THE EIGENBRODT CUP WAS GIVEN FOR THE 36TH TIME during the annual Reunion-Homecoming Weekend. This year’s recipient was George C. Capen ’10, (left) a retired insurance executive from West Hartford. Looking on is President Lockwood. A complete account appears on page 3.

A RECORD NUMBER OF PARENTS WERE ON HAND for the 20th annual Parents Weekend. Some of the 857 persons attending the Parents Association Dinner in the Hartford Hilton are shown above. A story on Parents Weekend appears on page 2.

President’s Report

President Lockwood has used his 1973-74 Annual Report to explore apprehensions about the future and to answer the question “Why have a college like Trinity?”

Published as a background study to assist in college planning, the paper also provides a look at some of the institution’s general academic goals for the years ahead. The report also gives an insight into the current debate on the academic goals of the independent liberal arts college.

In releasing it, Dr. Lockwood said “Undergraduate education must be significant or it will become little more than a happy diversion for a certain age group, a stopping-out place for young adults.

Trinity, he predicts, will be a pacesetter in higher education while retaining considerable flexibility. “We cannot avoid playing multiple roles, but we can and must decide which roles deserve the greatest amounts of our academic energies and resources,” he said.

Dr. Lockwood feels that there exists an uncertainty as to why smaller independent colleges should exist. He said that the turning of the tide in favor of large, publicly supported institutions has altered the dimensions of academia so that some assumptions have become outdated.

He stressed that Washington’s phrase “post-secondary education” should not be used to lump together all types of education under one classification, “for it implies a functional equivalency between a school of hairdressing and Harvard which can only threaten the liberal arts with another dose of vocationalism...”

The educator asks “Among the purposes which Trinity theoretically might fulfill, which makes the best sense?”

The sanctuary for scholarship may lead to intellectual discoveries, he said, but he added that it runs the risk of failing to search out values of use to the student in understanding himself and his cultural setting.

Dr. Lockwood also touched on the area of preprofessional preparation, which has troubled liberal arts colleges. He said that while adequate background in a field is essential for a successful career, there is still debate over the degree of undergraduate specialization.

Answering the question of whether or not the future is brightest for colleges which concentrate on professionally-oriented programs, he said that he does not believe that a college can successfully anticipate specific curricula needs in relation to changing requirements in the job market. The administrator added that there is not any evidence supporting the claim that students choose a professionally-oriented college.

He said that there is a final argument from some faculty members who believe that professional knowledge is what remains from an undergraduate education.

“Here,” he said, “the evidence refutes the claim: what endures are the attitudes, perceptions, and general intellectual skills a student acquires in college.”

Regarding new curricula, Dr. Lockwood pointed out that Trinity and other colleges have experienced a shift toward greater freedom over the last five years. He said that new programs at the college are working well. He added that the curricula is frequently re-evaluated in order to keep pace with changing times.

Trinity, he revealed, has an enviable 5-year record of running in the black, and during the year had the largest number of completed admissions applications in its history.

During the years to come, Dr. Lockwood concluded, Trinity will continue to evaluate the question of what goals are most appropriate for the liberal arts college.

Mellon Foundation Grant

Of $200,000 For Research

The College has received a grant of $200,000 from The Andrew W. Mellon Foundation of New York for a special program to stimulate professional development and outreach in Trinity’s faculty.

The grant, to be used over the next three to five years, will provide for faculty research fellowships and for a series of symposia planned each year by faculty from several disciplines. Research fellowships will be awarded annually, providing faculty with time and opportunity to undertake research or some other appropriate scholarly activity on campus. The results of this research will be the subjects of public.
The First Presidential Fellows Meet

Twenty-two seniors have been honored by being named the first Presidential Fellows at the College.

The Presidential Fellowships were established this Fall by President Lockwood to recognize the academic achievements of outstanding undergraduates. Each of the Presidential Fellows named was chosen for the distinction because he or she possessed wide ranging intellectual concerns and an interest in academic disciplines other than his or her special area of interest.

"The purpose is to bring notice to outstanding seniors who have done well in a given discipline and also to bring them together informally with their contemporaries, the faculty and myself," Dr. Lockwood said.

The first dinner for the fellows, followed by a colloquium on the values of the liberal arts, was held October 17.

Weekend athletic events included a varsity football game with Coast Guard, a cross country race with Worcester Polytechnic Institute and freshman soccer with Wesleyan.

In the arts, there was a Theatre Arts Production, "She Stoops To Conquer," in the Goodwin Theatre on Friday and Saturday nights, a carillon concert following the football game, and an exhibit of Charles Noel Flagg in the Austin Arts Center.

A FULL TUITION SCHOLARSHIP CHECK from Loctite Corporation in Newington was recently presented to Peter A. Grape (center), a senior majoring in chemistry. The presentation was made by Lockwood's president, Dr. Robert H. Krieble (right) and Dr. Harry A. DePhillips, Jr., chemistry department chairman. The scholarship is given annually in memory of Dr. Krieble's father, the late Vernon K. Krieble, who was a longtime College faculty member and chemistry department chairman. After his retirement from the College, Dr. Krieble founded the firm now known as Loctite Corporation.

presentations. The symposia are expected to deal with basic areas of academic interest.

President Lockwood said the grant "will provide an excellent opportunity for members of our faculty to further their professional development through on-campus research, and will greatly enable us, as a faculty, to identify and pursue common intellectual concerns. We expect the symposia will be of interest to the public at large as well as the Trinity community. The symposia will be important occasions when professors come together in public to consider issues which go to the core of a liberal arts education."

Dr. Lockwood said the Mellon Foundation grant "is especially appropriate at a time when, in many institutions, teaching faculty are becoming isolated by specialization and frustrated about their job potential. This grant, intended to enhance teaching and encourage faculty renewal when this has become difficult, greatly helps Trinity in sustaining the quality of its faculty. It fits into Trinity's own broad objective of improving the academic opportunities available to the faculty."

The College has 120 faculty teaching in 19 academic departments and four program areas. With an undergraduate enrollment of 1,650 men and women, there is a student-faculty ratio of about 13 to one.

The Andrew W. Mellon Foundation supports education, health and medical, cultural projects and institutions, conservation, civic programs and community services. Its present name was adopted in 1969 at the time of a merger of the former Avalon and Old Dominion Foundations.

At the September 28 meeting of the Board of Directors of the American Civil Liberties Union, Dr. SAMUEL HENDEL, professor of political science, was elected a vice-chairman. The organization of more than 275,000 members is dedicated to the support and extension of civil liberties and civil rights. At the last biennial convention of the Union, Dr. Hendel presented a paper of "Separation of Powers Revisited in Light of Watergate," scheduled for publication in the Western Political Quarterly.

Three faculty members of the Studio Arts Department: GEORGE E. CHAPLIN, painter and associate professor and director, studio arts; JOHN MILLER, printmaker and associate professor, and ROBERT A. CALE, sculptor and artist in residence, were represented in an exhibition at Gallery 5 East in East Hartford.

President LOCKWOOD is one of five college executives named as a member to the advisory council to the State Commission for Higher Education. The advisory council advises the council on the Commission for Higher Education and to the Board for State Academic Awards.

About 70 persons recently attended a dinner in honor of Dr. Richard K. Morris, chairman of the department of education, and at present in education. Dr. Morris was presented with a chronogram by P. ANTHONY GIORGI '63, outgoing president of the Trinity Education Association. It was announced at the dinner that a Richard K. Morris Book Award will be established and awarded to a graduating senior. The association also elected RICHARD P. MURRIS '68 (no relation to Dr. Morris) as its new president.

Reunion-Homecoming Proves Busy Weekend

Good weather and a win over the Lord Jeffs of Amherst contributed to the success of this year’s Reunion-Homecoming Weekend, held November 8-10.

Alumni started arriving late Friday afternoon. Friday night, Dr. Ranbir Vohra, chairman of the Department of Political Science, spoke in McCook Auditorium on the topic “Prospects in East Asia.” Other Friday night events included an organ recital in the Chapel by Mark Kennedy ’65, a student production of “She Stoops to Conquer” in the Austin Arts Center and a film clip presentation by the Trinity Club of Hartford titled “Parade of Stars,” which featured football film clips from the 1949 and 1964 seasons.

Saturday proved quite busy for returning alumni. After registration and coffee in the Austin Arts Center, the Trinity Education Graduate Alumni presented Dr. Louis Rabineau, Chancellor-Designate for the Connecticut Commission for Higher Education. Dr. Rabineau spoke on “The Relationship of Secondary Education to Higher Education.” President Lockwood then showed slides of his travels through the Sahara in the Austin Arts Center. There was also a soccer game against Amherst.

The buffet luncheon in the field house provided many alumni an opportunity to see old friends.

After lunch, alumni and guests watched the Bantams trounce the Amherst eleven. A post-game reception in the Austin Arts Center provided another opportunity for alumni to get together. Following a reception in the Red Room of Mather Campus Center, the annual Reunion-Homecoming Dinner was held in Mather Hall Dining Room. After dinner, election of new officers of the National Alumni Association was held, and awards were presented.

Many of the alumni then went to the Washington Room, where there was dancing until the wee hours.

Annual Giving Goals 1974-75

Alumni Fund $300,000
Parents Fund $105,000
Friends Fund $30,000
Business & Industry $65,000

Seven Alumni Receive Awards

A highlight of the Reunion-Homecoming Weekend was the presentation of awards to seven alumni, which were made at the Saturday night dinner.

George C. Capen ’10, a retired insurance executive from West Hartford, became the 36th recipient of the highest alumni award, the coveted Ehrenbrodt Cup. George F. Will ’62, Washington editor of The National Review and nationally syndicated columnist and commentator, presented the award.

A plaque was presented to John T. Wilcox ’39, a vice president of Connecticut Bank & Trust Company, for outstanding service as president of the National Alumni Association from 1972-74.

Four Alumni Medals for Excellence were awarded. Recipients were: John G. Craig Jr., ’54 executive editor of the Wilmington, Delaware, Morning News and Evening Journal; Joseph H. Ehlers ’14, consulting engineer and attorney from Washington, D.C. and Russellville, Kentucky; Dr. Charles E. Jacobson, Jr. ’51, a physician from Manchester, Conn., and Robert M. Kelly ’37, Hartford’s superintendent of schools.

Five other awards were given at the dinner.

The Jerome Kohl Award, given to the reunion class with the largest percentage of alumni returning to campus, went to the Class of 1929.

The Board of Fellows Bowl, awarded to the reunion class with the best spirit, went to the Class of 1954.

The 1934 Alumni Fund Trophy, presented to the class which received the highest point score in the Alumni Fund, went to the Class of 1964, which also received the 1916 Alumni Fund Trophy, which is awarded to the class, out ten years or less, which achieves the best record in the Alumni Fund.

It was also announced that the George C. Capen Trophy, given to the best alumni association for the year, went to Los Angeles.

18 New Officers Selected By National Alumni Assn.

A number of new officers were elected by the National Alumni Association at the Reunion-Homecoming Dinner.

Officers elected for a one-year term are: David R. Smith ’52, president; Bernard F. Wilbur ’50, senior vice president; and Alfred M. C. MacColl ’54, secretary and John T. Fink ’44 is the new treasurer.

Members of the executive committee for a two-year term are: S. Anders Yocom ’70, Francis A. Pugliese ’51, Quentin B. Keith ’72 and John T. Wilcox ’39, ex officio. Junior Fellows for a three-year term are Siegbert Kaufmann ‘46 and Peter W. Nash ’55.

Donald J. Viering ’42 was elected to a three year term on the athletic advisory council. John C. Gunning ’49 and Alfred C. Capen ’71 were also re-elected to three year terms on the nominating committee.

White Mules of Coast Guard game. Defensive end Rich Uluski recovered it for a 6 yard gain against the cadets.

EVERYBODY WANTED THE FOOTBALL DURING THIS PLAY during the Coast Guard game. Defensive end Rich Uluski recovered it for a 6 yard gain against the cadets.

Trinity handled Bates 34-8, scoring two first quarter touchdowns nine seconds apart in possibly the fastest scoring effort ever on Jesse Field. Rich Uluski, sophomore defensive end, scored on an interception with Tom Cangelosi immediately behind with a fumble recovery on the kickoff. Mike Maus, Trinity’s junior kicking specialist, hit two goals of 37 and 42 yards. Defensive end Rich Uluski scored two more on 26 yards, and safety John Wiggin, 36 yards against RPI with Balesano rushing for two more on 2 and 5 yard carries.

The travelling Bants shut out the White Mules of Colby 17-0, scoring on another Balesano touchdown for 2 yards and a Maus 36 yard field goal, plus a 61 yard punt return by Rich Tucci. After a scoreless first half Trinity broke open to score 14 points in the third quarter capping them with a third quarter field goal.

Meeting Middlebury for the first time since 1953, Trinity defeated the then number one ranked Panthers. Sophomore fullback Pat Heffernan had 227 yards and two touchdowns and was named the ECAC Rookie of the Week. Balesano added another 125 yards as the Bants tallied 431 yards against one of the best defenses in New England. Both of Heffernan’s scores came in the first quarter with Middlebury doing the same in the second. The 14-14 deadlock at the half was ended by Maus’ 42 yard field goal in the third quarter.

Coming home to a Parents Weekend crowd and the Coast Guard Cadets Trinity again called on Maus for two field goals of 37 and 42 yards. Defensive end Rich Uluski scored his second touchdown this time on an end zone fumble recovery. Rose hit tight end Bill Levy on a 17 yard pass for the other score. Ahead 20-14 in the fourth quarter, to preserve their win, the Bants gave up an intentional safety with five seconds left. Maus was named ECAC Kicker of the Week for his field goals and punting, including a 72 yard punt downed on the Coast Guard one yard line.

On Reunion-Homecoming Weekend Trinity, then 5-1, faced Amherst also 5-1. Both had five game winning streaks with the Lord Jeffs rated number one and the

Bants number three in New England. Trinity, down 10-6 at the half, came back, scoring on a 35 yard Rose to Tom Lines pass and a 49 yard run by John Wholley. Maus hit a 43 yard field goal late in the quarter and the Bants again used an intentional safety on the last play of the game to preserve their first win over Amherst since 1970.
