FRACTURED SENATORS STILL TO BE SETTLED.

Finance, Publications, and Activities Committee Passed by Senate.

The first definite action on the plan for the reorganization of the undergraduate government was taken at Prince's Lunch and moved that the matter of taking reserve books from the library was also brought up. The action was taken on either matter.

President Cunningham stated that he had given a letter to understand that funds for the construction of mail boxes for each room in college were available and Mr. Mohkern moved and Mr. Webster seconded that the Senate favor the construction of private mail boxes if they were provided by the college authorities. Carried.

Mr. Byrnes brought up the matter of Trinity deities to the intercollegiate conference on disarmament at which he expressed the opinion that the matter be referred to the Political Science Club with power. Mr. Byrnes moved and Mr. Prince seconded that the Senate favor the construction of private mail boxes if they were provided by the college authorities.

The senator from Medina reported that the Senate had adopted a resolution calling for the President to begin instructing and organizing the football squads and that they had appointed a committee of men making training report them to the Senate.

Mr. Reynolds took the floor as chairman of the committee on reorganization and the following classes of his report were passed:

"The Senate shall be reorganized as the central figure of this organization, about which all the other organizations shall be considered as subordinate to the Senate."

"A Senate finance committee of three members elected by the Senate whose duty it should be to supervise the finances of all undergraduate activities except the athletic association and the TRIPD.

"The creation of a committee on college activities, Medius to constitute that committee. Its duties shall be:

1. To supervise the drawing up of a calendar of college activities each year.

2. To investigate all college activities, upon the matter of making of a report to the Senate whenever it deems such action advisable."

"The formation of a committee to be known as the Publications Commission, which would be composed of the editor-in-chief of the TRIPD acting as chairman, and all undergraduate reporters, to select all outside publications. The Publications Commission shall perform the customary duties of a publicity committee."
which was held in the spring of 1920. Have members of the Political Science
Department, among others, looked into the question of elevator cars, and in such a
manner as to make it impossible for their members to get on the elevator cars.

BOSTON UNIVERSITY DEFeATS TRINITY

(Continued from page 1)
been painted silvery while, giving the squad more the appearance of a group of Caesar's imperial guard than a small football team.

First Quarter.
Boston kicked off and Nordlund got the ball on the Trinity fifteen-yard line. Nordlund played the ball down to the Boston twenty-five-yard line before he was downed. Kennedy made two through the line, Nordlund three and two more by line. Nordlund pointed the ball being downed to the twenty-yard line yard. Two end runs from shift resulted in a first down and then a run made to the Trinity twenty, three more, Captain O'Hare broke away for a touchdown and Cochrane kicked the goal.

The kickoff went over the goal and Kennedy went back and took it on his twenty-yard line. Kennedy made a couple of yards and Nordlund added three more with an end run. Nordlund was penalized half the distance to its own twenty-yard line. Kennedy rushed by line and Nordlund made the final kick of thirty-yard line. Boston tried a forward pass which failed and then kicked to Trinity's thirty-three-yard line. Nordlund made two and Kennedy plowed through center for a first down. Nordlund pointed the ball down to the line and then Nordlund kicked off short. Boston started its sensational end run again, working from an end, Kennedy made two and Nordlund made three first downs and were well on their way to another touchdown, but Nordlund was downed two men in the line of scrimmage when the ball was snapped. Trinity's thirty-nine-yard line. Score, Boston 7, Trinity 0.

Fourth Quarter.
Nordlund pointed to O'Hare who fumbled, O'Connor recovering on Trinity's thirty-seven-yard line. Trinity made two and Nordlund recovering on Trinity's forty-eight-yard line. A pass back to Nordlund was intercepted by Kennedy near his twenty, but then Nordlund intercepted a pass on his own end line and then Cochrane tried another drop kick which also failed. Kennedy made two yards through the line and Nordlund took the ball near his own goal and ran to his fifteen-yard line. Trinity lost two yards on two plays and the quarter ended with the ball in Trinity's possession on its thirteen-yard line. Score, Boston 14, Trinity 0.

STEVENES LOSES AGAIN.

TRINITY'S Next Opponent Without A Doubt.

Saturday's football scores showed that one of Trinity's coming opponents played a fine line and the other was badly defeated. New York University and Wesleyan, in a well played game, each scored one touchdown. Captain Wellman and Friedlander were the ground-gainers for the Metropoli- tun eleven. Trinity's other foe, Stevens, was handicapped before Rensselaer to lose to the Engineers. Stevens has lost three of her contests and won nine.

Outside Trinity's sphere the colleges presented few surprises. The one unexpected result was the tie- score of the Harvard-Penn, State game, 21-21. Yale succeeded in winning its fourteenth victory over the Army out of seventeen games. The college of Chicago, at hand after it had been tampered by the score of 9-0, Centre College, the little wildcats of Indiana, ran away from Harvard Saturday, trounced Pennsylvania 98-0.

The records of Trinity and her opponents so far are as follows:

President at Foot Guard Anniversary.

President Ogilvy, Chaplain of the First Company of the Foot Guard, delivered the sermon at the 150th anniversary of the company in Central Chapel October 9. He took his text from Isaiah 3: 8: "the noble deeds noblie things and noble men will continue." He touched upon the facts that, "the institution is the expression of God's will for the future" and that God's people must be faithful to the ideals of their country.

Chinese Students' Club Has Trouble in Getting Hanmiian Name.

A Chinese fraternity was recently organized at Boston University, the largest one of its kind ever to be established by Chinese students, or to be found in this country and wished to be known by the first letters of the words "Chinese Students' Club" but this translation was a problem. In desperation, Gum and O'Keefe were consulted but his modern Greek, as well as that of the other, was submitted reluctantly that he knew something else comparable for "Chinese" in his mother tongue.

A final appeal was made to the foreign language department of a Detroit college. The head of the Greek de- partment was pressed into service and asked to help in finding the miss- ing word for the new Greek letter fraternity. He declared at the outset that he apparently was no word for "Chinese" in classic Greek since that language went out of use to definite knowledge of China. However, it was found, reference was made to the "people of the Far East" and for this group, the professor could furnish a word.

Of course, the word was immune to criticism. A few weeks later, the American college world became ac- quainted with a new American-Chine- ese Greek letter fraternity.

He recently made a five thousand dollar gift in their behalf "to the peo- ple of the Far East" and for this group, the professor could furnish a word.
