Heavyweight Crew Captures Henley

By Nancy S. Nies '77

HENLEY — that six-letter word that spells the best in world rowing — is an oarsman's dream. And for Trinity College of Hartford, Connecticut, it was a dream come true. On July 4, 1976, the Trinity varsity heavyweight crew celebrated the Bicentennial with a thrilling 1/2 length victory over Queen's University, Belfast, to capture the prestigious Ladies Challenge Plate at the Henley Royal Regatta in England.

The Henley win is the first in Trinity's crew history, having competed at this international event in three previous years only to be knocked out twice in the finals in 1969 and 1971. The Bantams are also only the second American crew to ever win the much-sought title. "That was a good one," said Coach Norm Graf, cracking a smile. "I'm numb. It will take a few days before I realize what has happened," he said immediately following the race.

Coach Norm Graf and Curtis Jordan and the four tough Trinity crews set off on June 20 for the picturesque town of Henley-on-Thames, the home of the world famous 137-year-old regatta. They joined 214 crews from nine countries vying for 12 silver cups.

In addition to gaining the Ladies Plate, the Bantam heavies made Henley history by setting a new course record of 6:24 for that event when they beat the strong University College and Hospital of London in the second round. Trinity's performance was impressive indeed, for they shaved six seconds off the old record set the previous year by the University of London crew, holders of the Ladies Plate title.

The Trinity lightweight crew scored the first Bantam victory of the regatta by soundly defeating the Iris Rowing Club of Chiswick, England, by four lengths in the opening rounds on Thursday. However, due to an unlucky draw, the Bantams lost the first race of the week to Oxford, falling three lengths in the Thames Challenge Cup. "We rowed a good race against an excellent crew," said coach William (continued on page 2)

Graduate Scholar Program Begins

In August the Graduate Office announced another new program called "The Graduate Scholar Program." The GSP is designed to enhance the professional status of those who already have an M.A. and "want to keep growing intellectually, not necessarily for academic credit," according to Graduate Studies Director Ivan Backer.

Graduate Scholars will be able to audit all graduate courses with the instructor's permission. Although the cost is about one-third less than a degree program and there are no mandatory written assignments, all other benefits of a normal degree program are available — faculty contact through lectures and consultations, access to the library, and class discussions. In addition, there are no time limits and privileges continue as long as courses are being audited. The Graduate Office will also keep a permanent record of the courses audited, if desired.
Capital Scholars

Begin 17th Year
Rowena M. Summers, Moline; four years.

Curtis, Macomb; Amy G. Rosenthal, Berkland, Evanston; Douglas A.

The scholarships will total about 27 Illinois residents studying under the scholarship plan at the College this year.

An initial program is limited to second-year freshmen. It is planned as a yearly event. Younger alumni sons and daughters will have an opportunity to attend in subsequent years.

A joint effort of the Alumni and Admissions Offices, the three-day program (September 30-October 2) is designed to help clarify the admissions process.

This initial program is limited to second-year freshmen. It is planned as a yearly event. Younger alumni sons and daughters will have an opportunity to attend in subsequent years.

From the time the course begins Thursday, September 30, participants will have a busy schedule. They will hear Trinity faculty and students talk about the academic program, tours of the campus, attend classes and counseling sessions, observe a mock admissions meeting where application files are discussed and the admissions procedure demonstrated. Hear a general discussion on admissions and financial aid. Participants will eat and sleep on campus.

There will also be time for informal activities, including a "house party" at fraternities, a movie in Cinestudio and a varsity football game with Bates.

Alumni who desire more information should contactord of alumni and external relations, at (203) 527-3151, Ext. 214.

Henley (from page 1)

Matthews. "We came back on them several times, but they pulled steadily away."

A third Trinity first-round victory was scored by Michael Mackey and Edward Paracou who came from behind to win easily by four lengths over their Scottish opponents from Edinburgh University. However, the Bantamscox pair lost in the second round on Friday when they faced the top-seeded Australian Olympic pair who went on to win the event two days later. "We are pleased with their performance," Coach Norm Graf of the highly competitive Silver Goblets race. "For such an inexperienced crew, they did well in the second round."

On Thursday, the Bantams’ only disappointment came when the coxless fours stroked by freshman Tony Lothrop fell in the Visitor’s Challenge Cup to the favored Balliol College, Oxford, in the opening round. Coach Curtis Jordan commented that the four had "come together as a boat very well, but the luck of the draw pitted them against one of the top crews right off the bat."

Despite the eventual fall of three of the Bantam crews, the Trinity oarsmen were winners. During their stay in England, they had gained the admiration of both English and Americans alike. So, as the varsity heavyweight eight went up to accept their gold medals from Princess Alexandra, the crowd clapped and cheered, cameras clicked, and parents looked on proudly. Months of preparation, weeks of expectation, and hours and hours of practice were there. The Bantams had shot for the stars — and they had hit them.

Admissions Event:
For Alumni Progeny

Early returns from a recent letter to alumni regarding an admissions information program for alumni sons and daughters indicate it will be well-attended.

Robert Turner Almquist, son of Mr. and Mrs. Robert F. Almquist ’52, East Hartford, CT

Cathy Elizabeth Anderson, daughter of Mr. and Mrs. Russell A. Anderson ’49, Buffalo, NY

Susan Smith Angelastro, daughter of Mr. and Mrs. Anthony Angelastro ’52, West Hartford, CT

Paul Graham Beers, son of Mr. and Mrs. David B. Beers ’27, Washington, DC

Michael J. Campo, son of Dr. and Mrs. Michael R. Campo ’48, West Hartford, CT

Jeffrey Dool Craig, son of Mr. and Mrs. Philip D. Craig ’35, Chariton, IA

Edith Sharpe Crocker, daughter of Mr. and Mrs. Edgar Crocker ’53, Chestnut Hill, MA

Mary Ann Duncan, daughter of Mrs. Marshall N. Dudley ’31, Guilford, CT

Edith Gardner Faulkner, daughter of Mr. and Mrs. Winthrop W. Faulkner ’53, Westport, CT

Jordandie Fried, son of Mr. and Mrs. Walter H. Fried ’44, Wallingford, CT

Anne Louise Hall, daughter of The Rt. Rev. and Mrs. Robert B. Hall ’43, Hon. ’67, Richmond, VA

Robert Heap, son of Mr. and Mrs. Harold A. Heap ’41, Springfield, MA

Thomas Angel Hunter, son of Mr. and Mrs. Robert N. Hunter ’50, Providence, RI

Dr. Dunn joined the Economics Department in 1957. He is a specialist in public finance and economic theory, as well as the history of inheritance taxation in England. Prior to joining Trinity, Dunn taught at Brown University.

Dunn received the B.S. from American University and the Ph.D. from the London School of Economics of the University of London.

In addition to teaching, he has served in an advisory or research capacity for the Board of Governors of the Federal Reserve Board, the Tax Institute of America, and the Library of Congress.

Steele came to Trinity in 1966. His major fields are African and Caribbean history, with emphasis on French colonialism. He has studied extensively in France and Algiers. He is a former director of the New England Historical Association and is a co-founder and director of the Connecticut Valley African Studies Colloquium.

Steele is a member of the Societe d’Histoire Contemporaine and the African Studies Association. Steele is currently completing a study of French colonial rule in Africa and an extended essay on historiographical method.

Steele received his B.A. from Princeton University and the Ph.D. from Columbia University. Before joining Trinity’s History Department, he taught at Middlebury College for five years.

Dr. Wheatley taught at the University of Illinois and Wesleyan University before joining the English Department of Trinity in 1968. He received his B.A. from Dartmouth College and the Ph.D. from Harvard University.

Wheatley’s critical study of Thackeray’s fiction and “The Logic and Rhetoric of Exposition,” (third edition) which he co-authored, were published in 1969. He has also been published by numerous literary magazines.

Capitol Area Scholars at the College.

This is the 17th consecutive year Illinois Scholars have been awarded financial aid by the private scholarship fund. Scholarships for Illinois Residents, Inc. Since 1943 the fund has enabled 272 Illinois residents to study at Trinity.

According to President Lockwood, this fall in enrollment is largely due to the capitalization of the scholarship fund.

The scholarships are intended for students “who have an academic record equal to that of the best students from the Capital Area.”

The new recipients of the four-year scholarships are: Giuseppe Capasso, Hartford; Kenneth P. Gorzowski, Wethersfield; Ann C. Lescher, Windsor Locks; and Catherine A. Menard, Rockville.

Three Named Full Professors

Three faculty members have been promoted from associate professors to full professors. They are Dr. LeRoy Dunn, Dr. H. McKim Steele, Jr., and Dr. James H. Wheatley.

Months of preparation, weeks of expectation, and hours and hours of practice were there. The Bantams had shot for the stars — and they had hit them.

Nancy S. Nies ’77 was an official press representative at the 1976 Henley Royal Regatta. Her stories, appeared regularly in The Hartford Courant and The Hartford Times.

The Bantams had shot for the stars — and they had hit them.
Campus Host To Area Youths

The Trinity campus became a modest cultural and athletic mecca for about 500 Hartford area young people this past summer as the College provided facilities and staffing for programs concentrating on academic preparation and athletics. One of the programs is in its eighth year.

The summer sports program primarily for inner-city, disadvantaged youths attracted about 250 Hartford youngsters daily. Trinity has offered the program for seven years and is one of only five colleges in New England to participate in the activity funded in part by the National Collegiate Athletic Association.

Richard Taylor, assistant professor of physical education, once again served as program director for a schedule that included football, track, basketball, swimming, wrestling, gymnastics, tennis, golf, modern dance, soccer, softball and volleyball.

Another 100 low-income high school students participated in the fourth annual Upward Bound Program. The program funded by the U.S. Office of Education provides additional preparation for students planning to attend postsecondary institutions. A low-student-teacher ratio enabled students to receive near-equivalent of individualized instruction.

William D. Guzman directed the program, assisted this summer by Trinity student counselors Prince Riley '77, Earl Gardner '77, Tracey Wilson '77 and Elora Rowan '78. Neil Stratton '75 coordinated activities in the fine arts which culminated in a talent show at the end of the six-week program.

The longest running summer program for area youths was the Summer Arts Program which completed its eighth year. Jointly run by Trinity and the Hartford Parks and Recreation Department, the program this year served more than 130 younger aged 10 to 15. Classes were held in pottery, painting, pantomime, swimming, sculpturing and acting. Directed by Roger Shoemaker, assistant professor of theatre arts, the program concluded with theatrical, art and aquatic presentations.

Five Associate Professors Named

The College has announced the promotion of five assistant professors to the rank of associate professors. They are Dr. Francis J. Egan, Dr. Gary Laron, Dr. Dirk A. Kuyk, Jr., Dr. William M. Mace, and Dr. Ralph E. Walde.

Dr. Egan received a B.A. from Providence College and his M.A. and Ph.D. from Fordham University. He joined the Economics Department of Trinity in 1967 and is a specialist in microeconomic theory, quantitative economics, and environmental economics. He is a member of the American Economic Association, the American Museum of Natural History and the Sierra Club.

Dr. Jacobson joined the Political Science Department in 1970. He received the B.A. degree from Stanford University and the M.A. and Ph.D. from Yale University. His areas of interest include American political parties, public opinion, and politics and the media. He is a member of several honorary organizations.

Dr. Mace joined Trinity in 1971 and is chairman of the Psychology Department. He received his B.A. from Yale University and earned a Ph.D. from the University of Minnesota, where he held a Public Health Service Fellowship and served as research assistant.

His research concentrates on visual perception and the development of thinking abilities in children.

Dr. Walde graduated from the University of Virginia and his Ph.D. from Brandeis University. He has done graduate work at Northeastern University and Trinity. He joined Trinity's English Department in 1970.

Dr. Walde graduated from the University of Virginia and his Ph.D. from Brandeis University. He has done graduate work at Northeastern University and Trinity. He joined Trinity's English Department in 1970.

Mellon Grants Aids Unique Symposium

A grant from the Mellon Foundation has been providing a unique resource for a group of Trinity professors. Called the Mellon Symposium, the program drew this comment from Dr. Milla Riggio, assistant professor of English, who coordinates the series: "Those who have not seen the Mellon grant regard it as one of the best in which we have participated. In the present college scene, it provides a really unusual opportunity. Basically, we are asked to teach or write - the private kind of scholarly writing which depends upon a narrowing of the field of study and profound research. What the Mellon grant enables us to do is to pay us to do - to read and to talk with our colleagues in other fields. I have not heard of another grant like it."

As Riggio suggests, the purpose of the symposium is to permit a group of professors from different fields to explore in detail ideas which arise in each field but whose solutions have important consequences for other disciplines.

The Mellon Symposium for 1976-77 is composed of Dr. Drew Hyland, professor of philosophy; Dr. Frank Krikpatrick, assistant professor of religion; Dr. Sam Kassow, assistant professor of history; Dr. Alan Fink, assistant professor of psychology and Dr. Milla Riggio. The entire group met twice a week during the summer, and joined the following theologian from Connecticut College as well as other members of the Trinity community. Together they explored the five units with the first on the French Revolution, Rousseau and Kant with lecture and discussion meetings led by Drs. Riggio and Fink. The second unit was on the French Rococo period with selections of poetry and prose by Wordsworth, Coleridge and Blake led by Dr. Riggio. The third was on the English Romantic poems with the lectures on Goldsmith's "The Deserted Village" and "The Heart's Ease" led by Dr. Riggio.

The fall regular bi-weekly meetings will be continued with sessions open to the Trinity community. The dates for public lectures are October 24, November 7, 21, December 5, January 16, and February 20. At the end of the lecture series, the authors will be present for a public lecture for the Trinity community. In addition to the regular bi-weekly meetings, a series featuring well-known scholars in different fields is scheduled.

PRIZE OF ADMISSION — Suffering through physical examinations given by Dr. Harry H. Browne '51 and Dr. Winfield T. Moyer '45, two of the Trinity alumni physicians who volunteered to assist with the summer sports program for inner city youths, are Arman Caldwell and Olin Dukes, both of Hartford.

MELLON GRANTS — CAMPUS TOURS

For visiting parents, here is the new fall schedule for admissions and campus tours:

<table>
<thead>
<tr>
<th>Group Sessions</th>
<th>No advance notice necessary</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wednesday and Friday 3:30 p.m.</td>
<td>from October through February. During January Saturday also at 1:30 p.m.</td>
</tr>
<tr>
<td>Individual Appointments (Write or telephone well in advance)</td>
<td>Monday through Friday 10:30 a.m. to 4:00 p.m. Appointments may be arranged by writing to Dr. Jack Reardon in the Office of Admissions, during January, October to December Saturdays 9:30 to 11:30 a.m.</td>
</tr>
</tbody>

Alumni/Alumnae Admissions Weekend

Sept. 29 through Oct. 2. See article in this issue for details.
Winer Appointed Student Dean

Dr. David Winer, associate professor of psychology, has been appointed dean of students. As dean, Winer would like devise a program keeping his finger on the student pulse.

He would like, for example to establish a student advisory committee to provide students with a forum for expressing student body concerns as well as providing the dean with the opportunity for discussing his concerns with student representatives.

In addition to his administrative responsibilities, Winer wants to become closely involved with the organization of student government and the Mather Campus Center. He sees an opportunity to extend and develop a sense of community on campus and he plans a series of weekly meetings for all students who want to see him.

Winer will continue to teach on a part-time basis.

Joining Trinity as assistant professor of psychology in 1966, Winer was promoted to associate professor in 1971.

He was assistant in psychoacoustics at the Shilling Auditory Research Center in Groton, Conn., from 1960 to 1962, research associate for Experimental Psychophysiology Laboratories at the Institute for Advanced Study, Princeton, N.J., from 1962 to 1965, and consulting psychologist at the Newtonton Children's Hospital since 1974 and co-director of the Graduate Program in Neurosciences at the University of Hartford/Trinity College/Institute of Living since 1975.

Biological and Book Funds Established

The faculty of the Biology Department has established a fund to honor the distinguished career of J. Wendell Burger, longtime (1936-1975) biology professor at Trinity. When fully endowed, the income from the fund will be used to support lectures, seminars and other activities of the Biology Department.

Gifts received so far from faculty, alumni and friends enabled the fund to award the first of the prize in memory of the late Dr. Robert J. Morin, professor of biology at Trinity College.

At Durham he has also been Promoted to associate professor for the American Association of Advanced Scientists, the Connecticut Psychological Society, the New England Psychological Association and Sigma Xi, a national honorary research society.

He is the author of numerous articles for publication in physiological and other professional journals.

Winer

During 1964-1965, Winer was the recipient of a Predoctoral Fellowship by the National Institute of Mental Health and from 1970 to 1973 was a participant in a National Science Foundation general Science Impor- 

An award recipient. He is also a participant at Trinity in a Mellon Foundation grant.

Winer is a member of the American Psychological Association, the American Association for the Advancement of Science, the Connecticut Psychological Association, the New England Psychological Association and Sigma Xi, a national honorary research society.

He is the author of numerous articles for publication in physiological and other professional journals.

an undergraduate at Trinity and, following his graduation in 1933, joined The Hartford Times full time, remaining with the paper until 1954. During that period he served as education editor, reporter, rewrite man and feature writer assistant city editor, and special writer.

In 1954 he joined The New York Times as a general Science Impor- 

Winer

A report on contributions to the 1975-76 Annual Giving program will be published in the November-December issue of The Reporter.

Bobko To Head Chemistry Dept.

Dr. Edward Bobko, a member of the Trinity faculty since 1955, has been appointed chairman of the Chemistry Department.

Bobko was formerly a research chemist with the Olin Mathieson Company and also taught at Washington and Jefferson College and at Northwestern University. He graduated Phi Beta Kappa in 1949 from Western Reserve University and received his Ph.D. in 1952 from Northwestern University. Trinity promoted him to full professor in 1964.

His research on the synthesis and chemical characteristics of pyrimidines and arynes (a special group of organic chemical compounds) has been supported by grants from the Research Corporation and the National Science Foundation. He is currently working on the spectroscopic evaluation of parameters correlating the chemical reactivity of an organic compound with its molecular structure.

He is a member of the American Chemical Society, which has published numerous articles by him, and the American Association of Advanced Sciences.

Kamber Chairs Languages Dept.

Dr. Gerald Kamber, who calls himself a generalist with special concentration in French and Italian Literature of the Renaissance and 10th century, has been appointed professor and chairman of the Department of Modern Languages.

Professor and chairman of the Department of Modern Languages at the State University of New York in Potsdam, N.Y., for three years.

Kamber

Kamber received a B.A. from Rutgers in 1950, an M.A. from Middlebury in 1953 and a Ph.D. from Johns Hopkins University in 1962. He also holds a Certificate, Institut de Phonetique, Universite de Paris, Certificat, Philologie Romane, Ecole de Preparation and a Certificate, Litterature Contemporaine, Ecole de Preparation.

He also attended the Scuola estiva per gli stranieri, Universita di Firenze.

Kamber, who has taught at Rutgers, Goucher, Bowdoin, Kent State, was director of the summer program in French at Harvard in 1963, 1966 and 1969.

In 1964, Kamber was coordinator of an elementary French program conducted by the Peace Corps at Princeton and in 1965 was professor of linguistics and phonetics at a National Defense Education Act (NDEA) Institute at Hamilton College.

Annual Giving Targets Set

For the 1975-76, the fifth year in a row, a goal of $500,000 has been established for Trinity’s Annual Giving program. These annual gifts from alumni, parents, business firms and others of the College will be used to support the academic program this year.

Ann annual gifts to Trinity surpassed a half-million dollars for the past four years. The 1975-76 campaign raised a total of $801,168 in gifts and pledges from 4,438 contributors. The new Annual Giving campaign opens September 15, and continues through June 30. Gifts and pledges may be made anytime during that period. According to President Lockwood, The Trustees and I are proud of this excellent record of annual support, which has remained consistently strong in recent years.

We are grateful that we have been able to meet Trinity’s annual needs even as we ask alumni and others for capital gifts. Unlike capital gifts, which strengthen the College for the long term, annual funding is essential to sustain the high quality of the academic program each year, and at the same time to combat the rising costs of private higher education. Trinity’s success in balancing its budget every year has been directly related to the growth and strength of Annual Giving.

“We have been encouraged by the increased number of interested people who assist Trinity through the Annual Giving program and through the Campaign for Trinity Values,” Dr. Lockwood said. “We hope this enthusiasm for Trinity will continue to grow.“

The $500,000 Annual Giving goal includes a $315,000 goal for The Alumni Fund, a $100,000 goal for The Parents Fund, $61,000 goal for Business and Industry, and a $25,000 goal for The Friends of Trinity Fund.

Thomas C. Dejear’52, an alumnuus Trustee, is national chairman of the Alumni Fund. Assisting with that campaign are Peter D. Lowenstein ‘58 distinguished gifts chairman; Ethan F. Bason ’69, class agent chairman; Siegbert Kaufmann ’46 M.A. 66, masters degree chairman; and a student committee including Steven G. Baione ’77, Heidi M. Greene ’78, Steven M. Kayman ’77, Alexander M. Moores ’76 and Deborah J. Sikkel ’76.

National chairman of the Parents Fund is Dennis J. Carey Jr., of Manhasset, N.Y., father of Robert J. Carey’78 and Gregory C. Carey 79.

James B. Lyon, a partner in the law firm of Murnia, Cullina, Richter and Pinney, is chairman of the Friends of Trinity Fund.

A full report on contributions to the 1975-76 Annual Giving program will be published in the November-December issue of The Reporter.

Bobko
Legislative Interns Study Media Reporting

"Reporters, Legislators Disagree on News Accuracy" read the headline in the Associated Press article carried by the New Haven Register, May 28, 1977. "An Easy Fare Poorly in Eyes Of Legislators," said the Hartford Courant. Both papers referred to the results of a six-year-old study conducted at Trinity and the news media by members of Trinity's Legislative Internship Program directed by political science professor Bruce Wessel '77, both of New Haven. The study was announced in the New Haven Register.

The in-depth opinion survey was a new kind of research project for the internship program. The study has been presented to the public, the students as well as the press and the legislators, who have asked for similar projects on an annual basis.

The study itself focused on the quality of the legislative reporting at the Connecticut General Assembly. Ten students, two faculty assistants and at least 150 reporters were found among the 187 members of the Connecticut Senate and House of Representatives. They also surveyed 16 reporters who normally cover the state capitol.

Responses to the questionnaires provided the major research material for the study.

Ten Year Old Program

Now an academic fixture at Trinity, the internship program began almost exactly ten years ago in response to an urgent telephone call from the Minority Speaker of the House who seemed to think the program was under-budgeted and under-staffed and the Speaker wondered if Trinity could just do without it. He was surprised to learn that the program has functioned each year with challenging assignments entering into all phases of state government.

The independent study this year on the role of the press reveals wide disagreement, as might be expected, with the media's opinion of itself and the independence of both legislators and the public.

One only-third of the legislators agreed with the media's opinion of itself and the independence of both legislators and the public. One remarked that the media and the legislators are highly competitive and that the legislators are more interested in their role, their function, and even their competency are often misunderstood by both legislators and the public. One remarked that newspapers, television and radio stations are biased, but I keep them out of my reporting and in the legislative process is largely staged by the media.

The independent study this year on the role of the press reveals wide disagreement, as might be expected, with the media's opinion of itself and the independence of both legislators and the public. One only-third of the legislators agreed with the media's opinion of itself and the independence of both legislators and the public. One remarked that newspapers, television and radio stations are biased, but I keep them out of my reporting and in the legislative process is largely staged by the media.

"Reporters and Legislators Disagree on News Accuracy," reported the Hartford Courant.
Carillon Recitals Attract 7,000

It was 8:05 p.m. on Wednesday, August 25. Applause rippled across the Quad as Hudson Ladd, campanologist from the University of Michigan, ended the last carillon recital in the 1976 summer series.

Hundreds of people began folding chairs and gathering up blankets and picnic baskets. "We hate to see the summer end," said a woman as she walked by a College official. "It means the end of the carillon recitals for another year. We so much enjoyed them."

It was obvious that she expressed the sentiment of a great many of the more than 7,000 people who attended the ten recitals in the 27th annual series.

Carillonists came from across the country and The Netherlands to play Trinity's bells, with music ranging from Bach to Gershwin to Joplin.

Those who came to hear the carillon in July discovered, to their delight, a pre-recital bonus: four chamber music concerts, played by Hartford area musicians to standing-room-only audiences in the Chapel.

"Wednesday nights at Trinity are one of the nicest things about summers in Hartford," one man commented as he headed for the parking lot, "Rain or shine, it's always quiet and relaxing — and the music's good."

Most AIESEC internships begin with a short orientation and last from two to 18 months. The intern is paid a stipend ranging between $100 and $150 per week after taxes to cover living and incidental costs. About 60 colleges and universities in the U.S. offer an AIESEC program.

Tintinnabulations . . .

CAMPUS NOTES

STEPHEN MINOT, writer and associate professor of English, has been awarded a $6,000 fellowship by the National Endowment for the Arts. The award, given to facilitate the writing of a projected novel, was given on the basis of work in progress. It also included his published fiction in his most recent volume, "Crossings." He plans to use the funds to teach a reduced schedule while working on his new novel.

Dr. CHARLES B. SCHULTZ, chairman and associate professor of education, recently had two of his papers published. The first, "Social Class, Development, and Reinforcer Effectiveness," was co-authored with Roger Sherman, who has an M.A. in education from Trinity, and appeared in the most recent issue of Review of Educational Research. Another graduate of the masters program, Michael Pomerantz, co-authored Dr. Schultz's second article, "Achievement Motivation, Locus of Control, and Academic Achievement Behavior." It was printed in the Spring, 1976 issue of the Journal of Personality.

President LOCKWOOD was presented with the Distinguished American Award by the Northern Connecticut Chapter of the National Football Foundation and Hall of Fame. Previous recipients of the award include leading legislators, a Connecticut Supreme Court Justice, and the current lieutenant governor of Connecticut.

"Our Country in This Bicentennial Year" was the title of an article by Dr. H. MCKIM STEELE, professor of history, that appeared in the May 27th Bicentennial issue of the West Hartford News.

Dr. GEORGE B. COOPER, Norham Professor of History and Secretary of the College, has been appointed chairman of the Board of Trustees of the Cesare Barbieri Center of Italian Studies at the College. He was also recently elected to the Board of Trustees of Historic Deerfield, Inc.

CONSTANCE E. WARE, associate director of development, and MILLI SILVESTRI, assistant director of news, have been appointed to the board of the Hartford Architecture Conservancy.

The first 15 volumes of 40 definitive monographs on Connecticut's role in the Revolution (1763-1787) have been edited by Dr. GLENN WEAVER, professor of History, and published by the American Revolution Bicentennial Commission of Connecticut.

ROBBINS WINSLOW, dean for educational services, has been named chairman of the universities, colleges and independent school section for The United Way of Greater Hartford.

Dr. DORI KATZ, associate professor of modern languages, and Dr. RICHARD SCHUECH, G. Fox and Company Professor of Economics, will be on a year-long sabbatical. Dr. EMMET FINLAY WHITTELEY, professor of mathematics, will be on a half-time sabbatical during the entire academic year.

Associate professor of history Dr. ROBERT B. OXNAM will be on a leave of absence for the year, as will THOMAS A. CHAMPION, professor of history and intercultural studies.

Connecticut Psychologist, the quarterly newsletter of the Connecticut Psychological Association, is being edited by members of Trinity's Psychology Department. Editor is DR. ANDREW S. BAUM, assistant professor; editor associate is DR. DAVID WINTER, associate professor; and editorial assistant is NANCY L. KASIMER '75.

Associate professors of English STEPHEN MINOT and Dr. HUGH OCOVERY are from June 4-13.

Dr. GEORGE C. HIGGINS, college counselor and professor of psychology, was named president-elect of the Connecticut Psychological Association in May.

Sacks Higgins

DR. MICHAEL P. SACKS, assistant professor of sociology, has recently had a book, Women's Work in Soviet Russia: Continuity in the Midst of Change, published by Praeger Publishers, Inc. The book explains the changes for Soviet women in employment, wages, educational attainment and family life since the late 19th century, and is based upon Soviet material. Sacks attended Leningrad State University in the summer of 1969 and was a visiting scholar at the Harvard Russian Research Center in 1972 and 1973.

SUSAN T. DIBATTISTA, who graduated Phi Beta Kappa in May with honors in mathematics, has won the 1976 Mary Louise Guerin Actuarial Award at Trinity.

The award was established in 1952 by Alfred N. Guerin '22, and is given annually to the senior who shows executive and leadership qualities in the actuarial profession, has passed two actuarial exams, and has scholarship grades in mathematics, English and economics.

Miss Dibattista is employed as an actuarial trainee at the Hartford Insurance Group.
Masters

1933 FRED REINHART is now retired as senior research metallurgist from Civil Engineering Laboratory, U.S. Navy, Port Hueneme, California. Fred is the author of a book, "Corrosion of Metals and Alloys in the Deep Ocean.”

1963 KENNETH SEVERNS has a new job teaching architectural history as an associate professor at the College of Charleston, South Carolina.

1974 GWENDOLYN JENSEN, a history professor, who has been serving as chairman of the faculty at the University of New Haven, West Haven, has been appointed dean of the graduate school.

Medieval Tower music: A later development of early music to warn of enemy’s approach was performed last spring on the Chapel’s ramparts by the Trinity Brass Ensemble, above, and the Trinity Guild of Carillonneurs. The performance is believed to be the first in the U.S. The program will be repeated September 26.

Class Notes

Engagements

1970 Raymond Mckee to Sharon Udell
1971 Mariette Starr Badger to Robert Wright Shippee
1972 James M. Hall Jr. to Louise Simmell Hall
1974 Deborah J. MacArthur to Gary Michael Crakes
1975 John Freeman Hanson to Rosemary S. M. Balsamo
1976 Victoria Merritt Tilney to Chips Chapman

Deaths

1954 William Dobrovitz to Mary Perry, June 76
1962 Samuel G. Curtis to Linda Sullivan, May 15, 76
1964 Allan S. Atherton to Elise Tyrell, May 1966
1966 Paul Mitchell Hopkins to Mary Wallhauser, June 5, 76
1968 Fredrik P. Woodbridge to Judith Parks, June 28, 76
1969 John Albert Morris, Jr. to Julia Wheaton Rudolph, Jan. 10, 76
1970 Roy C. Zartarian to Anne P. Miller, June 6, 70
1971 Stephen W. Cross to Kathleen T. Kress, February 14, 71
1972 Donald Lee to Holly Meinweisner, April 10, 72
1973 William C. Lawrence to Donna Carothers, May 8, 73
1974 Stephen Van Renselaer Lines, IV to Mary Backus Adams, July 10, 74

Marriages

1966 Christopher B. Howard to Norma Rose, April 3, 66
1969 John Albert Morris, Jr. to Julia Wheaton Rudolph, Jan. 10, 69
1970 Roy C. Zartarian to Anne P. Miller, June 6, 70
1971 Stephen W. Cross to Kathleen T. Kress, February 14, 71
1972 Donald Lee to Holly Meinweisner, April 10, 72
1973 William C. Lawrence to Donna Carothers, May 8, 73
1974 Stephen V. Renselaer Lines, IV to Mary Backus Adams, July 10, 74

Births

1959 Mr. and Mrs. Richard R. Jaffe, daughter, S. Patricia, January 26, 59
1963 Mr. and Mrs. Charles J. Minifie, daughter, Rebecca Todd, January 13, 63
1965 Mr. and Mrs. Daniel I. Ostaphy, daughter, Sharon Lynn, November 5, 65
1965 Mr. and Mrs. Joseph G. Moore, daughter, Emily Engel, March 9, 65
1966 Mr. and Mrs. James M. Roosevelt, daughter, Lee Kristin, June 2, 66
1966 Mr. and Mrs. Frederic B. Sargent, son, William Frederic, March 29, 66
1966 Mr. and Mrs. Mark A. Johnson, son, David Mark, March 29, 66
1966 Mr. and Mrs. Lindsey C. Scarlett, son, Beecher Christmas, December 23, 66
1966 Mr. and Mrs. Martin Gall, daughter, Rachel Elizabeth, April 15, 66
1967 Mr. and Mrs. John E. Davison, daughter, Amanda Hunt, March 16, 67
1967 Mr. and Mrs. J. E. Dombroski, daughter, Christine, December 23, 67
1967 Mrs. and Mr. Calhoun W. Wick, son, Warren Corn-ing Wick, II, March 17, 67
1969 Mr. and Mrs. William Davis Elliott, daughter, Elizabeth Wiles, April 3, 69
1970 Mr. and Mrs. Joel R. Greenspan, son, Adam Joshua, November 19, 70
1970 Mr. and Mrs. Michael I. Ostaphy, daughter, Heather Michele, March 9, 70
1971 Mr. and Mrs. Oscar J. Harm, son, Benjamin Michael, December 30, 71
1971 Mr. and Mrs. Joseph Pratt, daughter, Abby Thompson, February 23, 71

Honoraries

Dr. Francis Brancelon, Hon. Sc.D. ’58, senior consultant at the Institute of Living, has been appointed to the Distinguished Service Award of the American Psychiatric Association. Dr. Brancelon is a past president of the association.

Jensen

1971 Sandra Biloon has been appointed commissioner of the Connecticut State Department of Personnel.

1973 Marie Rogers has received her Master’s in special education from Saint Joseph College, West Hartford.

V-12

BOB IRVING reports with sorrow that the Hartford girl who met while at Trinity in the Navy Program and who later became his wife on his commissioning in the ROTC Program in 1946, died suddenly and unexpectedly of a malignant brain tumor on March 15, 1976. Those who may remember Lee Furrick from his time as a bookkeeper in the Armistice Corps in the shadow of the Aetna tower may make memorial donations to the American Cancer Society, or to the Navy Relief Society.

01

Harry Cochrane celebrated his 90th birthday last December and has two children, two grandchildren and three great-grandchildren. Harry’s career included his work as an engineer for the Montana Power Company, and he has an active practice in engineering the last hydro-electric plant the Montana Power Company built on the Missouri River named after him. The plant has a capacity of 60,000 kilowatts.

09

It was nice to receive a note from BAYARD SNOW bringing us up-to-date on his activities. Although he retired in 1968 at the age of 80 from an active practice in engineering, he keeps busy publishing about two books per year of verse and works for the United Way of Dade County, Florida. Bayard has a new great-granddaughter, Amy Snow Winchester, who was born April 4 in Littleton, Massachusetts.

REUNION/ Homecoming Nov. 5-7 A Time to Remember!

01

The annual Immortals Dinner was held at the Hartford Club on May 21. Your class was represented by Connie and Claudia Gesner, Ike and Marie Newell, AB and Alice MacColl Hoyt, Robert and Lucile Marvin. The usual good time was had by all. The Class of 1956 was officially inducted on June 3.

Al Merritt’s grandson, Lawrence A. Detwiler, received his M.D. degree from Ohio State Medical School on June 11. He ranked No. 1 in his class.

My granddaughter, Mary Joan Marvin, daughter of MATT MARVIN ’55, received her degree in Marine Sciences from the University of New England.

21

Mr. James A. Calano to Margaret A. Calano, Hartford, Ct. 06114

The annual Immortals Dinner at the Hartford Club was well attended by 18 reunion committees and their active wives. For those of you who missed it, start planning for next year. It was a good party. We met a lot of people who were there when we were there. Bill and Mary Goodridge came up from Pennsylvania, the Sampson’s from Connecticut, the Dukes from Sioux Falls, South Dakota, and the Dees from Stillwater, Oklahoma. Don’t forget the annual reunion of the Class of ’26 on November 4th. It will be a great social event and will last all day and all night.

23

Mr. Thomas J. Quinn to Carolyn Quinn, Hartford, Ct. 06110

BILL HAWEY writes that his daughter, Stella Hawley Skitch, is a teacher of science in a girls’ school in Malvern, England. Her husband, Jeffrey, is head of the Science Department at Malvern Public School, and they have two children. Bill’s son, William, and his wife, Diane, is on the sales force of Syntax Laboratories and also has two children.

25

Mr. Raymond A. Montgomery to Suzanne Montgomery, Woodbridge, Ct. 06625

The annual Immortals Dinner at the Hartford Club was well attended by 18 reunion committees and their active wives. For those of you who missed it, start planning for next year. It was a good party. We met a lot of people who were there when we were there. Bill and Mary Goodridge came up from Pennsylvania, the Sampson’s from Connecticut, the Dukes from Sioux Falls, South Dakota, and the Dees from Stillwater, Oklahoma. Don’t forget the annual reunion of the Class of ’26 on November 4th. It will be a great social event and will last all day and all night.

26

Mr. Erhard C. Schmitt to Barbara Schmitt, New Haven, Ct 06511

The Rev. John Towsend has sent your SECRETARY and the College his Bicentennial Meditations.

28

Mr. George G. Griffith to June Griffith, Old Saybrook, Ct. 06475

On June 16 PETE RANSOM and his wife, Alice, were honored by a party to celebrate their 50th wedding anniversary. There were about 75 people present, including ROLLIN JR., 31, from Raleigh, North Carolina, ART MATTHYS, HAM BARRER, 19, AL GOBEL ’41 and J. FORD RANSOM, JR. ’47. It was a great sendoff for Trina.

John Reitemeyer’s Inter American Press Association Scholarship (donated by Time, Inc.) has been awarded to Stuart Smith of Edmon, Washington, who is in Mexico an a U.S. scholarship member. BEAU NEWSOM and wife have just celebrated their 50th wedding anniversary by a cruise on the S.S. Rotterdam to Nassau and Bermuda. A reception was given to them by their children at the Lighthouse Inn in New London, Connecticut.

29

Mr. Beaufort L. Revis to 31 Park Avenue Penwood, Old Saybrook, Ct. 06475

worked that he could not return as he was busy with exams; he still teaches at Stanford University in Alaska. JAKE COOPER wants to the be reported to all. He admires The Reporter and is proud of the progress Trinity continues to make.

The football season is coming along and you Twenty-Fivers should plan to attend the games. We lost last Friday night to WINDSOR HADLOW, the TONY TRAINERS, the RAY MONTAGUE and the KENNETH BRIAN and the JACK AINLEYS are pretty much regulars. The Class will have a tailgating party at the 50th reunion. It's a great plan to make. We'll meet in the parking area at Vernon and Broad Street.

A recent copy of The Meriden (Connecti­cut) Record, carried a picture which featured LEO GROFF, attending his 50th reunion in Meriden, looking over the City's 1976-77 budget. Leo, while "retired," is still the busiest guy in the Class of 1925 and adds to his list of offices each day. He still has a deep interest in Meriden's welfare as president of local government and is deeply involved in the Meriden Hospital as its past president.

Bettty NOBLE, from a visit with her son, DICK NOBLE, JR. '58 and his family in Philadelphia. Betty still maintains her lovely old home on Cape Cod recently. The Jones spent last May and appeared at another convention in Asheville, North Carolina later in July. They have long enough to enjoy a cocktail at another convention in Asheville, North Carolina later in July. They have long enough to enjoy a cocktail.
and her rancher husband. His son is in law school at the University of Montana and his younger son is attending a Vietnamese engineering college.

JOE GRECO’s son, Stephen, graduated from the University of Colorado on May 31 and also received his regular Army commission from the ROTC. Attending the gala event were Stephen’s older brother, BARRY, a captain in the USAF, and his sister and her husband and children from Wilson, Colorado. Steve is now in Ft. Benning, Georgia for further training.

38 Mr. James F. Weir 139 Forest Dr. Woodbridge, N.J. 08038

A year of research and planning went into the formation of the Aircraft Group, which is needed to rebuild the car. Now hair is getting shorter. It’s starting to fall out.

39 Mr. Earl H. Flynn 147 Goodale Dr. Newington, Conn. 06111

CARLTON NELSON of Glastonbury, Connecticut realized the culmination of a 41-year-old dream when he drove his 1932 Stanley steam car up to the annual meeting of Motor Vehicles for registration. Carlton, who is a member of the Connecticut branch of the General Motors Aircraft Group in Middletown, Connecticut, spent 20 years locating one and another 21 years in the courts to prove that he had a right to rebuild the car.

40 Mr. Herbert R. Bland 116 C. Knox & Co. P.O. Box 936 Hartford, Conn. 06101

RALPH SHELBY has moved to Kingsport, Tennessee where he is regional marketing manager for Eastman Chemical Products, Inc. DON SMITH is completing 26 years in farming and is now an employee of the American Academy of Family Practice. Our congratulations to Don and his wife, Patricia, who have a grandson—a year old—on May 20.

41 Mr. Frank A. Kelly, Jr. 21 Forest Dr. Newington, Conn. 06111

REUNION

The Class extends its sympathy to DICK NOFF who recently lost his mother and to BILL SEEDMAN whose wife, Marie, died at their home in South Lake Tahoe, Nevada. On July 21, DICK BARNES will celebrate his 40th wedding anniversary with Barbra. It’s a quick calculation to show that Dick was one of the first three members to get a job in the depression year of 1941 when jobs were not plentiful.

42 Mr. Martin D. Wood 19 Tootin Hill Rd. Southbury, Conn. 06092

KEN ALBRECHT is still running the Rodeway Inn in Kingsville, Texas. Says he hasn’t heard from former classmates since he came to Texas South in August 1957. Ken sends his best regards to all.

43 Mr. John L. Bone Jr. McCook, K辖区内和Bone 50 State St. Hartford, Conn. 06103

BOB BECK has been reappointed for a three-year term to the Organized Crime Prevention, Drug Enforcement and the Air Force Board of Visitors.

44 Mr. John L. Borne Jr. McCook, K辖区内和Bone 50 State St. Hartford, Conn. 06103

DICK DOTY was named public relations/publicity coordinator for Salute to America, the giant air show planned by the Broaward Minutemen, a group of patriotic Branson, Missouri, area men and women. Dick says, “Salute to America started on the beach with a sunrise religious service and wound up after an hour and a half with fireworks display from barges anchored offshore.”

45 Mr. Larry R. Gossling 1112 S. Bloomfield Rd. Bloomfield, Mich. 48002

Dr. Harry R. Gossling, a former Trinity student, is in private practice in New York.

September 1976 Trinity Reporter Page 9

46 Paul J. Kingston, M.D. Barbourtown Rd., RFD #1 Wallingford, Conn. 06492

SANFORD COBB has been director of cardiovascular-renal clinical research at Stare Laboratories, Skokie, Illinois, since August 1975. He graduated from Trinity College in 1972 and is currently completing a 5-year clinical-pharmacology research program.

47 BOB ROSENBERG writes he is enjoying his retirement in teaching at Lawrence University in Appleton, Wisconsin, after a stint as associate dean.

48 The Rev. E. Otis Charles 231 East First St. Salt Lake City, Utah 84111

DICK DURICK has been named a director of Property and Casualty Insurers, the senior officer of the Massachusetts Mutual Life Insurance Company, Springfield, Massachusetts.

49 CHARLES STRATTON, formerly moderator of the New Hampshire Annual Meeting, is beginning his Doctor of Ministry studies at Princeton Theological Seminary, while maintaining his pastorate at Youngstown, New York.

50 Mr. Charles T. Calkins, C.L.U. Charles T. Calkins & Associates 420 S. Main St. Bryn Mawr, PA 19010

DICK SHERMAN has moved to Madison, Connecticut and will continue to work as in the past for King Cage Engineering Company but will make his home base Connecticut rather than Massachusetts.

51 WENDEL BLAKE has left the school business for reasons of health and is now an intern at a church and manager of two bookstores. He says it’s fun.

52 Mr. James R. Glascos, Jr. 8552 Georgetown Pike McLean, Va. 22102

HANK PEREZ has his own company, Big Trees Realty, in Felton, California. He has two children: Shandee, a senior at Occidental College, and Robert and 10. Hank writes he is divorcing and presently enjoying the rare delights of living in the San Francisco Peninsula. Shandee, a junior, sends her best regards to all and would enjoy hearing from all his old friends, including Nancy Matthews, sister of ED MATTHEWS.

53 JOHN L. Bone, Jr. 50 State St. Hartford, Conn. 06103

DAN LOHINES is now athletic director, head football coach, wrestling coach, and history teacher at Saint Andrew’s School, Middletown, Delaware. Says that the Class of 1957 was the last of his fraternity brother, DAVID BELLIS. Dan had been head coach of the wrestling team for 17 years before taking the job as athletic director last year. Dan has retired from his job and now is a volunteer at the high school. He says a visit from NED MAXWELL was the highlight of his winter season.

54 Mr. E. R. Edgerton 60 Old Tootin Hill Rd. Southbury, Conn. 06092

CHARLES STRATTON was promoted to Senior Vice President and Group Managing Director of the Massachusetts Mutual Life Insurance Company, Springfield, Massachusetts.

55 Mr. C. E. Ewell 20 Tootin Hill Rd. Southbury, Conn. 06092

The Rt. Rev. E. Otis Charles 231 East First St. Salt Lake City, Utah 84111

DICK DURICK has been named a director of Property and Casualty Insurers, the senior officer of the Massachusetts Mutual Life Insurance Company, Springfield, Massachusetts.

56 Mr. C. E. Ewell 20 Tootin Hill Rd. Southbury, Conn. 06092

CHARLES STRATTON, formerly moderator of the New Hampshire Annual Meeting, is beginning his Doctor of Ministry studies at Princeton Theological Seminary, while maintaining his pastorate at Youngstown, New York.

57 Mr. James R. Glascos, Jr. 8552 Georgetown Pike McLean, Va. 22102

RALPH ALSHER works as director of human resources programs, ORU Group, Inc., in New City, New York. He is sales and marketing manager to a number of successful and well-known directories. He has his job of providing cost justifiable programs to reduce turnover and absenteeism and increase productivity.

58 KARL EITEL is executive vice president and managing director of Broadmore Hotel, Inc. in Honolulu. He is also executive vice president of the El Pomar Investment Company, and chairman of the El Pomar Investment Company, in Colorado Springs.

59 Mrs. Thomas G. Murphy 1470 Tootin Hill Rd. Southbury, Conn. 06092

CHARLES CHISDEY has moved to Boulder, Wyoming.
to become a general practitioner in a small rural community. He is also beginning a cattle business and looking for exciting developments for he and his wife.

51

Mr. John F. Klinger
344 Fern St.
West Hartford, CT 06119

REUNION

CLAY STEPHENS has joined Gaynor and Glazer as a new president, as a vice president/account supervisor.

Congratulations to our classmate, JERRY HANSEN, who has been promoted to director of alumni and external relations. In addition to his duties as director of alumni, he has been given managerial responsibility for the Office of Public Information.

BILL KELLER, owner of the company, Alldayco, Inc., Palo Alto, California, will soon be installing a 60 ton Buderus punch press. He said that this is the best tool the west of Pennsylvania, such as a large machine for the express purpose of stamping circuit subcomponents. The Swiss-made machine makes 5700 parts per minute, and the parts will be sold worldwide.

WILSON PINNEY, professor of English at College of San Mateo, for the past 15 years, has been appointed director of the Language Arts Division.

BEN JENKINS is now sales manager for molded reinforced plastics in South Florida. His daughter, Julie, married in 1974, and daughter, Lisa, 3, are in Plantation, Florida. He is enjoying seeing Dr. Cooper and others at the Fort Lauderdale alumni meeting last March.

MACLEAN is still teaching middle school of Landon School, Bethesda, Maryland. He also coaches the tennis team, which last June went for its third straight national interscholastic title. Tim Jenkins, Class of 79, is the first player to win the title of comer and is playing at University of Washington. He is the father of a 7-year old daughter, Pilar Gizzi, born last March.

HARRY ASTLETT has a new job as general manager of the Colorado Volleyball Officials Association. He coached the 9th grade basketball team of Hamilton Jr. High which won the Denver city championship.

Last April ED DIGHTW and his wife, Marion, cruised on their sailboat “Antea” from Cape Cod to Martha’s Vineyard. On Dry Tortugas, while touring Fort Jefferson, they discovered that their tour guide was none other than STOW WALKER ’75. Stow is completing a six month tour at Fort Jefferson prior to reassignment, and is very much involved in conservation, ecology, and observing firsthand how he is doing a super job.

PETE TRAVER has been elected president of the Colorado Volleyball Officials Association. He coached the 9th grade basketball team of Hamilton Jr. High which won the Denver city championship.

56

Mr. Edward A. Montgomery
16 Stanhope Gardens
London, S.W.7, England

REUNION

JOHN BRIMS has been working as first secretary in the economic section of the American Embassy in Paris, France, and will be there until 1978. He extends an invitation to all members of the Class who have not yet included the Netherlands in their European itinerary to come see him.

STAN NEWMAN, formerly executive vice president of the New York University and Educational Fund, is the U.S. Department of Housing and Urban Development’s new commissioner.

Although DAVID MAKENZIE, his wife, Deborah, and their four children still live in Lakeville, Illinois, he now manages the 2,000-acre ranch in Wyoming where they take 30 guests during July and August. The property includes park, trips into the mountains for fishing, sightseeing, etc. and if any alumni are interested, send for a brochure to their president, Dr. Cooper and others at the Fort Lauderdale alumni meeting last March.

Lewis TAIT took his wife and five children on a six-week cross-country tour this summer through the West. They have been discovered by TAIT that they are trying to acquaint the children with their family heritage.

52

Mr. Douglas C. Lee
4028 Glenway Dr.
Clevid, OH 44120

TOM WARREN assumed new duties as commanding officer, Naval Ordinance Station, at Pax River, Maryland. His first assignment was to the Yale Child Study Center, where he is an associate clinician at the Center for the study of the development of a free lance writer. Of their three children, the oldest has just finished his first year at Swarthmore and worked in the office of the President of Wesleyan University.

DAVID HANTA is the assistant director of operations at United Hospitals, Inc. in St. Paul, Minnesota.

BETHACK says his son, Bob Buffum, Jr., expects to graduate from Trinity next spring. His daughter Beth (Sydney) graduated from Beloit College last spring with a B.A. in English.

ED GERRY, who retired from the Air Force as a lieutenant colonel in 1972 and began his new career with Informatics, Inc., has been promoted from senior systems analyst to the Colorado Springs Manager, Informatics is a data processing computer software corporation.

PETER MACLEAN is currently doing a double job as industrial counselor for MacFaddan, Inc., of Philadelphia, and as an administrator of the Episcopal Church of the Messiah in Maywood, North Carolina. The beautiful Blue Ridge is only an hour away. At the time he wrote, the MacLeans were looking forward to a week at the beach with the ROBERT SAWYERS.

53

Mr. Paul A. Mortell
500 Stratfield Rd.
New Canaan, CT 06840

HARRY ASTLETT has a new job as general plant superintendent for Mexicana de Cobre, S.A., in Nacional de Cobre, Mexico. He has a new granddaughter, Pilar Gizzi, born last March 17 in Providence, Rhode Island.

BERNARD BOCOSLORSKY is commander of the 23rd Tactical Fighter Wing, which bears the title of “Flying Tigers.” This is the same unit of World War II fame led by Claire Chennault.

54

Mr. Theodore T. Tani
Phoenix Mutual Life Insurance Co.
American Row
Hartford, CT 06103

STAN NEWMAN, formerly executive vice president of the New York University and Educational Fund, is the U.S. Department of Housing and Urban Development’s new commissioner.

Although DAVID MAKENZIE, his wife, Deborah, and their four children still live in Lakeville, Illinois, he now manages the 2,000-acre ranch in Wyoming where they take 30 guests during July and August. The property includes park, trips into the mountains for fishing, sightseeing, etc. and if any alumni are interested, send for a brochure to their president, Dr. Cooper and others at the Fort Lauderdale alumni meeting last March.

Lewis TAIT took his wife and five children on a six-week cross-country tour this summer through the West. They have been discovered by TAIT that they are trying to acquaint the children with their family heritage.

55

Mr. E. Wade Cloie, Jr.
200 Hunter’s Trace Lane
Alexandria, Virginia 22310

ROE MESS has held a managerial job of special advertising projects for The New York Times.

JOHN DILLMAN is now vice president for long range planning for CR Industries, Elgin, Illinois. Tom and his wife have two children, ages 13 and 11.

DAVID JOHNSTON became rector of St. Brendan’s parish, Branford, Connecticut, last June. His wife, Jodie, will take a full year off of work. David is a pretty fair baseball player but has no use for cricket.

BILL MUKHERJEE is a member of the Marriage and Family Institute, a private clinic in Washington, D.C.
Dick is an account executive for Johnson and Moorestown, New Jersey. He is a systems analyst in data press and trial problems, and freelancing directors of the Chestnut Hill Academy of Classics at Northeastern University, Boston, has been deputy managing vice president of the Hartford Life Insurance Company, has been made a fellow of the American College of Oradell, New Jersey. Dick has been elected professor of history at The State University of New York, and received the chancellor's award in 1971. He has been elected a fellow of The American Cancer Society.

RUSSELL AARON Ed Chalker is acting chief of Learning Division Basic Skills at the Department of Education. Ed has been chief of the Division of Learning Disabilities, and has been a professor of special education at the University of Illinois.

Mr. Del A. Shiket c/o Millbrook School Millbrook, N.Y. 12546

REUNION

This fall, JOHN STAMBAUGH will be professor-in-charge at the Intercollegiate Center for Classical Studies at Hamilton. He will be back at Williams teaching classics.

J. Robert C. Lange 2 Southfield Trail West Simsbury, Conn. 06092

FRANK JAGO was reelected vice president of the class of 1945 in 1974. He lives in Moorestown, New Jersey.

Karl KOENIG is now a professor of psychology and psychiatry at the University of New Mexico Medical School. As of July he also became director of day hospitalization. He is a psychologist in private practice and a former director of the Chestnut Hill Academy.

January he will be back at Williams teaching classics.

The proud parents of three children: John Jr., Andrew's Episcopal Church, Mount Vernon, and Elizabeth, age 17.

The Rev. David J. Graybl
113 Sargent Rd.
Henderson, N.J. 07605

JIM ROOSEVELT is living in London and
staffing the London office of Deckert, Price &
Rhoads.

SAM COALE, assistant professor at Wheaton College, has accepted a position to teach American literature at Aristotle University in Thessaloniki, Greece. Sam’s wife, Gray, will join him in January with a six-month leave from her career.

Several of our classmates have received
new positions. Both HENRY HOPKINS and JOHN ELLWOOD have been made vice presidents of their respective companies. Hopkins is with Baltimore based investment research and
counsel firm. John had an addition to his family with the birth of a child in June of 1976. FRED KNIER has been elected second vice president for the New England Mutual Life Insurance Company in Boston.

THAYER BIGELOW is now president of
Baltimore based investment research and
business promotions. Both HENRY
LASSER and ANDREW FIELD have been
made vice presidents of their respective
companies.

We heard from gary perry who has
been serving as president of Actuaries of the
Pacific, Inc., for the past year. He is the local
departmental and Iona consultant as chairman.

KARL KUK0 has this summer been
working on a master’s degree in management
at the University of Munich, West Germany.

Leo Shilton has has recently assumed
a new position as director of housing develop-
ment for the Washington Housing Authority
in Madison.

MARK KUJK has a six-month elective
rotation at Rancho Los Amigos Hospital
Downey, California, and now is in the UCLA
residency program in orthopedic surgery.

Catholic in January 1977 he will join two other
departmental surgeons in the Johnstown
Naval Reserve.

COTH SPROGGS works for Bell Helico-
pter as a project controller and is located in
the Dallas/Fort Worth area. He and his wife,
Carla, have a two year old daughter, Alexandra.

TRINITY SPORTS

When the Trinity football team journey to Brunswick, Maine on September 25 to open their season against the Bowdoin Polar Bears, they will be confronting several uncertain situations. The last meeting was in 1975. Such unfamiliarity leads to uncertainty and caution on the part of both teams. The most interesting aspect of this game is that neither team nor fans will know what situations or final results to expect. There will be no surprises, only plenty of exciting action.

The opening game will also be the first test for the two uncertain units on the Trinity team, the offensive line and linebackers. These two units were hit hard by graduation and must be solidly rebuilt if the Bantams are to succeed in 1976. Some talented but inexperienced underclassmen will fill the vacant positions and their ability to overcome the inexperience will be important in carrying Trinity through its tough schedule of New England small college football.

Overall, the outlook is favorable for the football team this year. With 11 returning lettermen among a group of 31 lettermen, Coach Don Miller will field a team possessing good overall depth and experience. The defensive line will be the strongest unit. It will be manned by four players who are 300 pounds of experienced bodies. These two units were hit hard by graduation and must be solidly rebuilt if the Bantams are to succeed in 1976. Some talented but inexperienced underclassmen will fill the vacant positions and their ability to overcome the inexperience will be important in carrying Trinity through its tough schedule.

The loss of two starters from the defensive backfield, Herb Herbst and John Doldoorian will be the key performers at this position. Senior David Greenspan, who also double as capable pass receivers, Senior tri-captain Pat Heffernan will be the key performers at this position. Senior David Greenspan, who also double as capable pass receivers, Senior Rick Sokolov and juniors Gene Pearsall '78 and John Doldoorian will be the key performers at this position.

The combination of depth and experience in most positions gives the Bantams high hopes for a successful season in 1976. All eight opponents have experienced teams returning. Only three players were lost with 487 yards in 133 attempts. Competing for the right to replace Maus. Mike Brennan and Bob Shults have limited punting experience. The kick return and kickoff returners will be handled by either Gil Childers or Pat O'Leary have limited punting experience. The kick return and kickoff returners will be handled by either Gil Childers or Pat O'Leary.

Maus did all the punting and kicking chores for the past three years, rewriting many Trinity kicking records in the process. He handled the job so well that replacing him may prove difficult in finding players to replace Maus. Mike Brennan and Bob Shults have limited punting experience. The kick return and kickoff returners will be handled by either Gil Childers or Pat O'Leary.

Controlling the end-to-end action is midfield. Controlling the end-to-end action is midfield. Tom Adil in a battle for the start of the halfbacks.

VARSITY FOOTBALL TRI-CAPTAINS Rick Uluski (left), Pat Heffernan (center), and Marc Montini '78.

New Coach For Varsity Soccer

The varsity soccer team enters the 1976 season under the guidance of a new head coach, Robert "Robie" Shults. Shults takes over the coaching reins from Roy Dath, who is on a leave of absence this fall. Dath coached soccer at Trinity for the past 24 years, compiling an impressive record of 135 wins, 71 losses, and 15 ties. Robie Shults has coached the freshman soccer team for 19 years with an overall record of 75 wins, 43 losses, and 6 ties, with undefeated seasons in 1957 and 1961. Shults is also head coach of basketball and baseball at Trinity.

Coming off a disappointing 3-7-2 season in 1975, the soccer team looks forward to this fall. The 12-game schedule is a challenging one which opens with Trinity hosting Central Connecticut on September 28. With 11 returning lettermen, the team's experience is well-balanced, spread out over both the offensive and defensive positions. Many talented underclassmen were able to obtain valuable varsity experience last fall, and a high level of experience is a favorable quality for improving the success of Trinity soccer in the next few years. Offensively the Bantams look good; the front line is talented and experienced. Senior co-captain Alexander Harvey and senior Duffy Shea will play the wings. The middle of the forward line will be a group of players with high scoring potential. Senior Mark Moore and juniors Greg Madding and Tom Lenahan will probably be the starters in that group.

Controlling the end-to-end action is midfield. Controlling the end-to-end action is midfield. Tom Adil in a battle for the starting nod.

The defense will be anchored by seniors Tim Boling and juniors Mike Pearsall. Senior Rick Sokolov and juniors Gene Pearsall '78, Mike Kluger, and Aaron Thomas will be the key performers at this position.

The defense will be anchored by seniors Tim Boling and juniors Mike Pearsall. Senior Rick Sokolov and juniors Gene Pearsall '78, Mike Kluger, and Aaron Thomas will be the key performers at this position.

Women's Crew Plans Six Races

The women's crew has six events scheduled for the 1976 season, including three major regattas. Trinity women rowers will have less than a month of hard work to prepare for the fall season, which opens with Trinity hosting Central Connecticut on September 28.

The women go on the road for the three regattas in which they are entered. On October 9 they travel upstream on the Connecticut River to Holyoke, Massachusetts and the Greater Holyoke Regatta. The next day, October 10, will find the Trinity women participating in the Head of the Connecticut Regatta at Middletown. The Head of the Charles Regatta takes place on October 17 at Cambridge, Massachusetts. The Bantams close their season with a race against the Kent School on October 23.

Trinity women's crew has a new coaching staff this year, headed by Elizabeth Learned '76. She was a coxswain for the men's crew in 1976 as well as a participant in the women's crew program. Learned will be assisted by senior David Greenspan, who coxed the Trinity varsity heavyweight boat to victory in the 1976 Henley Royal Regatta.

The women's crew has lost some key members from last year's boating, but there are many enthusiastic rowers anxious to get out on the water. They should be joined in September by members of the freshman class who become interested in the program.
