Library Needs $2.5 Million to Expand

Student Elections

The Student Government Association (SGA) will be conducting elections on October 3 for fresh positions and six vacany positions. The positions to be filled are as follows:

STUDENT GOVERNMENT ASSOCIATION (SGA):
- nine (9) freshmen positions (only freshmen may vote for these)

The Student Government Association consists of eighteen upperclassmen elected at large, six freshmen elected from the freshmen class, one student liaison from each of the seven student organizations, four student liaisons from each Trustee committees with student members. Elected for the last time to replace the Student Executive Committee, the SGA is responsible for coordinating student elections and concerns itself with all aspens of student life on campus.

MATHER BOARD OF GOVERNORS (MBRGO):
- four (4) freshmen positions (only freshmen may vote for these), and two (2) non-
- freshman positions (freshmen may not run for these two positions, but voting is open to any full-time undergraduate).

MBRO is comprised of fifteen undergraduate students, elected by the student body, each having one vote. One student is elected from the Mather Advisory Board for students, and one additional person who serves in an advisory capacity. It is the responsibility of MBRGO to provide a balanced schedule of diverse social and cultural activities to appeal to the varied interests of the Trinity College community.

MATHER POLICY BOARD (MPB):
- five (5) positions open to any full-time undergraduate.
- The Mather Policy Board consists of five elected students and two members of the Office of Student Services. It monitors the use of Mather Campus Center and other facilities with regard to co-curricular activities and formulates policy pertaining to such matters as the use of the MAC Center.

ATHLETIC ADVISORY COUNCIL (AAC):
- one (1) two-year position open to a member of the junior class (voting is open to any student undergraugate).

The Athletic Advisory Council is comprised of the College President, the College Treasurer, the Director of Athletics, three faculty members, three alumni members, the Student President, and two students elected by student body. The function of the AAC is to advise the Director of Athletics and the Administration of the College on all matters pertaining to athletics.

To appear on the ballot, a nominating petition must be submitted for each position. The petition must contain the former name, class, number, phone number, and the position applied for. Petitioners must sign the petition one time. Students desiring to run for more than one position must submit a valid petition for each position. All nominating petitions must be accepted and printed by the Office of Student Services. After the first three students have submitted their petitions, the office will not accept a petition that does not meet the above criteria will be declared invalid.

The director of Student Services, after 9 p.m., such as the Mather Hall Front Desk. No petitions will be accepted after 9 p.m. September 25th or 26th.

Students submitting petitions will be notified by mail on Friday morning (September 29th) by the Office of Student Services. Petitions are to be turned in to the office by 5 p.m., in the locked petition box behind the Mather Hall Front Desk. No petitions will be accepted after 5 p.m. September 25th or 26th.

Trinity Lacks Facilities For The Handicapped Student

By Mark Henrickson

"All in all, Trinity College is not the best place for a wheelchair user. When there are not too many campuses around," noted David Hobbs, "Trinity's resident disabled student." Hobbs is a freshman on the first floor.

In view of the upcoming legislative hearing on handicapped access and architectural design, Sept. 30, the Tripod decided to investigate the accessibility of the Trinity Campus.

"We'll handle the situation as it comes up," seems to sum up the predominant attitude concerning wheelchair access to the Trinity campus expressed by members of its administration.

Thomas A. Smith, vice president of the College, remarked that the College undertakes any major reconstruction of buildings, classroom or residential, but if the needs of individuals.

In response to an observation that many parts of the campus are inaccessible to the totally wheelchair bound individual, Smith noted that such an occasion arise where such an individual wanted to attend Trinity, "We would meet the needs of individuals." Hobbs feels that the administration hasn't "gotten overboard in trying to help him out." He cited one particular instance this year when he bought a car parking on campus parking, yet was not able to obtain a guaranteed parking space from S. A. Garafolo, director of security, within a reasonable distance of his dorm. Now he claims he must "hold his wheelchair out in the window" when he wants to use his car.

"He doesn't seem to want to know why anyone would object to such changes as lowering elevator buttons, or installing handrails, or putting in lights that were not necessary. He recalled a time when a bathroom on campus was modified for a handicapped student, "But the change, however, did not remain."
College Barely Provides Enough Housing

"We made it by the skin of our teeth," commented Greg Stiles, chairman of the Housing Office, on the narrowly-averaged lack of housing. "This probably happens every year, and although the problem is growing, it's not really a problem at all. This is Tilles' first year in charge of housing, you do get what you pay for.

The annual problem, according to Dean Tilles, lies in how many accepted students decided to attend Trinity. If more than the expected number decide to come, housing must be provided. "We're still stuck here," Stiles said. "We still had to rent the campus housing last year at the Hartford School of Nursing to handle an unexpected overflow of students."

Tilles explained that Trinity currently has just under 400 beds, and a student body of 2,400. "When they're really crowded," he added, "we're really crowding off-campus." The latest freshman home campus account for the difference.

While the housing office attempts to place all freshmen in freshmen areas, it is necessary to place three or four in areas primarily upperclassmen. These freshmen did however have the option to change, Tilles related.

The other problems are mismatched in comparison to other colleges in the area. The University of Connecticut, for instance, was faced with 400 more students this year than anticipated.

"They're wise, we can't give ourselves the luxury of empty beds," Tilles explained. "This situation, however, can run problems, especially in the Development Office."

Elections . . .

mistake has been made, you must notify the Elections Committee that night; Tuesday, October 1 from 6:00-10:00 P.M. at the Student Government Office. No appeal will be allowed after 11:00 P.M. October 1, regarding listing on the ballot.

It is not necessary to be a resident student, or a resident of the Maltby House of Maltby Hall. Ballots may be cast by eligible voters (full-time registered Trinity undergraduates) from any office. Under a new SGA rule, students can nominate for no more than two-thirds of the number of available positions for each office. In addition, a successful write-in candidate will require 15 votes.

Although the Elections Committee discourages campaigning (there are only two days between the announcement of the ballot and elections), for those who wish to, the freshly-appointed co-chairmen of Maltby Hall on Thursday Oct. 3; any that are found will be confiscated. No more than ten (10) dollars may be spent by an individual for each position.

The Elections Committee recommends that each candidate submit a written statement to the Committee. The statement must be typed, double-spaced, and the total counts worded and written on top of the statement. Statements will be printed along with the ballot, and must be received by the Tripod by 5:00 P.M. September 30.

Berrigan To Speak

Phillip Berrigan, anti-war activist and writer, will speak today at 4:30 in the Music Auditorium. Berrigan gained national prominence for his role in the 1965 Draft抵抗, for his work with activist Daniel, who drafted the draft office in Catonsville, Maryland, and for his later work in the peace movement.

Berrigan was invited into the house of Saint Joseph in 1965. In standing in this question is in question now because of his marriage to a Roman Catholic nun, Elizabeth McAlister. Berrigan was acquitted for this, but still served a total of 25 months for his role in the Catonsville record burning.

The trip is sponsored by the Housing Office at the request of President Joe Geraci. The event will be held in the School of Nursing to handle an unexpected overflow of students.

Handicap . . .

plight of the handicapped, the State Senate of Connecticut is holding a public hearing September 30 from 3:00-7:00 P.M. at the Student Government Office. No appeal will be allowed after 11:00 P.M. October 1, regarding listing on the ballot.

This is Tilles' first year in charge of housing, you do get what you pay for. In accordance with the Tripod, the State Senate is allowing students to present their case on the provisions of the law until 1976. During the interim, the state refuses to make the public aware of injustices that Connecticut has made them suffer.

The disabled people who want to attend this public hearing, says Phyllis Zlothick, one of the organizers, "will have a great deal of difficulty in attending. They feel that the state is not doing it right."

The state, "...will not invest in people if they don't have the means to get to the hearings. They feel that the state is not complying with the rules.

The point of this hearing is to allow the public to attend the hearings. They feel that the handicapped people have no voice. They don't feel that the public and the handicapped people have no voice. They don't feel that the public and handicapped people have any voice. They feel that the public and the handicapped people have no voice. They feel that the public and handicapped people have no voice. They feel that the public and handicapped people have no voice. They feel that the public and handicapped people have no voice. They feel that the public and handicapped people have no voice. They feel that the public and handicapped people have no voice. They feel that the public and handicapped people have no voice.
Marlies Visits Philosophy Dept.

Freund Impressed By Trin Education

By Cionna Buckley

"I'm favorably impressed with the type of education available at Trinity. An undergraduate education should offer the opportunity for students to become involved with many interests. Every student should only to take the initiative, and it's all there for the asking." These are the impressions of Dr. Ted Freund, currently a Visiting Assistant Professor at Trinity. He replaces Associate Professor Frederic Cohen, who left last spring to devote his time to teaching. Freund has also been involved with research on calcium metabolism and its relation to kidney and bone ailments. He came to Trinity after receiving both his B.S. in chemistry (1969) and Ph.D. in biochemistry (1969) from Lehigh University. He has also done post-doctoral work at Columbia University, where he is a Teaching Assistant in the Department of Philosophy for the summer of 1967. Freund is a visiting professor at Simmons College in Boston, where he is President Resident. He has extensive experience in philosophy and psychotherapy counseling at Nightingale House in Waltham. Freund left the Haskoli Islands for a more temperate climate here in Connecticut.

Marlies Visits Philosophy Dept.

By Richard Dubiel

Specializing in logic, epistemology, and the philosophy of science, Dr. Michael Marlies is a visiting professor in the philosophy department of Trinity University. Marlies' formal education began in Baltimore, Maryland where he obtained his B.A. degree from Johns Hopkins University, his M.A. degree from Harvard University, and his Ph.D. degrees at Brandeis University, in 1969 and 1970 respectively.

Marlies extensive teaching experience began in Alberta, Canada at the University of Calgary. Here he was a Teaching Assistant at the Summer Institute in Philosophy for the summer of 1967. The following year Dr. Marlies was the recipient of the National Teaching Fellowship, and professor at Simonas College in Boston. Marlies remained in Boston for the summer of 1970 where he taught at Northern University under the title of Resident. Extending his teaching horizons, Marlies journeyed to Roykjavik, Iceland in 1971 where he held the distinction of being Special Lecturer in Philosophy at Haskoli Islands.

Marlies left the Haskoli Islands for a more temperate climate here in Connecticut.

Hazelden Coaches Football And Track

By Shauny Deere

Richard Hazelden, formerly a football and track coach at Amherst, is now coaching the track and field teams at Trinity University. Hazelden said he left Amherst because of the full-time, full-pay job offered at Trinity. Hazelden also has seven years of experience as both an athletic director and a history and economics teacher in an Ohio high school.

Hazelden said he was drawn to Trinity by its active role in small-college sports and by its philosophy of education, which he says is most similar to his own. He believes Trinity has a college in which the individual athlete can remain most important on a low-key, student-teacher interaction. He remarked that the students here are really smart and very enthusiastic, more than I ever thought. It's a pleasure to teach." This year, Mr. Puka will teach Indian Philosophy and Religion for the summer of 1970 where he taught at Norwalk University under the title of Resident. Extending his teaching horizons, Marlies journeyed to Roykjavik, Iceland in 1971 where he held the distinction of being Special Lecturer in Philosophy at Haskoli Islands.

Puka's other activities include writing and editing for the Sill, which has been on the staff of the Self, Chinese Philosophy, and Philosophy of State.

Hazelden's football team has a record of 8-3 this season, the best in the last five years. Hazelden said he expects the team to improve next year. Hazelden's track and field team has a record of 6-2 this season, and Hazelden said he expects the team to improve next year. Hazelden's team has had several All-Americans this season, including the 400-yard dash. Hazelden said he expects the team to improve next year. Hazelden's team has had several All-Americans this season, including the 400-yard dash. Hazelden said he expects the team to improve next year.

Editorial Comments

Super-Student

(This discussion on admissions is continued from last week.)

What kind of student does Trinity need to solve the dilemma in the admissions office? The answer is simple—we need what Nietzsche called the Uber-Mensch, and we shall call the Super-Student.

What is a Super-Student? He is the student who can excel in the classroom and kick ass on the football field.

Why does Trinity need the Super-Student? 1) The number of female candidates for admission is steadily growing. 2) The college no longer has a quota setting a minimum number for male students. 3) A number of Trinity's competitors in interscholastic male sports have a larger male student body from which to choose athletic teams, giving them an advantage.

The first two of these factors are generally unalterable. The number of female applicants is growing and the college cannot control the number of men on campus once the quota leaves. This leaves only the last two factors. Let us consider these.

Can Trinity boost the size of its student body so it can accept more males, thereby increasing the potential athlete pool?

This is at best impractical. First, Trinity's physical plant is already stretched to the limit. The dorms are filled to capacity, even with over 200 students living off-campus. The already crowded conditions in Mather Hall...
Bronson Slays Muggers
Galore in "Death Wish"

Inspection Ochias (Vincent Gardenia)
narrowed down the suspect but is instructed
by the district attorney and police com-
missioner only to "scare off" the Vigilante.
Under heavy police surveillance, Kersey
is shot in the leg by one of the muggers.
One of Kersey's first problems is that he
leaves town, which he does, if, in return,
he leaves town, which he does, if, in return,
remaining in the city. The Vigilante is the
man who pays back the muggers by killing
them.

"Death Wish" focuses on its presumed
advocacy of vigilantism. Newsweek's
Marvin Oliner_picking off a few? You won't be a mur-
pisser if in return, a few of you won't get
punished. Such inflammatory posturing
tends to be the sort of thing today's audience
likes. "Death Wish" is like trying to find
religious meaning in all-time greatest horr-
ror flick (or like trying to find meaning in
"The Exorcist", or like trying to find
religious meaning in "Fists of Fury". Forget
"Fists of Fury". There is a difference!!!

Tom Bray, 72

Letters To The Editor

"Fired"

To the editor:
It should come to the attention of the
college community that Edward Reed, an
employee in good standing, was fired from
the bookstore for no apparent reason. A full
investigation should be undertaken by the
administration so that the principle of the
right of an on-campus employer to ar-
bitrarily fire an employee-student does not
become established.

Sincerely,
Tom Bray, 72

"Thanks"

To the editor:
I would like to thank those members of the
college community who sponsored the Repro-
square dance last Friday night. This
alternative to the usual Mather Hall
"boogies" was well received by those who
were accomplished dancers. I can
only hope that the people who sponsor free
music on this campus, will hold more such
dances.

Sincerely yours,
Phil Beluch

into the realm of the profound. Instead, we could have pushed Wilson's drama of "Baltimore" should have been a great play, a good one.

The company has latched on to a particularly strong script. The only factor that causes the drama to fall short is the quality of the performers. The sets are designed by true professionals, and the directing always demonstrates their ability to bring out the best in the actors. The actors are consistently adventurous and very competent, with a particular strength in wordless desperation.

The only problem is, "The Hot 1 Baltimore" deals with several themes on one level, it is quietly mourning the decline and roaming decay of American cities and the American dream, as exemplified by the destruction of the formerly respectable hotel. On another, it is quietly mourning the loss of the old time train service that belongs to a world of the past. In a small city like in "My Sister, My Sister," the city is frozen in relief for several days. And yet, in a world where Jackie expects to live in luxury in Utah where Jackie expects to live in luxury in Utah, one can still find a truly first-rate play in the hotel's lobby.

Wilson's credit, this in itself is no small achievement. He succeeds remarkably well in creating fully-rounded characters, each with a distinctive speech pattern and a sense of past and purpose to them. The writing is beautifully rich, solid in original imagery, and "this city's closed up tighter than a nun." The humor is never forced, coming easily and naturally and when warranted. Wilson is in such firm control of his craft that he can even go so far as to attempt to allow three separate arguments to progress simultaneously without letting it get out of hand. Yet, all of these riches are sacrificed for an upbeat ending that only serves to sugar-coat everything that has gone before it. The themes that danced poetically before our eyes are left dangling and incomplete, as though thedreams of the characters whom the play's right to have so carefully cultivated.

Richard Loder as Jamie and Vera Lockwood as April celebrate an exuberant dance to life in a flop house scheduled to be demolished. The "Hot 1 Baltimore" runs through October 21st at the Hartford Stage Company. Tickets may be purchased for $2.50 ten minutes before curtain time on any evening, subject to availability.

"The Hot 1 Baltimore", written in 1972, demonstrates in Lanford Wilson a maturing and deepening playwriting sensibility. One of his former efforts was "The Ringers of Eldritch" which David Eliel staged last year for the Trinity Theatre Arts program. Wilson has gone on since then and is not entitled to the acclaim which "The Hot 1 Baltimore" has brought to him. Yet, if seems as if there is a truly first-rate play in the man just waiting to burst forth which is still building around inside. For the time being, though, it is sufficient to content ourselves with this blank presentation of American life that seems to say, "My money's on the vultures."
Announcements

Poets
Students interested in participating in the poetry contest sponsored by the Connecticut Circuit Poetry Association can submit up to 5 pages of verse. The contest is open to all Trinity undergraduates. For further information, contact A. H. Kipps, Room 108, Mather Hall. The deadline for submissions is Monday, October 7, 1974.

Yacht Races
Trinity Yacht Club Fall Regatta
Saturday, September 28, 1974 -- 1:30 p.m.
Alumni Lounge

ASEESE
ASEESE—Trinity, the international organization of students in Engineering, Science, and Business, is having a meeting on solicitation procedures Thursday, September 26 at 8:15 p.m. in the Senate, Room of Mather Hall. All ASEESE members must attend.

Photography
The photography club meets tonight by the bowels of the senior room at 7:00 p.m. At the meeting we will discuss the selling budget of the club and discuss hikes. All photographers are welcome. If you plan to take a hike, please let Jeanie know (ext. 464).

Hillel
No Israeli dancing this Wednesday night "out of respect for the memory of those who fell during the Yom Kippur War." No more dances after all the holidays.

Colleges, Clubs

Conn PIRR
Conn PIRR: the student-supported, non-profit, social action organization at Trinity will be organizing on-campus action this Tuesday, September 25 at 7:30 p.m. in Alumni Lounge. Projects to be activated at this meeting will include setting up a consumer complaint center, organizing a small claims court, and working on a doctor directory for the Hartford area. All students are welcome and encouraged to come and learn more about Conn PIRR.

The First In a Series of Personal Growth Workshops will be held Saturday and Sunday, September 28-29, 1974, from 9:30 A.M. to 2:00 P.M. in the Senate, Room of Mather Hall. All ASEESE members must attend.

Photography
The photography club meets tonight by the bowels of the senior room at 7:00 p.m. At the meeting we will discuss the selling budget of the club and discuss hikes. All photographers are welcome. If you plan to take a hike, please let Jeanie know (ext. 464).

Hillel
No Israeli dancing this Wednesday night "out of respect for the memory of those who fell during the Yom Kippur War." No more dances after all the holidays.

Community Involvement Notices

One of the great advantages of Trinity College is its location in the heart of an urban center. As opposed to other colleges which are usually located in rural areas, Trinity offers through the cooperation of the Office of Community Affairs numerous opportunities for those interested in community service, and to gain experience and insight into urban problems.

There are advantages in Hartford for students volunteers of almost all majors to put into practice their academic skills. There are projects conducting for credit under the supervision of a faculty member. Contact Mrs. Dolly McLean, 527-2260, for more information.

Spanish speaking, Trinity students would work with teachers in the classroom and help with group discussions and, in general, help in an individualized instructional program covering all areas of the social sciences, as well as in helping the residents of Asylum Hill in ongoing projects.

The following day, after a thrilling night of stamina and quick thinking was needed to administer theses tests. This would be a testing ground for the team as they had not yet been able to get everyone together at once in the pool before, owing to scheduling problems at the pool in Ferris. The game got off to a quick start with the Ducks putting up two unanswered goals before Teichmann responded by scoring the second goal of the first period. Two minutes later, both teams had more opportunities. The game was played at a very high level, especially if you've never seen a water polo game before - you'll be surprised!

Barb Clark and Liz Parker work out during a Field Hockey practice.

One of the most impressive and thrilling of the game as both teams showed some fine skills, scoring two goals twice. Members of the game were members of the Ducks, against Tufts last Friday. The Varsity, who were edged two touchdowns to one, host Williams in the opener for both teams, Saturday at 1:30 p.m.

Soccer Opens with 3-1 Victory over Bowdoin

Freshmen in College Football

Can freshmen play major college football? That was the question in 1972. A total of 125 freshmen were regular starters last season for major colleges across the country, more than double the 70 regular starters in 1972, when freshmen were eligible for the first time in more than 20 years.

Many coaches doubted any freshman could make the travel squad in 1972, but 471 did. Last fall, this number jumped to 923 in a survey by National Collegiate Sports Services. Except for the Ivy League, which didn't adopt the freshman rule, every one of the country's other 117 majors had at least one freshman on the traveling squad either in 1972, or in 1971, or both.

For the purposes of the NCSS survey, a regular starter was a player who started at least five games. Kicking and returnback specialists were not included; neither were such spectacular part-timers as North Carolina State's Fuehley twins (punter Dave and Receiver Don) and Oklahoma's 1972 ballcarriers. Almost every conference (the Big 8 was the notable exception) averaged at least one starter from the freshman class, and the national increase was virtually across the board (only the Big Ten went down again in 1973).

Almost every conference (the Big 8 (not a notable exception) averaged at least one starter, and the national increase was virtually across the board (only the Big Ten went down again in 1973). In 1972, more than 60 per cent of all freshmen in major colleges played varsity ball, whereas in 1972-73, the number fell to about 50 per cent.
