Grant Supports 4 Professorships

Trinity College has received a $250,000 matching grant from The Charles A. Dana Foundation of Greenwich, Conn., to establish four supported professorships at the College.

The income from the endowment fund created by the grant will be used to supplement the compensation of four full professors. The basic salary of these professorships must be provided out of College operating funds.

The supported professorships, combined with other fully endowed chairs, will benefit Trinity in maintaining the high quality of its faculty. The supported professorships, combined with other fully endowed chairs, will benefit Trinity in maintaining the high quality of its faculty. The College's commitment to the "humanist ideals of deeper understanding and heightening awareness," he stressed that a liberal arts education is more than simply professional training. Students want the practical, but expect much more, he said. The College's mandate, made even more pressing by recent history, is to help colleges retain superior faculty and attract new professors with outstanding credentials.

Under the terms of the grant, Trinity is one of 25 colleges and universities participating in the professorship established by Charles A. Dana of New York, an attorney, businessman, and philanthropist.

Internship Program With RPI of Conn

Students interested in biomedical engineering will now have the opportunity to study in an actual hospital environment. Trinity's internship program through the various operating, laboratory, emergency and other departments during the first year of the internship. During the second year, he will undertake a work project in the area of his particular interest for his RPI master's degree.

Instruction will be given by Dr. Bronzino's associate professor of engineering, Dr. Willard Duff, director of Hartford Hospital's Allied Health Department.

An internship program for biomedical engineering students has been established at Hartford Hospital with a grant from the Combined Hospital Fund through a joint undertaking by Rensselaer Hartford Graduate Center (RPI of Connecticut) and Trinity.

Bronzino and Duff, who developed the program, say that they did so in order "to encourage engineering students to apply engineering techniques in a clinical environment and to keep pace with current developments in other areas of medical knowledge and practice." This is the first time such a program has been initiated in an eastern hospital.

Dr. Bronzino announced the acceptance of the first student for internships, James Walls, of Branford, a graduate of the University of Connecticut. He will rotate his work assignments through the various operating, laboratory, emergency and other departments during the first year of the internship.

Recent events in the nation pose an important challenge to the liberal arts college, according to President Lockwood. "In his annual convocation address opening the academic year (Sept. 5), Dr. Lockwood observed that "Watergate has been a painful reminder of our inability to bring our knowledge and moral sensitivities to bear upon real life situations."'

In restating Trinity's commitment to the "humanist ideals of deeper understanding and heightened awareness," he stressed that a liberal arts education is more than simply professional training. Students want the practical, but expect much more, he said. The College's mandate, made even more pressing by recent history, is to help colleges retain superior faculty and attract new professors with outstanding credentials.

An ORGANIC CHEMISTRY LABORATORY was recently dedicated at the College in honor of the late Dr. Vernon K. Kriebel, who discovered the secret of the now well-known sealant called "locite." Dr. Kriebel was a longtime faculty member, Scovill professor of chemistry and chairman of the Department of Chemistry. After his retirement, he founded American Sealants Co., now Locite Corp. in Newton, Mass. Taking part in the dedication ceremony, from left, were: President Lockwood; Dr. Kriebel's wife, Mrs. Laura C. Kriebel; Dr. Kriebel's son, Dr. Robert H. Kriebel, president of Locite Corp. and Dr. Henry A. DePillips, Jr., current chairman of the Department of Chemistry.

CAMPUS NOTES

Dr. DORI KATZ, assistant professor of modern languages, is acting chairman of the Poetry Center Committee for the year while Dr. HUGH E. OGREN, assistant professor of English, is on sabbatical.

Dr. LEROY DUNN, associate professor of economics, was joined by three economists testifying before a Senate subcommittee dealing with the economic base and the need for resources and shortages on September 12. For the meeting Dr. Dunn prepared a background paper entitled "Resources and Shortages: An Economist's View." Also, on the panel were economists from Harvard University and the University of Pennsylvania.

On September 28, Dr. WARD CURRAN, professor of economics, discussed the national economic scene with John Schbon on "What's Happening" on WBSP Channel 3 (Hartford).

Ms. ELEONOR REID, director of financial aid, is one of 14 new members elected to the governing body of the 12,500 member Alumni Association.

A recent article by Dr. DONALD D. HOOK, director of the department of modern languages appears in General Linguistics, published by the Pennsylvania State University Press. The article is entitled "Sexism in English Pronouns and Forms of Address."

Research Corporation of New York has awarded Control College Science Grants to two members of the faculty. Dr. HENRY A. DEPHILLIPS, chairman of the chemistry department, has been awarded $3,900 for his research program "The effects of ligand binding on the subunit structure of homocyanin." His work centers around homoglo-bin and protein research. A grant of $3,000 has been awarded to DR. HARVEY S. PICKER, assistant professor of physics, for his research program "Theoretical Studies of the Penon-Proton Reaction in Stellar Interiors.” The grant supports work being done by Dr. Picker and GEORGE N. SERAFINO "55, on the basic thermoelectric reaction believed to be responsible for energy generation in the sun and stars.

Dr. WILLIAM T. BOWIE, assistant professor of chemistry, has been appointed a visiting professor of chemistry at California State University in Los Angeles for the academic year. He will be teaching organic chemistry classes and laboratories, as well as engaging in research.

The Bantam Oar' Gives History Of Crew Since 1800'

Barbara C. Mooney, a Trinity alumna (M.A. '68), has published two companion books on the Trinity crew, a work she completed after considerable research among old Tripods and copies of the Hartford Courant dating back to pre-Civil War days. This set is now available at the College's bookstore.

The first book, "The Bantam Oar," traces the story of crew at Trinity from the early 1800's to the present, männer the pageantry of life on the Connecticut River, includes numerous photographs, and traces chapters on training and the history of the Henley Royal Regatta.

A companion booklet, "Records of the Trinity Crews," lists names, races, and times of the crews throughout the rowing history of the College and includes comments on major races, with extra pages for race notes.

Dr. Mooney, at one time a reporter in Europe for the New York Herald Tribune, is a native New Yorker and a graduate of Vassar College. She has lived in the Hartford area for the past 22 years, during which time she has been co-founder of the Alliance Française, the Hartford Chapter of the Ripon Society, and is a former president of the Vassar Club. She is the author of "Day Care: A National Proposal."

Married to Robert K. Mooney, past president of the Trinity Parents Association and vice-chairman of Allied Van Lines, Mrs. Mooney maintained a close tie to Trinity crew through her son Chad, a 1974 Trinity graduate and a member of the varsity crew. Another son, Christopher, is a senior at the College.

By recording Trinity’s oldest sport, the author hopes to “encourage young men and women to learn more about the fascinating history of their own College.” All net proceeds from the sale of the set will go to the rowing program at Trinity. At $10.00 a set, the books may be ordered from the Bookstore by mail. For Connecticut residents a check for $11.50 will include State tax, postage and handling costs. For out-of-state residents, a check for $10.50 will include postage and handling.

REUNION - HOMECOMING

Friday, November 8

Registration, Alumni Office 9 a.m. - 5 p.m.

Faculty Dining Room, Hamlin Hall, open, 11:45 a.m. - 1 p.m.

Classes open, 1 - 4 p.m.

Speaker: Dr. Ranbir Vohra, East Asian historian, "Prospects in East Asia," Life Sciences Center, 7 p.m.

Organ Recital, Mark Kennedy '68, 8:15 p.m.

"She Stoops to Conquer," Austin Arts Center, 8:15 p.m.

Trinity Club of Hartford, "Parade of Stars," football clips, Hamlin Hall, 8:30 p.m.

Saturday, November 9

Art Show, Austin Arts Center, morning.

Trinity Education Graduate Alumni Life Sciences Center, 9-4:55 a.m.

Sahara slides, Speaker: President Lockwood, Austin Arts Center, 10:45 a.m.

Varsity soccer vs. Amherst, 11 a.m.

Buffet luncheon, Field House, 11:30 a.m. - 1:30 p.m.

Varsity football vs. Amherst, 1:30 p.m.

Post game reception, Austin Arts Center, 4:45 p.m.

Cocktails, Alumni Lounge, 6:45 - 7:30 p.m.

Annual Reunion-Homcoming Dinner, Mather Hall, 7:30 p.m.

Dancing, Washington Room, 9:30 p.m.

Development Office Makes 2 Changes In Personnel

Two staff members have been given new duties in the Development Office. Constance E. Ware has been promoted to associate director of development at the College. In her new position she is responsible for handling major gifts to the College.

Mrs. Ware, a member of the Trinity administration since 1964, has served as assistant to the director of public information and, since 1970, as assistant director of development.

Active in community affairs, she is a member of the board of the Hartford Opera Theater Guild, where she served three terms as president, and a member of the board of the auxiliary of the Institute of Living.

In addition, she has also served as vice president and board member of the Hartford Symphony Auxiliary; vice president of the Coordinating Council for the Arts; member of the board of Friends of Hartford Ballet; member of the Task Force for Voluntary Action Center of the Greater Hartford Chamber of Commerce; member of the presidential search committee, Manhattanville College; chairman of the Hartford Committee of the Connecticut Child Welfare Association; member of the scholarship committee, Connecticut Bank & Trust Co.; president of the Connecticut Manhattanville Club, and chairman of the individual subscribers section, United Way.

Mrs. Ware is a graduate of Manhattanville College.

Alfred C. Burfeind '64, director of the Trinity News Bureau since 1971, has been assigned to the Development Office as editorial consultant. In this position he will be responsible for preparation of proposals for major gifts by individuals and philanthropic foundations, and will assist in the preparation of other Development Office material and publications.

He retains his title as Director of the News Bureau, and at the completion of this assignment will return to his former duties.

Burfeind, who holds an M.Div. degree from the Hartford Theological Foundation, came to Trinity after working for the Hartford Times, where he was Assistant City Editor. He is currently a member of the Board of Directors of the Connecticut Conference of Churches, and a member of the vestry of St. James' Episcopal Church, Hartford.

RETIREMENT

TRIUMPH October 1974 Page 3

I got this news from JIM ENGLISH, who also told me that SAM BERKMAN has had to do a food analysis due to health problems and can’t ‘circle around’ on his Stadialis. While discussing ailments, I must report that your secretary has developed a slight case of rosacea in his knees, hereby removing from his golf game. Please note, GEORGE FERRIS, I’ll be needing “orders” from you...

What other news, folks? Please write!

17

The Rev. Joseph Razoppe 26 Sunnyside Dr. New Hartford, CT 06112

On the occasion of his retirement in 1973, MORRIS DROWESKI was honored by his fellow-workers. The annual report of the Will Rogers Memorial Fund was dedicated to Dr. Droweski. His last paid service as a scientist at the Will Rogers Hospital in Saranac Lake, New York.

24

Mr. Thomas J. Quinn 68 North Hamilton Street Hartford, CT 06106

WILLIAM HAWLEY dropped a note saying that he has retired from the United States Bank since 1965, and that he and his family are in the best of health.

29

Mr. N. Ross Parke

18 Van Buren Avenue

Hartford, CT 06107

This will tell Dr. PETIE HOUCK know that you and your loved ones are in our prayers and hearts, as like most of us when hitting health problems these days - and this goes for NORM and JUDY BUCHANAN’s daughter - we’re grateful for good progress reported.

53

Of course! 75 jockstraps with all Trinitatians at the great low we all suffered at the passing of the truly great LEONARD D. DODGARIAN - and we sent our deepest sympathy and prayerful wishes to his lovely lady. Concerning, Russell, Mr. and Mrs. Anderson in Hartford area were able, if they so desired, to go to the new Methodist Church built there, the week of June 17. On leaving the building, the guests at that opening week were given a package of five prints, original drawings which your SECRETARY was proud to do for the bank.

54

HOWARD TULL tells me that he and Doris saw MURIEL SHERMAN and his family not too long ago, and found them doing well in their retirement.
A new cedar log cabin that they built.

Othorhinolaryngology (ear, nose and throat) at...

DON SNOWDONS, SEYMOUR SMITHS, STERLING SMITHS,

He will continue to serve his clients from his retirement in Daytona Beach, Florida.

Mr. Ezra Melrose Barnhill Rd.

Mr. Bernard G. Tuner has retired from the University of Michigan after 27 years of service. He was appointed to the William P.uncated style in the latest edition of “Contemporary Authors.”

Mr. Michael L. Kell has been appointed to the Board of Trustees of Reinforced Plastics, Inc., in Fort Lauderdale, Florida.

Mr. Douglas C. Lee 628 Willow Glen Dr.

GEORGE E. SMITH has been named several sales managers for the Ferrell's Division of United Technologies, Inc., in Norwalk, Connecticut, New Jersey with his wife and three children.

BOB O'BRIEN gave the commencement address at the Kenyon College commencement in May. His keynote speech on “Why Rockefeller University” was well received.

Mr. Paul A. Moret 508 Stratfield Rd.

Bill ROMANIA has been promoted to lieutenant colonel in the Air Force in Hawaii. He is assigned to the Air Force Institute of Technology at Air Force State University, where he is working toward his master's degree in industrial engineering.

I am proud and pleased to report another record year of success in our Annual Giving Campaign. For the year ending June 30, unrestricted gifts from Alumni, Parents, Business and Industry Associates and Friends totaled $506,626. This superior achievement, accomplished during a time of economic difficulties nationwide, not only surpasses our goal but makes this the second consecutive year that annual gifts for the budgeted programs of the College exceeded one-half million dollars!

In addition, restricted gifts from other sources totaled $789,280, putting the grand total of gifts to the College at $1,295,906.

This magnificent response reflects great credit on those who volunteered their time and abilities and, of course, on everyone who made a gift to this campaign. Such widespread and significant philanthropic support makes it possible to sustain the quality of the academic programs of the College, and for this Trinity is most grateful.

Theodore D. Lockwood
President

SUMMARY OF GIVING

I. Gifts and Pledges for Unrestricted General Purposes:

67

Mr. Peter N. Campbell 1309 South 4-A Decatur, GA 30030

BILL SEALE will accept the position of director of the Mississippi State University Community College in Mississippi.

JOE ZARAGOZA has been named regional planning manager for the State of California Development Agency.

D. J. HARRIS is finishing his internship at Harbor Hospital this summer. He has accepted a position at Harvard Medical School.
assistant professor of psychology at the University of South Florida. In 1972, he joined the faculty of Trinity College in Columbia, South Carolina, where he has been working since then.

DIEBON graduated from Washington University School of Law in 1972 and from the University of Michigan in 1973 with a degree in political science from Southern Illinois University. He has been working as an administrative assistant to the dean of the General Theological Seminary in New York City, where he is planning to specialize in sociobiology.

DIFFERENT courses in psychology at the University of Tennessee in 1972 last year to the former Defraeb John. She has been working as a psychiatric nurse at Rogers Memorial Hospital in Pekin, Illinois. She was graduated from Lexington High School in 1931 and from the University of Illinois in 1935.

DOUGLAS graduated from the College of William and Mary in 1967 and from the University of California at Los Angeles in 1970 with a degree in the history of the Soviet Union. He joined the staff of the Honorary Medical fraternity. Alex is planning to have moved back east to the Midwest this year to the former Helen Illich. He is working as a psychiatric nurse at Rogers Memorial Hospital in Pekin. He has been employed as an administrative assistant by Aetna Life and Casualty Company in New York City. He was graduated from the University of Illinois in 1967.
Football

The varsity football squad has 15 of last year's starters returning (7, 8-D) plus an abundance of eager sophomores from Coach McFEE's 4-1, '73 Fresh. The squad, numbering 59, had pre-season scrimmages with W.P.I. Sept. 14 and Tufts Sept. 20.

The seven returning starters on offense include a strong backfield with seniors Dave Kuncio, Jim Balesano, and junior John Whalley. Last year Whalley averaged 43.6 yards per game and scored five touchdowns.

Both of last year's quarterbacks senior tri-captain Harold Gray and junior George Rose are back and will be sharing the duties in '74. In addition, junior John Wiggin switched over from defensive back, will see some action.

In the offensive line, senior tri-captain Damien Davis and junior Tony LaPolla are back as guards with juniors John Connelly and Gary LaPlante at tackle. Senior center Tom Lloyd will also be back.

Defensively Trinity is strong this year. The entire defensive backfield, Larry Haas '75 and Steve Thoren '76 at corner with Rich Tucci '75 and Chris Max '75 at safety have returned. Last year Max had six interceptions for 101 yards.

The defensive line and linebackers coached by Richard Hazelton, a new member of the Physical Education Department, include tri-captain senior Bill Curren and junior Bob Parzych back as linebackers. George Niland '76 is back as nose man, Vic Novak '76 and Jack Holik '75 are at tackle with John Appler '75 and Pete Silkowski '76 as ends.

Junior Mike Maus has returned as Trinity's kicking specialist. Last year as a sophomore he was quite impressive and received ECAC All-Star Honors for his punting. He averaged 41.1 yards for 47 punts.

Coming off a 4-4 season the '74 Bantams have both depth and a flexibility offensively they have lacked in recent years. Defensively the Bantams have experienced personnel. The squad has the potential for a strong showing this season although it will face tough competition.

Coast Guard was 8-2 last year, Amherst and Middlebury, new to Trim's schedule, were both 7-1.

Soccer

With only six of last year’s squad lost to graduation, the returning talent and a solid recruiting effort this year is highly favorable. The '73 team, although only 3-7, was young and injury-plagued until they put things together, winning three of their last four games. Coach Dath has 29 varsity players returning plus 25 sophomores from last year’s 5-3-1 frosh squad to increase the pre-season competition for positions.

The Bantams opened the season with a 3-1-1 victory over Bowdoin. Junior forwards Chris Jennings and Bob Fernald plus sophomore Alexander Harvey, also a forward, each scored on the Polar Bears. In their second contest, Trim fell 4-2 to Williams, one of the strongest squads in New England. Down 4-0 late in the second half the Booters came back at junior forward Gino Barra scored on a head ball off a mln head by a Williams fullback. With only two minutes left Bob Fernald pumped a shot into the upper right corner from 15 yards out.

The freshman soccer team under Coach Shults started off the season with a strong 3-1 victory over a tough Williams team.

In their second game with the Cadets of the Coast Guard Academy, the freshman booters were again victorious by 2-0.

A PASS AGAINST WILLIAMS by quarterback George Rose (No. 10) was protected by three blockers; left guard Damien Davis (No. 78), right guard Tony LaPolla (No. 66) and fullback Pat Heffernan (No. 31).

40 LADY BANTAMS CAME OUT FOR TENNIS this Fall. Although only 16 will remain for season play, the others will play intramurals. To date the Women's Tennis squad has defeated Yale 5-4 and Smith, 9-0, losing to Williams 6-3 and Brown 5-4. Shown above, left to right: Deirdre Redden '75, Louise Richardson '75, Mimi Coolidge '77 and coach Jane Millsbaugh, who also runs the intramural program.

Trinity Reporter October 1974 Page 16

TRINITY
SPORTS

Williams Game

Over 4,000 attended the Bants home opener on Jessee Field as Williams edged Trinity 17-14 on a 33 yard fourth quarter field goal by Kevin Cramer. The Ephmen drew first blood early in the second quarter on a 62-yard pass from Jim Baldwin to Dave Parker. Cramer kicked the PAT. Trinity came back with a 69 yard drive ending with a one yard run by senior halfback Jim Balesano for the TD. Mike Maus was wide on the PAT as the Ephmen led 7-6.

Williams came back just before the halftime to score on another pass. The half closed with the score 14-6.

The Bantams took the kickoff and marched 80 yards in 12 plays to score. Junior halfback John Wholley took it in from the six. Trinity tied a two-point conversion to tip the score and connected on a Rose to sophomore fullback Pat Heffernan pass, making it 14-14.

In the final period, after holding Williams on the one yard line, Cramer connected on his 33-yard field goal to finish the scoring.

Junior Steve Thoren was named to the ECCA team of the week. Coach Graf and Bill Curren both received Honorable Mention.

Crew

On Nov. 2, Trinity’s women’s crew will again host the Connecticut Fall Regatta for the George H. Goodwin Cup donated by Mrs. James Lippincott Goodwin. Heats will begin at 9:00 a.m. off the Bliss Boat House.

The women will also compete in the Head of the Charles Regatta, Oct. 27, at Cambridge, Mass., with two eights. The women this year are coached by an alumnus, Ricci, Trinity '73.

The Bantam mens will enter Head of the Charles with two freshmen eights under assistant coach Gary Caldwell, one in the intermediate and one in the lightweight divisions. A varsity lightweight eight coached by another alumnus, Curtis Jordan, Trinity '74, will compete as will Coach Graf’s heavyweight boat in the intermediate division.

Jordan is entered in the novice single event and Coach Graf in the “Old Men’s Single”.

Water Polo

The Trinity water polo team is hoping for a bright season this year boasting an enlarged roster of 22 able swimmers, many of whom have had previous experience in the sport.

To date, the team has manhandled the University of New Hampshire, 18-7; sunk the University of Rhode Island, 17-0; beat the Becker College of Massachusetts, 24-20; beat Brown, 8-7 and lost to Yale, 12-6.
