ALUMNI/PARENT-CAREER ADVISORY PROGRAM

Only two weeks after receiving an announcement about a new Trinity career advisory program, an overwhelming response has been received from parents and alumni volunteering their help, and more postcards offering assistance are coming in as the Reporter goes to press.

It's no news that in these times students need all the help they can get with their career plans. The Administration, Board of Fellows, and Faculty have expressed great concern for the need of providing additional services in this area. It is felt that alumni and parents are an extremely valuable, yet largely untapped resource, and that this group is likely to be sensitive to changes within their career fields.

The letter from Chris Shinkman, director of career counseling, and Jerry Hansen, director of alumni relations, noted that the purpose of the Alumni-Parent Career Advisory Program is to enlist the assistance of parents and alumni in order to provide information and direction to students during all phases of career counseling and placement. Target date for operation is midwinter with development centering in three key areas.

First, an occupational and geographical directory will be compiled consisting of parents and alumni who have expressed an interest in serving as career field counselors. They will be contacted as the year advances by students seeking information about specific careers. Shinkman and Hansen foresee an eventual strong network of alumni and parents with career and professional expertise and a collective knowledge of business and industry to whom students may turn for practical, down-to-earth advice prior to making decisions of vital importance to their future. Alumni and parents will not be asked to directly secure employment for the students, but rather to provide a one-to-one relationship for examining the current career marketplace.

Next, the Career Counseling Office and the Alumni Relations Office will prepare a list of notable alumni and parents who are willing to return to the campus and take part in Career Day panel discussions. These informal discussions will bring firsthand views of the career situation to the College and will enable the students to evaluate the possibilities in a realistic manner.

The third area will be the organizing of an internship program. This will supplement existing programs either during the school year or during the summer. A group of alumni and parents who find it possible to offer, or who may know of others who can offer, internships and part-time paid or volunteer work will be an invaluable adjunct to the student career determination process.

Alumni and parents interested in helping in this critical effort are urged to fill out and return the form on page three of this issue.

Large Grant Awarded To Watkinson Library

The Hartford Foundation for Public Giving has awarded a grant of $70,000 to the College to assist in the expansion of The Watkinson Library, one of America's first free, public research and reference libraries.

New quarters for The Watkinson Library are part of a $2.5 million planned expansion of The Trinity College Library, which has housed the Watkinson collection since 1932. The grant from The Hartford Foundation for Public Giving will provide shelving for 200,000 volumes in the expanded stack area. In 1936, when The Hartford Foundation made its first grant, it contributed the entire year's income—$982.52—to assist The Watkinson Library.

Used by scholars from around the world, The Watkinson Library holds important bibliographical and reference works, many American and European periodicals of the 18th and 19th centuries, and publications of many learned societies. It has special collections in early voyages and travel, folklore, witchcraft and demonology, and the Civil War.
Nearly 1,200 Attend Parents Rainy Event-Filled Weekend

As the Hartford newspaper put it, "Despite the rain, there were lots of smiling faces at Parents Weekend, Oct. 13-15, 1975. While the weather could have been better, it was the largest gathering since the Parents Association began 21 years ago.

Friday evening 400 parents, their sons and daughters, attended a banquet at which Association President Arthur M. Lewis officiated as toastmaster. Trinity President Lockwood, speaking on "Liberal Arts and the Pursuit of Happiness," was chaired by Northam Professor of History and Assistant of the College, Dr. George B. Cooper. The panel consisted of Dr. Andrea Bianchini, Modern Languages; Christopher J. Shinkman, director of career counseling; Ruth E. Veal, 76, chemistry major; John R. Orrick, Jr. '76, economics major; Eric F. Samuelson 77, history major.

At noon, 1,100 parents, students, faculty and staff slouched through the puddles to attend the buffet luncheon in the field house. Some parents and students braved the rain later to watch the Trinity-R.I.P. football game. Throughout the day, many other athletic events took place: women's crew and tennis with Tufts and Amherst; Daniele and The Very Rev. James Parks Morton, Dean of the College before resuming the teaching of Russian at Trinity.

To make the adjustments would lead to meaning that applies not only to a country has reached a point where it does not need so many. College graduates. Wouldn't it liberal arts graduates to find appropriate skills may be needed five or ten years from now? What most assuredly this sorting-out process does is call for a new understanding of what we mean by the "pursuit of happiness." Students must reach a goal for which they prepared. The creation of the liberal arts offer the most conspicuous index to a person's definition of happiness. A job is only part of that satisfaction of material necessities is not in the liberal arts college. For another reason. We just do not know what we mean by the pursuit of happiness, not in the liberal arts. It does not always mean to achieve the broader human purposes to which any such analysis provides fertile ground for some dilemmas we face in the pursuit of happiness. Any such analysis provides fertile soil for both the pessimist and the charlatan. It is, however, the search for wisdom. Central to the search for wisdom is a new understanding of what we mean by the pursuit of happiness. Far beyond those of its vocational content. Future Skill Needs: Unpredictable

Another Successful Year

Once again I am pleased and proud to report a successful year in our Annual Giving Campaign. For the fiscal year ending June 30, unrestricted gifts from Alumni, Parents, Business and Industry Associates and Friends totaled $500,675. Thus, our 1974-75 Annual Giving campaign became the third consecutive year that annual gifts for the budgeted programs of the College exceeded a half-million dollars.

In addition, restricted gifts from other sources totaled $1,672,268, putting the grand total of gifts to the College at $2,172,943.

Our success is to the credit of each person who contributed, and of those volunteers who gave their time and energy to this campaign. The College is especially grateful to the chairmen of this campaign: Don Viering, Scotty Stewart, Jack Davis, and Ted Tarsi.

Certainly, a generous spirit has prevailed, and continues to prevail as we seek, for a fourth year, to raise $500,000 or more from Annual Gifts for the budgeted programs of the College. That prevailing spirit was clearly expressed in many notes which came to us from contributors. One donor wrote, "I continue to be proud of my association with the College and will continue to support it as I can." A second, a recent graduate, said, "I would like to extend my personal, heartfelt thanks to Trinity College for an educational opportunity that I don't think I would have obtained anywhere else. I wish I could donate more, and when I can, I will."

So many gifts to Trinity do, indeed, come from the heart, and I hope our contributors know they are meeting vital educational needs of this College. It is encouraging to learn that our College continues to inspire pride, respect, and affection.

### Corporate Contributors of Matching Gifts

The College received more than $45,000 in corporate matching funds in 1974-1975, as a result of annual gifts and sometimes greater than, contributions made by employees to the College. As a general rule, contributions are matched by the employer to the Alumni Fund or the Campaign for Trinity Value are eligible for corporate matching gifts. Some of these companies also match gifts to the College by direct, by employees, through a spouse or an alumni and by non-alumni parents and friends. There are more than 500 companies in the U.S. which match gift programs.

Last year 138 corporations contributed a total of $45,201.31 in matching funds to Annual Giving. Of this total, $9,747.94 were matched gifts to the Alumni Fund, $4,893.14 matched gifts to The Parents Fund, and $2,043.37 matched gifts to The Friends of Trinity Fund.

For 1975-76, the largest corporate matching gift, the matching of a single alumni, was $3,275. The smallest matching gift received was $50.

According to President Ledwos, "corporate matching gifts are already an important factor in our ability to reach our Annual Giving goals, and we are grateful to the companies who contributed, as well as to those several hundred alumni, parents, and friends who took the initiative to see that their personal gifts were matched. Through corporate gift programs, donors literally have the opportunity to double their 'dollars to Trinity.' It is my hope that more will take advantage of these special giving programs." Information more will be available from the College's Development Office concerning companies with matching gift programs.

It was a good year, but a disappointing one for the varsity football team as they gritted their way through the season and came up short as the Banta fumbles into touchdowns. A winning streak to four games, it was to be a frustrating fall for Trinity�s defense in defeating Bates 24-17. Trinity jumped to an early 14-0 first-quarter lead behind the power running of fullback Pat Heffernan but Bates came back to knot the score at 14 apiece in the half. The Bantam defense once again provided the spark for victory as sophomore Karl Herbst pounded 104 yards on the ground in the Bates endzone for the go-ahead score.

Returning to Hartford, Trinity met its first defeat of the year against R.P.I. This time Trinity turnovers proved costly as the Engineers converted two Bantam fumbles into touchdowns. A comeback effort by Trinity fell short as the final gun sounded with the score 13-9 in favor of R.P.I.

Trinity closed its way to a 17-0 shutout over Colby on a field whose surface bore a strong resemblance to that of Trowbridge Pool. Junior Mike Leverone, starting at middle guard for the injured Vic Novak, recovered two fumbles to lead the Bantam defense which held the Mules to a total of 14 yards rushing. Juniors Tony Coccaglio and Tony Trivella came off the bench to score the two Trinity TDs with a six yard rush and a 24 yard interception return respectively.

The varsity managed to stay on the winning track, squeezing by Middlebury 12-7 in one of the most exciting gridiron battles ever to take place on the turf of Williams in a close 2-0 battle. Freshman Bartholomew, who turned in an outstanding performance for the J.V.s with nine season tallies, four of them in the Baby Bantams 3-0 rout of Brown.

SOCCER

It was the end of a frustrating season for the Bantam women�s soccer team as they battled their way to the score of 3-1 in favor of Wesleyan to finish the season with only three victories in twelve outings.

The Bantams got off to a sluggish start as they dropped their final two games to Bowdoin 6-0, and Williams 2-0, tied M.I.T. 1-1, and lost to Babson 5-1. Trinity may have rebounded with an impressive 5-1 victory over Conn. College, followed by a 2-2 tie with Tufts only to be edged four days later in a tight 5-4 battle against a strong (10-1) Bentley squad.

The team got back on the winning track as sophomore forward Greg Madding tallied twice to enroute to Trinity�s 5-0 rout of cross-town rival U. Hartford. Success was shortlived, however, as the Bant}s sustained a heartbreaking 3-2 loss at the hands of Union in a game which Trinity dominated in every statistical category except the score.

The Bantams final three games were decided in overtime periods. Trinity defeated the Cadets of Coast Guard 2-1, but was unable to contain the Lord Jeffs of Amherst that tallied in the second overtime period for a 3-2 margin over the Bantams.

WOMEN�S TENNIS

The women�s tennis team turned in the most successful effort of any Trinity varsity this fall, dropping only one of its regular season matches to a strong Smith squad to finish the 75 campaign with eight victories and one loss.

In post-season competition, the Lady Bantams swept the Connecticut Regional Women�s Tennis Tournament. Freshman Muffy Rogers handled defeat UConn�s Margie Skrivan in the singles final in straight sets (6-1, 6-1). Sophomores Barb Fischer and Vivi Dunklee wrapped up a close doubles final, outlasting UConn�s Christie Redmont and Adele Ozzano (7-5, 7-6).

The Bantams emerged from the New England Tennis Tournament ranked fifth. Top seeded Barb Fischer and Vivi Dunklee, shooting for the second consecutive New England doubles championship made it to the finals before they were defeated by the second seeded pair from Yale (6-3, 6-3) which defeated the Bantam duo of Leslie Hyde and Sue Levin in the third round.

FIELD HOCKEY

The fortunes of the varsity field hockey team fluctuated with each game as the Bantams alternated between victory and defeat throughout the entire fall emerging with a final record of 4-6-3. Led by high scoring co-captains Connie Brown and Sheila Bently, the Bantam forwards posted victories over Conn. College (4-3), Wesleyan (2-0), Miss Porter�s (3-1) and Briarcliff (6-0) while succumbing to Brown (2-1), Wellesley (3-1), Smith (4-1), Williams (5-2), Mount Holyoke (3-0-4) and Yale (5-0). The junior varsity finished the season with a solid 5-1-2 mark, their only defeat being sustained at the hands of Williams in a close 2-0 battle. Freshman Beth Bokhman turned in an outstanding performance for the J.V.s with nine season tallies, four of them in the Baby Bantams 3-0 rout of Brown.

ICE HOCKEY

After posting a 9-8 record in its first varsity season, Trinity�s ice hockey team begins its second campaign on an optimistic note as ten returning regulars will be joined by several promising freshmen.

The defense will be led by co-captains Jim Lenahan and Nick Brady, the only seniors on the squad. Ted Almy and Peter Lawson-Johnson are the leading freshman candidates, and will be joined by junior Duffy Shea and sophomore Bill Dodge. The team is strong in the goal as juniors Tim Chirsky and Ted Judson will be pushed by freshman Ted Walkowicz for the starting job.

An experienced group of young forwards is back, headed by sophomore centre Tom Lenahan who was last year�s co-leader in scoring with 39 points. Juniors Alex Pough and Sandy Weedon along with sophomores Sam Gray, Henry Finkenstaedt, Chip Lalone, and David Peters give the Bantams a solid nucleus up front. The offense will be bolstered by freshmen Clint Brown, Tom Kerman and George Brickley.

The Bantams, who look to be a young and hustling aggregation, will again be practicing and playing at the Glastonbury Skating Arena.

The varsity hockey team will play an exhibition game against the alumni on Saturday, February 21, 1976 at 8 p.m. at the Glastonbury Skating Arena. The Alumni hexet will be coached by President Lockwood.

Two of the Bantams' final three games were decided in overtime periods. Trinity defeated the Cadets of Coast Guard 2-1, but was unable to contain the Lord Jeffs of Amherst that tallied in the second overtime period for a 3-2 margin over the Bantams.

WOMEN'S TENNIS

The women's tennis team turned in the most successful effort of any Trinity varsity this fall, dropping only one of its regular season matches to a strong Smith squad to finish the '75 campaign with eight victories and one loss.

In post-season competition, the Lady Bantams swept the Connecticut Regional Women's Tennis Tournament. Freshman Muffy Rogers handily defeated UConn's Margie Skrivan in the singles final in straight sets (6-1, 6-1). Sophomores Barb Fischer and Vivi Dunklee wrapped up a close doubles final, outlasting UConn's Christie Redmont and Adele Ozzano (7-5, 7-6).

The Bantams emerged from the New England Tennis Tournament ranked fifth. Top seeded Barb Fischer and Vivi Dunklee, shooting for the second consecutive New England doubles championship made it to the finals before they were defeated by the second seeded pair from Yale (6-3, 6-3) which defeated the Bantam duo of Leslie Hyde and Sue Levin in the third round.

FIELD HOCKEY

The fortunes of the varsity field hockey team fluctuated with each game as the Bantams alternated between victory and defeat throughout the entire fall emerging with a final record of 4-6-3. Led by high scoring co-captains Connie Brown and Sheila Bently, the Bantam forwards posted victories over Conn. College (4-3), Wesleyan (2-0), Miss Porter's (3-1) and Briarcliff (6-0) while succumbing to Brown (2-1), Wellesley (3-1), Smith (4-1), Williams (5-2), Mount Holyoke (3-0-4) and Yale (5-0). The junior varsity finished the season with a solid 5-1-2 mark, their only defeat being sustained at the hands of Williams in a close 2-0 battle. Freshman Beth Bokhman turned in an outstanding performance for the J.V.s with nine season tallies, four of them in the Baby Bantams 3-0 rout of Brown.

ICE HOCKEY

After posting a 9-8 record in its first varsity season, Trinity's ice hockey team begins its second campaign on an optimistic note as ten returning regulars will be joined by several promising freshmen.

The defense will be led by co-captains Jim Lenahan and Nick Brady, the only seniors on the squad. Ted Almy and Peter Lawson-Johnson are the leading freshman candidates, and will be joined by junior Duffy Shea and sophomore Bill Dodge. The team is strong in the goal as juniors Tim Chirsky and Ted Judson will be pushed by freshman Ted Walkowicz for the starting job.

An experienced group of young forwards is back, headed by sophomore center Tom Lenahan who was last year's co-leader in scoring with 39 points. Juniors Alex Pough and Sandy Weedon along with sophomores Sam Gray, Henry Finkenstaedt, Chip Lalone, and David Peters give the Bantams a solid nucleus up front. The offense will be bolstered by freshmen Clint Brown, Tom Kerman and George Brickley.

The Bantams, who look to be a young and hustling aggregation, will again be practicing and playing at the Glastonbury Skating Arena.
