REVEREND REMSEN BRINCKERHOFF OGILBY

PRESIDENT OF TRINITY COLLEGE

1920 — 1943

HE OFFERED TO OUR COLLEGE THE SUBSTANCE OF LIFE

THIS TABLET IS GIVEN IN HIS MEMORY

BY THE TRUSTEES AND FACULTY

Editor's Note: The memorial on the front page was dedicated last fall, and is located near the main entrance of the Chapel. The architect of the Chapel, Mr. Philip H. Froman, designed it, and Lew Wallace did the carving. Professor James A. Notopoulos wrote the Latin inscription. It is interesting to note the word “rem” may mean spiritual substance or material substance. It is also a very felicitous pun on Dr. Ogilby's nickname. Certainly Dr. Ogilby will be remembered to hundreds of Trinity men for his spiritual leadership; the physical growth under his presidency, and for his wonderful personality.
President's Message

Trinity's war effort is over on the campus, but a look out my window constantly reminds one of its effect. Men in uniform are streaming into the Dean's office seeking admission, and by next fall we should be close to our pre-war enrollment.

Over fifteen hundred Trinity men in the armed services risked their lives all over the world, and deserve the gratitude of their college as well as their country. Especially should we alumni remember the fifty-seven men listed below who have made the supreme sacrifice. Their spirit will ever remain here. We can assure you that the College is dedicated to doing its utmost to help the world profit by the sacrifice that they have made.

As soon as possible it is our intention to publish a memorial booklet telling of their lives. Plans are being made to erect on campus a suitable memorial so that their names will be an inspiration to the coming College generations, and will be perpetuated at the College they loved.

It is a great pleasure for me to return to Trinity College as Administrative Assistant. My duties will consist of publishing the Alumni News, College publications and brochures, publicity, and any other duties President Funston shall assign.

After graduating from Trinity in 1934 I worked six years for Raymond Whitcomb, Inc., the tourist agency, in Boston, with their foreign and sales departments. During the war I was Assistant Personnel Manager and Personnel Manager of The Hadley Special Tool Co., Brighton, Mass., manufacturers of machine gun sights and rifle parts.

Throughout the years my connection with the College has been close through the Board of Fellows and as President of the Boston Alumni. I have, however, much to learn about the various departments, undergraduate activities, and this magazine. The previous editors, Tom Wadlow and Bard McNulty, have set a high standard. I hope to maintain it, and I shall give my very best to Trinity in this new job. I welcome your suggestions and criticisms.

— JOHN A. MASON

President Funston has announced that Lieutenant Commander Joseph W. Getzendanner, Jr., of Shaker Heights, Ohio, will be Comptroller of Trinity College. He will assume his duties the last week in January.

Mr. Getzendanner was graduated from Duke University in 1934 and from Harvard Business School in 1936. He has been associated with the C.I.T. Corporation of Baltimore; the American Radiator Corporation of New York; and the National Refining Co. of Cleveland. In 1942 he entered the Navy and worked in the Procurement Division of the Bureau of Aeronautics. In 1943 he was a student at the Radar Training School, and later Fighter Director Officer on the escort carrier, U.S.S. Gambier Bay. In 1944 and 1945 he returned to the Bureau of Aeronautics in the Contract Termination Division. He is married and has one child.

NEW ALUMNI AND PUBLICITY OFFICE

The Alumni and Publicity Office has moved from Jarvis 4 to Jarvis 19. This room in Middle Jarvis is the old Navy headquarters. Will all Alumni when on campus please feel free to come in to Jarvis 19 and make themselves known.
Inauguration

February 22 has been set as the date for the inauguration of George Keith Funston as the thirteenth president of Trinity College, according to a recent announcement made by Mr. Newton C. Brainard, Chairman of the Inauguration Committee. Mr. Brainard has also stated that the following schedule of events is being arranged in connection with the ceremony:

- Registration of delegates
- Buffet luncheon for delegates and guests of the College in Cook Dining Hall
- The Academic procession forms in Alumni Hall
- Inauguration Exercises in the College Chapel
- Reception and tea in Cook Lounge

T. S. Wadlow, Alumni Secretary, has been appointed Inaugural Marshal, and in turn has appointed the following as members of the Marshal's Committee: Dr. Arthur Adams, Dr. Louis H. Naylor, Prof. Harold J. Lockwood, Dr. Frederick C. Copeland, Dr. J. Bard McNulty and Mr. John A. Mason. This Committee will be in complete charge of all arrangements excepting the actual Inauguration Exercises within the Chapel. The buffet luncheon before the exercises will be limited to official delegates and all other persons who will form a part of the Academic procession. Invitations to the Exercises will be mailed to all Trustees, faculty members, delegates, certain church officials, certain state executive officers and Judges, friends and benefactors of the College, honorary Alumni of the Hartford area, and prominent Trinity Alumni. Mr. Wadlow regrets that it will not be possible to invite more than a total of 600 persons since this is the largest number that can be seated in the College Chapel. Arrangements have been made to broadcast the Exercises through Station WDRG, 1360 kilocycles.

Fraternities

At a meeting of the Sword and Key Society on January 11 it was unanimously voted to reopen the campus fraternities on February 4. It was agreed that rushing of members of the Sword and Key Society who have not fraternity connections will take place the week of February 11th. A quota will be determined — probably five or six men for each house. The rushing rules are to be drawn up by the Executive Committee of Sword and Key and shall be approved by the Graduate Interfraternity Council and the College Administration. All rushing is to take place on campus.

It was also voted that the Interfraternity Council be revived, and that it consist of one undergraduate and one graduate from each house.

No meals will be served in the houses, and living quarters will not be opened until the Interfraternity Council and the College approve. Rushing of men who come this February and of those who were not members of Sword and Key will take place at a date and under rules to be set by the Interfraternity Council.

These regulations should eliminate many of the "cut throat" evils and permit all fraternities an even chance.

Coaching Trip

Last September Ray Oosting and Dan Jessee were named by the War Department as consultants for the 8th Army Coaching School to build up morale and to organize athletic programs among the troops in the Pacific. Dan taught football and Ray instructed basketball. Other teachers were Fred Fitzsimmons — baseball; Ed Kennedy of Columbia — swimming; Marty Gallagher of Georgetown — boxing; and Eli Marsh of Amherst — courses in athletic administration.

At each camp they would stay two weeks and teach about 100 officers how to administer athletic programs, schedules, training, etc. Besides the sports mentioned, archery, badminton, handball, horseshoes, soccer, softball, table tennis, touch football and volleyball were taught. Much appreciation of this work has been voiced by Army officials in the Philippines and Japan, for these schools laid out a sound athletic program to help while away the long hours.
Faculty Changes

Professor Morse Allen of the English Department is returning to the College on February 4th.

Professor Thomas H. Bissonnette of the Biology Department is on leave of absence for the academic year 1945-1946. He is now in charge of the Biology Department of the Biarritz American University.

Professor Howard D. Doolittle of the Physics Department has resigned to join the engineering staff of Machlett Laboratories, X-ray and electron tube manufacturers of Springdale and Norwalk, Conn. During the war he was at M. I. T.'s Radiation Laboratories working on radar research.

Dean Arthur H. Hughes has been appointed Professor of Modern Languages. He will continue his duties as Dean.

Dr. Robert F. McCune of Hartford has been appointed an instructor of Physics. He graduated from Manchester College, Indiana, in 1937 and received his Ph.D. from the University of Illinois in 1941. During the war he has been working with Hamilton Standard Propeller Co.

Professor Alfred K. Mitchell of the Mathematics Department is leaving this January to join Pratt and Whitney.

Professor James A. Notopoulos of the Classics Department will be doing research work during the Trinity term.

Dr. Edward D. W. Spingarn will return next September as Associate Professor of Economics.

Dr. Fedor Theilheimer, Instructor of Mathematics, will study at the Institute for Advanced Study at Princeton during the Trinity term.

Professor D. G. Brinton Thompson was appointed to the History Department last fall. He graduated from the University of Pennsylvania, A.B. in 1920, and from Massachusetts Institute of Technology, B.S. in 1923. After being in business for several years he studied at Columbia and received his Ph.D. in 1941. He served on Selective Service Board No. 44, New York City from 1941 to 1943, and taught at Lafayette from 1943 to 1945.

Faculty News

Dr. Adams has published in the March 1945 Historical Magazine of the Protestant Episcopal Church a most interesting article on "The Founding of Trinity College." He recently lectured to the Hartford Rotary Club on "Witchcraft in Connecticut."

Professor Naylor attended the annual meeting of the Board of Directors of the New England Modern Language Association on January 12 at the Hotel Vendome, Boston.

Raymond Oosing, Director of Physical Education, was elected President of the New England Intercollegiate Athletic Conference. He recently attended the National Collegiate Athletic Association meeting in St. Louis. He is a member of the basketball rules committee.

Professor Perkins' physics book will be translated into Spanish and published in Mexico for use in Latin America.

Professor Shepard has been appointed by Mark Van Doren, President of the College English Association, to a committee with Professors Norman Foerster of the University of Iowa and E. K. Brown of the University of Chicago to work out the normal minimum course in English that colleges in the United States shall be required to give. He recently lectured on "The Spirit of American Literature" to an Inter Faith group at the Jewish Seminary in New York City.

Professor Troxell has secured a patent on a hospital wheel chair that permits patients to be moved with much greater ease than heretofore. It is possible to lower the back of the chair to a horizontal position. Then a patient may be transferred from a bed to the chair with very little discomfort. Depending on the illness of the person being moved, it is a simple matter to raise the chair to any position desired. Dr. Troxell is taking steps to have it manufactured.

Professor Watters made an 8,000 mile concert tour this fall. He gave sixteen recitals in six weeks, and received many fine tributes from the critics of Houston, Los Angeles, and Pittsburgh.
A MESSAGE FROM TRINITY COLLEGE
Hartford, Connecticut

to
WILLIAM G. MATHER

ON THE OCCASION OF THE
CIVIC TESTIMONIAL DINNER
CLEVELAND, OHIO

JANUARY 10, 1946

Having long since bestowed upon you, its most illustrious Alumnus and Trustee, all the honors within its power to extend, Trinity College on this splendid occasion can only express once again its deep pride in your achievements and its gratefulness for your interest in and generosity towards your Alma Mater.

Ever since your graduation in 1877, your example of business enterprise and ability, of financial and industrial statesmanship, of community leadership, deep religious devotion, and generous philanthropy has been an inspiration to generations of Trinity men everywhere and to five Presidents of the College. More than any other man in the long history of Trinity College, you have left your imprint on our institution— an imprint as enduring as the high standards which have been molded by the leadership in educational and administrative matters, which you have provided for almost forty years as a Trustee, an imprint as enduring as the beautiful Gothic Chapel which you have caused to be raised, and which will forever be the focal point of the College.

For all these things the Trustees and the Faculty of Trinity College, and Trinity men everywhere, revere you; and are proud to join with the great City of Cleveland not only in congratulating you on your past accomplishments, but also in congratulating ourselves for a stimulating association which will continue in the days to come.

G. KEITH FUNSTON

## Enrollment

The enrollment for Trinity Term 1946 will be about 350 students. This is an increase of 150 men over the last term, and it certainly is most encouraging to see the campus returning to civilian life again. Dr. Copeland's Admissions Office is crowded daily with applicants. May we remind those Alumni who are considering reentering Trinity that they communicate with Dean Arthur H. Hughes immediately. It is the College's intention not to exceed 550 students next September.
Meeting of Class Agents and Alumni Presidents

On November 3, 1945, forty-five Trinity Men, Class Agents and Presidents of Alumni Associations (see picture above), met to plan the current Alumni Fund Drive.

After hearing a message from President Funston about the financial condition of the College, it was decided that the most important project would be to balance the College budget. The 1945-46 Alumni Fund, therefore, is a project to raise $40,000, which amount is considered the probable College deficit in June unless underwritten by the Alumni Association.

Tom Wadlow, Alumni Secretary, reports that the Fund now stands at $25,000 representing contributions from 470 Alumni.

If you have not yet mailed your contribution to the Alumni Secretary, please do so at your earliest convenience. The least we can do to help our new President get started is to show our loyalty to Trinity by contributing 100%.

Checks should be made payable to
Trustees of Trinity College
Athletics

This winter the basketball and swimming teams have been meeting regular schedules under coaches Ralph Erickson and Joe Clarke. Ray Oosting will take charge of basketball after midyears. Handicapped by service calls and injuries, Ralph has had a difficult time to keep a team intact for any length of time. Although the team lost the first three games — two of them in overtime to Williams — it has shown good scoring power averaging 42 points a game. Doug Carter and George Linardos are the leading scorers.

Joe Clarke is depending on the Tyler brothers — Captain Dave, holder of the New England 100 and 220 yard titles, and Bob — as mainstays of his swimming team. Bud Earle has improved steadily after being in service for three years. The team nosed out Coast Guard 39-36 and defeated Bowdoin 40-34. The Boston alumni will be particularly interested to know that a meet with Harvard at Cambridge on February 16 has been scheduled.

A baseball schedule for this spring is now being arranged and will be announced soon. It has been decided to wait until after midyears to see whether there will be enough students interested in track and tennis before intercollegiate competition is scheduled. There will be the usual intermural athletic program this spring between the fraternities.

The 1946 football schedule has run into some difficulties in arranging opponents, but games with Bates, Middlebury, Hobart, Williams and Wesleyan are definitely booked, and it is hoped one or two more teams may be secured.

Undergraduate News

The Alumni will be glad to know that many of the student activities have been resumed. The IVY is in process of preparation and will be issued in the spring. One of the JESTERS, Tom Egan, is writing a play, and if there is sufficient interest after midyears a production will be scheduled.

The Political Science Club has had three excellent meetings. A. E. Holland, '34, who has returned to get his degree, is President. He told the Society of his four year experience in Santo Tomas Prison, Philippines. Dr. Liu, head of the Chinese Speakers Bureau, and Dr. R. Opie, Counsellor of the British Embassy in Washington, were the other speakers.

The Senate is planning a formal dance on the Washington Birthday weekend. The Seabury Society has had one meeting at which the Rev. Raymond Cunningham, '07, spoke.

The Sword and Key Society will probably disband in February and in its place the Interfraternity Council will operate.

The Trinity Club under the direction of Harvey Katz has had several meetings. The Tripod with Edward Butler, Editor, and a staff of twenty assistants is published bi-weekly.

Considering the small student body this is an excellent start, and it is expected that after midyears these organizations will become more active and that others will reopen.

Alumni News

R. George Almond, '24, President of the Boston Alumni Association, has announced that the next meeting of Boston Alumni will take place at the Harvard Club Thursday, April 25. President Funston will be the guest of honor and there will be other speakers from the College and from the Boston Alumni Group.

Over 150 Hartford Alumni met at the University Club January 18 to honor President Funston who was the principal speaker. The other speakers included Ray Oosting and Dan Jessee of the Athletic Department, and Tom Wadlow, Alumni Secretary. Acting President Nelson A. Shepard, '21, was in charge of the meeting until it was taken over by the new President, Harmon T. Barber, '19. Other officers elected were as follows: Vice Presidents—Edwin J. Donnelly, '08 and Charles T. Kingston, '34; Secretary-Treasurer — James D. Cosgrove, '35. Nelson A. Shepard, '21, was elected Chairman of the Hartford Scholarship Committee of which the other members are D. J. Viering, '42, J. Henderson, '37, A. W. Driggs, '39, J. H. Carey, Jr., '40, K. W. Stuer, '26, and R. E. Thomsen, '41.
NEW HAVEN ALUMNI ASSOCIATION MEETING

(L to R) Eliot L. Ward, '13, President Alumni Association; President G. Keith Funston, '32; Wilbur L. Cross, Hon. 1935; George S. Stevenson, Trustee; Raymond A. Montgomery, '25, President of New Haven Alumni

The New Haven Alumni Association held a dinner on December 14 at the Graduates Club to meet the new President, G. Keith Funston. There were 47 present which was an excellent attendance. Ex-Governor Wilbur L. Cross, who received an honorary degree from Trinity in 1935, introduced the President. Other speakers were Dean Fred Copeland; Joe Clarke, Swimming Coach; Tom Wadlow, Alumni Secretary; Eliot L. Ward, President of the Trinity Alumni; and Ray Montgomery, President of the New Haven Alumni Association.

The New York Alumni Association held their annual winter meeting at the Harvard Club on 44th Street January 9. President Richardson Wright, '10, presided over the meeting, which was attended by about 80 Trinity men. President Funston was unable to attend because of a sudden attack of the grippe.

The guest of honor was Dr. Arthur Adams, Professor of English, Librarian, and Registrar, who has served the College faithfully for forty years. Dr. Adams, in the principal speech of the evening, gave one of the most moving talks ever delivered before the New York Alumni Association. There were several requests that his speech, which was made up of many interesting incidents of the past forty years, be reprinted in the Tripod.

The other speakers of the evening were Dean Fred Copeland and Tom Wadlow who told about conditions at the College today and the prospects for the future. Unfortunately, Dr. Horace Cheney Swan, who had also been invited as a guest of honor, was unable to make the trip to New York. During the course of the meeting, Glover Johnson, '22, was elected President of the New York Alumni Association. The new Vice Presidents are T. G. Budd, '21, R. B. O'Connor, '16, and J. A. Ortgies, '20. W. S. Buchanan, Jr., '09, L. J. Dibble, '09, W. W. Canner, '23, G. Thoms, '26, and J. S. McCook, '35, were elected to the Executive Committee, while Fred Hinkel, '06, was re-elected Secretary-Treasurer amid tremendous applause.
