson spoke on “Sociology and Its Place In a Liberal Arts Ed- ucation” in a lecture last week at the College. He stated that sociology is a science that deals with man’s relationships and how for those who are interested in the study of man. Sociology, he has written over 50 books, one of which is the Pulitzer Prize-winning “American Society,” tomorrow at 8:30 a.m.

The Jesters’ "Mother Courage" Scores Qualified Success

By A. Rand Gordon

Although the roles in "Endgame," the Hartford Stage Company’s production of Beckett’s play, are well executed, the setting necessitates five cars to accommodate a cast of five, in addition to the stage's content. The result is a somewhat cluttered stage, which does little to enhance the meaning of the play.

Beckett's "Endgame" is a study of the human condition, focusing on the relationship between life and death. The play is divided into two acts, each of which takes place in a different location. The first act is set in a room, while the second act is set in a different location.

In the first act, the characters are Hamm, Clov, and their servant. Hamm is a man who has been confined to a room for many years. He is blind and cannot see anything, but he is aware of the world outside. Clov is a servant who is responsible for caring for Hamm. The third character is an old woman who is also a servant.

In the second act, the characters are Hamm, Clov, and their servant. Hamm is still a man who has been confined to a room for many years. He is blind and cannot see anything, but he is aware of the world outside. Clov is a servant who is responsible for caring for Hamm. The third character is an old woman who is also a servant.

The play is a study of human nature, focusing on the relationship between life and death. The characters are all trapped in a room, and they are unable to move. They are all old and senile, and they are all waiting for death to come.

The play is a study of human nature, focusing on the relationship between life and death. The characters are all trapped in a room, and they are unable to move. They are all old and senile, and they are all waiting for death to come.

ACLUD Condemns HUAC Practices; Calls on Colleges to Resist Subpoenas

The American Civil Liberties Union today called on 900 college and university presidents across the nation to resist any future subpoenas by the House Committee on Un-American Activities for the membership lists of campus organizations critical of U.S. policy in Vietnam.

The civil liberties group plans to write to the heads of colleges who are members of the American Association of Colleges, the Union's executive director, John J. Pemberton, Jr., and it's Academic Freedom Committee chairmen, Professor Samuel Freedman, warned that the HUAC's subpoena is "in a definitive thrust to academic freedom," adding that "it asserts the intimidating power of an official investigating body armed with compulsory process." The Committee's subpoena inquired the Union to make a not-completed survey of its 89 affiliates throughout the country, on the extent of HUAC campus investigations of anti-war groups. As a result of its survey, the ACLU said that "while at present we have no information that HUAC intends to extend its investigation to other universities, obviously this continues as a real and over-burbling threat."

1. Use...ah...now that we know what we're doing oh, if you think I'm the type of guy you could go for?
2. I have an exciting pipe collection.
3. I know some decent chess players.
5. I spend a lot of time in the library.
6. Then I guess you wouldn't have been interested in someone like me who has landed a good-paying job that will let his family live well and who, in addition, has taken no substantial living insurance policy from the Equitable that will provide some security in case of sickness or death. How's about showing some interest in me, then?

What about salt in beer?

We have nothing against salt. On radishes. Or french fries. But not in beer.

Putting salt in your beer; some say, perks up the head... or livens up the taste... or makes the beer "drier." With Budweiser, though, all salt can do is make it salty. Budweiser is complete... a ready-to-drink beer if ever there was one. Wonderful clarity. Real beer aroma. A taste and a smoothness we know of in no other beer. So save the salt for the popcorn. We put heart, soul and our exclusive Beechwood Aging into Budweiser. All you need to enjoy it is a glass and... a taste for the real thing.

"Smittie"

Members of the Trinity community were greeted to learn of the death last week of Mrs. Sonia Smith, matriarch of the College. A woman who loved and cared for everyone she knew, who ran the College's various buildings as if by her own faculty and administration staff by their first names, and joyfully went about her work, Mrs. Smith had a personality which we all felt to be pleasingly distinctive. She was one of the people who really run the College behind-the-scenes and who will be sincerely missed by all who knew her.

Last Issue

This is the last issue of the TRIPPO to be published under the present editors. This afternoon new members of the staff will be elected and the editorial and business boards for the coming year will be chosen.

The senior editors wish to express their thanks and appreciation to the staff which has worked so patiently and diligently under them.

We hope that the editors staff for the coming year will be able to make the TRIPPO a better newspaper and that they will do the things that this past year's paper has not done.

In this last issue we want to comment briefly on two of the major problems and conflicts of the past year, outlining as best we can the present status of each.

Justice or Tradition?

The Medusa as it now exists cannot handle the responsibilities with which it now is expected. The controversy of last year has shown that the Medusa system of justice not only invites a study open to doubt (properly basing the case reviewed after the trial and possibly the decision reversed without any request for appeal by the student), but also does not ensure him of due process (a student brought up before Medusa is never confronted by any witnesses against him, never has an opportunity to cross-examine them, and, so far, has never been allowed any counsel in his trial).

Furthermore, the concept of having one body bring charges against, try, deliver a verdict, and then sentence a student is unjust. The right of a student to appeal to the Senate is equally unreasonable, just and adequate system will eventually come from the Medusa and the administration in which the whole question of student disciplinary matters is being raised. We hope that a reasonable, just and adequate system will eventually come from these meetings, but we also hope that the student body and the College does not fall on the academic life, as it may very well not, this will be a regrettable situation.

What Comes First?

The two Senate evaluations which will hopefully be published in the near future are an indication of the concern on the part of the Senate for these vital areas of student life: the social and the academic. Although the two are related in many ways, it is the academic life of the Trinity student which should be of primary concern to everyone.

If, when both evaluations do come out, the primary concern of the student body and the College does not fall on the academic life, as it may very well not, this will be a regrettable situation for everyone. The fact is that most Trinity students are actually more interested in their social lives than in their academic ones, and it is only a small few who recognize and are willing to protect the academic life of the College.

As is generally the case these deficiencies stem from a lack of money and qualified personnel, but whether or not the student body as a whole gets excited about the revelations which we expect from the course evaluations, the College should be. Social and dining inadequacies of the College must be considered at the time of money and qualified personnel, but whether or not the student body and the College does not fall on the academic life, as it may very well not, this will be a regrettable situation.

Letters to the editor

"Shock and Sorrow"

To The Editor:

I know I speak for millions of lovers of Italy in expressing shock and sorrow over the loss of human life and property and the irreparable damage to art treasures caused by the recent flooding of the Arno in the City of Florence. A clear picture of the effects of the flood is now beginning to emerge and it is indeed depressing. Thousands of craftsmen and shop-keepers and numerous small industries were economically wiped out by the flood; the shops on Ponte Vecchio were spared during the last war were swept away. Damage to Florentine art is tentatively estimated at $160,000,000.

The State Archives, the National Library, the Treasures of the Church of Santa Croce, the restoration workshops and photographic archives of the Uffizi Gallery, other irreplaceable materials and historical sites were inundated and severely damaged. The Baytown, Daniel's "Il Filo Giovanni" was lost under water. The violence of the flood ripped the doors designed by Andrea del Sarto and the frescoes of Ghiberti's "doors of Paradise.

Fortunately they were prevented from being swept away by the weight of the water and sustained only minor damage. Authorities have observed that the flood has caused more damage to Florentine art treasures than World War II. Now an urgent appeal has been issued by an international committee to rescue and restore works of art, numismats, manuscripts, and documents. I thought you readers would like to know that the people authorized by this international committee to reconstruct contributions in Professor Carlo L. Baglioni at the Palazzo Attems, Florence. In this country at least one committee has been legally set up to accept contributions for the same cause. It is the Committee for the Finance of Italian Art. Contributions may be made out to the C.I.A.A., Inc. and sent to P.O. Box 1241, Providence, Rhode Island, to the attention of Professor Bates Lovery.

No doubt a fund will be established as well, for the relief of victims and I hope that details concerning this will be forthcoming.

I am very pleased to see that the Goodwin Fellows of the Austin Arts Center have already made a contribution.

Michael R. Campo Director of the Center Harlequin Center of Italian Studies
Afro-Asian Panel Judges U.S. Assistance Programs

Franklin Augustine Cawte, a representative of Liberia, stated, "We do not want men to tell us how things would work if conditions demand that we will work with the people to help raise our standards.

Cawte was a panel member on "The Relationship of the United Nations to the Afro-Asian Movement," sponsored by the Political Forum.

Cawte asserted that the United Nations had retired and asked to rejoin the UN. He wanted to see many countries need people to work and not just attend.

One of the seven representatives of Afro-Asian countries on the panel. Cawte addressed a meeting board of that students: students 82 12 67 87 88.

Survey Shows 18-Year Voting Age Gains Significant Political Support

A national survey by MODERATOR, the nation's leading trend watchers, reveals that 61% of 18-year-old voters have serious interest in political office. The survey shows that one hundred and twenty-five members of the U.S. House of Representatives endorsed the 18-Year Old Vote in the MODERATOR poll.

One hundred and twenty-five members of the U.S. House of Representatives endorsed the 18-Year Old Vote in the MODERATOR poll. Only eighteen expressed opposition.

Werdell compared the national election on the 18-Year Old Vote, that in Michigan, "in Michigan, a state where a majority of voters are 18 years old, and where the 18-Year Old Vote was won by almost all of the candidates," he said, "one hundred and twenty-five members of the U.S. House of Representatives endorsed the 18-Year Old Vote in the MODERATOR poll. Only eighteen expressed opposition.

Werdell explained that the survey shows that 61% of 18-year-old voters have serious interest in political office. The survey shows that one hundred and twenty-five members of the U.S. House of Representatives endorsed the 18-Year Old Vote in the MODERATOR poll.

"I was quite surprised by the strong support for the 18-Year Old Vote among national politicians," said Philip Wardell, editor of MODERATOR, the national magazine for leading students. "The percentage of return was considerably higher than one expects on a poll of this kind--almost fifty percent. Moreover, most governors and congressmen wrote long, thoughtful letters endorsing the 18-Year Old Vote.

"Math measurements involving very intricate have made it possible to measure differences between places on earth within 25 yards," noted Professor Bruce Meserve, the center of interest in space exploration. He reported that astronomers have measured differences between places on earth to within 25 yards, "to impossible to present statistically," he says editor Werdell, "but here we are, with the 18-Year Old Vote in the MODERATOR survey was completed. Shirk, urban and better-known campuses organized and the real work of the 18-Year Old Vote, the students are left to carry the burden.

American Friends Service Counsels
Qualified Men on Deferment Policy

The most extensive counselling service for conscientious objec-
tors is the American Friends Service Committee in New England — and proba-
ably the most extensive draft coun-
selling service in the nation — is being conducted just off Harvard
Square in Cambridge.

The Draft Information Service, set up to avoid draft-
calling of men who oppose war or feel they qualify for deferment under
the present law and are having inside receiving it, is a project of
the American Friends Service Committee's New England region-
al office, 44A Brattle Street.

"Our counselling program is probably the largest in the nation,"
said Steve Hedger, an AFSC staff member. "There are many young men
in New York, and as far as we know, our program is larger than any in New York."

Hedger said that the aim of the program is educational, not politi-
cal: "to give men the facts about the draft, conscientious objection,
and non-cooperation. But the facts are not simple. "Between the posi-
tions of those who willingly accept a classification and the
position of men who burn their draft cards," Hedger said, "there is an ocean of doubt and mis-
understanding."

During the summer, an average of 100 young men contacted the
AFSC office for draft counselling each month. Since the start of the year, the number has been
increasing.

To meet the challenge, Hedger
and AFSC staff member Andy Re-
din have been conducting training
sessions to enable clergy, lawyers
and other members of the profes-
sional community to help men with
the counselling.

Each of the 18 draft classifica-
tions is only a label for a whole
set of rules, rights, privileges,
obligations, and possibilities. Any
man who files the requirements
for a draft category is entitled to the
rights which this classification car-
ries with it, and is subject to its
obligations.

"In making clear the full im-
plications of the draft choice which
the AFSC advises are its coun-
selling service, Hedger said.

"Because we have a long his-
tory in draft issues, and have
personal experiences with the
choices men have to make, we
can often compete 'counsel in these matters,'" he added.

A recent Supreme Court decision
in the case of "U.S. versus See-
er" is of particular concern for
young men who sincerely feel they
cannot accept a 1-A classification
and all that it implies. This de-
cision — which clarified the draft law on the requirement of be-

ing a Supreme Being for those
who wish to be classified as con-
scientious objectors — made eli-
sible many among those who
previously had been disqualified.

Shirelles to Sing
At Mather Hall's Winter Weekend

The Mather Hall Board of Govern-
ors will sponsor a special Winter '66 weekend featuring the Shirelles,
On Friday, December 9th there will be a Christmas dinner in
Wadsworth, followed by a party and a con-
cept in which the Shirelles will sing "Vill You Still Love Me Tomorrow," "Soldier Boy," and
many others. Canadian David Smyrl from Greenwich Village will
emcee the show and add his own
 humour, singing, and dancing.

Tickets for the concert will go on sale at 9:00 a.m. on Friday, with
the usual "fringe" benefits, in-
cluding our Corporation-financed Graduate Education Pro-
gram. But, for more important to you and your fu-
ture, is the wide-open opportunity for professional
growth with a company that enjoys an unequaled record
of stability in the dynamic atmosphere of aerospace technology.

As you contemplate one of the most important decisions
of your life, we suggest you consider career oppor-
tunities at Pratt & Whitney Aircraft. Like most everyone
else, we offer all of the usual "fringe" benefits, in-
cluding our Corporation-financed Graduate Education Pro-
gram. But, for more important to you and your fu-
ture, is the wide-open opportunity for professional
growth with a company that enjoys an unequaled record
of stability in the dynamic atmosphere of aerospace technology.

And make no mistake about it . . . you'll get a solid
feeling of satisfaction from your contribution to the
nation's economic growth and to its national defense
as well.

Your degree can be a B.S., M.S. or Ph.D. in: MECHAN-
ICAL, AERONAUTICAL, CHEMICAL, CIVIL (structures
oriented), ELECTRICAL, MARINE, and METALLURGI-
CAL ENGINEERING + ENGINEERING MECHANICS,
APPLIED MATHEMATICS, CERAMICS, PHYSICS and
ENGINEERING PHYSICS.

For further information concerning a career with Pratt &
Whitney Aircraft, consult your college placement
office, or write Mr. William L. Stoner, Engineering Department,

Roberts PACES 20-18 Win Over Wes

Halftime Larry Roberts rushed for 100 yards and three touchdowns in leading the Bantams to a spectacular 20-18 come-from-behind victory over Wesleyan Saturday bringing Trin’s season record to 6-2 while recording Coach Dan Jessee’s 15th win as coach.

Aside from providing a fitting ending for Coach Jessee’s 35-year stint as Trinity Football Coach, the victory gave sweet revenge to the Bantams for last year’s contest stolen by the Cards in the final seconds.

Stating, although not as hard or often as last year, the game started divisively for the Trin fans who had made the trip to the West End in hopes of avenging the Little Three champs dumped.

Big moment 63. Bernie Rockwell, ramped at will with the first quarter as Wesleyan dominated play stalling the Trinity offense and somehow falling to tally.

Just before the first quarter ended, the Wesmen drove to the Trin 38 on a series of downs highlighted by a 30 yard pass play from QB Howie Forester to his favorite receiver Ron Blackman from the right side of the end zone. Morrison’s kick failed.

The hosts broke through in the second period the Cards broke into the end zone for the winning tally.

In five plays the hosts brought the ball to the Trin seven Interception a Kim Miles pass and running from Brian Cantrells made three key receptions, the final one for 18 yards and the tally.

Interception the Bantams came back quickly as Roberts brought the kickoff to his 35. At this point John Martin came up with the catch of the day as Miles tossed one down to the 15 where Martin was double teamed. The big red was up and managed to get the ball as it bounced off the defensemen’s hands. Unsportmanlike conduct put the ball in the Trin end zone for the winning tally.

The fourth quarter started with another Wes drive which stalled on the Trin 10 yard line where the visitors took over when a fourth and two failed.

In six plays featuring Roberts and Martin, the Bantams forced the Wesmen to punt. The weather looks a quick punt to Roberts around right end. Roberts took the kickoff and advanced it to the Wesmen 20.

After stymying the Wes attack following the kickoff, Trin ground out two first downs taking up precious time. Having used up maximum time, Trin was forced to punt but were successful in pinning the Wes machinery.

With 3:47 remaining in the game, the Cards started from their 30 and began to click in the Air to their 38, Defenseman Joe MacDonough than intercepted a pass which bounced off the hand of the Wesmen, crushing the Wes hopes for victory.

While the Bantams stopped the Wesleyan winning streak at six and both teams sport six-3 records, the score was not without incident. Given these two teams almost Wes in the lead with a 45-41-1 record.

The final quarter proved doubtless to be the most disappointing twenty-two minutes of the hotshot’s experience this season. Wes-

Wesleyan Crumbles Booters, 3-1; Trin Dumps Coasties in Overtime
By Fred Sroock

Wesleyan completed a Little Three sweep of the Trinity soccer team defeating the Bantams booters 3-1 Friday; earlier in the week the Blue and Gold took Coast Guard 3-1.

The two teams faced off in the opening period. The score remained 0-0 at the half.

The final quarter proved no doubt a surprise, as Wesleyan defeated by the Bantams.

Last Sunday night’s victory over the Coasties was the most successful putting of the two teams.

The Bantams took an early lead in the game against Wesleyan. As Don Johnson took a Jill Franklin pass and crossed it into the net in the opening period. The score remained 0-0 at the half.
